

Recipient: City of Verndale

Project: Treatment-Remove Nitrate

Award Date: December 12, 2018

Total Project Cost: \$3,705,878

Description: The project consists of drinking water treatment system improvements.

Project Funding:

Entity	Funding Source	PFA Funding ID	Amount
PFA:	Drinking Water SRF-Loan <i>(20 years at 1.000%, estimated savings to recipient is \$148,731)</i>	MPFA-DWRF-L-051-FY19	\$ 864,462.00
	Drinking Water SRF-Principal Forgiveness Grant	MPFA-DWRF-G-051-FY19	\$ 2,397,100.28
	WIF Drinking Water-Grant	MPFA-WIFD-G-051-FY19	\$ 444,315.72
total project costs:			\$ 3,705,878.00

More about the Minnesota Public Facilities Authority and its Programs:

The Minnesota Public Facilities Authority (PFA) provides financing and technical assistance to help communities build public infrastructure that protects public health and the environment and promotes economic growth.

Drinking Water Revolving Fund (also known as the Drinking Water State Revolving Fund or DWSRF) :

The DWSRF is supported by federal capitalization grants from the U.S. Environmental Protection Agency and state matching funds. These funds, together with PFA revenue bond proceeds, are used to make low interest loans to cities throughout the state for drinking water infrastructure projects. Loan repayments revolve back to make new loans, providing a permanent source of low-interest capital to help cities finance drinking water infrastructure projects. Since its start in 1999, Minnesota's DWSRF has awarded more than 430 loans for over \$929 million, providing over \$180 million in interest savings to local governments and their taxpayers. A portion of federal DWSRF funds are provided as principal forgiveness grants based on established affordability criteria.

Water Infrastructure Fund (WIF):

The WIF program provides supplemental assistance grants for based on affordability criteria for high cost projects. WIF grants are packaged with PFA loans or USDA Rural Development loan and grant funds.
