Internet web sites which merely link to the DHS web site for information do not need prior approval. If the Marketing Materials target American Indian Beneficiaries, the STATE shall consult with tribal governments within a reasonable period of time before approval. Such approval by the STATE shall not be unreasonably withheld or delayed.

(C) Marketing Standards and Restrictions for PMAP and MinnesotaCare. Except through mailings and publications as set forth below, the MCO and any of its subcontractors, agents, independent contractors, employees and Providers are restricted from Marketing to Beneficiaries who are not enrolled in the MCO. Prior to distribution to the MCO, the model EOC or EOC Addendum will be prior approved by MDH to ensure that MDH’s requirements are included. The MCO will not have to subsequently submit the EOC or EOC Addendum to MDH after receiving approval from the STATE. After the MCO has incorporated its specific information, the completed EOC or EOC Addendum will be submitted to the STATE for prior approval and must be distributed annually to Enrollees no later than January 31. The complete EOC or the EOC Addendum must include the following:

(a) Benefits will continue if the Enrollee files an Appeal or a request for State Fair Hearing within the timeframes specified for filing, and requests continuation of benefits within the time allowed; and

(b) The Enrollee may be required to pay the cost of services furnished while the Appeal is pending, if the final decision is not wholly favorable to the Enrollee.

(16) Any Appeal rights under state law available to Providers to challenge the failure of the MCO to cover a service;

(17) A description of the MCO’s obligation to assume financial responsibility and provide reimbursement for Medical Emergency Services, Post-Stabilization Care Services and Out of Service Area Urgent Care;

The MCO shall provide information that is more specific to a prospective Enrollee upon request;

(19) A description of the Enrollee’s right to request information about Physician Incentive Plans from the MCO, including whether the MCO uses a Physician Incentive Plan that affects the use of referral services, the type of incentive arrangements, whether stop-loss protection is provided, and a summary of survey results pursuant to section 17.2 below; and
(20) A description of the Enrollee’s right to request the results of an external quality review study; and a description of the MCO’s Quality Assurance System, pursuant to 42 CFR § 438.364.

(2) The directory shall also indicate those current Network Providers who speak a non-English language. For hospitals, the MCO should list only the languages spoken by on-site interpreter staff.

(3) The MCO must identify any Network Provider that is not accepting new patients.

(4) The Provider directory shall be updated annually and include a phone number where an Enrollee may call to verify or receive current information.

(5) The Provider directory document may be posted on the MCO’s web site. The document must meet all of the Provider Directory Guidelines and may not differ from the State-approved paper copy. Enrollees may choose to access this document electronically instead of receiving a paper copy pursuant to section 3.5.9 below.

(C) Identification Card. An identification card that conforms to the requirements in Minnesota Statutes, § 62J.60, subd. 3, and has been approved by the STATE prior to printing.

(1) The card must identify the MCO Enrollee and contain an MCO telephone number to call regarding coverage, procedures, and Grievances and Appeals. The identification card shall demonstrate that the Enrollee is a Beneficiary of MHCP, by printing the Enrollee’s STATE PMI number on the card or by other reasonable means.

(2) The MCO and/or its Pharmacy Benefit Manager subcontractor must assign a unique BIN/PCN combination that will only be used for MHCP enrollees, including Medical Assistance, MinnesotaCare, and dual eligible integrated programs. The same BIN/PCN combination can be used for all MHCP programs. The MCO and/or PBM must not use the same BIN/PCN combination for its commercial or standalone Medicare Part D enrollees. The MCO must provide the unique BIN/PCN combination numbers to the STATE. The identification card containing the unique BIN/PCN combination must be distributed to the MCO’s Enrollees.
(D) Website. An MCO website accessible to Potential Enrollees and Enrollees, Local Agency staff, and other outreach partners, that provides information regarding Provider (clinic) locations, phone numbers, hours of availability, Provider (clinic) specialty, whether the Provider (clinic) is accepting new patients, and whether a non-English language is spoken. The MCO website must provide enough information to allow an Enrollee to select a Primary Care Provider, and other Providers if the MCO requires them to be selected.

