

End Results

Each policy will receive its own unique number once governing board has completed this review.

Purpose of this quadrant of policies: to prescribe the results the organization is to achieve outside the organization, the recipients of these results, and the expected resource cost of this achievement.

Until further direction is provided by the governing board the executive director is to drive all efforts to the following general external results:

Global End Results Statement

The Minnesota Prescription Drug Affordability Board (PDAB) exists protect residents, state and local governments, health plan companies, providers, pharmacies, employers, and other health care system stakeholders from unaffordable costs of certain prescription drugs, to a degree commensurate with the resources available.
