**NOTE:** 1 unit = 15 minutes

* The Department will reduce payment by .5% for providers that fail to submit a quality improvement plan.

**Shared care:** For two recipients sharing services, payment is one and one-half times the payment for serving one recipient. For three recipients sharing services, payment must not exceed two times the payment for serving one recipient. This paragraph applies only to situations in which all recipients were present and received shared services on the date for which the service is billed.

**PCA Choice option:** Payment is the same as that paid for personal care assistant services.

**Enhanced payment for services provided to persons with complex needs:** Effective for services provided on or after July 1, 2018, the Department will increase payment by 5% above the current payment rate for personal care assistant services provided to a recipient whose assessment indicates the need for at least 12 hours of personal care services per day. In order for providers to receive the increased payment rate, the personal care assistant providing services must have completed training approved by the Commissioner. This increase does not apply to supervision of a personal care assistant.
