

New Behavioral Health Hospital

Fairview Health + Acadia Healthcare

St. Paul, Minnesota

The New Behavioral Health Hospital Project at 559 North Capitol Boulevard in St. Paul, Minnesota, on a site formerly known as Bethesda Hospital, is a joint venture between Fairview Health Services and Acadia Healthcare. The new Hospital is a five-story, ~108,000 sf facility with 144 beds serving the mental health needs of adult, child/adolescent, and geriatric inpatients and outpatients. The new Hospital includes six inpatient nursing units highlighted by social spaces with generous natural light in tower elements at the building corners, a gymnasium and exterior activity yards for interior/exterior patient recreation, and an outpatient center for post-discharge step-down treatment of patients – all in a state-of-the-art and healing environment.
