Next Board Meeting

---

The next MPFA Board meeting is expected to be in early September. The agenda will include review of the draft 2026 Intended Use Plans (IUPs) for the Clean Water and Drinking Water Revolving Funds. The IUPs will identify the projects eligible to apply for and receive loans and other assistance from the State Revolving Funds in state fiscal year 2026 and other intended uses of available funds. Following Board review and approval, the draft IUPs will be available for public review and comment before final adoption.

Assuming that we get the required state match appropriations, the 2026 IUPs will be used as the basis for MPFA's applications for federal capitalization grants for federal fiscal year 2026 allotments under the regular SRF programs and from year 4 of the Infrastructure Investment and Jobs Act.
