Funding Allocations

- In the table below, please select your allocation distribution at the subprogram level.
- The starting point for each provider's SFY26 contracted allocations is determined by:
 - Each provider's SFY25 contract allocations as amended, and
 - Center-Based Employment subprogram Phase-Out as outlined in the EE Rule.
- **CBE Phase-Out:** SFY26 The commissioner must not provide funding to a provider for the center-based employment subprogram in fiscal year 2026 and later.
- A provider may adjust the distribution of the provider's total funding allocation among the subprograms in developing the new fiscal year contract as follows:
 - A provider must shift all of the provider's center-based employment subprogram allocation to the provider's community employment subprogram allocation or the provider's supported employment subprogram allocation, or both;
 - A provider may shift a portion of the provider's community employment subprogram allocation to the provider's supported employment subprogram allocation.