3.5.7 Date of Issue of Enrollee Materials. The MCO shall submit to the STATE upon request written confirmation of the dates on which the MCO issues all new Enrollee materials required by section 3.5.5. The MCO must notify the STATE and provide a brief explanation in writing within two (2) working days if the MCO cannot comply with the time frame specified in section 3.5.5.

3.5.8 Primary Care Network List (PCNL).

(A) Specifications. The MCO must supply all Local Agencies within its Service Area, and the STATE for MinnesotaCare, with copies of a standardized document (known as a Primary Care Network List or PCNL) that provides information about the MCO’s Provider network and that includes a description of the essential components of the MCO, to be used by the STATE and Local Agencies to educate consumers. If the MCO also provides its PCNL in alternative format pursuant to section 3.5.9 below, then the MCO must also supply all Local Agencies within its Service Area, and the STATE for MinnesotaCare, with such alternative format. This document must follow the STATE specifications as indicated in the STATE model document entitled “Primary Care Network List (PCNL) Guidelines: REQUIREMENTS FOR PCNLS” posted on the STATE’s managed care website and must be prior approved by the STATE in accordance with section 3.5.3.

(B) The document must contain the following information:

(1) A list of Network Providers with summary information which shall include but is not limited to addresses and phone numbers, including clinics, primary care physicians, specialists, and hospitals. The MCO may satisfy or partially satisfy the requirement to list specialists by listing multi-specialty clinics. The PCNL must indicate Providers who speak a non-English language and identify Providers that are not accepting new patients within the Service Area at the time the list is prepared. The MCO must also provide information upon request regarding a specific Provider, including specialists, if the Provider is not listed in the PCNL. The MCO may list other Network Providers and their addresses or provide a toll-free phone number where a Potential Enrollee may call to obtain the specific information. The information required by this section may be posted on the MCO’s web site but the MCO must continue to provide paper copies to the STATE and counties.
(2) A toll-free telephone number that the Enrollee may contact regarding MCO coverage or procedures, and updated information regarding Providers, languages spoken, and open and closed panels of Providers.

(3) Information that oral interpretation is available for any language and written information will be available in prevalent non-English languages.

(4) Information about how to access mental health, chemical dependency, dental, and Medical Emergency and Urgent Care services.

(5) Information concerning the selection process, including a statement that the Enrollee must select an MCO in which their Primary Care Provider or specialist participates if they wish to continue to obtain services from him or her.

(6) Any restrictions on the Enrollee’s freedom of choice among Network Providers.

(7) Information regarding open access of Family Planning Services and services prescribed by Minnesota Statutes, § 62Q.14, and the availability of transitional services.

(8) Any language required by MDH in order to provide protection and additional information for consumers of health care. Currently this language includes the following:

“Enrolling in this health plan does not guarantee you can see a particular Provider on this list. If you want to make sure, you should call that Provider to ask whether he or she is still part of this health plan. You should also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract, or ‘Evidence of Coverage,’ carefully to find out what is covered.”

If MDH determines that new language needs to be included, the MCO will incorporate it into the next available printing of the PCNL.

(9) A misrepresentation of Providers on the MCO’s PCNL or Provider Directory may be determined by the STATE to be an intentional misrepresentation in order to induce Beneficiaries to select the MCO.

(10) When the MCO is new to a Service Area, the MCO must supply the STATE, or in certain circumstances, the Local Agency, with a supply of the final, printed and approved PCNL pursuant to the STATE’s specifications, in quantities sufficient to meet the STATE’s need. If the MCO also provides its PCNL in alternative format pursuant to section 3.5.9 below, then the MCO must also supply the STATE, or in certain circumstances the Local Agency, with such alternative format. If the MCO’s Service Area expands for MinnesotaCare, additional PCNLs must be supplied to the STATE sixty (60) days prior to the effective date of the expanded Service Area. The MCO must update the PCNL as necessary to maintain accuracy, particularly with regard to the list of Network Providers, but not less than twice per year. The PCNL and all revisions to the PCNL must be submitted
to the STATE along with a cover letter detailing all changes in the PCNL. The PCNL must be approved in writing by the STATE pursuant to section 3.5.4(B). Such approval by the STATE shall not be unreasonably withheld. The MCO shall distribute the PCNLs to the Local Agencies and the STATE in a timely manner. The STATE shall respond to inquiries by the Local Agencies in a timely manner and shall communicate any issues or problems regarding distribution of the PCNLs to the MCO.

