Introduction

This guide is applicable to all programs in the Adult Career Pathways (ACP) division. Much of the direction this guide sets forth are Department of Employment and Economic Development (DEED) Employment and Training division-wide policies or policies set by the Workforce Innovation and Opportunity Act (WIOA.) Links have been provided in this guide for reference. While every effort has been made to provide up-to-date links to applicable or referenced policy in this guide, the locations may change. Please refer to the “Policy and Guidance” section of the DEED website if a link has been broken or moved.

Individual grant programs and contracts will have specific requirements unique to them. Please refer to the Request for Proposal (RFP) and/or specific program manual for additional guidance. The information in this guide may not cover every scenario and situation. Please contact your DEED program staff for guidance as needed.

Workforce One (WF1) is the required grant and case management system for all ACP programs. You must utilize Workforce One for all official tracking, performance measures, and outcomes. Any reference in this guide to entering participant data, case notes, and grant data is referring to Workforce One unless stated otherwise. Data not entered in Workforce One will not be counted in official performance measures or in reports to legislators. All data is required to be input into Workforce One within fifteen business days of event date.

The Adult Career Pathways department staff encourage Grantees to read DEED’s Partner Express monthly newsletter for up-to-date information at https://mn.gov/deed/newscenter/publications/newsletters/. To subscribe.

The most recent copy of this guide can always be located on the Office of Adult Career Pathways homepage.

DEED reserves the right to make changes to any part of this guide any time, however Grantees will be notified in writing before significant changes are made and take effect.

** COVID-19 Update:

The Employment and Training Program Division (ETP) has created a listing of Questions and Answers (Q & A) in relation to the current COVID-19 pandemic. The Q & A’s are intended to guide and assist partners and providers through the crisis. The Q & A’s are broken out by program area and will be updated regularly. If partners and providers require additional information, they are encouraged to directly contact their program coordinators.

Information may be found at: https://mn.gov/deed/programs-services/etp/.
**Activity Definitions**

Activities are used to record the things a participant is working on to achieve employment, training or other identified outcomes from their Individual Employment Plan/Action Plan. In addition, participants engaged in employment or employment-related activities at the time of enrollment must be captured as an Activity in WF1. Activities entered on the participant record in Workforce One must be in line with the participant plan. The definitions below are general definitions. Grantees should connect with their Grant Coordinator to align the approved work plan with ACP Workforce One activities.

*denotes required activities for ACP programs

<table>
<thead>
<tr>
<th>Activity</th>
<th>Definition</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>ABE/Remedial Training</td>
<td>This activity is to be used for participants accessing Adult Basic Education (ABE) services</td>
<td>Attending an ABE program as a part of their IEP</td>
</tr>
<tr>
<td>Adult Diploma Program (ADP)</td>
<td>Training to obtain an Adult Diploma Program (ADP)</td>
<td>Attending a ADP program as a part of their IEP</td>
</tr>
<tr>
<td>Apprenticeship</td>
<td>A combination of on-the-job training and related instruction in which workers learn the practical and theoretical aspects of a skilled occupation</td>
<td>Program must be a federal/state registered program (DOL/DOLI)</td>
</tr>
<tr>
<td>Assessment *</td>
<td>Open as the initial enrollment activity when the participant has completed an assessment with program staff and is continually assessed throughout program</td>
<td>ALL – must be on all participant records</td>
</tr>
<tr>
<td>Assessment/Testing (MFRP only)</td>
<td>Open when the participant has completed an assessment with program staff and is continually assessed throughout program</td>
<td></td>
</tr>
<tr>
<td>Basic Skills Instruction</td>
<td>This activity is to be used for participants accessing Adult Basic Education (ABE) services which include basic essential and educational skills</td>
<td></td>
</tr>
<tr>
<td>Bridge Training (P2P only)</td>
<td>Open at the time the participant begins a training program that results in a one or more industry recognized credential(s) at the completion of training. Training program must be Minnesota Office of Higher Education compliant</td>
<td>Credentials must be defined within your DEED contract</td>
</tr>
<tr>
<td>Career Counseling *</td>
<td>Open at the time the participant and Navigator/Counselor meet one- on-one to develop employment goals. See Case Management</td>
<td>ALL – must be on all participant records</td>
</tr>
<tr>
<td>Career/Education Counseling (MFRP only)</td>
<td>Open at the time the participant and Navigator/Counselor meet one- on-one to develop employment goals. See Case Management</td>
<td></td>
</tr>
<tr>
<td>Credentialed Coursework/Training</td>
<td>Open at the time the participant begins a training program that DOES provide an occupational skill credential at the completion of training. Training program must be Minnesota Office of Higher Education compliant</td>
<td></td>
</tr>
<tr>
<td>Service Type</td>
<td>Description</td>
<td>Examples</td>
</tr>
<tr>
<td>--------------------------------------</td>
<td>-----------------------------------------------------------------------------</td>
<td>-------------------------------------------------</td>
</tr>
<tr>
<td>Customized Cultural Program</td>
<td>Open for a training program that is culturally specific</td>
<td></td>
</tr>
<tr>
<td>Employed Full-Time</td>
<td>Full-time job placement that occurs during or at the completion of the program; See Retention</td>
<td>32 hours or more per week</td>
</tr>
<tr>
<td>Employed Part-Time</td>
<td>Part-time job placement that occurs during or at the completion of the program; See Retention</td>
<td>Less than 32 hours per week</td>
</tr>
<tr>
<td>ESL/ELL Training</td>
<td>Open when participant is provided training in English as a Second Language (ESL)/English Language Learner (ELL)</td>
<td>Attending an ESL/ELL program as a part of their IEP</td>
</tr>
<tr>
<td>Financial Literacy Education</td>
<td>Open when participant is provided training to develop skills for making informed decisions about personal finances</td>
<td></td>
</tr>
<tr>
<td>GED Training</td>
<td>Open when participant is provided training to obtain a General Educational Development diploma (GED)</td>
<td>Attending a GED program as a part of their IEP</td>
</tr>
<tr>
<td>Holding</td>
<td>Use for participant who are temporarily unable to actively participate in the program but intend to return within 90 days.</td>
<td></td>
</tr>
<tr>
<td>Individual Plan Development (IPD) *</td>
<td>Open when creating a participant plan to bridge the gap between an individual's skills and his/her goals. See Individual Employment Plan (IEP)/Employment Plan (EP)/Individual Service Strategy (ISS)/Action Plan/Individual Plan Development (IPD)</td>
<td>ALL – must be on all participant records</td>
</tr>
<tr>
<td>Individual Training Pathway (P2P only)</td>
<td>Open to indicate a credential or post-secondary credit will be attained at the completion of training. Training program must be Minnesota Office of Higher Education compliant</td>
<td></td>
</tr>
<tr>
<td>Job Club (MFRP only)</td>
<td>Use for participant who is actively seeking employment and are actively participating in supervised job search sessions</td>
<td></td>
</tr>
<tr>
<td>Job Search</td>
<td>Use for participant who is actively seeking employment through submission of applications and interviewing</td>
<td></td>
</tr>
<tr>
<td>Life Skills Development (MFRP only)</td>
<td>Use for participant who is actively attending life skills development sessions/classes</td>
<td></td>
</tr>
<tr>
<td>Local Flag</td>
<td>Use as a placeholder while participant obtains the required eligibility documents for specific programs</td>
<td></td>
</tr>
<tr>
<td>Non-Credentialed Training</td>
<td>Use for training programs that DO NOT provide an occupational skill credential at the completion of training Non-Credentialed Training enhances employability but does not in itself result in a credential.</td>
<td></td>
</tr>
<tr>
<td>OJT - Public or Private</td>
<td>On the Job Training, (OJT) is a work placement made through a contract with an employer in the public, private non-profit, or private sector. An OJT contract must be limited to the period of time required for a participant to become proficient in the occupation for which the training</td>
<td></td>
</tr>
</tbody>
</table>
is being provided. The OJT Service Provider provides the Employer with a partial wage reimbursement, typically up to 50 percent of the wage rate of the participant for the extraordinary costs of providing the training and supervision related to the training. See Work Experience

<table>
<thead>
<tr>
<th>On-Ramp Training</th>
<th>Use for participant enrolled in Pathways to Prosperity (P2P) program Models 1 to indicate a certificate will be attained at the completion of training</th>
</tr>
</thead>
<tbody>
<tr>
<td>Orientation</td>
<td>Use at the time participant attends group orientation sessions for enrollment into the program</td>
</tr>
<tr>
<td>Paid Work Experience</td>
<td>Use when a participant is in a temporary paid employment experience in the public, private nonprofit, or private sector</td>
</tr>
<tr>
<td>Partnering (MFRP only)</td>
<td>Use when a participant is receiving related services from a partnering program/provider</td>
</tr>
<tr>
<td>Personal Counseling (MFRP only)</td>
<td>Use for participant who is actively attending personal counseling sessions/classes</td>
</tr>
<tr>
<td>Pre-Employment Preparation (MFRP only)</td>
<td>Use for participant who is actively attending pre-employment preparation sessions/classes</td>
</tr>
<tr>
<td>Referral/Invite (MFRP only)</td>
<td>Use when a participant has been referred to an outside program or services</td>
</tr>
<tr>
<td>Remedial Education (MFRP only)</td>
<td>Use for participant who is actively attending remedial education sessions/classes</td>
</tr>
<tr>
<td>Retention</td>
<td>Use to keep the program sequence open after participant has gained employment in order to provide continued support in the first 90 days on the job. This could include career counseling, support services, or other necessary resources to assist the participant in maintaining employment</td>
</tr>
<tr>
<td>Self-Employment (MFRP only)</td>
<td>Self-Employment job placement that occurs during or at the completion of the program</td>
</tr>
<tr>
<td>Self-Employment Training</td>
<td>Activity that improves the employability of participants by providing training in setting up and operating a small business or other self-employment venture</td>
</tr>
<tr>
<td>Uncompensated Work Experience</td>
<td>Use when a participant is in a temporary unpaid employment experience in the public, private nonprofit, or private sector</td>
</tr>
<tr>
<td>Work Readiness Skills Training</td>
<td>Use when a participant is in training that includes job seeking skills, interview skills, soft skills, and other pre-employment trainings provided</td>
</tr>
</tbody>
</table>

**Amendments to Contracts**

See [Modifications to Contracts](#)

**Applications**

Participants must complete a signed, dated application for all Adult Career Pathways (ACP) programs.
This must be kept in the participant file. The application must contain the answers to the eligibility criteria outlined for the ACP program which the participant is enrolled in. Some organizations may choose to implement a universal application across all the programs they administer. Please ensure that universal application contains the minimum criteria for the ACP program, in which the participant will be enrolled.

