6.11 30-day initial review period does not begin until complete application data has been submitted
6.12 to the commissioners of commerce and health. Incomplete applications will not be reviewed,
6.13 but incomplete items will be identified and communicated within 30 days.

6.14 Subp. 2. **Determination.** Within 90 days after the date a complete initial or renewal
6.15 application is received, the commissioner must:

- 6.16 A. issue an initial or renewal license if the applicant is determined to be qualified;
6.17 B. issue a limited or restricted license; or
6.18 C. notify the applicant if the submission is denied, specifying the reason for the
6.19 denial. If the applicant provides a remedy for the denial within 30 days of the date the denial
6.20 notice is received, or submits and receives approval for a corrective action plan to cure and
6.21 correct deficiencies within 30 days of the date the denial notice is received, the commissioner
6.22 must not assess a new application fee. The commissioner may provide temporary, contingent
6.23 approval for a pharmacy benefit manager while the pharmacy benefit manager is participating
6.24 in the corrective action plan process.

7.1 Subp. 3. **Limited or restricted license.** As part of a license application review, the
7.2 commissioner may issue a restricted or limited license, including limitations based on the
7.3 network adequacy report. A pharmacy benefit manager whose application for a full license
7.4 results in a limited or restricted license may provide the Department of Commerce with
7.5 additional information that addresses the basis for the limited or restricted license and request
7.6 that a full license be restored.

7.7 Subp. 4. **Appeals process.** The commissioner's decision to deny a license, deny a
7.8 renewal, or issue a limited or restricted license may be appealed subject to the following
7.9 procedure:

7.10 A. within 30 days of the date the denial or limited or restricted license is issued,
7.11 a pharmacy benefit manager must make a written request to the commissioner for a hearing
7.12 to determine whether the decision or action complies with this chapter and Minnesota
7.13 Statutes, chapter 62W;

7.14 B. the commissioner must conduct a hearing within 30 days after the date the
7.15 hearing request is made and must give not less than ten days' written notice of the hearing
7.16 date, time, and location;

7.17 C. within 15 days after the hearing date, the commissioner must affirm, reverse,
7.18 or modify the denial or limited or restricted license issuance and specify in writing the
7.19 reasons for the decision or action. The effective date of the commissioner's action or decision
7.20 may be suspended or postponed pending the completion of the hearing before the
7.21 commissioner;

7.22 D. nothing in this subpart requires the commissioner to observe formal rules of
7.23 pleading or evidence at any hearing; and

7.24 E. the commissioner's order or decision is a final decision subject to appeal under
7.25 Minnesota Statutes, chapter 14.

8.1 Subp. 5. **License continuity.** If a renewal license is not granted before the previous
8.2 year's license expires and the pharmacy benefit manager has a timely filed renewal application
8.3 pending, the pharmacy benefit manager may continue to provide services under the terms
8.4 of the previous year's license until the renewal application is approved or denied.

8.5 **2737.0700 ENFORCEMENT BY COMMISSIONER.**

8.6 Subpart 1. **Acting without a license.** If a pharmacy benefit manager acts without a
8.7 license, the pharmacy benefit manager may be subject to a fine of up to \$5,000 per day for
8.8 the period the pharmacy benefit manager is found to be in violation. The commissioner
8.9 must consider timeliness of responses, content of responses, and progress toward licensure
8.10 when assessing fines.

8.11 Subp. 2. **Basis for suspension, revocation, or probation.** The commissioner may
8.12 consider the following when suspending, revoking, or placing a pharmacy benefit manager
8.13 license on probation:

8.14 A. **failure to comply with relevant state and federal law:**

8.15 (1) **Minnesota Statutes, chapter 62W; and**

8.16 (2) **state health care and pharmacy laws:**

8.17 (a) **insurance laws codified in Minnesota Statutes, chapters 60A, 62A to**
8.18 **62W, and related rules;**

8.19 (b) **health laws codified in Minnesota Statutes, chapter 151, and related**
8.20 **rules;**

8.21 (c) **the electronic health record technology requirements under Minnesota**
8.22 **Statutes, section 62J.495, the electronic prescription drug program requirements under**
8.23 **Minnesota Statutes, section 62J.497, the uniform electronic transactions standards under**
8.24 **Minnesota Statutes, section 62J.536, the implementation of electronic data interchange**

standards under Minnesota Statutes, section 62J.56, and the Minnesota uniform health care identification card requirements under Minnesota Statutes, section 62J.60; and

(d) for pharmacy benefit managers providing benefits to a person covered by workers' compensation, the pharmacy benefit manager must comply with the processes, cost sharing, and treatment access described in Minnesota Statutes, section 176.135, in relation to compensable prescriptions, including the requirement that a pharmacy or network of pharmacies may be required only if a designated pharmacy is located within 15 miles of the employee's place of residence;

B. fraudulent activity that constitutes a violation of state or federal law;

C. consumer, plan sponsor, or health care provider complaints that have led to a civil or criminal action to protect the safety and interests of consumers;

D. failure to pay any fees and penalties; and

E. compliance with federal pharmacy laws, including but not limited to the following laws, regulations, and guidance, as applicable to the plan sponsor or product that the pharmacy benefit manager serves.

