

## Get COVID-19 Treatment through Telehealth Program

Persons in Minnesota who have tested positive for COVID-19 can receive free COVID-19 medications through a telehealth program provided by the Minnesota Department of Health and Cue Health.

You may be eligible for COVID-19 medications if you have tested positive for COVID-19 and your symptoms have started within the last five days.

This program can be used no matter where you got tested, including if you used an at-home test.

### If you test positive, get treatment in 3 easy steps

#### Step 1

Choose website, mobile app, or phone call to set up your profile

#### Step 2

Answer a few questions about your health and join a video chat to discuss treatment options with a health care provider

#### Step 3

Get personalized care with prescription delivery or pharmacy pick up

**Health insurance is not required** to receive treatment and getting care is fast and easy. **This service is available at no cost** from 7 a.m. to 9 p.m. (CST), seven days a week.

### You can access care any of the following ways:

- Downloading the Cue Health App on your smartphone
- Calling 1-844-609-2415
  - Para servicios en español, llame al 1-844-609-2415
  - Rau kev pab cuam hais lus Hmoob, hu rau 1-844-609-2415
  - Adeegyada Af-Soomaaliga ah, wac 1-844-609-2415
- Visiting [care.cuehealth.com/mn](https://care.cuehealth.com/mn)

Use the QR code to download the Cue Health App, or visit [care.cuehealth.com/mn](https://care.cuehealth.com/mn)

If you have questions about treatment or accessing free at-home tests, call the MDH COVID-19 Public Hotline at 1-833-431-2053 Monday, Wednesday, Friday: 9 a.m. to 5 p.m., Tuesday, Thursday: 9 a.m. to 7 p.m.

If you are having a medical emergency or experiencing severe symptoms such as chest pain, call 911.