Participants enrolled in an ACP Program do not require a new application from year-to-year if the enrollment is continuous without a gap in services (dates) and the exit reason indicates “Program/Type Transfer” the initial application is still valid.

Assessments

For the purpose of workforce development, there are two types of assessments: objective assessments and academic/grade level assessments. All participants in workforce development programs must have an objective assessment. Most, but not all, participants in Adult Career Pathways programs must also have an academic assessment.

Whether the grantee conducts only an objective assessment or both an objective and an academic/grade level assessment, the results should be a key factor in guiding a participant’s Individual Employment Plan (IEP) and service strategy.

Grantees must include the official assessment results in the participant’s file. Grantees may select one assessment to use for all participants, or they may use a variety of different assessments, choosing the assessment best suited to the participants’ career/training goals, or other circumstances or characteristics specific to a participant.

Objective Assessments
All participants must receive a comprehensive assessment. Some examples are:
- A skills gap assessment performed by a Career Navigator;
- An informal or standardized skills and interest assessment to appropriately gauge participant career paths.

The objective assessment must be performed at the time of enrollment.

Academic/Grade Level Assessments
A reading and math assessment is required for participants prior to starting any certificate, credential, or post-secondary training. Participants with an Associate Degree/2-year post-secondary degree or above are exempt from this requirement.

Regardless of academic/grade level assessment, grantees are responsible for ensuring that participants are academically prepared to be successful in their training program.

Prior to January 2020, all participants in ACP programs were required to have an academic/grade level assessment and this assessment had to be completed at the time of enrollment. In response to grantee input, the Office of Adult Career Pathways relaxed these requirements in order to remove barriers to participants’ receipt of services. Thus, grade level/academic assessments are no longer required at the time of enrollment but, as stated above, must be completed before a participant starts any certificate,
Acceptable reading and math assessments include:

- Standardized academic assessments that meet the guidelines of the Minnesota Department of Education (MDE) – Adult Basic Education (ABE) Office or the Minnesota State College and University (MnSCU/MinnState) System. Currently, these include:
  - The Comprehensive Adult Student Assessment System (CASAS) for English Language Learners and ABE students.
  - The Test of Adult Basic Education (TABE) for ABE students.
  - Wonderlic GAIN (General Assessment of Instructional Need)
  - The use of the Accuplacer and the ESL Accuplacer for course placement.

- Tests listed on the Federal Register as approved for use in the National Reporting System.
  - This list may be updated regularly, scores will be accepted if the test was listed on the register at the time of administration.

- Any other official assessment that translates math and reading scores to a grade level may be used with review and written prior approval by DEED.

An official communication from Adult Basic Education (ABE) or a college that has assessed participant’s math and readings skills within the last year is also acceptable proof of assessment. The email or letter must clearly identify the ABE or school as the sender, and include

- the date the assessment was administered,
- the participant’s name, and
- the grade equivalent.

**DEED grantees that are accredited institutions of higher learning should follow their written institutional assessment policy.** If a DEED grantee partners with an accredited institution, they must test participants prior to referral to the accredited institution. Grantee assessment policies must be available to DEED upon request.

After conducting the assessment, a Grantee must:

- Document all assessment results on the Individual Employment Plan (IEP),
- Enter the scores, in the form of a grade-level equivalents, in WF1 under **Assessment - Reading/Math Test**,  
  - For participants who hold a bachelor’s degree, enter “88” after “Math and Reading Skills Grade Level” in WF1 (and are therefore exempt from the academic assessment).
  - For participants who hold an Associate degree, enter “13” after “Math and Reading Skills Grade Level” in WF1 (and are therefore exempt from the academic assessment).
- Retain a copy of the test results with the participant’s name or identifying number (such as the WF1 number) in the participant’s file.

**Workforce One**
As a reminder, for proper coding in Workforce One, enter the grade level determined by the assessment for both reading and math. If the participant has an Associate Degree/2-year post-secondary degree, enter 13. If the participant has a four-year college degree or higher, or refuses to be tested, enter 88. If the participant has not tested and their math/reading level is obviously below the 5th grade level, enter
87.

Use of 13, 87 or 88 in place of an assessment must be specifically addressed in a corresponding case note.

See Consent for Release and Exchange of Information.

Billing DEED

Training, support services, and individualized services (one-on-one) cannot be incurred, obligated, distributed or billed to DEED until after the participant is enrolled AND the participant and Career Navigator have both signed and dated the Individual Employment Plan (IEP).

See Payment Request

Case Management

Adult Career Pathways programs require service providers to complete and maintain regular ongoing communication with each program participant and document their progress using case notes. Workforce development programs are designed around a case management approach, and case notes are an essential component of effective case management practices. Essential components of effective case management practices include:

- Assessment; Objective and Comprehensive
- Participant contact; Live contact at least once every 30 days (MN Family Resiliency Partnership: once every 60 days) - In-person (individual or personal engagement within a group), text, chat, individual social media, telephone, voice message, electronic message, or postal mail update from the participant
- Case notes: within 15 business days of contact and must record details of the customer’s participation in all activities
- Activity documentation; documenting a participant’s progress towards goals and through the Grantee’s training program

See Case Notes

To demonstrate on-going case management and progress, service providers must enter activities and case notes into Workforce One (WF1). If no engagement from the participant in 90 days, the participant must be terminated/exited from the program and the Workforce One case management system. See also: Case Management.

File Management

Participant files and documents may be maintained as a paper file or electronically utilizing a secure system and made readily available to DEED Monitors/Grant Coordinators upon request to ensure compliance with applicable Federal, state, local, and Office of Grant Management Policies.

Case Notes

Case notes must provide a complete, accurate, and concise explanation of frequency and type of contact with participants, as well as services provided, and the outcomes associated with those services. Case notes must be written so that the reader has all background information for the participant, as well as the purpose of meetings, and the where, why, and how contact took place. Case
Case notes must record details of the customer's participation in all activities, including:

- Date and manner of the contact – In-person (individual or personal engagement within a group), text, chat, individual social media, telephone, voice message, electronic message, or postal mail update from the participant.
- Enrollment/Preliminary/Intake case note. The required enrollment/preliminary/intake case note must include:
  - **Participant current situation**: including skills, barriers to gaining employment (i.e., lack of certification/training, unstable housing, dependent care, transportation), work history, current work situation (employer name, title, wage, number of hours worked per week), family status, justification for enrollment
  - If you select Yes for “Lack of Significant Work History” at enrollment, please explain
  - **Participant goals**: including goals from IEP, steps participant will work towards to achieve those goals, and how training program will assist in meeting those goals
  - **Support Services and/or Referrals** that program will provide to participants to assist in achieving employment goals

A new enrollment/preliminary/intake case note must be developed for each new Grant/Program Year. The only exception to this rule is a Program Type/Transfer from one grant/program year to another without a gap (for any length of time) in services. Consecutive program year grant; example SFY 2022 and SFY 2023.

- Life events that may impact the customer's participation, i.e., changes in health (illness), family status, incarceration, housing situation, etc.
- **Individual Employment Plan**/Individual Service Strategy activities and progress toward goals, including updates and changes in this living document.
- Information provided verbally by other service providers (for example, training provider, social worker) about the customer’s participation or progress.
- Purpose of the contact, information provided, support services provided, and description of outcomes.
- Activities during the contact.
- Pertinent information provided verbally by the customer.
- Outcomes of the contact - actions taken, decisions made, and assignments of tasks for next steps.
- Information on contacts with other program staff.
- Exit detail reason/summary Exit Reason Definitions.

Case notes within WF1 should be limited to information pertinent to the program in which the participant is enrolled. While health (physical/mental) related and sensitive information may be relevant to a participant’s progress, WF1 case notes regarding health (including COVID-19 vaccine status, testing and/or results) should be limited. Service Providers must always follow DEED’s Case Management Privacy requirements.