Subp. 3. **Notice.** The commissioner must provide a 30-day notice before suspending, revoking, or placing a pharmacy benefit manager license on probation. If the pharmacy benefit manager demonstrates remedy or good faith progress toward remediation before the 30-day notice period expires, the commissioner may approve the license, reduce the enforcement action to probation, or provide an extended timeline for probation and remediation.

2737.0800 ADEQUATE NETWORK.

Subpart 1. **Pharmacy type.** A network is adequate if it contains at least one of each of the following types of pharmacies:

- 10.1 A. retail;
- 10.2 B. specialty;
- 10.3 C. home infusion;
- 10.4 D. mail order;
- 10.5 E. long-term care; or
- 10.6 F. Indian health service, Tribal organizations, and urban Indian organizations.

10.7 Subp. 2. **Plan to provide services.** If a pharmacy benefit manager does not include
10.8 a pharmacy type listed in subpart 1, the pharmacy benefit manager must provide the
10.9 Department of Health an explanation why the pharmacy type is excluded and describe how
10.10 an enrollee requiring services from the excluded pharmacy types may access them.

10.11 **2737.0900 ACCESSIBLE NETWORK; RETAIL PHARMACY.**

10.12 The relevant portion of Minnesota Statutes, section 62K.10, for purposes of determining
10.13 accessibility for retail pharmacies is subdivision 2.

10.14 **2737.1000 TRANSPARENCY REPORTS TO PLAN SPONSORS.**

10.15 Subpart 1. **Publication of template.** The commissioner must post on the Department
10.16 of Commerce's website a template that a plan sponsor may use to submit a transparency
10.17 request of the data provided under Minnesota Statutes, section 62W.06, subdivision 1,
10.18 paragraph (a). A plan sponsor is not required to use this template to submit a transparency
10.19 data request.

10.20 Subp. 2. **Time to respond.** A pharmacy benefit manager doing business in Minnesota
10.21 must reply to a formal transparency report request within 60 days of the date the request is
10.22 made. A formal request is made when:

11.1 A. the plan sponsor has met criteria to request a transparency report from the
11.2 pharmacy benefit manager under Minnesota Statutes, section 62W.06, subdivision 1, for
11.3 the first time (but not for data prior to the execution of the initial contract start date); or

11.4 B. the plan sponsor provides evidence of perceived negligence with respect to a
11.5 contractual duty between the pharmacy benefit manager and plan sponsor during the last
11.6 contractual year.

11.7 Subp. 3. **Penalties and fines.** If a plan sponsor believes a pharmacy benefit manager
11.8 has violated Minnesota Statutes, section 62W.06, subdivision 1, paragraph (a), the plan
11.9 sponsor may file a complaint with the department 60 days after the date the transparency
11.10 report request was made. A transparency report requested under Minnesota Statutes, section
11.11 62W.06, subdivision 1, paragraph (a), is untimely and subject to penalties on the 61st day
11.12 after the date the report was requested by the plan sponsor.

11.13 **2737.1100 TRANSPARENCY REPORTS TO COMMISSIONER.**

11.14 Subpart 1. **Publication of submission form.** Annually no later than 60 days before
11.15 the transparency reporting deadline date, the commissioner must post to the department's
11.16 website the transparency report submission process, including the format, data specifications,
11.17 and other pertinent information necessary to collect and report all data, including templates
11.18 used for submission of the aggregate data required by Minnesota Statutes, section 62W.06,
11.19 subdivision 2, paragraph (a), clauses (1) to (6), the claims-level data required by Minnesota
11.20 Statutes, section 62W.02, subdivision 2, paragraph (a), clause (7), and the data publicly
11.21 reported by the commissioner under Minnesota Statutes, section 62W.02, paragraph (b).

11.22 Subp. 2. **Use of submission forms and templates.** Unless given written permission
11.23 by the commissioner not to, the templates annually published by the commissioner for
11.24 submission of aggregate data, claims-level data, and data to be publicly reported, must be
11.25 used.