3.5.9 Provision of Required Materials in Alternative Formats. The STATE or the MCO may provide in an alternative (other than paper) format enrollment materials such as a PCNL, Provider Directory and EOC, or materials otherwise required to be available in writing under 42 CFR § 438.10(c), pursuant to Minnesota Statutes, § 256B.69, subd 30.

(A) Any materials provided by the MCO in an alternative format must meet the requirements of 42 CFR § 438.10(c)(6). If the MCO provides the materials in an alternative format, the materials must also comply with the accessibility standards of Section 508 of the Rehabilitation Act of 1973. See http://www.w3.org/TR/WCAG20/#guidelines.

(B) The STATE or MCO informs the Enrollee that:

(1) An alternative format (other than paper) is available and the Enrollee affirmatively requests of the STATE or MCO that the PCNL, Provider Directory, EOC, or materials be provided in an alternative format; and

(2) A record of the Enrollee request (whether to receive materials in alternative formats or to withdraw the request) is retained by the STATE or MCO in the form of written or electronic direction from the Enrollee or a documented telephone call followed by a confirmation letter to the Enrollee from the STATE or MCO that explains that the Enrollee may change the request at any time;

(C) If the materials contain individually identifiable Enrollee data, the materials are sent to a secure electronic mailbox and are made available at a password-protected secure electronic Web site or on a data storage device;

(D) The Enrollee is provided an MCO customer service number on the Enrollee's identification card that may be called to request a paper version of the materials provided in an alternative format; and

(E) The materials provided in an alternative format meets all other requirements of the Contract regarding content, accessibility, and any required time frames for distribution.

(F) The MCO may provide in an alternative format its PCNL to the STATE and to Local Agencies within its service area. The STATE or Local Agency, as applicable, shall inform a Potential Enrollee of the availability of an MCO’s PCNL in an alternative format. If the Potential Enrollee requests an alternative format of the PCNL, a record of that request shall be retained by the STATE or Local Agency and shared with the MCO. The Potential Enrollee is permitted to withdraw the request at any time.
3.5.10 Local Agency Training and Orientation. When the MCO or an MCO product is new to a Service Area, the MCO must provide training and orientation to the Local Agency, or the STATE for MinnesotaCare, regarding the MCO or the MCO product. Such training and orientation shall be provided to the Local Agency by the MCO prior to the Education Begin Date and as necessary upon request by the STATE thereafter. The MCO must supply the Local Agency, and the STATE and Local Agency for MinnesotaCare, with training and orientation materials to be used by the Local Agency or the STATE in educating new Enrollees in the Service Area about the MCO. Such materials shall be provided by the MCO to the Local Agency and the STATE twenty (20) working days in advance of the Education Begin Date. Training and orientation materials are: 1) lists of contacts and their phone numbers at the MCO; 2) complete network listings or additional Provider directories, if any; and 3) organization charts.

3.5.11 Tribal Training and Orientation. The MCO shall provide training and orientation materials to tribal governments upon request, and shall make available training and orientation for any interested tribal governments.

3.5.12 Additional Information Available to Enrollees. The MCO shall furnish the following information to Potential Enrollees and Enrollees upon request:

(A) The licensure, certification and accreditation status of the MCO or the health care facilities in its network;

(B) Information regarding the education, licensure, and Board certification and recertification of the Providers in the MCO’s network. For the purposes of this section, Providers means professionals with whom the Beneficiary or Enrollee has or may have an appointment for services under this Contract; and

(C) Any other information available to the MCO within reasonable means on requirements for accessing services to which an Enrollee is entitled under the Contract, including factors such as physical accessibility.