Additional information for MFRP providers only:

- **Case Noting**
  - **Preliminary case notes** should be as descriptive as possible when participants first enroll in the program and when a participant’s case is being extended beyond 1-year.
  - **Ongoing Case notes** must be entered within 15 business days after live participant contact has been made and at least once every 60 days. Be as descriptive as possible, limiting private
information/data that may compromise a participant’s situation. Minimal-wording, or mass case noting is not acceptable as it does not indicate live participant engagement

See Co-Enrollments.
See Privacy Information.

Co-Enrollments

Note: this policy applies to the following grants: African Immigrant Community, DEED SNAP E&T 50% Reimbursement, MN Family Resiliency Partnership (MFRP), MN Tech Training Pilot Project, Adult Direct Appropriations, Pathways to Prosperity Competitive Grants (P2P), Southeast Asian Economic Disparities Competitive grant, (Adult) Support Services grant, and Women’s Economic Security Act (WESA) Competitive grant.

Participants enrolled in Pay-for-Performance Adult Direct Appropriations may not be co-enrolled with any other Employment & Training program under DEED oversight, such as Pathways to Prosperity, WIOA, or Dislocated Worker. Participants may not exit successfully from one DEED grant and consecutively enroll into a Pay-for-Performance Direct Appropriation. The only exception to this policy is co-enrollments with the Minnesota Family Resiliency Partnership program.

DEED encourages the use of braided funding (using leveraged funds or co-enrolling participants in multiple programs), when needed, to seamlessly meet the needs of participants. Co-enrollments are allowed within organizations and between organizations. Eligibility criteria and available resources in each program governs co-enrollment. When co-enrolling, always consider the following question: “What can one program do that the other program cannot?”

To co-enroll:
- Participant must meet the eligibility/enrollment requirements of ALL programs, and
- All enrollments need to be necessary and reasonable, and
- Each enrollment must provide a service that the other enrollment cannot, and/or
- Multiple enrollments are necessary to cover the participant costs.

Co-enrollments are designed to seamlessly provide participants with the services they need. Co-enrollments are not intended to increase program/Grantee outcomes. DEED monitors co-enrollments. The Grantee is responsible to take steps to prevent duplication of services. A Grantee must communicate and collaborate with other grant programs in which a participant is co-enrolled, to monitor support services and other services provided to the participant.

Duplicate billing is not allowed. Billing must be traceable to source.

Each co-enrollment must be specifically addressed and documented on the Individual Employment Plan (IEP) and in Workforce One (WF1) Case Notes. The case note must explain why a participant needs to be co-enrolled and/or needs ACP services from more than one Program/Grantee.

Some examples include:
- Grant A is a pre-employment program grant with no or limited training funds. Grant B provides training. Co-enroll the participant in grant B to access training funds.
• Grant C is paying for participant training. The participant needs a gas card. Grant C has no Support Service funds. Co-enroll the participant in grant D to access Support Service funds.

• Grant E is paying to send the participant through basic welding training. Grant F is paying to prepare the participant for CNA testing. In most cases this would not be a reasonable co-enrollment. A participant generally would choose one career path to pursue.

• Grant G is paying to send the participant through a Robotics program. Grant H is paying for the same Robotics program. Generally, co-enrollment would be allowable only if neither grant was able to cover all the participant’s costs. Co-enrollment must be clearly justified in case notes.

Consult with your DEED program staff to discuss any participants with co-enrollments if you have questions.

Workforce One
To capture co-enrollments within Workforce One, Grantees with multiple competitive contracts will enroll participants in to one ACP Program/Sequence and add activities with multiple funding streams. Beginning July 1, 2020, grantees with a Direct Appropriation contract will have the ability to enroll participants into more than one ACP Program/Sequence with the corresponding Competitive and Direct Appropriation activities with funding stream(s).

Workforce One added a new field which allows Grantees to capture why a participant is being co-enrolled in a Direct Appropriation program. The field will require the entry to choose the appropriate service the participant is seeking through this co-enrollment.

• GED Training/Testing
• Navigation Services
• Retention Services
• Support Services
• Training Support

Consent for Release and Exchange of Information
All participant data is confidential. When working with other providers, educational institutions, training partners, participant family members, etc., you must obtain a signed release of information from the participant before discussing or providing participant information; this includes partner organizations.

Service providers must obtain a signed and completed “Credentialed Training Consent for Release and Exchange of Information” form from all participants pursuing credentialed training before disbursing training funds. This step will help providers report and measure their credential attainment measure.

To download a copy of this form, click on Credentialed Training Consent for Release and Exchange of Information, scroll to and open “Consent for Release/Exchange of Information.”

See Credentialed Training Consent for Release and Exchange of Information
This is a policy that is part of DEED Administration and applies to all Employment and Training programs.

Cost Category Guidance
To determine how to charge against the correct cost category, click on the link below:

• State Fiscal Year 2022-2023 Guidance on Cost Category Definitions
Organizations cannot invoice DEED for funds spent on:

- Bonuses/incentives/gifts paid to or presented to staff/participants, unless pre-approved in your contract with DEED.
- Bonuses/incentives/gifts paid to or presented to current/new staff for referral or retention of new hires.
- Relocation fees incurred by or for a current/new staff.

**Data Entry and Timeliness**

All enrollments, case notes, and activities must be entered into Workforce One within 15 business days of the date of occurrence. Best practice is to enter information into Workforce One daily.

**Eligibility (Participant)**

Eligibility is determined by relevant legislation and targeted population as defined in the approved work plan. Competitive grants also need to comply with eligibility requirements as outlined in the corresponding Request for Proposal.

For ACP programs eligibility requirements, click on the link below, scroll to and open “Documentation Needed to Support Participant Eligibility”:

- [Eligibility: Documentation Needed to Support Participant Eligibility](#)
- [MN Family Resiliency Partnership (MFRP)](#)

Secondary/High School students: Regardless of participant age at time of enrollment, secondary/high school students are ineligible for Adult Career Pathways programs *unless specifically stated otherwise* in the program Request for Proposal. ABE/GED students are eligible as long as they meet the Minnesota Department of Education requirements for enrollment in ABE/GED services.

All participants must be residents of the State of Minnesota. See [Residency](#), this document.

200% annual income guidelines refer to the Federal Poverty Guidelines based on family size and total family income. Income that is included are wages and any income on which taxes are paid or should be paid on. Unemployment insurance benefits may be excluded from income calculation. Grantees may disregard a temporary increase in participant income. For example, stimulus payments or hazard pay.

Participants must submit verification of their Social Security number for program eligibility. If the participant uses a Social Security Card to verify the Social Security number, no further verification/action is required.

If the participant DOES NOT have a Social Security Card to verify the Social Security number, one of the alternative documents with the individual’s full name and full Social Security number listed on the [ACP Documentation Needed to Support Participant Eligibility](#), can be submitted to meet DEED program eligibility.

**I-9 Employment Eligibility Verification (USCIS Form I-9)**

For participants being enrolled using alternative documents to verify social security number, Grantees MUST work with the participant to satisfy [USCIS Form I-9) Employment Eligibility Verification](#) and include:
• the following Short-Term Objective: “Acquire I-9 Documentation” with the participant’s Individual Employment Plan (IEP). The completion date of this objective must be within 90 days of the enrollment date.
• recording the need to obtain I-9 documentation by [date] and all efforts made to obtain the documentation within participant’s WF1 case notes.
• opening the activity “Local Flag” in WF1

<table>
<thead>
<tr>
<th>If Documentation is Acquired within 90 days</th>
<th>If at any time the participant refuses to obtain I-9 documentation</th>
<th>If Documentation is Not Acquired by Day 91 and if participant is waiting for documents:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. In WF1, close Local Flag.</td>
<td>1. STOP providing services.</td>
<td>1. Reach out to Grant Coordinator for possible extension.</td>
</tr>
<tr>

Income calculation for FPG

The total income is based on the tax household. For example, the participant has children and a spouse that they all file taxes together. Then the tax household would be participant, spouse, and child which is a household of 3 and then compare a household of 3 on the 200% FPG table.

Income that is included are wages and any income on which taxes are paid or should be paid on. Unemployment insurance benefits may be excluded from income calculation. Participants may disregard a temporary increase in participant income. For example, stimulus payments or hazard pay.

To calculate the annual household income, use the average monthly gross income received for the six months immediately before entering the program and multiply by 12 to get an annual gross income. Using this total, refer to Workforce One>References>Income Guidelines>Health & Human Services (federal) Poverty Guidelines or print the income table from [https://aspe.hhs.gov/topics/poverty-economic-mobility/poverty-guidelines](https://aspe.hhs.gov/topics/poverty-economic-mobility/poverty-guidelines) for 200% FPG.

Example:

<table>
<thead>
<tr>
<th>Month</th>
<th>Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>January</td>
<td>$100</td>
</tr>
<tr>
<td>February</td>
<td>$150</td>
</tr>
<tr>
<td>March</td>
<td>$150</td>
</tr>
<tr>
<td>April</td>
<td>$200</td>
</tr>
<tr>
<td>May</td>
<td>$0</td>
</tr>
<tr>
<td>June</td>
<td>$0</td>
</tr>
</tbody>
</table>

Total 6-month income = $600
Average monthly gross income = $600/6 months = $100
Annual gross income = average monthly gross income multiplied by 12 months = $100 * 12 = $1,200
Using $1,200, refer to the FPG table based on the family size

To calculate the annual household income for MFRP providers ONLY, use the total income received for the previous 12 weeks, divide by 4.3 and then multiply by 12.

