

Select Five Number SF0075  
Requesting Entity Name Office of MN.IT Services  
Request Title Grazing Exchange / Wolf/Elk Depredation Projects  
Request Description \*Grazing Exchange project: Develop a java web application where users will be able to login to an account and add/edit data that they provide. Create maps within the application that allow users to find potential grazing partners. In addition users will be able to query information provided by other users in order to find grazing opportunities in a certain geographic location and for certain animals. \*Wolf Depredation project: Create a web application based on current FoxPro application. User access will be based on user s Active Directory account. Create data entry screen to match current claim forms. User will be able to filter claims by date, claim number/name and dollar amount. User will be able to upload attachments and edit an existing entry. System will generate html reports based on filtered data and allow the user to export data.

Contract(s) Awarded