3.5.13 Potential Enrollee and Enrollee Education.

(A) The STATE or the Local Agency will inform Beneficiaries who reside in the Service Area of the options available in health care coverage. The STATE or Local Agency will describe through presentations and/ electronic or written materials the various MCOs available to Beneficiaries in a particular geographic area and will assist in completing the enrollment process by securing an electronic or written signature of Beneficiaries or their Authorized Representatives on the enrollment form. For Beneficiaries who are assigned to an MCO, a signature will not be obtained.

(B) Tribal governments may assist the STATE or Local Agency in presenting or developing materials describing the various MCO options for their members. If the tribal government revises any MCO materials, the MCO may review them prior to distribution. If the MCO deems the revisions to be substantial, the MCO shall have thirty (30) days to respond to the tribal government and no MCO materials will be distributed until there is mutual agreement on the revisions.
(C) Neither the STATE nor the Local Agency will distribute to Enrollees written educational materials which describe the MCO or its health care plan without providing reasonable notice and opportunity for review by the MCO. Any inaccuracies will be corrected prior to dissemination, but final approval by the MCO is not required.

(D) Enrollee Education. The MCO, or its subcontractor, is not prohibited from providing information to Enrollees for the purpose of educating Enrollees about Provider choices available through the MCO, subject to the limitations in this Contract 3.5.14 Significant Events Requiring Notice. The MCO must notify the STATE as soon as possible of significant events affecting the level of service either by the MCO or its Providers or subcontractors. Such events include:

(A) Material Modification of Provider Network.

(1) Notice to STATE. The MCO must notify the STATE of a possible Material Modification in its Provider Network within ten (10) working days from the date the MCO has been notified that a Material Modification is likely to occur. A Material Modification shall be reported in writing to the STATE no less than one hundred and twenty (120) days prior to the effective date or within two (2) working days of becoming aware of it, whichever occurs first. An MCO may terminate a subcontract without one hundred and twenty (120) days’ notice in situations where the termination is for cause. For the purposes of this section, termination of a Provider for cause does not include the inability to reach agreement on contract terms.

(2) Notice to Enrollees. If the STATE determines there is a Material Modification, the MCO shall provide prior written notification to Enrollees who will be affected by such a Material Modification. The MCO shall submit such notice to the STATE for prior approval. The notice must inform each affected Enrollee that:

(a) One of the Primary Care Providers they have used in the past is no longer available and the Enrollee must choose a new Primary Care Provider from the MCO’s remaining choices; or that the Enrollee has been reassigned from a terminated sole source Provider; or

(b) One of the major subcontractors providing a network of Providers, including but not limited to the behavioral health network, pharmacy benefit manager, or dental network will no longer be available in the MCO’s network and that access to these services may require that the Enrollee choose a different provider for these services.

(c) The notice shall also inform the Enrollee that the Enrollee has the opportunity to disenroll and change MCOs up to one hundred and twenty (120) days from the date of notification, unless open enrollment occurs within one hundred and twenty (120) days of the date of notification. The MCO shall fully cooperate with the STATE and Local Agency to facilitate a change of MCO for Enrollees affected by the Provider termination.
(B) Provider Access Changes. The MCO shall not make any substantive changes in its method of Provider access during the term of this Contract, unless approved in advance by the STATE. For the purposes of this section, a substantive change in the method of Provider access means a change in the way in which an Enrollee must choose his or her Primary Care Provider (clinic) and his or her physician specialists. Examples of methods of Provider access include, but are not limited to: 1) Enrollee has open access to all Primary Care Providers (clinics); 2) Enrollee may self-refer to a physician specialist; 3) Enrollee must choose one Primary Care Provider (clinic); and 4) Enrollee must receive a referral to a physician specialist from his or her Primary Care Provider (clinic). For the purposes of this section, a substantive change in the method of Provider access shall not include the addition or deletion of Service Authorization requirements for services.