Ex-Offender/Justice Impacted:

See [Ex-Offender/Justice Impacted](#)

We will accept a “Face Page,” an official documentation from a County, State, or Federal Corrections facility as a “placeholder” to confirm the following eligibility elements. The participant’s:
• legal name
• date of birth

Workforce One

An updated guideline to determine if a participant is at or below 200% Federal Poverty Guidelines is available within WF1 under “References,” “Income Guidelines.” Please note that the guidelines are adjusted each year and need to correspond to the year of enrollment. If selecting <200% FPG at enrollment, Annual Family Income field must be completed in WF1’s enrollment page.

Employment Verification effective 7/1/2021

A participant must submit verification of employment prior to exiting the participant’s record in WF1 with the Entered Unsubsidized Employment reason. Verifications must be in the participant’s file and/or uploaded in to WF1 EDS (required for pay-for-performance).

• Pay-For-Performance contracts: verification must be in writing and be provided by the employer (i.e. pay stub, offer letter, completed employment verification form or another verifiable document from the employer).

All other ACP contracts: verifications must be in writing and may be provided by the employer (i.e. pay stub, offer letter, completed employment verification form or another verifiable document from the employer) or completed ACP Employment Verification Form. Self-employed participants must complete the ACP Employment Verification Form.

Enrollment/Re-Enrollment

Participants must be enrolled in WF1 to be considered for training outcomes and invoicing. Participants enrolled in training must 1) benefit from the training and 2) be qualified to undertake and complete such training.

When a participant fails to satisfactorily complete a portion/quarter/semester of training. This means the participant has been unsuccessful in fulfilling the agreed-upon goals/objectives within the IEP. Recognizing possible extenuating circumstances, ACP can grant a one-time leniency in certain circumstances where the training institution, provider, or Navigator has determined the participant:

• Has failed to maintain a satisfactory grade of a "C" or equivalent; or
• Has failed to meet or maintain the minimum program requirements and
• Becomes aware that a situation beyond their control is forthcoming and will impact their ability to maintain satisfactory progress within the training.

In order to take advantage of this allowance, a participant in such a situation must contact the ACP Navigator as soon as the participant becomes aware of the situation. The participant will need to explain to the Navigator the reason(s) why they failed or will fail to meet the minimum program requirements and/or the grades were low.
Possible extenuating circumstances can include health problems, and family or financial situations. Based on this conversation, as well as other appropriate factors, the counselor will determine whether the participant can succeed in the training program if permitted to continue or re-enroll at a later date. The participant situation must be well-documented in the participant file and [WF1 case notes](#).

**Workforce One – Direct Appropriation**

When enrolling a participant into a Direct Appropriation program/grant, an additional field must be selected to justify the participant’s enrollment. The selection is based on the agency’s Direct Appropriation work plan, outcomes, and the goal of the agency’s Direct Appropriation contract. If the work plan/contract addresses more than one of the following selections, choose the option that best fits the participant at the time of enrollment.

- **GED Training/Testing:** Choose if the Direct Appropriation funds will be used to support a participant to train for and obtain a GED.
- **Navigations Services:** Choose if the Direct Appropriation funds will be used to pay for a person/staff member to support program participants through one-on-one sessions, in-class guidance, development of IEP/goals, and otherwise provide guidance to ensure the participant is successful in training and obtaining employment.
- **Retention Services:** Choose if the Direct Appropriation funds will be used to pay for services that will support a participant, prior to exit, to maintain employment or maintain enrollment in post-secondary school.
- **Support Services:** Choose if the Direct Appropriation funds will be used to pay for bus/gas cards, work clothing, housing, car repairs, etc. that will support a participant to maintain attendance and successful completion of the training program; help to remove barriers to being successful in the training.
- **Training Support:** Choose if the Direct Appropriation funds will be used to pay for tuition, training costs/fees, work experience, etc.

**Workforce One Enrollment Information**

When enrolling a participant into an ACP program in WF1 each field may be defined by choosing the “Help” option on the top navigation pane of WF1.

- Last Wage – The hourly wage, in dollars and cents, of the person’s most recent job. For ACP grants ONLY, enter the hourly wage of the person’s last job within the past six months. If no wage within the past six months, enter 0.00.
- Hourly Wage of Current Job – The hourly wage, in dollars and cents, of the person’s current job. For ACP grants ONLY, enter the hourly wage of the person’s current job. If not currently employed, enter 0.00.
- “Not in Labor Force,” within the Labor Force Status field. See [Labor Force Status](#).

**Equal Opportunity Policy**

[https://apps.deed.state.mn.us/ddp/PolicyList.aspx](https://apps.deed.state.mn.us/ddp/PolicyList.aspx)

DEED is committed to Equal Opportunity and Equity for all participants. Grantees are required to comply with all federal, state and local EEO requirements. For forms, see [Data Privacy](#).
Exits

**All participants must be exited or program type/transfer within 30 days of grant close/end date**

See Attachment 1.

Participants must Exit when they complete the program objective(s) or when there has been no engagement for 90 days. Choose the exit reason in Workforce One that most closely reflects the participants’ circumstance.

**Workforce One will automatically close a case using the exit reason “Soft Termination” that has no open activities for 90 days.**

Exit Reason Definitions

<table>
<thead>
<tr>
<th>Exit Reason</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>ABE/Remedial Education (MFRP only)</td>
<td>The participant is enrolled in an ABE program and no longer requires employment services</td>
</tr>
<tr>
<td>Attained Pre-Employment Skills (MFRP only)</td>
<td>The participant has completed requirements of pre-employment skills training and no longer requires employment services</td>
</tr>
<tr>
<td>Cannot Locate</td>
<td>The participant has not responded to requests for contact for 90 days (or less, depending on local policy)</td>
</tr>
<tr>
<td>Certificate Program (MFRP only)</td>
<td>The participant is enrolled in a certificate program and no longer requires employment services</td>
</tr>
<tr>
<td>Completed Family or EDP Objectives (MFRP only)</td>
<td>The participant has completed family goals of EDP and no longer requires employment services</td>
</tr>
<tr>
<td>Completed Program Objective</td>
<td>The participant completed training and earned the corresponding certificate/credential/licensure, pre-employment skills, or other work plan objectives though has not entered employment prior to exit</td>
</tr>
<tr>
<td>Continued Education (MFRP only)</td>
<td>The participant is enrolled in an education program and no longer requires employment services</td>
</tr>
<tr>
<td>Death</td>
<td>The participant has passed away</td>
</tr>
<tr>
<td>Degree Program (MFRP only)</td>
<td>The participant is enrolled in a degree program and no longer requires employment services</td>
</tr>
<tr>
<td>Developing Life Skills (MFRP only)</td>
<td>The participant has completed the goal of developing life skills and no longer requires employment services</td>
</tr>
<tr>
<td>Employment (MFRP only) *</td>
<td>The participant has entered new employment or has received a promotion or increase in wage as a result of training and is no longer in need of program support</td>
</tr>
<tr>
<td></td>
<td>Do not use this exit reason when a participant retains the same employment, position, or wage that was held at time of enrollment</td>
</tr>
<tr>
<td>Exit Reason</td>
<td>Description</td>
</tr>
<tr>
<td>------------------------------------------------------</td>
<td>-------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Entered Armed Forces</td>
<td>The participant has enlisted in any branch of the military</td>
</tr>
</tbody>
</table>
| Entered Unsubsidized Employment*                     | The participant has entered new employment or has received a promotion or increase in wage as a result of training and is no longer in need of program support.  
|                                                      | Do not use this exit reason when a participant retains the same employment, position, or wage that was held at time of enrollment. |
| Family Care Problems                                 | The participant is unable to continue due to a family need not related to their own personal/medical problems. |
| Family Rebuilding (MFRP only)                        | The participant has completed the goal of rebuilding family and no longer requires employment services. |
| Found Ineligible                                     | The participant has not met the minimum eligibility requirements and must be exited. If this exit reason is used, all charges related to the participant’s services must be backed out. |
| Institutionalized                                    | The participant is no longer able to participate in the program due to incarceration in a correctional facility or becoming a resident of an institution which is providing 24-hour support such as a hospital or treatment center for more than 90 days. |
| Moved from area                                       | The participant is unable to continue due to moving from the service area.                      |
| Other (MFRP only)                                    | The participant’s exit reason does not match with any of the other reasons listed.               |
| Other termination                                    | The participant’s exit reason does not match with any of the other reasons listed.               |
| Pay for Performance Placement                        | The participant has exited to unsubsidized employment and the employment placement is being claimed by the program as a pay-for-performance placement payment. |
| Personal/medical problem                             | The participant has their own personal or medical issue preventing them from continuing in the program for more than 90 days. |
| Program/Type transfer                                | The grant/funding stream has ended, but the participant will continue receiving services through another funding stream/program within the same organization. |
| Refused to Continue                                  | The participant is no longer interested in services offered and did not complete program objectives. |
| Remained in School                                   | The participant is enrolled in an education program and no longer requires employment services. |
| Reservist Called to Active Duty                      | The participant is a member of the National Guard or other reserve military unit, and they have been called to active duty for at least 90 days. |
| Working with Another Program (MFRP only)             | The participant has begun working with another program and no longer requires employment services. |

* See [Verification of Employment](#) effective 7/1/2021

Ex-Offender/Justice Impacted
We will accept a “Face Page,” an official documentation from a County, State, or Federal Corrections facility as a “placeholder” to confirm the following eligibility elements. The participant’s:

- legal name
- date of birth

The “Face Page” may serve as an eligibility element "placeholder" for up to 90 days, at which time all allowable eligibility documentation must be obtained and retained in the participant’s file. The individual may be enrolled and provided with Direct Services, Direct Customer Training AND Support Services for up to 90 days after the date of enrollment, at which time required eligibility documentation must be obtained.

