Notice: Applications Being Accepted for Point Source Implementation Grant Program

Beginning July 1, 2018 through July 31, 2018, the Minnesota Public Facilities Authority (PFA) will accept applications for the Point Source Implementation Grant Program for grant awards in FY 2019. All eligible projects that expect to be ready for construction by the summer of 2019 are encouraged to apply.

The **Point Source Implementation Grant Program** (Minnesota Statutes, Section 446A.073 as amended) provides 80% grants up to \$7 million to governmental units to assist with the cost of water infrastructure projects necessary to:

- meet wasteload reductions prescribed under a total maximum daily load (TMDL) plan required by Section 303(d) of the federal Clean Water Act;
- reduce the discharge of total phosphorus to one milligram per liter or less;
- meet any other water quality-based effluent limit established under section Minnesota Statute Section 115.03, subd 1, (e)(8), that is incorporated into a permit issued by MPCA that exceeds secondary treatment limits; or
- meet a total nitrogen concentration or mass limit that requires discharging ten milligrams per liter or less at permitted design flow.

General Requirements

This program is jointly administered by the PFA and the Minnesota Pollution Control Agency (MPCA). Eligible projects must be ranked on the MPCA's 2019 Project Priority List (PPL). Eligible drinking water treatment projects must also be listed on the Minnesota Department of Health's (MDH) Drinking Water Revolving Fund (DWRF) 2019 Project Priority List (PPL).

Please refer to the PSIG application forms for a description of the funding process and program requirements. Grant application forms are available on the PFA website at www.mn.gov/pfa. Completed applications must be postmarked or sent via e-mail no later than July 31, 2018.

Questions about project eligibility and MPCA certification requirements should be directed to Bill Dunn at 651-757-2324 (bill.dunn@state.mn.us). For questions regarding funding and the application process, contact the appropriate PFA loan officer shown on the map.