(C) County-Based Purchasing Notice. For County-Based MCOs, the STATE must review for approval any proposed change involving the movement of counties or eligible persons within a county under this Contract, or from this Contract to another County-Based MCO. The MCO shall submit any such proposed changes to the STATE at least one hundred and eighty (180) days prior to the proposed implementation date.

3.5.15 Enrollee Notification of Terminated Primary Care Provider. The MCO (or if applicable its subcontractor) shall make a good faith effort to provide written notice of the termination of a Network Provider within fifteen (15) days after the MCO’s (or if applicable its subcontractor’s) receipt or issuance of the Network Provider termination notice, to an Enrollee who receives his or her Primary Care from or was seen on a regular basis by that Network Provider. The STATE may extend the timeframe for Enrollee notification in instances when the MCO has more than sixty (60) days advance notice of a terminated Network Provider. A sample Enrollee notice must be prior approved by the STATE. The MCO must comply with Minnesota Statutes, § 62Q.56, and provide the following information to the STATE:

(A) Date the Network Provider will no longer be available to Enrollees;

(B) Number of Enrollees affected in each Minnesota Health Care Program;

(C) Impact on the MCO’s Provider network; and

(D) MCO’s remedy to the situation.

3.5.16 Enrollee Notification of Cost-Sharing Limit. The MCO shall provide to each Enrollee a notice that the Enrollee has reached the cost-sharing limit described in section 4.3.2(5)(b) below.
3.6 Reporting Requirements.

3.6.1 Encounter Data.

(A) The MCO must maintain patient encounter data to identify the physician who delivers services or supervises services delivered to Enrollees, as required by § 1903(m)(2)(A)(xi) of the Social Security Act, 42 USC § 1396b(m)(2)(A)(xi).

(B) The MCO agrees to furnish information from its records to the STATE or the STATE’s agents that are required in State or federal law or which the STATE may reasonably require to administer this Contract. The MCO shall provide to the STATE, upon the STATE’s request in the format determined by the STATE and for the time frame indicated by the STATE, the following information:

(1) Individual Enrollee-specific, claim-level encounter data for services provided by the MCO to Enrollees detailing all medical and dental diagnostic and treatment encounters, all pharmaceuticals, supplies and medical equipment dispensed to Enrollees, and all nursing facility services which the MCO provides instead of inpatient services that are covered under this Contract.

(2) The MCO shall submit encounter data that includes all paid lines and all MCO-denied lines associated with the claim. Claims and lines for which Medicare or another Third Party has paid in part or in full are considered paid and shall be submitted as such. Third Party paid claims include immunizations which are paid for by the Minnesota Vaccines for Children Program (MNVFC).

(a) All denied claims, except those claims that are denied because the enrollee was not enrolled in the MCO, must be submitted to the STATE.

(3) Claim-level data must be reported to the STATE using the following claim formats: 1) the X12 837 standard format for physician, professional services and physician-dispensed pharmaceuticals (837P), inpatient and outpatient hospital services (837I) and dental services (837D) that are the responsibility of the MCO; and 2) the NCPDP Batch 1.2/D.0 pharmacy. The MCO may submit the NCPDP Batch 1.2/D.0 for non-durable medical supplies which have an NDC code.

(4) All encounter claims must be submitted electronically.

(a) The MCO must comply with state and federal requirements, including the federal Implementation Guides, and the STATE’s 837 Encounter Companion Guide for Professional, Institutional and Dental Claims, and the Pharmacy Encounter Claims Guide posted on the STATE’s managed care website.