Providers must:

1. Case note that the “Face Page” is serving as a placeholder for (name specific eligibility element that is missing).
   a. Case note when the documentation is acquired.
2. List the following short-term objective on the participant’s IEP: “Acquire (name specific eligibility element that is missing).” The completion of this objective cannot be more than 90 calendar days past the date of enrollment.
   a. Update IEP when the documentation is acquired.
3. In WF1, select the activity: “Local Flag.” The start date of this activity must be the same as the date of participant enrollment. The end date for this activity cannot be more than 90 days from the date the participant was enrolled.
   a. When the documentation is acquired, close “Local Flag.”

Caution: Please be aware that if the participant does not provide allowable eligibility documentation follow the guidance in Eligibility (Participant).

Extensions to Contract

A request to extend a contract beyond the end date. See Modifications to Contracts

Food Purchases

Food purchases must be pre-authorized and specifically addressed and included in the approved contract/workplan between DEED and the Grantee.

- An example may include a graduation cake for participant celebration.
- This does not include grocery store vendor cards provided directly to participants.

ACP funding supports participant training and employment. Grantees must leverage other funding sources first for food purchases.

Grant Close Out – Second Year

All participants enrolled in any ACP program that has ended its second-year contract MUST exit participants appropriately from Workforce One (WF1) within 45 days. This is to ensure organizations capture outcomes for participants served during the two years.
For example: Your organization received a 2-year funding grant for SFY20-21. Upon the close out of the SFY21 contract (on June 30, 2021), all participants must Exit in WF1 by August 15, 2021, with the June 30, 2021, exit date.

If the organization receives a consecutive grant for the same grant program and training and have participants in the midst of receiving services or attending training by the end of the 2-year contract, participants can be re-enrolled in the consecutive grant. In this case, participants will have to Exit in WF1 with the Program/Type Transfer exit reason, then re-enrolled into the consecutive program. Do not just change funding streams on activities. If this happens the organization will not capture outcomes.

I-9 Employment Eligibility Verification (USCIS Form I-9)

See Eligibility (Participant)

Incentives and Stipends

See Support Services and Incentives and Stipends

Individual Employment Plan (IEP)/Employment Plan (EP)/Individual Service Strategy (ISS)/Action Plan/Individual Plan Development (IPD)

https://apps.deed.state.mn.us/ddp/PolicyDetail.aspx?pol=411

All Employment and Training program participants must have an Individual Employment Plan (IEP).

The completion and implementation of an IEP/ISS/Action Plan/IPD (referred to as an IEP, moving forward) is an integral part of the delivery of Adult Career Pathways (ACP) services. The IEP is a document that is created jointly by the Grantee (Career Navigator) and the participant. The IEP outlines the responsibilities and activities of both the participant and the Career Navigator as the participant prepares to achieve the program goal. Career Navigators must keep the IEP current to ensure that all parties involved are accountable for their responsibilities.

Training, support services, and individualized services (one-on-one) cannot be incurred, obligated, or distributed until after the participant is enrolled AND the participant and Career Navigator have both signed and dated the IEP.

A new IEP must be developed for each new Grant/Program Year. The only exception to this rule is when a participant is exited due to Program Type/Transfer from one grant/program year and enrolled immediately into the other grant/program year without a gap in services. Grant/Programs must be consecutive program years; example transferring a participant from SFY 2018-19 to SFY 2020 with a complete and valid IEP.

A complete and valid IEP must contain the following elements. The IEP must:

- be dated
- list the participant’s full legal name
  Compare the name on the IEP to the participant’s official identification document, i.e., driver’s license...
- list the Employment (long term) Goal
- document justification for the Employment Goal and related training (must be in participant
file or part of the Grantee’s approved workplan) using Labor Market Information print out, when possible https://mn.gov/deed/data/data-tools/oid/

- capture barrier(s) to employment and training and a Support Service plan that will allow participants to overcome barriers; Individual gas/bus cards do not need to be documented on the IEP. Individual issuance of bus/gas cards must be documented in WF1 under Case Notes and Support Services.
- list long term objective(s)/goal(s)
  *This is normally an employment goal*
- list short term objective(s)/goal(s)
  *This often includes pre-employment goals, training plans*
- state objective(s)/goal(s) start and projected completion dates
- be accompanied by Reading/Math Assessment in file, if needed, and any formal or standardized Objective Assessment results if administered;
- capture referrals to other programs/community resources
- list other programs in which the participant is co-enrolled;
- be accompanied by documentation in the file to support Training
- be updated-
  - minimally 335-395 days after original signature date
  - when a change is made to the participants long or short-term objectives
  - when a change is made to a participant’s barriers/support service plans
  - when the expected completion date for final goal or objective has passed
- be signed and dated by the client upon initial plan development and when plan is updated
- be signed and dated by a staff member upon initial plan development and when plan is updated.

Please see the DEED Individual Employment Plan policy for expanded information on these elements.

IEP Updates
The IEP (Paper or Online) must be updated when all listed goals or objectives have changed, (e.g., a person achieved their C. N. A. and wants to go back to school to become a licensed practical nurse), are achieved, or the expected completion date for final goal or objective has passed. The IEP must also be updated when a participant’s support service needs and/or barriers have changed since initial plan development requiring additional or different support service needs, (e.g., because living conditions and/or personal life changes have occurred).

Workforce One
To capture the IEP Activity on the Activity screen in Workforce One, select “Individual Plan Development.” If an online plan is utilized in WF1, a Tickler will send a reminder to update plan as needed.
Capture the interaction and a summary of the updated IEP within Case Notes in WF1.

Labor Force Status
Employed Full-Time; at the time of enrollment the participant is employed full-time (32 hours a week or more) Employed Part-Time; at the time of enrollment the participant is employed part-time (31 hours a week or less)

Employed, Rec Term Notice/Military Sep; at the time of enrollment the participant is employed, but has
received a recent termination notice or recently separated from military service

Not Employed, was not Self-Employed; at the time of enrollment the participant is not employed and was not previously self-employed

Not Employed, was Self Employed, Farm; at the time of enrollment the participant is not employed and was previously self-employed in the farming industry

Not Employed, was Self Employed, Non-Farm; at the time of enrollment the participant is not employed and was previously self-employed not in the farming industry

Not in Labor Force; at the time of enrollment the participant is not employed nor seeking to enter the labor force/find employment. Participants defined as Not in Labor Force are not eligible for ACP competitive and most direct appropriation programs

*Does not apply to Minnesota Diversified Industries

**Modifications to Contract (also known as Amendments)**

A modification is a change to the current contract/work plan/budget. Making changes outside of the approved work plan/budget requires a modification. Modifications **may** be granted on a case by case basis by submitting an application for modification. Any approved modification is effective on the date the contract is fully executed and cannot be applied retroactively. Modifications that make substantial changes to the cost per participant, program, or outcomes as defined in the original work plan/budget will not be approved.

An Extension of a contract may be granted through the modification/amendment process on a limited basis. **A request to modify or amend to extend a contract must be submitted no later than 30 days prior to the expiration of the original contract.**

A request for modification must be requested through the DEED Program Coordinator.

**Monitoring Requirements**

https://apps.deed.state.mn.us/ddp/PolicyDetail.aspx?pol=558

*This policy is part of overall DEED Administration and applies to all Employment and Training programs.*

Grants are monitored by DEED to assure that grant operations are in compliance with applicable policies which may include: Federal Regulations, Department of Employment and Economic Development (DEED) policies, and State Statutes. Additionally, the approved work plan and program expenditures are reviewed to assure compliance with the Office of Grants Management Policy #08-10 - Grant Monitoring. Both programmatic and fiscal elements are monitored for compliance.

Monitors confirm that:

- Participants are program eligible
- Participant files meet program requirements
- Program outcomes and goals are being attained
- Grant expenditures are appropriately allocated, consistently applied and being charged against the correct [cost categories](#) and within the appropriate limitations.
The onsite visit will be preceded by a desk review of all project material available at DEED’s offices, including Workforce One. The provider/Grantee will be contacted, and suitable arrangements will be made as to the date, time of the visit, and appropriate staff involvement. Confirmation of these details will be made by the program monitor via email.

The typical agenda for an onsite visit consists of:

1. **An entrance Conference** – The DEED program monitor will meet with staff to review plans, discuss the desk review, and obtain basic overview information about the project.
2. **A Financial Reconciliation** – The DEED program monitor will meet the Grantee’s fiscal staff to complete the Financial Reconciliation.
3. **A File Review** – A sample of selected files will be reviewed. The list of files to be reviewed during the visit is sent prior to the visit. Please make all documentation and case notes available.
4. **An Exit Conference** – The DEED program monitor will reconvene with staff at the end of the visit once the file review and financial reconciliation are complete. At this time the program monitor will present all tentative findings.
   - Any additional information the Grantee and/or its subgrantee(s) can provide should be incorporated at this point.
   - **Technical Assistance** – At any point during the visit, but generally at the Exit Conference, the monitor may provide technical assistance to the Grantee. In addition, the Grantee is encouraged to bring forward questions or concerns related to the execution of the grant.
   - A review of Applicable Sections of the Law, Federal Regulations, and State Policies may occur during either the entrance or exit conferences.

