

Select Five Number SF0066  
Requesting Entity Name Office of MN.IT Services  
Request Title Badoura Nursery Process Reengineering  
Request Description The State Forest Nursery would like to have a web-based full lifecycle software application that manages the ordering, fulfillment, inventory and reporting functions. Deliverables are: \*Analyze the current business processes. \*Optimize the process. \*Design a system to automate the process. \*Research existing off the shelf nursery management vertical market applications. \*Draft an RFP for a software construction project or selection of a commercial off-the-shelf application solution. other\_information: The nursery is currently managed mostly in a manual fashion, with some assistance from a simple MS-Access application that manages the inventory, pick-ticketing, sales ordering, and reporting aspects of what is essentially a small business. The MS-Access application is beyond end-of-life. The nursery would like to have a full lifecycle software application that manages the sales process and inventory.

Contract(s) Awarded