12.1 Subp. 3. **Notice of no data to report.** A pharmacy benefit manager that claims to be
12.2 exempt from the requirement to submit the transparency reports under Minnesota Statutes,
12.3 section 62W.06, subdivision 2, must, no later than the date the reports are due, submit to
12.4 the commissioner a statement specifying the basis for nonreporting.

12.5 Subp. 4. **Therapeutic categories.** The commissioner must select a preexisting and
12.6 commonly used therapeutic classification system to group drugs into like categories. The
12.7 commissioner may consult with state agencies and other experts in the field in order to
12.8 determine the best classification system. The commissioner must publish the classification
12.9 system on the department's website at the same time transparency report templates are
12.10 published. The classification system must be consistent with industry standards and must
12.11 be reviewed on a periodic basis.

12.12 Subp. 5. **Delegation of data collection.** The commissioner may delegate or engage
12.13 staff within the various divisions of the Department of Commerce, an outside third party,
12.14 or another state agency to assist in data collection and analysis. The commissioner must
12.15 ensure that delegated persons do not have a conflict of interest with respect to a particular
12.16 data review.

12.17 Subp. 6. **Use of third party for data submission.** A pharmacy benefit manager may
12.18 satisfy the requirements of Minnesota Statutes, section 62W.06, subdivision 2, paragraph
12.19 (a), clause (7), by delegating data submission to a third-party administrator, health carrier,
12.20 or another pharmacy benefit manager. The pharmacy benefit manager and the third-party
12.21 administrator, health carrier, or other pharmacy benefit manager must have a contract
12.22 provision that dictates which party is responsible for claims-level reporting. If a contract
12.23 provision does not exist, the commissioner must enforce the data submission requirements
12.24 of this subpart on the pharmacy benefit manager responsible for processing pharmacy claims.
12.25 The transparency reporting submission process must provide an opportunity for a pharmacy
12.26 benefit manager doing business in Minnesota to indicate the party that is submitting

13.1 claims-level data on behalf of the pharmacy benefit manager. A pharmacy benefit manager's
13.2 use of third parties for data submission does not absolve the licensed pharmacy benefit
13.3 manager of any responsibility for compliance issues determined during the department's
13.4 report review.

13.5 Subp. 7. **Penalties and fines.** If a pharmacy benefit manager has violated Minnesota
13.6 Statutes, section 62W.06, by failing to timely submit a transparency report, the commissioner
13.7 may assess a penalty of up to \$1,000 per day until the pharmacy benefit manager provides
13.8 the requested transparency report. A transparency report requested under Minnesota Statutes,
13.9 section 62W.06, subdivision 2, paragraph (a), is untimely and subject to penalties beginning
13.10 the day after the date the report is due.

13.11 **2737.1200 PHARMACY OWNERSHIP INTEREST.**

13.12 Subpart 1. **Networks with only owned pharmacies.** A pharmacy benefit manager
13.13 requires an enrollee to use a pharmacy if the pharmacy benefit manager establishes a network
13.14 of pharmacies that includes only pharmacies directly or indirectly owned by the pharmacy
13.15 benefit manager.

13.16 Subp. 2. **Exemptions to prohibitions.** A pharmacy benefit manager is exempt from
13.17 the prohibitions in Minnesota Statutes, section 62W.07, paragraph (b), if the owned and
13.18 nonowned pharmacies are of the same type, as provided in this subpart.

13.19 A. **Retail.** To be exempt from Minnesota Statutes, section 62W.07, paragraph
13.20 (b), if the pharmacy benefit manager or health carrier attempts to incentivize use of an
13.21 owned retail pharmacy, the pharmacy benefit manager or health carrier must provide the
13.22 same incentive at a nonowned retail pharmacy.

13.23 B. **Specialty.** To be exempt from Minnesota Statutes, section 62W.07, paragraph
13.24 (b), if the pharmacy benefit manager or health carrier attempts to incentivize use of an

14.1 owned specialty pharmacy, the pharmacy benefit manager or health carrier must provide
14.2 the same incentive at a nonowned specialty pharmacy.

14.3 C. **Mail order.** To be exempt from Minnesota Statutes, section 62W.07, paragraph
14.4 (b), if the pharmacy benefit manager or health carrier attempts to incentivize use of an
14.5 owned mail order pharmacy, the pharmacy benefit manager or health carrier must provide
14.6 the same incentive at a nonowned mail order pharmacy.