A final report and cover letter will be prepared by the monitor after completion of the onsite review. For more information see [Monitoring Requirements](#).

To determine how to charge against the correct cost category see [Cost Category Guidance](#).

For Covid-19 exceptions, see [Peacetime Emergency Guidance](#).

**Navigators/Career Navigator/Case Managers**

The Navigator is a single point of contact for the participant. This position functions as the overall program expert, a counselor, and a resource for the participant(s). This person is responsible for the case management of assigned participants. While other staff may be providing services as well, the Navigator provides direction, on-going support, and primary case management for participants throughout the time they are enrolled in an ACP program. The person in this role is responsible for primary oversight of the individual Workforce One record and paper files for their assigned participants.

**Participant Contact**

Live, one-on-one, contact with active participants must be documented at least once every 30 days. See [Case Management](#) and [Case Notes](#).

**Partnerships**
Partnerships may be **compensated** or **uncompensated**. DEED encourages Grantees to partner with other area providers to provide the best service to participants. Compensated partners may also be referred to as **Subrecipients, Contractors, or Vendors**.

Uncompensated partnerships are referred to as **Partners** and support the Grantees’ program without charging program funds to do so.

In either instance, both must be listed within the Grantees’ contract within the *Partnership Chart - All Partners*. All additions to the Partnership Chart within the Grantees’ contract must request a modification/amendment to the contract to add/delete partners prior to issuing funds to the new compensated partner.

All partners (subgrantees/subrecipients/contractors/consultants/contracted employees/ schools/ contracted trainers…) must be listed on the partnership chart (see your contract with DEED.) DEED can be billed for partners...

1. who are listed on your approved contract with DEED on the Partnership Chart AND
2. on or after the date your contract with DEED is fully executed (partners must be on the Partnership Chart) AND
3. on or after the date your contract with your partner is fully executed.

See [Subrecipients, Contractors, and Vendors](#).

**Pay-for-Performance**

Funds directly appropriated for the Pay-for-Performance program model must follow all requirements as outlined in [MN 116J.8747](#). Additional requirements are outlined in this section.

The pay-for-performance model places the emphasis on participant job placement and retention in employment for at least 1-year. Payments are made to the Grantee for employment placement and job retention of qualified graduates of the Grantee’s qualified training program. Training programs are subject to Commissioner’s review and approval. Grantees are required to track participant activities in Workforce One and must show that progress is made in sequential order and milestones are met during the contract period. However, retention payments are allowed when a Grantee’s contract period is extended or renewed through a Direct Appropriation.

Payments under this grant are not subject to the reimbursement of actual costs incurred during the grant period, rather paid in lump sums when a participant is placed in a job or has met the 1-year retention threshold. Payments are made when a participant(s) has completed:

1. Enrollment and Graduation from the qualifying job training program during the contract period
2. And subsequently placed in a job (start date of employment must be on or after the date of enrollment in to WF1) that meets all the following requirements:
   a. Must pay at least the current Minnesota state minimum wage
   b. Must average at least 32 hours per week
   c. Must be permanent, unsubsidized employment or temporary employment lasting one year or longer
   d. Proof of the preceding conditions must be uploaded into Workforce One Electronic Document Storage (EDS)
Proof of employment that will be considered must be in writing and be provided by the employer (i.e., pay stub, offer letter, completed employment verification form, The Work Number employment verification, or another verifiable document from the employer).

NOTE: Placement payments cannot be requested if a participant retains the same employment, position, and wage that was held at time of enrollment. Merit or COLA pay increases or part-time to full-time status cannot be claimed for placement payments.

Grantee requests payment on a monthly basis for previous month’s job placement(s).

Retention payments will be requested by the Grantee and verified/paid quarterly by DEED utilizing information from Unemployment Insurance (UI).

Participant placement and retention payments are limited to once per participant.

See Co-Enrollments.

Payment Requests

Fiscal policy regarding the process to receive reimbursements is set by DEED Administration and may change at any time.

Reimbursement Payment Requests (RPRs) are the preferred method for making grant payments to grantees. Grantee requests for reimbursement must correspond to the budget categories in the approved grant budget (i.e., Admin, career services, customer training, support services, admin, etc.). Along with DEED Employment and Training Programs Division Fiscal Unit, DEED’s authorized representative (or successor), named on the Work Plan, shall review each request for reimbursement against the approved grant budget, grant expenditures to-date and the latest grant progress report before approving payment.

Cash Advance Payment Requests/Financial Status Reports (CAPR/FSR) Cash advance payments on grants may be allowed if previously coordinated and approved by DEED Workforce Development and DEED Administrative/Finance Services. In order to make advance payments, agencies must complete the template that will be provided and prepare a written justification. Sub-grantees drawing down cash advances must have a system in place that ensures that cash drawdown requests are timed as close as administratively feasible to the actual disbursement. An explanation must be provided if cash is requested prematurely. The State reserves the right to offset overpayments and disallowances by reducing cash payments on any sub-grant. Sub-grantees shall impose a similar system of cash management on their sub-recipients.

Payments shall not be made on grants with past due progress reports, unless the state agency has given the grantee a written extension. In addition, cash advances on grants which exceed $50,000 shall be reconciled in accordance with MN Office of Grants Management policies.

DEED reserves the right to offset overpayments and disallowances by reducing cash payments on any sub-grant. Payments shall not be made on grants with past due progress reports, missing requested...
documentation, unless the state agency has given the grantee a written extension.

All payment requests are due to DEED by the 20th of the following month. Grantees are expected to submit a request every month during the grant period, even when there are no expenditures, and the request is zero in all cost categories. Submit all requests to DEED.FSR@state.mn.us

To determine how to charge against the correct cost category. See Cost Category Guidance.

Peacetime Emergency Guidance

See Covid-19 Q&A.

Privacy Information

Case Management Privacy
In general, all case notes, including all documentation and work conducted with taxpayer dollars, must remain available to DEED and authorized parties. Information specific to an individual must comply with the Minnesota Government Data Practices Act (M.S. 13).

Case notes in Workforce One that do not contain information classified as private by M.S. 13 must be public, unless one of the following occurs, in which case the case note can be marked "private" in WF1:

1. The program participant has disclosed a physical or mental health concern that may result in a barrier to employment, a reason for their individual employment plan to be modified, or a reason for program closure. The case note should be marked private in WF1 if the case manager finds it necessary to include details of the condition.
2. Recording the specific case note will be in violation of HIPAA Privacy Rule, which protects the privacy of individually identifiable health information. When this occurs, mark the case note as private.
3. The program participant feels they are in danger and is concerned for their safety. This would include temporary contact information for the participant if they move to a new location until the concern has ended. Mark the entire case as private.

DEED requires case managers to maintain a separate paper/electronic file with required eligibility and paper/electronic documentation maintained about a participant's health, mental health, and/or safety concerns in a locked/secure location other than with the original file. The private separate paper/electronic file must not be included in the regular file for the participant or must be marked as “private” within Workforce One’s Electronic Document Storage (EDS). The primary and secondary case managers will only share the separate private file with DEED program monitors.

Data Privacy

Grantees are required to abide by all applicable Data and Data Privacy policies, statutes and guidelines set by applicable federal, state and local entities. Compliance with the Minnesota Government Data Practices Act, with special attention to chapter 13.47 is required by all grantees and sub-contractors. Participant privacy is expected to be upheld using standard case management best practices including getting signed participant releases to be placed in their case file when coordinating services with other
agencies or whenever using participant stories or photos in promotional materials, websites, annual reports, et cetera.

All ACP files must contain a signed and dated a “How We Use Your Personal Information” form (Also called the Tennessen Warning).

- How We Use Your Personal Information/Equal Opportunity is the Law - English: https://apps.deed.state.mn.us/assets/policies/pdf/notice-english.pdf
- How We Use Your Personal Information/Equal Opportunity is the Law - Hmong: https://apps.deed.state.mn.us/assets/policies/pdf/notice-hmong.pdf
- How We Use Your Personal Information/Equal Opportunity is the Law - Lao: https://apps.deed.state.mn.us/assets/policies/pdf/notice-lao.pdf
- How We Use Your Personal Information/Equal Opportunity is the Law - Russian: https://apps.deed.state.mn.us/assets/policies/pdf/notice-russian.pdf
- How We Use Your Personal Information/Equal Opportunity is the Law - Simple Chinese: https://apps.deed.state.mn.us/assets/policies/pdf/notice-simplified-chinese.pdf
- How We Use Your Personal Information/Equal Opportunity is the Law - Somali: https://apps.deed.state.mn.us/assets/policies/pdf/notice-somali.pdf
- How We Use Your Personal Information/Equal Opportunity is the Law – Spanish: https://apps.deed.state.mn.us/assets/policies/pdf/notice-spanish.pdf

Grantee Obligation for Data Privacy:

- Customize the Equal Opportunity is the Law form, to add the Grantee EO Officer contact information
- Print Equal Opportunity is the Law and How we Use Your Personal Information back-to-back
- Have participant initial both “I have read the…” attestation statements located above the signature line on How we Use Your Personal Information
- Have participant print his/her/their name, sign, and date the form
- Participant receives a copy and grantee will retain a copy of this form in each participant’s file.

