PROGRAM INFORMATION

The Point Source Implementation Grant (PSIG) Program is jointly administered by the Minnesota Public Facilities Authority (PFA) and the Minnesota Pollution Control Agency (MPCA).

Cities and other local governments that expect to have a PSIG eligible project ready for construction start in the spring/summer of 2025 should submit a PSIG grant application in July 2024. The application deadline is July 31, 2024.

Applicants that previously submitted a PSIG application but did not receive MPCA certification by June 30, 2024 must update the submitted application. Contact your [PFA loan officer](#) for details.

Eligible Projects

The Point Source Implementation Grant Program (Minnesota Statutes, Section 446A.073) provides 80% grants up to a maximum of \$7 million to governmental units to assist with the cost of water infrastructure project components made necessary by:

1. Wasteload reductions prescribed under an approved total maximum daily load (TMDL) plan;
2. A phosphorus concentration or mass limit that requires discharging one milligram per liter or less at permitted design flow which is incorporated into a permit issued by the MPCA;
3. Any other water quality-based effluent limit established under Minnesota Statute Section 115.03, Subd 1, (e)(8), that is incorporated into a permit issued by MPCA that exceeds secondary treatment limits; or
4. A total nitrogen concentration or mass limit that requires discharging ten milligrams per liter or less at permitted design flow.

PSIG eligible project costs include only those costs related to water infrastructure project components made necessary by one of the four criteria listed above.

PSIG Caps

Wastewater projects to improve water quality by addressing a new, more stringent permit limit may receive a PSIG grant for 80% of eligible costs up to a maximum grant of \$7 million. PSIG eligible projects can be phased and a governmental unit can potentially receive a PSIG grant for each eligible phase, up to the total maximum of \$7 million. If a governmental unit is later required by their permit to further reduce discharge of the same pollutant, the city may be eligible for another maximum grant of \$7 million. Stormwater projects are subject to waste load

reductions that are based on an approved TMDL and may receive a PSIG grant for 80% of eligible costs up to a maximum grant of \$7 million per TMDL.

Grant Process

To receive a PSIG grant a project must meet the following requirements:

- The project must be ranked on the MPCA's project priority list
- The applicant must submit a complete PSIG grant application to the PFA
- The applicant must submit project plans and specifications to the MPCA
- The MPCA must approve the plans and specifications, PSIG eligible costs and certify the project to the PFA
- The applicant must bid the project and submit as-bid construction costs to the PFA
- The applicant must show that all other necessary project funding is secured

PSIG grant funds are awarded by PFA based on a project's ranking on the MPCA project priority list and its readiness to proceed based on MPCA certification. If grant funds are available when a project is certified by MPCA, the PFA will reserve funds for the project based on the estimated cost at the time of certification or the as-bid cost, whichever is less.

Eligible drinking water treatment projects must also be ranked on the Minnesota Department of Health's (MDH) Drinking Water Revolving Fund Project Priority List (PPL). Applicants must also submit plans and specifications to MDH for drinking water treatment plant projects.

Program Requirements

- Grantees must follow the state Uniform Municipal Contracting Law and other applicable requirements (bidding, special requirements for out-of-state contractors, workers compensation, responsible contractor, etc.) in the construction of the project.
- State prevailing wage rates apply to the project (available from the Minnesota Department of Labor and Industry (DOLI), Labor Standards Division 651/284-5091 ([Prevailing-wage information | Minnesota Department of Labor and Industry \(mn.gov\)](#)) . The DOLI contract conditions included in **Appendix A** of this Application along with the actual MN prevailing wages must be included in all bidding documents and construction contracts for projects that receive PSIG funding.
- PSIG projects with contracts in excess of \$100,000 are subject to [Sec. 16C.16 MN Statutes](#) subdivision 13 (State Funded Contracts) which promotes the use of targeted businesses and removing barriers. Use of the Department of Administration's targeted business directory [Equity in Procurement \(TG/ED/VO\) Directory / Minnesota Office of State Procurement \(mn.gov\)](#) to notify

prospective contractors is a way to promote the use of targeted businesses and notify them of procurement and contracting opportunities.