(b) The MCO must submit charge data using HIPAA standard transaction formats. Charge data shall be the lesser of the usual and customary charge (or appropriate amount from a Relative Value Scale for missing or unavailable charges) or submitted charge.
The MCO shall submit on the encounter claim for NCPDP Batch 1.2/D.0, 837P, 837D, and 837I the Provider allowed and paid amounts. For the purposes of this section “paid amount” is defined as the amount paid to the Provider excluding Third Party Liability, Provider withhold and Provider incentives, and Medical Assistance cost-sharing. For the purposes of this section “allowed amount” is defined as the Provider contracted rate prior to any exclusions or add-ons. In accordance with Minnesota Statutes, §256B.69, subd. 9c, (a), the data reported herein is defined as non-public in Minnesota Statutes, §13.02.

The MCO will submit Medicaid drug information on pharmacy (NCPDP Batch 1.2/D.0), professional (837P) and institutional (837I) encounter claims in accordance with STATE data element specifications related to the collection of drug rebates. These specifications will be outlined in the Encounter Companion Guides for the NCPDP Batch 1.2/D.0 Pharmacy, 837 Professional and 837 Institutional encounter claims. The MCO and its subcontractor, if applicable, must comply with these specifications and submit encounter data bi-weekly, every two weeks, and no later than thirty (30) days for original claims and forty-five (45) days for adjusted claims, after the MCO (or its subcontractor) adjudicates these outpatient pharmacy and physician-administered drug claims, in order for the STATE to comply with 1927(b) 1903m(2)(A) and 1927(j)(1) of the Social Security Act as amended by Section 2501 (c) of the Patient Protection and Affordable Care Act.

The MCO shall comply with the applicable provisions of Subtitle F (Administrative Simplification) of the Health Insurance Portability and Accountability Act of 1996 and any regulations promulgated pursuant to its authority, including the 5010 transaction standards. The MCO shall cooperate with the STATE as necessary to ensure compliance.

The MCO shall submit encounter data on all Personal Care Assistance (PCA) services using the X12 837P standard transaction format and report PCAs as treating Providers. The MCO shall submit complete encounter data on PCA services, including the date of service, the paid units of service by date, and the treating PCA Provider. The STATE will monitor PCAs as treating Providers.

The MCO shall notify the STATE sixty (60) days prior to any change in the submitter process, including but not limited to the use of a new submitter.

The MCO shall submit original submission encounter claims no later than thirty (30) days after the date the MCO adjudicates the claim. Initial submissions of the first claim for newborns are exempt from the thirty (30) days submission requirement if a claim has been adjudicated before the MCO has received the newborn’s PMI. The MCO shall make submissions for each transaction format at least bi-weekly. If the MCO is unable to make a submission during a certain month, the MCO shall contact the STATE to notify it of the reason for the delay and the estimated date when the STATE can expect the submission. The MCO’s submission of claim adjustments must be done by voiding the original claim and submitting a corrected claim, within forty-five (45) days of the
date adjusted at the MCO. See also section 9.9.2(E) below regarding claims voided or reversed because of program integrity concerns.

(D) When the STATE returns or rejects a file of encounter claims, the MCO shall have twenty (20) calendar days from the date the MCO receives the rejected file to resubmit the file with all of the required data elements in the correct file format.

(E) The STATE will provide a remittance advice, on a schedule specified by the STATE, for all submitted encounter claims, including successful void claims. The remittance advice will be provided in the X12 835 standard transaction format.

(F) The STATE shall monitor and evaluate encounter data lines and shall require correction of encounter data found deficient according to specifications published on the STATE’s managed care website. Encounter data not corrected shall be assessed a penalty as specified in section 5.10 below.

(1) Within twenty-one (21) days after the end of each calendar quarter, the STATE shall provide to the MCO an error reference report (ERR) of erroneous encounter lines and/or headers processed during the quarter.

(2) The MCO shall, within the calendar quarter in which the ERR is provided, respond by appropriately voiding the erroneous encounter lines and/or headers and submitting corrected encounter data claims.

(3) The MCO shall include on each corrected encounter data claim a “tracking ICN” as defined in the technical specifications posted on the STATE’s managed care website.

(4) The STATE shall provide the ERR of uncorrected encounter data lines within twenty-one (21) days after the end of each calendar quarter as described in the technical specifications posted on the STATE’s managed care website.

