Presentation Overview

• U.S. Department of Labor (DOL) Final Rule

• Question/Answers-Final Rule

• COVID-19
The purpose of this final rule is to ensure that the TAA Program regulations are modernized to reflect the program's current operation and make needed improvements. The revisions also will provide clarity by eliminating confusing and overly technical language and update the TAA Program regulations by encouraging the use of paperless electronic mechanisms over paper-based methods.

• TAA can pay for assessments

• TAA offers the CAPS, COPS, COPES free of charge to customers: send your customer’s email address to the general TAA mailbox

Interests (COPS)

Your interest profile is plotted below. A percentile number is printed inside the bars. Each number shows your approximate position on each scale as compared to other people at your educational level who have taken the COPS. If your score is near 50, about half (50%) of others fall below you. The higher your score the greater your interest is compared to others. Read More »

Supplemental Assistance – 20 CFR 618.640

DOL Final Rule, other

• **Required:** Co-enrollment between WIOA and TAA
  – Minnesota has been doing this for years (yay Minnesota!)
  – A person doesn’t need to meet Selective Service requirement for TAA services.

• **Allowable:** TAA funds can be used for non-merit staff who provide employment and case management services to people eligible for TAA
Mirroring Activities

It is highly recommended that DW providers open a corresponding training activity when a TAA training activity is opened. For example, when a TAA Specialist opens an Occupational Skills Training activity, the DW counselor would open a Classroom Training activity with the same information in it as the Occupational Skills Training activity.

  - Good faith estimate includes ALL associated costs (training, internet, supplemental assistance, etc.)
- Allows for training that will lead to self-employment
