

Good Faith Estimates

The claims filing deadline for Minnesota Surety and Trust Company has now passed. Based on the claims filed to date as well as the Liquidator's understanding of the liabilities of Minnesota Surety and Trust Company, the Liquidator is able to make initial good faith estimates regarding the payment of claims. Those estimates are shown in the table to the right. Additional estimates will be added once the Liquidator is able to determine whether any Federal Government claims exist, and the amount of those claims.

Please note that the good faith estimates are based on information available and the circumstances known at the time they are made. Before relying upon these estimates in making any decision, be aware that the underlying facts and circumstances upon which they are based are subject to change.
