

# Quality Control Inspection Form

A Quality Control Inspection (QCI) verifies all aspects of the Audit Event have been satisfactorily completed and the payment and reporting process may proceed. The QCI includes a complete file review and site visit, including: a sensory inspection and diagnostic tests, a client education process, and a file closeout process.

## Household Information

Site Built Home      Mobile Home      Multi Family  
Solar Install (Complete Solar QCI Section also)

Client:		Audit Date:	
Address:		Auditor:	
City:	Zip:	Audit Inspection Date:	
HH#:	Year Built:	Audit Inspector:	
		Solar Inspection Date:	
		Solar Inspector:	

## File Review

File Content	Yes	No
Are all required forms and documentation present and completed as detailed in Section 4.3 <i>Household File Contents</i> within the MN WAP Policy Manual?		
If No, what is missing?		

Audit Data	Yes	No
