Overview

Per Minnesota Statute §116J.0125, the Commissioner of the Department of Employment and Economic Development (DEED) is required to report on department programs and services annually. To fulfill that requirement, DEED staff prepared updated SFY 2019 reports for each of the agency’s programs featuring brief descriptions of DEED programs and their outcomes. Each summary contains current information on the program’s purpose, customers and services, performance measures, targeted population groups, funding sources and allocations, relevant statutory authority, and staff contact information.

Annual Program Summaries are available online at: http://mn.gov/deed/about/what-we-do/agency-results/programsummaries/.

Reporting Periods

The default reporting period for Annual Program Summaries is the State Fiscal Year (SFY), which runs from July 1- June 30. SFY 2019 began on July 1, 2018 and concluded on June 30, 2019.

Some summaries use the Calendar Year (CY) reporting period, which runs from January 1-December 31, either to match federal reporting standards or tax requirements.

The Disability Determination Services report uses the Federal Fiscal Year (FFY) reporting period, which runs October 1- September 30.

69 programs that DEED staff direct are included in this report.

Several programs are either no longer in existence or are no longer administratively controlled by DEED, so summaries are not included in our annual update. These programs include:
