

MINNESOTA PUBLIC FACILITIES AUTHORITY

Recipient: City of Detroit Lakes
Project: Rehab WWTF, Advanced Treat, Phosphorus
Award Date: January 10, 2018
Total Project Cost: \$33,376,170
Description: The project will facilitate rehabilitation of the City's existing wastewater treatment system and construction of a new advanced system to treat phosphorus.

Project Funding:

Entity	Funding Source	PFA Funding ID	Amount
Public Facilities Authority:			
	Point Source Implementation (PSIG)-Grant	MPFA-PSIG-G-028-FY18	\$ 11,532,914
	Clean Water SRF-Loan <i>(20 year term at 1.099%, estimated savings to recipient is \$2,676,481)</i>	MPFA-CWRF-L-028-FY18	\$ 16,336,065
	Clean Water SRF-Principal Forgiveness Grant <i>(Affordability: \$1,729,709; Green/energy efficiency: \$507,191)</i>	MPFA-CWRF-G-028-FY18	\$ 2,236,900
	Water Infrastructure Fund (WIF) Grant-CW	MPFA-WIFC-G-028-FY18	\$ 3,270,291
total project costs:			\$ 33,376,170

More about the Minnesota Public Facilities Authority and its Programs

The Minnesota Public Facilities Authority (PFA) provides financing and technical assistance to help communities build public infrastructure that protects public health and the environment and promotes economic growth.

Clean Water Revolving Fund (also known as the Clean Water State Revolving Fund or CWSRF)

The CWSRF is supported by federal capitalization grants from the U.S. Environmental Protection Agency and state matching funds. These funds, together with PFA revenue bond proceeds, are used to make low interest loans to cities throughout the state for wastewater and stormwater infrastructure projects. Loan repayments revolve back to make new loans, providing a permanent source of low-interest capital to help cities finance clean water infrastructure projects. Since its start in 1990, Minnesota’s CWSRF has awarded more than 530 loans for over \$3 billion, providing over \$667 million in interest savings to local governments and their taxpayers.

Water Infrastructure Fund (WIF)

The WIF program provides supplemental assistance grants for based on affordability criteria for high cost projects. WIF grants are packaged with PFA loans or USDA Rural Development loan and grant funds.

Point Source Implementation Grants (PSIG)

The PSIG program provides grants to help cities upgrade water treatment facilities to reduce their discharge of specific pollutants to meet water quality restoration and protection goals.