- PSIG recipients must comply with [Minnesota Statutes 16C.285, subd 3 \(6\)](#), responsible contractor requirement defined and verify that contractors are not currently suspended by the federal government or the state of Minnesota or any of its departments, commissions, agencies, or political subdivisions that have authority to debar a contractor. [Suspended/Debarred Vendors / Minnesota Office of State Procurement \(mn.gov\)](#) also see [SAM.gov | Home](#).
- The PSIG program is subject to the requirements of [Minnesota Statute 16A.695](#) and the Grantee will need to file a Real Property Declaration and/or request a waiver from the filing requirements. See **Appendix C** for additional information.
- If the PSIG-funded project is on property that is leased or on a non-perpetual easement, complete the Minnesota Management and Budget [Checklist for Ground Leases and Easements](#) and submit to PFA.
- Form 4b requests information on prior incurred costs, based on invoices, for which applicants expect to request reimbursement through the PSIG grant. The PFA may limit PSIG reimbursement for costs incurred before grant award due to restrictions of available funding sources. An updated form will be requested prior to grant award. Contact your loan officer for more information.
- PSIG funds are disbursed on a reimbursement basis for eligible incurred costs that are supported by invoices.
- Grant recipients will be charged an application fee equal to one-half of one percent of the grant amount. Fees are due to the PFA at the time of execution of the grant agreement. The fee is not an eligible PSIG cost.
- PSIG recipients must display a sign with the Clean Water Legacy logo at the project site or other public location identifying that the project was built with assistance from the Clean Water, Land, & Legacy Amendment. If it is not possible to display the sign at the project site, the sign may be displayed in a public location at the Grantee's office along with a photograph of the project. An example sign layout is contained in this application package in **Appendix B**. The logo and specifications can be found at: [Legacy Logo | Minnesota's Legacy \(mn.gov\)](#)

Coordination with Loan Funds

PSIG Applicants that are also seeking a loan through the Clean Water or Drinking Water Revolving Fund must also follow the CWRP/DWRP application process. This includes being listed on PFA's Intended Use Plan (IUP) within fundable range. A separate CWRP/DWRP loan application must be submitted by the deadline stated in the IUP.

Application Submittal and Deadline

APPLICATIONS MUST BE SENT VIA E-MAIL NO LATER THAN JULY 31, 2024.

Save this file to your computer and complete the forms electronically. Submit application via email as an attachment to the appropriate [PFA loan officer](#).

Applicants that previously submitted a PSIG application but did not receive MPCA certification by June 30, 2024 must submit updated application information by the July 31, 2024 deadline. Consult with PFA loan officer for guidance.

Plans and Specifications Submittal

Applicants are strongly encouraged to submit plans and specifications to the MPCA (sanitary sewer, storm sewer and drinking water projects) and plans and specifications to the MDH for drinking water projects by **March 31, 2025** in order to allow adequate review time and timely project certification by the MPCA.

APPLICATION FORMS

Form 1 – Checklist

ITEMS REQUIRED BY JULY 31, 2024 (submit to PFA):

- Form 1 – PSIG Checklist (this document)
- Form 2 – Project Contacts
- Form 3 – Project Information
- Form 4a – Project Costs and Schedule (Excel document)
- Form 4b – Prior Incurred Costs (Excel document)
- Form 5 – Compliance with Laws, Rules & Regulations
- Form 6 – Tax Compliance Certification Checklist
- Form 7 –Estimated Construction Cost Breakdown for PSIG Projects
- Form 8 –Grant Application Resolution - Example (Note: Form 8 includes an example, please submit copy of resolution adopted and signed by the governing body)

ITEMS REQUIRED FOR PROJECT CERTIFICATION:

Submit to the Minnesota Pollution Control Agency:

- Project plans and specifications with identification of PSIG eligible and non-eligible costs for storm, sanitary sewer and drinking water projects
- As-bid cost documentation or engineer estimate of the Schedule of Costs.

Submit to the Minnesota Department of Health:

- Project plans and specifications with identification of PSIG eligible and non-eligible costs for drinking water projects
- As-bid cost documentation or engineer estimate of the Schedule of Costs.

ADDITIONAL ITEMS REQUIRED PRIOR TO GRANT AWARD:

Submit to the Minnesota Public Facilities Authority:

- Final Form 4a Project Costs & Schedule based on bid costs
- Final Form 4b Prior Incurred Costs
- As-bid costs and bid tabulations
- Documentation that complete project funding is in place (resolution from local government with commitment of local funds, award letter from other state/federal funding sources)
- Copy of adopted/enacted user charge system and ordinance
- Inter-municipal Agreement (enacted) if more than one municipality is involved in project
- Management Contract: If the recipient has engaged a private contract operator to manage its wastewater, drinking water or storm water system, submit a copy of the management contract

(Note: Form 6 (Tax Compliance Checklist) is submitted with the application and requests attorney or bond counsel review of use agreements for conformance with IRS tax-exempt rules and regulations)

- Completed Minnesota Management and Budget [Checklist for Ground Leases and Easements](#) for non-permanent easements or if the PSIG-funded project is located on leased land.

