

Minnesota Paid Leave

October 9, 2025

Why Paid Leave Matters

- Minnesotans take care of each other. In our communities, families, and workplaces, **we step up and help** the people we care about.
- Minnesota Paid Leave will **support people when they need time to care** for themselves and their loved ones.
- Supporting your employees when they need time for leave **builds connections in our families, communities, and workplaces**, and improves employee retention, performance and morale on the job.
- Minnesota Paid Leave will help ensure Minnesotans **don't need to choose between financial stability and being there for their families**.

Minnesota's Paid Leave Law

- The Minnesota Paid Leave law, enacted in May 2023 and updated in May 2024, makes paid family and medical leave coverage available to Minnesota workers **beginning Jan. 1, 2026.**
- The law provides **job protections and payments** from the state to individuals who need time off to care for themselves or their loved ones.
- Minnesota Paid Leave will be **funded by premiums** made up of contributions from employees and employers.
- Paid Leave will **send benefit payments directly** to Minnesotans on leave.

Scenarios

- I have employees who work mostly in Wisconsin, *are they covered?*

No.

- My business is in North Dakota, but some of the people I hire live in Minnesota - *are they covered?*

It depends on where they work.

- I'm a traveling salesperson and do work across the entire Midwest, *am I covered?*

It depends on how much you work in each state.

Paid Leave Wage Payments

- **Paid Leave helps Minnesotans focus on what matters**, whether that's caring for a child, recovering from an illness, or supporting a loved one.
- **Minnesotans can get up to 90% of usual wages**, up to a maximum of \$1,423 per week (based on 2025 numbers).
- **Lower-wage workers get more support. If you earn less**, you'll get a higher percentage of your paycheck covered while on leave.
- You must have earned at least 5.3% of the statewide average annual wage in the past year to be eligible (\$3,700 in 2024).

If you receive payments from Unemployment Insurance, Workers' Compensation, or Social Security Disability Insurance during an absence, you are not eligible for Paid Leave payments.

Weekly payments

Based on the information you provided, you may be eligible to receive:

Weekly Paid Leave payments

\$1,173.44

How was this calculated?

Your weekly payment is calculated from your average weekly wage. To find your average weekly wage, this calculator looks at the quarter where you earned the most, and divides your wages by the number of weeks in that quarter.

- Highest earning quarter = \$20,000.00
- Divided by 13 weeks in a quarter
- Average weekly wage = \$1,538.46

Different amounts you earn are paid out at different rates, up to a maximum payment amount.

- 90% * \$711.50 = \$640.35
- 66% * \$711.50 = \$469.59
- 55% * \$115.46 = \$63.50

\$1,173.44

Use the calculator on the Paid Leave website to estimate how much you could get from the state in weekly payments while on leave.

Enter your quarterly earnings from the last year to see how much you may be eligible to receive.

Paid Leave Job Protection

- **Job protected leave improves employee retention**, as workers can take the time they need to bond and care without having to choose between their job and their family.
- An employee who has taken family or medical leave **must be restored to the same position or an equivalent position** with the same pay, status, benefits, length of service, and seniority as prior to the date of leave.
- Paid Leave job protections begin **90 days from the date of hire**, but employees may have additional job protections under other state programs like Minnesota Pregnancy and Parental Leave.

- Wages will be reported once per quarter using the current UI wage detail reporting process and format.
- As of February 1, employers have reported wages for more than 3.4 million employee records through the UI online portal.

Paid Leave Premiums

Paid Leave will be financed by premiums collected from employee payroll deductions and employer contributions.

- When Paid Leave begins for Minnesotans in 2026, the premium rate will be .88%.
- The premium rate is applied on wages up to the Social Security cap (\$176,100).
- The total premium rate covers both family leave and medical leave.

Sharing the Premiums

Premiums will be shared between employers and employees.

- The first premiums are due by April 30, 2026.
- Starting January 1, 2026, employers can deduct up to 50% of premiums from employee paychecks.
- Employers may choose to pay more than their required portion for some or all employees.

Small Employer Premiums

Small employers pay a reduced premium.

- For small employers, their standard contribution is reduced by half.
- To qualify, an employer must have 30 or fewer employees, and an average employee wage of 150% or less of the statewide average (\$107,016 in 2025).
- This reduced employer premium does not change the amount owed by employees.

Coordination of Benefits

Paid Leave will provide tools to support employers in coordinating different benefits.

Supplemental Benefits

Some benefits can be **used with Paid Leave** to bring payments closer to a worker's regular salary. Think of it like "topping off" Paid Leave payments.

- Sick time
- Vacation pay
- Paid time off
- Short-term disability

Benefit Offsets

Some benefits, if taken during an absence, could **reduce payments**:

- If a payment is not designated as a supplemental benefit, it's likely an offset.

Informing Your Workforce

By December 2025, Minnesota employers must:

Hang a workforce poster

in a conspicuous place in English and any language spoken by five or more employees or independent contractors.

Notify individual employees

directly in their native language within 30 days of hire (or 30 days before premium collection begins).

Most Minnesotans learn about their rights and benefits in the workplace.

Minnesota Paid Leave will **help you be an effective and enthusiastic messenger** to your employees so you can benefit from the **improved retention, productivity, and morale** Paid Leave brings.

Minnesota Paid Leave will create the poster and a model notification letter and make them available in multiple languages on our website.
