

## WAP Funding Quick Reference Guide

Cost Center Name	Fund Name Synonyms	Fund Source	Primary Use/Purpose	Allowable Measures	Key Factors	ACPU	H & S Average
DOE Formula	US DOE; DOE Formula Funds	US DOE	Weatherization	See Allowable Measures Chart	1.0 measure and job SIR. Can use when categorically eligible. Can be braided with EAP/WX funds. Cannot be used with WAP BIL funds.	\$8,497 (PY24) US DOE Solar ACPU: \$4,169 (PY24)	\$2,000 (PY24)
Wx Readiness	WRF; Weatherization Readiness Funds; Sub fund of DOE	US DOE	Reduce the frequency of deferred homes that require services outside the scope of weatherization before the weatherization services can commence or proceed. Units receiving this fund must result in a unit completion.	See Allowable Measures Chart	Included in DOE budget. Must result in DOE completion. \$20,000/HH or > must be approved by Commerce. Can be braided with other funds and used on US DOE formula funded or BIL-funded Wx projects.	N/A	N/A
Propane Program	Propane	Revolving Fund coming from MN Legislation	Weatherization or Health and Safety Standalones.	See Allowable Measures Chart	Home must use propane for primary heat source. Job and measure SIR must be 1.0 or higher.	N/A	N/A
EAP/WX A2122	A2122; LIHEAP	HHS via the Energy Assistance Program	Weatherization and Health and Safety Standalones.	See Allowable Measures Chart	Measure SIR .75 or higher, Job SIR .75 if only EAPWX funds are used. Can be used with Carryover EAPWX on one household but each fund needs an ECM for audit events. Categorical eligibility, as defined by DOE, applies only for Multifamily jobs when using EAPWX funds.	None (Job will be reviewed by Commerce if cost is double the DOE ACPU.)	\$3,500

EAP/WX A2119 (expired)	A2119; LIHEAP	Energy Assistance Program via HHS	Weatherization and Health and Safety Standalones.	See Allowable Measures Chart	Fund expires on 9/30. Measure SIR .75 or higher, Job SIR .75 if EAPWX only funds are used. Can be used with new EAPWX funds but each fund needs an ECM for audit events. Categorical eligibility, as defined by DOE, applies only for Multifamily jobs when using EAPWX funds.	None (Job will be reviewed by Commerce if cost is double the DOE ACPU.)	\$3,500
PY24 State HA	Healthy Air (State of MN)	State of Minnesota	Remediate vermiculate insulation to allow full weatherization.	Vermiculite remediation, client lodging, as needed. See Healthy Air Addendum	SP's must complete a pilot project phase. Must follow Healthy Air Addendum.	N/A	N/A
PY24 CIP HA	Healthy Air (CIP)	Utilities via the State (ECO Act)	Remediate vermiculate insulation to allow full weatherization.	Asbestos Abatement and client lodging, as needed. See Healthy Air Addendum	SP's must complete a pilot project phase; Must follow Healthy Air Addendum.	N/A	N/A
DOE BIL	Bipartison Infastructure Law; BIL, WAP BIL	US DOE	Weatherization	See Allowable Measures Chart	Follows all policies for US DOE WAP funds unless called out in policy. Can be braided with EAPWX funds. Cannot be used on US DOE annual-formula or CSPP funded projects. Can use if only categorically eligible. DBA applies on multifamily building projects with no fewer than 5 units.	\$8,497 (PY24)	\$1,435 for life of grant
EI WIRE	Weatherization Innovation through Roofing and Electrification (WIRE) Access Project; E & I	US DOE	Address deferrals including roofing repair and electrical upgrades. See WIRE Access Project Policy Manual Addendum for details	Roof Repair; Electrical Upgrade	For use in dwellings that would otherwise be deferred with prority given to homes in historically red-lined districts and tribal lands. Must result in a completed unit. Contact Commerce before beginning any project including client selection. See WIRE Access Project Addendum	\$20,000	N/A

Windows	SERC II; DOE Sustainable Energy Resources for Consumers Fund; Minnesota Efficiency Window Replacement Program; Windows	US DOE	Replacement of single pane windows with high performing windows. See SERC Windows Policy Manual Addendum for details.	See SERC Windows Policy Manual Addendum	Can serve previously weatherized households with Commerce approval. Refer to SERC Phases Spreadsheet. Contact Commerce prior to initiation of a project.	\$35,000	N/A
Pre-Weatherization	Pre-Wx	State Funded	Deferral mitigation	See Pre-Weatherization Policy Manual Addendum	Must result in a completed unit - either DOE or EAPWX. Costs greater than \$20,000/HH must be approved by Commerce. Can be braided with other funds.	20,000/unit limit without Commerce approval	N/A