ITEMS TO PFA AFTER GRANT AWARD AND PRIOR TO GRANT DISBURSEMENT:

- Payment of application fee (one-half of one percent of grant amount). The application fee must be paid prior to execution of the Grant Agreement.
- Disbursement Request Forms and supporting documentation for eligible expenses

ITEMS REQUIRED AFTER AWARD:

- Real Property Declaration and/or Waiver from Real Property Declaration filing requirements (see Appendix C)
- Photograph of Clean Water Legacy Sign posting (email to PFA Loan Officer (see Appendix B))

The Minnesota Pollution Control Agency will determine the grant eligible portion of the total construction costs.
- COLUMN E:** The worksheet will calculate the estimated PSIG eligible percentage based on the estimated PSIG eligible costs in Column D compared to total project costs in Column C. This same percentage will be applied to contingencies and engineering/other project costs.

Form 5 – Compliance with Laws, Rules and Regulations

Point Source Implementation grantees are required to comply and ensure their contractor(s) comply with certain state laws, rules and regulations including but not limited to those described below which will be invoked as a condition of the grant.

1. Minnesota Statutes, Section 16B.31, subdivision 2 requires that all project funding be in place prior to execution of grant agreement.
2. Minnesota Statutes, Section 471.345 Uniform Municipal Contracting Law.
3. Minnesota Statutes, Section 574.26 to 574.32, the Public Contractors' Performance and Payment Bond Act, as applicable.
4. Minnesota Statutes, Chapter 16C.285, as amended. Responsible Contractor Requirements. Solicitation documents must include the specified language for contracts, debarment checks of contractors.
5. Minnesota Statutes, Chapter 16A.695, State Bond Financed Property.
6. Minnesota Statutes 16C.16, subd 13, Promote Use of Targeted Businesses.
7. Minnesota Statutes, Chapter 13, the Minnesota Government Data Practices Act.
8. Minnesota Statutes, Section 181.59, discrimination on account of race, creed, or color prohibited in contracts. Minnesota Statutes, Section 363A.08 prohibits unfair discrimination practices related to employment or unfair employment practices.
9. Minnesota Statutes Chapter 363 Minnesota Human Rights Act. Requires that all public services be operated in such a manner that does not discriminate against any person in the access to, admission to, full utilization of or benefit from such public service.
10. Minnesota Statutes Sec. 363A.36 Subd 1a, Minnesota Department of Human Rights' (MDHR) affirmative action plan. PFA recipients are encouraged to prepare and implement an affirmative action plan for the employment of people with disabilities, people of color, and women, and submit the plan to the commissioner of Human Rights.
11. Minnesota Statutes Sec. 363.36, Minnesota Department of Human Rights' (MDHR) affirmative action plan requirements for contracts exceeding \$250,000. An affirmative action plan and workforce certificate for affected contractors is required prior to contract award.
12. Minnesota Statutes Section 363A.44, Equal Pay Certificate. Applies to contracts exceeding \$1,000,000 with a business that has 40 or more full-time employees.

13. The recipient's Minnesota Pollution Control Agency permit construction schedule submissions. Submissions may include as-built plans and specifications, revised operation and maintenance manual or a certification of completion. Refer to the MPCA permit and construction schedule.
14. Minnesota Statutes sections 176.181 - 176.182 - Requires recipients and subcontractors to have worker's compensation insurance coverage.
15. Minnesota Statutes 177.41 - 177.43 Prevailing Wage Rate Law. Requires that contractors pay laborers and mechanics prevailing wages established by the Minnesota Department of Labor and Industry for public works projects. The Grantee will ensure that the proper state prevailing wages and required contract conditions are included in bidding documents and in construction contracts.
16. Minnesota Statutes 290.9705. Requires that 8 percent of payments made to out-of-state contractors be withheld once cumulative payments made to the contractor for work done in Minnesota exceed \$50,000 in a calendar year, unless an exemption is granted by the Department of Revenue.
17. Laws of Minnesota 2010 Chapter 361, article 3, section 5(b). Clean Water Fund sign posting requirements.