14.7 Subp. 3. **Use of quantity and refill limits.** A pharmacy benefit manager may use
14.8 quantity and refill limits only as provided in this subpart.

14.9 A. **Retail.** A pharmacy benefit manager or health carrier may only impose quantity
14.10 limits or refill frequency limits at an owned retail pharmacy where the pharmacy benefit
14.11 manager or health carrier provides the enrollee access to a nonowned retail pharmacy with
14.12 the same limits.

14.13 B. **Mail order.** A pharmacy benefit manager or health carrier may only impose
14.14 quantity limits or refill frequency limits at an owned mail order pharmacy where the
14.15 pharmacy benefit manager or health carrier provides the enrollee access to a nonowned mail
14.16 order pharmacy with the same limits.

14.17 Subp. 4. **Single mail order pharmacy networks.** If a pharmacy benefit manager
14.18 administers a network with a single mail order pharmacy that is an owned pharmacy, the
14.19 pharmacy benefit manager is prohibited from (1) offering financial incentives to use the
14.20 mail order pharmacy, or (2) imposing limits on an enrollee's access to medication.

14.21 **2737.1300 SECTION 340B PARTICIPANTS.**

14.22 Subpart 1. **Prohibition on 340B participants.** A pharmacy benefit manager is
14.23 prohibited from adopting a rule, requirement, or condition that provides that, in order to be
14.24 included in the pharmacy benefit manager's pharmacy network, a pharmacy, mail order
14.25 pharmacy, or specialty pharmacy is prohibited from participating in the federal 340B Drug

15.1 Pricing Program under section 340B of the Public Health Service Act, United States Code,
15.2 title 42, chapter 6A.

15.3 Subp. 2. **Continued access.** A pharmacy benefit manager is prohibited from
15.4 conditioning continued access to network status on nonparticipation in the 340B program.

15.5 Subp. 3. **Specific terms or reimbursement rates.** A pharmacy benefit manager is
15.6 prohibited from requiring that 340B participants agree to specific terms or reimbursement
15.7 rates, based on the participant's participation in the 340B program, in order to access network
15.8 status.

15.9 **2737.1400 OUT-OF-POCKET COST COMPARISONS.**

15.10 Subpart 1. **Request format.** A pharmacy benefit manager may create specific forms,
15.11 rules, or guidelines for an enrollee to request out-of-pocket cost information. Any forms,
15.12 rules, or guidelines a pharmacy benefit manager creates must not be unreasonably onerous
15.13 or burdensome.

15.14 Subp. 2. **Response format.** The pharmacy benefit manager's response to an enrollee's
15.15 request must be consistent with the manner in which the request is made. If a pharmacy
15.16 benefit manager creates specific forms, rules, or guidelines for out-of-pocket cost information
15.17 requests, the pharmacy benefit manager must provide an enrollee with information regarding
15.18 the format of the pharmacy benefit manager's response. The response must use plain language
15.19 that clearly delineates the difference in out-of-pocket costs based on the pharmacy used.

15.20 Subp. 3. **Time to respond.** A pharmacy benefit manager must respond to an enrollee's
15.21 request for out-of-pocket cost information within five business days of the date of the request.

15.22 Subp. 4. **Existing system.** If an enrollee seeks the information available under
15.23 Minnesota Statutes, section 62W.076 or 62W.077, and if a pharmacy benefit manager
15.24 maintains an online system that is easily accessible, the pharmacy benefit manager may
15.25 comply with this part by directing the enrollee to the online system.

16.1 **2737.1500 MAXIMUM ALLOWABLE COST PRICING.**

16.2 Subpart 1. Maximum allowable cost price list. A pharmacy benefit manager subject
16.3 to Minnesota Statutes, section 62W.08, must make available to all pharmacies the pharmacy
16.4 benefit manager has a contract with a version of the pharmacy benefit manager's maximum
16.5 allowable cost price list that comports with the following requirements:

16.6 A. Form. Pharmacy benefit managers must allow pharmacies the pharmacy benefit
16.7 manager contracts with to review the maximum allowable cost price list in electronic, paper,
16.8 or telephonic format.

16.9 B. Electronic availability. A pharmacy benefit manager must ensure that the
16.10 electronically available maximum allowable cost price list is presented in a machine readable
16.11 format, such as CSV, JSON, XML, or another commonly available digital format.

16.12 C. Date updated. The date the maximum allowable cost price list was last updated
16.13 must be prominently displayed on both electronic and paper formats of the list and must be
16.14 clearly announced via the telephonic format.

16.15 D. Updated items. A list must clearly identify prices that have changed.