Quarterly Reports

Submission of quarterly reports is required for all Adult Career Pathways grants and are due the 30th of the month following the quarter.

See:
Adult Direct Appropriation
MN Family Resiliency Partnership
Pathways to Prosperity
Southeast Asian Economic Disparities
Adult Support Services Competitive Grant
Women’s Economic Security Act

Retention Services

Retention services are monetary and non-monetary services provided to support participants after they have achieved their long-term goal, as defined on the participant’s IEP. Grantees must provide retention and follow up services to participants obtaining unsubsidized employment as outlined in the Grantees contract, or for 90 days, as long as funds are available and prior to the grant close date. Live,
one-on-one monthly contact must be maintained during the retention period.

For participants entering Unsubsidized Employment, the “Employed Full-Time,” or “Employed Part-Time,” and the “Retention” activities in WF1 must be opened while retention services are being provided to participants. Grantee must exit participants from ACP in WF1 upon successful completion of the maximum 90-day retention period.

Pay-for-performance programs may have alternative policies in place addressing participant retention services.

**Records Retention**

In compliance with state regulations, grantees and any sub-grantees must retain all records pertinent to all grants and agreements, including financial, statistical, property and participant records, supporting documentation, etc. Records for each grant funding period must be retained for six years after the grantee and any sub-grantee submits to the awarding (DEED) agency its final closeout report for that grant period. (Minnesota Statute, Section 16C.05, Subdivision 5).

The Governor must ensure that the records are retained beyond the prescribed period if any litigation or audit is begun or if a claim is instituted involving the grant or agreement covered by the records. In these instances, the Governor must ensure that the records are retained until the litigation, audit, or claim has been finally resolved. In the event of the termination of the relationship with a provider, the Governor or workforce service area/board recipient is responsible for the maintenance and retention of the records of any grantee and any sub-grantee unable to retain them.

While 2 CFR 200.333 indicates a shorter period of time for record retention, MN Statute requires six years for retention for all grant information. The funding source is not differentiated.

**Residency**

All participants must be residents of the State of Minnesota. All programs require documentation of residency. Documentation must be in file at time of enrollment. Program specific eligibility guides and acceptable supporting documentation are posted on the Office of Adult Career Pathways website, specific to each program, under “Documentation Needed to Support Participant Eligibility.”

**Selective Service Registration**

[https://mn.gov/deed/assets/selective-service-guidance_tcm1045-435084.docx](https://mn.gov/deed/assets/selective-service-guidance_tcm1045-435084.docx)

Effective July 1, 2019, Adult Career Pathway’s (ACP) grantees are not required to screen for compliance with Selective Service when enrolling participants into ACP programs. This is for EXCLUSIVELY STATE FUNDED PROGRAMS ONLY. (MN Family Resiliency Partnership (MFRP), Adult Direct Appropriations, Pathways to Prosperity Competitive Grant (P2P), Southeast Asian Economic Disparity Competitive grant, (Adult) Support Services grant, and Women’s Economic Security Act (WESA) Competitive grant.)

The Office of Adult Career Pathways encourages grantees, and staff working directly with participants to be knowledgeable about Selective Service requirements and consequences of non-compliance, in order to prepare participants to be eligible for federal benefits (FAFSA, Dislocated Worker, etc.) if needed in the future.
DEED programs that utilize federal funds are required to screen for and document Selective Service compliance.

Serving Individuals with Disabilities
https://apps.deed.state.mn.us/ddp/PolicyDetail.aspx?pol=461
This policy is part of overall DEED Administration and applies to all Employment and Training programs.

As part of its mission, DEED must serve individuals who are, or who are perceived to be, living with disabilities. All Grantees under the authority of the Employment and Training Program Division Director have an affirmative obligation not to discriminate on the basis of disability. The Grantees are prohibited from discriminating in the registration for and the provision of aid, benefits, services or training including career services, training, and support services, on the basis of disability.

No individual shall be excluded from participation in, denied the benefits of, subjected to discrimination under or denied employment in the administration of or in connection with any such program or activity, on the basis of disability. Grantees must not deny individuals with disabilities if they meet program eligibility as outlined in the Grantee’s program work plan.

Subrecipients, Contractors, and Vendors

A subrecipient (also called a subgrantee) is an organization that receives a subaward from an ACP grantee in order to carry out a program for the purpose for which the grant was awarded. A subrecipient performs duties directly related to the grant, such as case management or readiness training. A subrecipient is paid from grant funds and is responsible for independently executing that part of the grant it has undertaken, complying with all requirements applicable to the grantee, and meeting the same performance standards to which the grantee is held. A grantee that has subrecipients/subgrantees is referred to as a “pass-through entity.”

Unless specifically pre-approved by the Grant Coordinator, subrecipients providing services need to be based in Minnesota or have a physical location in the state.

Contractors and vendors both provide goods and services, such as office supplies or uniforms, which are ancillary to the work performed under a grant. Contractors and vendors typically operate in the marketplace, providing the similar goods and services to many purchasers. Vendors generally provide goods or services at a set price, available to all customers. Contractors provide goods or services pursuant to the terms of a contract, so that the price may be negotiated. Contractors may include, but not limited to, consultants, contracted employees, and financial management services. Contractors and vendors are not subject to requirements applicable to the grantee.

Unless specifically pre-approved by the Grant Coordinator, contractors and vendors should be based in the United States or have a physical location in the country.

A grantee must monitor any of its subrecipients that receive over $50,000. DEED staff may request to review subrecipient contracts at any time and they will be reviewed at time of monitoring. Adult Career Pathways uses the federal definition for the term “subrecipient.” Therefore, grantees should carefully review the definition in order to correctly identify subrecipients.

Distinguishing subrecipients from vendors or contractors can be confusing. For example, an educational
institution providing training to grant participants might be either a vendor, or a contractor, or a subrecipient. If a grantee pays an institution the same amount of tuition charged to members of the public for training a participant or participants, the institution is a vendor. If the grantee and the institution negotiate a price for the institution to provide training to participants, the institution is a contractor. If the grantee and the institution agree that the institution will undertake the training of participants in accordance with the terms of the grant for a portion of the grant funds, it is a subrecipient.

All compensated/uncompensated Subrecipients, Contractors, and Vendors must be listed within the Grantees’ contract within the Partnership Chart - All Partners.

See Partnership.

**Support Services**

*For further information, see* Cost Category Guidance, and Incentives and Stipends.

Support Services are payments made to or on behalf of enrolled participants for one-time or temporary assistance considered necessary for the participant to reach program goal(s). Funds may be available to assist participants in emergency situations or to better enable participants to obtain employment and/or meet program goal(s). Support Services are provided to Adult Career Pathways (ACP) program participants on a case- by-case basis and are based on individual need.

Support services cannot be incurred, obligated, or distributed until after the participant is enrolled AND the participant and Career Navigator have both signed and dated the IEP. Support Services purchased by the Grantee in bulk, such as uniforms, bus cards, and gas-only cards, are billed to DEED when they are distributed to the participant.

Consider the following requirements when providing Support Services to participants:

- The services that would meet the needs of the participant are not available or readily accessible through other local agencies or organizations, and
- Support Services funds are available
- The laws, rules and regulations applicable to the program must allow Support Services.
- You must have a written policy on Support Services.
- The Support Services provided must be in compliance with your policy.
- Support Services must be included in your work plan.
- Costs must be incurred after enrollment and development of the IEP, but before exiting the program.
- Costs must be reasonable.
- Costs must be necessary.
- Costs must be one-time or temporary payment, not ongoing. See Support Service Exceptions.
- Participants should complete a financial needs analysis (which may include a monthly budget, financial literacy assessment, etc.) for most support services.
- The Support Service must support the goals and objectives within the IEP and must be documented.
- Each Support Service provided to a participant and its dollar amount must be documented in Workforce One.

**Allowable/Unallowable Support Services**

A list of allowable and unallowable support services is available in the Fiscal Guidance on Cost.
Category Definitions under Support Services.

Local Policy Requirements
Grantees are required to have a written Support Services policy that outlines available resources and service coordination in the local area. The policy may include a maximum amount of funding, maximum length of time Support Services are available to a participant, and supporting documentation required to obtain funding (Providing proof of insurance to pay for mileage, for example.) The policy cannot be so restrictive that it would result in a participant’s failure to successfully complete the program. The name of the organization and date it was created/updated must be included on each Support Service policy.

Supporting Documentation
Support Services must be considered necessary for the participant to reach program goal(s). Supporting documentation (bills/invoices) must be in the participant’s name. Invoices must include dates of services. Past due bills must be acquired, if needed, to determine the actual dates the services were incurred. Payments made on behalf of participants should be issued directly to the vendor.

Grantee must take reasonable steps to ensure that support service dollars are used as intended. Support Service expenditures must be traceable to source. Participants must sign and date a document to attest to the receipt of vendor cards, including bus and gas-only cards. This document may be kept in the case file or on an agency support service log.