Form 7 – Estimated Construction Cost Breakdown for PSIG Projects

Further describe the construction costs from Form 4a Section 1 and identify the specific components and estimated cost of those components that are made necessary for treatment of the PSIG pollutant. Attach a spreadsheet showing the engineer's estimates or as-bid schedule of values with project costs broken out by line items.

For each applicable line item in the spreadsheet, indicate the percentage of that line item's costs necessary for treatment of the PSIG pollutant. Include calculations for how the percentage of the line item costs necessary to treat for the PSIG pollutant were determined. Please note: Do not include non-construction costs in this breakdown. PFA reviews and determines non-construction costs eligibility at the time of the grant award.

Please use whatever format best documents the PSIG costs. Include a general description of how the water infrastructure project costs are made necessary by:

- an established TMDL wasteload allocation or permit limit
- a phosphorus concentration or mass limit
- other water quality-based effluent limit
- a total nitrogen concentration or mass limit that requires discharging 10 mg/L or less at permitted design flow

APPENDIX A - State of Minnesota Prevailing Wages

This language must be included in all bid specifications and construction contracts:

Pursuant to Minnesota Statutes 177.41 to 177.44 and corresponding Rules 5200.1000 to 5200.1120, this contract is subject to the prevailing wages as established by the Minnesota Department of Labor and Industry. Specifically, all contractors and subcontractors must pay all laborers and mechanics the established prevailing wages for work performed under the contract. Failure to comply with the aforementioned may result in civil or criminal penalties.

Insert the applicable Minnesota wage determination into all proposals and all contracts.

Payrolls/Records

The contractor and subcontractor shall furnish to the OWNER copies of any or all payrolls not more than 14 days after the end of each pay period. The payrolls must contain all of the data required by Minnesota Statutes Section 177.30. Subcontractors must furnish payrolls to the contractor. The OWNER may examine all records relating to wages paid laborers or mechanics on work to which Minnesota Statutes Sections 177.41 to 177.44 apply.

Posting of Wage Rates/Required Posters

Each contractor and subcontractor performing work on a public project shall post on the project the applicable prevailing wage rates and hourly basic rates of pay for the county or area within which the project is being performed, including the effective date of any changes thereof, in at least one conspicuous place for the information of the employees working on the project. The information so posted shall include a breakdown of contributions for health and welfare benefits, vacation benefits, pension benefits, and any other economic benefits required to be paid.

For more information regarding prevailing wage and its application, contact:

APPENDIX B - Sign for Clean Water Legacy Funded Projects

The template on the following page can be used for the project sign. If the Clean Water Legacy sign is posted at a location other than the project site, this template can be used to include a photograph of the project along with a brief description.

Additional information on the Legacy Logo for physical signs can be found here: [Legacy Logo | Minnesota's Legacy \(mn.gov\)](#).

This project is financed by the

m **MINNESOTA**
PUBLIC FACILITIES AUTHORITY
including funds from the Clean Water, Land, and Legacy Amendment

If posted at a location other than the project site, insert a brief description and project picture

APPENDIX C - Real Property Declaration and Waiver Requirements

A recipient receiving PFA funds that include state general obligation bond proceeds is required to:

- Record a Real Property Declaration that identifies the properties on which the recipient uses PFA funds as state bond financed property
- Request a waiver from the recording requirement, and sign a Waiver Certification

Some projects require both a Real Property Declaration and a waiver.

Recipients must provide a copy of the recorded Declaration and/or signed Waiver Certification and/or a copy of the recorded Declaration to PFA and MMB prior to disbursement of money for construction activities or as soon thereafter as possible.

Real Property Declaration - The recorded **Real Property Declaration** places limitations on the use and sale of real property improved with state bond proceeds under Minn. Stat. Sec. [16A.695](#) and the *Fourth Order Amending Order of the Commissioner of Finance* dated July 30, 2012 (the “Commissioner’s Order”). Some activities needing this: treatment plants, ponds, lift stations and water towers. Recipients should have an attorney draft the **Declaration** and confirm the accuracy of the recordable parcel(s).

Real Property Declaration Recording Waiver - Section 7.02 of the *Commissioner’s Order* allows the Commissioner of Minnesota Management and Budget (MMB) to waive the declaration recording requirement for projects or portions of projects located within roads, highways or utility or transit corridors, easements or rights of way where recording would be problematic. If your project, or a portion of it fits this description, the recipient should request a waiver from the recording requirement from MMB.

