

Select Five Number SF0098  
Requesting Entity Name Office of MN.IT Services  
Request Title SharePoint Migration  
Request Description The Minnesota Unemployment Insurance (UI) Program uses SharePoint as a business tool for staff. The UI SharePoint is highly customized to meet the business needs of the program. The site uses customized sand box solutions, navigation, branding, and workflows. Currently the State of Minnesota has dedicated Office 365 services through Microsoft. Microsoft is migrating SharePoint to a multi-tenant community government environment in September 2016. MN UI is looking for a vendor to evaluate the current UI site, which is comprised of 1500 pages, 10 master pages, and 150 lists/libraries and develop a migration and remediation plan for the transition to the government community cloud. The vendor will also recommend updates and improvements to the site. The evaluation and deliverables are to include: remediation of migration issues; branding implementation; rebuilding of master pages; page layouts redesign if necessary; improvements to content search; cleanup of lists, libraries; migration planning including sandbox sites and Nintex workflows.

Contract(s) Awarded

Contract ID 110994

Entity Type State Agency

Information on contracts executed by an entity type of State Agency can be found using the contract ID in the MN Open CheckBook under TransparencyMN located at <http://mn.gov/mmb/transparency-mn/>.