Reasonable portions of bills may be paid. For example:
- If the participant is enrolled July 15 and the bill covers a service period from July 1 to August 1, you may prorate the expense to cover the period from July 15 to August 1.
- If a participant’s rent is $1200.00 a month, the participant is listed on the lease, and the participant has two roommates, Support Services can assist with 1/3 of the rent.
- If the participant uses a cell phone “family plan,” only the participant’s portion of the plan may be supported.
- If internet and cable are combined on the same bill, only the participant’s internet portion of the bill may be supported.

Individual Employment Plan
Barriers to the participant’s program goal and the Support Services provided to address the barrier must be documented on the participant’s Individual Employment Plan (IEP.)

Workforce One (WF1)
- Career Navigators must document the type of Support Service(s) and the dollar amount provided on both the Support Service and Case Notes tabs in Workforce One. Case notes must clearly explain decisions behind the payment of a bill or a reasonable portion of a bill.
- If the Grantee buys vendor cards (gas-only or bus cards, for example) at a discounted price, capture the actual cost of the card on WF1, not the value of the card.
- Support Services can only be captured under the Funding Stream charged.
- A participant’s need for Support Services cannot extend the participant’s WF1 exit date past the Retention Services date.
Enter the participant’s Support service on the “Support Service” tab in WF1 (under “Service” on the left-hand navigation bar.) Check the WF1 box “add as case note” to include the support service comment on the participant’s case notes.

Training Provider Eligibility

ACP will only fund Credentialed Training at schools and/or programs that are licensed, registered, or exempt from licensing or registration requirements by Minnesota Office of Higher Education or other appropriate state agency.

For training providers that are not accredited post-secondary institutions, we strongly encourage the use of providers who are licensed and registered, regardless of the training provider’s ability to obtain an exemption (voluntarily registered).

Verification of Employment effective 7/1/2021

A participant must submit verification of employment prior to exiting the participant’s record in WF1 with the Entered Unsubsidized Employment reason. Verifications must be in the participant’s file and/or uploaded in to WF1 EDS (required for pay-for-performance).

- Pay-For-Performance contracts: verification must be in writing and be provided by the employer (i.e. pay stub, offer letter, completed employment verification form or another verifiable document from the employer).
- All other ACP contracts: verifications must be in writing and may be provided by the employer (i.e. pay stub, offer letter, completed employment verification form or another verifiable document from the employer) or completed ACP Employment Verification Form.

Work Experience

A Work Experience may be paid or unpaid.

Paid Work Experience may also be known as “Subsidized Employment” or “Transitional Employment.” Work experience is training provided by an employer to a participant who is not currently employed and has not been promised a permanent position by the employer. A participant is paid an hourly wage for the duration of the placement by the grantee.

The purpose of a work experience is to provide:

- the participant with an understanding of the work environment and job responsibilities
- the participant with specific work skills and experience
- information on how the participant performs in the work setting
- additional support to the participant while they gain work readiness skills

Work Experience does not require a commitment by the employer to hire the participant at the end of the training program. Generally, a Work Experience is a time-limited experience that contributes to the participant’s overall career development and aspirations. The time limit must be defined within the organization’s approved contract and workplan (if the period is expected to exceed 12 months, prior authorization from ACP Coordinator is required) to ensure participants continue their progression to unsubsidized employment.
An **Unpaid Work Experience**, also known as an “**Uncompensated Work Experience,**” has the same objectives and structure as a Paid Work Experience. However, the participant is not paid a wage and/or the wage is not part of the Grantee’s workplan.

**On-the-Job Training (OJT)** is subsidized training with a public or private sector employer that is given to a paid employee while he or she is engaged in productive work, while gaining the knowledge and skills essential to full and adequate performance on the job. Upon satisfactory completion of the training period, the employer is expected to retain participants as regular, permanent employees without receiving a subsidy. On-the-job training contracts may be entered into if part of the approved work plan. Time limits on OJT contracts are pre-defined in the contract. Wages are paid directly to the participant employee by the employer and are reimbursed by the grantee. Subsidy reimbursed to the employer by the grantee cannot exceed 75% of the participant’s wage.

**Workforce One**

Workforce One (WF1) is the web-based case management system provided by DEED. In accordance with Minnesota 116L.98 subd.1, all grantees must utilize Workforce One for case management and data reporting of grant activities. All Workforce One data entry must be completed within 15 business days of event date.

To assist the user in determining what the appropriate choice is for a particular field in Workforce One, field definitions can be found:

- in Workforce One, under Resources, select Glossary. Definitions are alphabetized, or
- by clicking the Help button and a box will pop up with field definitions. See [Workforce One User Manual](#).

**Electronic Document Storage (EDS)**

Participant information may be uploaded into the WF1 EDS system. All paper documents uploaded to WF1 must be accessible during monitoring visits or upon request.

**Labor Force Status**

See [Labor Force Status](#)
ACP Operation Guide Updates

January 2021
- Clarified language within Support Services, Labor Force Status, further defined information within Individual Employment Plan, and added 200% FPG and Last Wage definition.

February 2021
- Adjusted formatting, clarified Soft Termination exit, and included definition of Direct Appropriation Co-Enrollment.

March 2021
- Updated Eligibility to include Annual Family Income field must be completed in WF1’s enrollment page.

April 2021
- Updated the Completed Program Objective exit reason in Exit section, added language to exclude Unemployment Insurance income within Eligibility section, added 12 month limit to Paid Work Experience, added the requirement of verification of employment at the time employed PT/FT activities are open and at exit to Unsubsidized Employment, and included Attachment 1: Exit Process to the guide.

May 2021
- Updated Attachment 1: Example Exit Process, added Hourly Wage of Current Job to Enrollment section, and removed requirement to submit verification of employment at the time employed PT/FT activities are open in Activities section.

June 2021
- Added Verification of Employment section; updated sensitive information section of Case Notes; defined 90-day contact to include attempted contacts within Exit section; updated the Ex-offender/justice impacted section; updated the Holding activity definition; added I-9 Employment Authorization requirement; updated Attachment 1.

July 2021
- Updated Eligibility section to include process for obtaining I-9 Employment Verification

August 2021
- Added link to Retention for Employed PT/FT in Activities section; clarified Eligibility section
- Cost category links fixed
- Updated language for Pay For Performance co-enrollments.

September 2021
- Updated the Cost Category links to areas within guide; Updated Employment Verification effective date to 7/1/2021; Updated link to Case Notes within Enrollment/Re Enrollment section.

October 2021
- Updated Ex-Offender/Justice Impacted section and added this to the Eligibility section; updated Academic/Grade Level Assessment section.

November 2021
- Added I-9 Employment Eligibility Verification section, added Pay for Performance exit reason definition to Exit table, updated Financial Literacy and Local Flag activity activities within the table,
- updated IEP guidance and included guidance to update IEP.

January 2022
- Added case note requirement for IEP updates and removed MFRP exception to Assessment section.

February 2022
- Added new ACP programs (Mn Tech Training Pilot and African Immigrant Community) to the Co-enrollment section, included “Lack of Work History” explanation to the Case Note section, and
added a Grant Close Out - Second Year and Pay-For-Performance sections.

March 2022
Updated Activities table for P2P Only activities; calculating income in Eligibility; added Wonderlic as part of the Assessment options

April 2022
Updated Retention Services to include “successful completion”; calculating income in Eligibility for MFRP only providers; Privacy Information numerical order of guidance and information about EDS privacy; added “See Co-Enrollments” and COVID-19 private information to the Case Notes section for further guidance; updated Legislative Direct Appropriation to Adult Direct Appropriation

May 2022
Updated Subrecipients, Contractors, and Vendors section

July 2022
Updated Pay for Performance to include “Must be permanent, unsubsidized employment or temporary employment lasting one year or longer; updated Cost Category Guidance to include bonus and relocation fees.

August 2022
Updated Subrecipients, Contractors, and Vendors section and included examples; updated language Cost Category Guidance to include bonus and relocation fees; updated Activity Table definition of Non-credentialed training; added to Employment Verification section for self-employment; updated Activity section.

September 2022
Removed SFY20-21 Cost Category Guidance from Cost Category Guidance; Updated Case Notes section to define “gap”; Updated Support Service section to include guidance on organization’s support service policy requirements.
PROCESS FLOWCHART FOR PARTICIPANT
Exit after a Successful Training Activity Example

PARTICIPANT (P) COMPLETES TRAINING

1. Issue and record Certificate/Credential in WF1
2. Close training activity, and
3. Open Job Search activity

Did you maintain contact with P throughout the 90-day retention period?

NO

YES

1. Close Job Search activity
2. Open Employed PT or Employed FT AND Retention activities
3. Maintain contact with P at least once every 30 days and case note
4. Continue supporting P in job according to your retention plan

Maintain monthly contact with P and continue to provide services as they search for employment

Does P get verifiable* employment?

YES

NO

P did not have a job in the last contact,
1. Close Job Search activity, and
2. Exit P as Completed Program Objective (primary) and Cannot Locate (secondary)

NO

Have you lost contact with P for more than 90 days?

YES

NO

Since you lost contact with P within the 90 day retention period
1. Close the Employed and Retention activities with the date of the last contact
2. Exit P as Entered Unsubsidized Employment

Since P still maintains the job
1. Close Employment, and Retention activities after 90 days, and
2. Exit P to Entered Unsubsidized Employment

*Proof of Employment (Employment Verification, Hire Letter, Pay Stub, etc.) must be uploaded to Workforce One EDS or maintained in participant file.