If MMB grants the waiver from the recording requirement, the recipient will need to sign a **Waiver Certification** for those parts of the project, in which the recipient acknowledges that those project areas are “state bond financed property”. A description (legal description not needed) and/or map of the project areas should be attached to the **Waiver Certification**.

The following documents are attached:

- **Example Real Property Declaration**
- **Example Form letter to MMB**, which can be modified to transmit the recorded **Declaration**, request a waiver, or both.
- **Example MMB Waiver Certification**

FOR USE BY FILING OFFICER ONLY

LEGAL DESCRIPTION

INSTRUCTIONS FOR REQUESTING A WAIVER FROM REAL PROPERTY
FILING REQUIREMENTS & EXAMPLE CERTIFICATION

Per the Minnesota Management and Budget's (MMB) *Fourth [Order](#) Amending Order of the Commissioner of Finance* dated July 30, 2012 (the "Commissioner's Order"), waiver requests may be submitted to the real property declaration filing requirement for projects that "acquire or better real property within roads, highway or utility or transit corridors, easements or rights of way" where the recording of the "declaration otherwise required would be unduly onerous or impracticable". An example letter to MMB is attached.

Provide the following information for MMB's evaluation:

1. A formal request to Roger Behrens on behalf of the Commissioner of MMB and justification by the City for waiver of Real Property Declaration requirement in accordance with Section 7.02 (b) of the Order.
2. Identify the PFA program (Point Source Implementation Grant (PSIG)) that is expected to finance the project.
3. A project description as determined within the application
4. A map reflecting actual location of property to be improved

Submit the request electronically to Roger Behrens (roger.behrens@state.mn.us) at MMB for review and response.

Please also copy your PFA loan officer on the waiver request email.

Important: If MMB approves the waiver request, approval will be granted conditionally until MMB and PFA's receipt of a signed waiver certification. PFA will e-mail a personalized certification form to the recipient after grant approval. An example certification form is on the following page. The signed waiver certification form is to be provided to MMB and PFA prior to disbursement of money for construction activities. Some projects may include components that will require both a real property declaration and a waiver certification..

Contact your [PFA loan officer](#) with any questions.

RE: Real Property Declaration Waiver Request - _____ Project
MPFA-_____ *[insert MPFA project no.]*

Dear Commissioner:

The City of _____ has submitted an application to the Minnesota Public Facilities Authority (“PFA”) requesting funding for a project within its jurisdiction. The project will be funded with a PFA *[include only the applicable funding sources:]* Clean Water Revolving Fund Loan/Drinking Water Revolving Fund Loan/Wastewater Infrastructure Grant/Point Source Implementation Grant. As described in the application to the PFA, the project is as follows:

[describe project]

The financing above will be funded in whole or in part with State bond proceeds, and the City must comply with the requirements applicable to Real Property Declarations set forth in Section 7.02 of Minnesota Management and Budget’s (MMB’s) *Fourth Order Amending Order of Commissioner of Finance* dated July 30, 2012 (the “Commissioner’s Order”).

[use one of the following two paragraphs:]

[if the entire project is eligible for a waiver] This letter constitutes the City’s written request for a waiver of the Declaration requirement because the entire project lies within roads, highways or utility or transit corridors, easements or rights of way, and the recording of the Declaration against such property would be unduly onerous or impracticable. I understand that the City will have to sign a Waiver Certification that the property improved by the funding described above is State bond financed property and cannot be sold, encumbered or otherwise disposed of without the approval of the Commissioner of MMB.

[if only a portion of the project is eligible for a waiver] This letter constitutes the City's written request for a waiver of the Declaration requirement only for the portion of the project within roads, highways or utility or transit corridors, easements or rights of way, and the recording of

the Declaration against such property would be unduly onerous or impracticable. I understand that the City will have to sign a Waiver Certification that the property subject to the waiver is State bond financed property and cannot be sold, encumbered or otherwise disposed of without the approval of the Commissioner of MMB. I also understand that the City will be required to record a real property Declaration for the remaining parcel(s) of land in the project that is/are not eligible for the waiver, stating that such parcel(s) is/are State bond financed property and cannot be sold, encumbered or otherwise disposed of without the approval of the Commissioner of MMB.

I am including for your review a map which shows the location of the project. If you need any additional information, please contact me at (____)_____.

Sincerely,

cc: _____, PFA *[insert name of PFA loan officer]*
