**Re: Additional WARN Act Notice - Postponement of Planned October 4, 2026 Plant Closing**

To Whom It May Concern:

On August 5, 2026, Revol Greens MN, LLC (the "Company") provided notice under the federal Worker Adjustment and Retraining Notification Act ("WARN") and the Minnesota Early Warning System Act that, barring a successful sale of the facility or Company, its facility located at 2781 50th St NW Medford, MN 55049 was expected to close permanently on October 4, 2026, and that employment losses would occur in connection with that closure. On September 30, 2026, the Company provided an additional notice that the expected closure and related employment losses were being postponed until the 14-day period beginning October 15, 2026, and ending October 29, 2026. **This letter provides additional notice under WARN that the closures planned for October 15-29, 2026, are being postponed.**

The postponement is due to ongoing efforts to close a transaction that may allow operations at the facility to continue. If those efforts are unsuccessful, the plant closing and related employment losses are expected to occur during the 14-day period beginning November 6, 2026, and ending November 20, 2026.

This additional notice supplements the Company's August 5, 2026 WARN notice and the September 30, 2026, postponement notice. Except as stated in this letter, the information provided in the prior notices remains unchanged.

For more information, please contact Michaele Gobel, Interim CFO (Michaele.Gobel@RevolGreens.com) and Shana Perez (shana.perez@RevolGreens.com – please CC on email communication).

Sincerely,

Michaele Gobel
Interim Chief Financial Officer