(5) The STATE will post on its managed care website technical specifications including but not limited to definitions for encounter lines and headers; definitions for edits and errors; management of duplicate encounter lines or headers, submissions of multiple errors on one encounter claim, and voids that are within the same quarter; and a list of designated edits which may change at the discretion of the STATE. The STATE shall provide a minimum of ninety (90) days’ notice before implementing a new edit that will require correction.

(6) Encounter headers/lines identified by the STATE as errors subject to this section may not be voided as a method to avoid penalties. Encounter claims that should not have been submitted to the STATE and should not reside in STATE data as MCO accepted claims must be explicitly identified as such. Voided claims are subject to a validation process by the STATE.

(7) The MCO may contest encounter lines or claims the STATE has identified as erroneous by sending the encounter ICN and a detailed description of the contested
encounter lines or claims by e-mail to the STATE’s Encounter Data Quality contact. The STATE will remove the encounter line from the penalty assessment pending resolution of the issue. Contested errors will not be adjusted retroactively, but can be removed from the penalty going forward (as defined in the technical specifications posted on the STATE’s managed care website).

(8) The notice and opportunity to cure requirements in section 5.5 will not apply to encounter data quality errors and penalties assessed under section 5.10.

(G) The MCO shall collect and report to the STATE individual Enrollee specific, claim level encounter data that identifies the Enrollee’s treating Provider NPI or UMPI (the Provider that actually provided the service), when the Provider is part of a group practice that bills on the 837P format or 837D format. The treating Provider is not required when there is an individual practice office (i.e., a sole treating Provider), because in those cases it will be identical to the pay-to Provider. Group practice Provider categories that bill on the 837P format or 837D format and will require a treating Provider are:

(1) Community Mental Health Clinics;

(2) Physician Clinics;

(3) Dental Clinics;

(4) County Contracted Mental Health Providers;

(5) Indian Health Care Providers, where applicable;

(6) Federally Qualified Health Centers;

(7) Rural Health Clinics;

(8) Chiropractic Clinics;

(9) Personal Care Assistance Provider Agencies (PCPAs), and other organizations that employ PCAs for PCA services.

No treating Provider is required for any other claim type.

(H) The MCO shall submit interpreter services on encounter claims, if the interpreter service was a separate, billable service.

(I) The MCO must require any subcontractor to include the MCO when contacting the STATE regarding any issue with encounter data. The MCO will work with the STATE and subcontractor or agent to resolve any issue with encounter data.

(J) Coding Requirements.

(1) The MCO must use the most current version of the following coding sources:
(a) Diagnosis and inpatient hospital procedure codes obtained from the International Classification of Diseases, Clinical Modification ICD-10-CM/PCS coding requirements on claim and encounter data submissions;

(b) Procedure codes obtained from Physician’s Current Procedural Terminology (CPT) and from CMS’ Health Care Common Procedure Coding System (HCPCS Level 2);

(c) American Dental Association current dental terminology codes as specified in Minnesota Statutes, § 62Q.78; and

(d) National Drug Codes.

(e) Current local home care codes including units of service.

(2) The MCO and its subcontractors must utilize the coding sources as defined in this section and follow the instructions and guidelines set forth in the most current versions of ICD-10-CM/PCS, and HCPCS and CPT. The STATE may request additional information on the MCO’s ICD-10 CM/PCS implementation.

(3) Neither the MCO nor its subcontractors may redefine or substitute these required codes.

(4) HIPAA compliant codes must be submitted on encounter data.

(K) National Provider Identifier (NPI) and Atypical Provider Types. The MCO shall use the NPI for all Providers for whom CMS issues NPIs. For certain Providers of Atypical Services, the MCO shall use the STATE-issued UMPI.

(L) Encounter Data Quality Assurance Program. The MCO shall participate in a quality assurance program that verifies timeliness, completeness, accuracy and consistency of encounter data that is submitted to the STATE. The STATE has developed quality assurance protocols for the program, in consultation with the MCOs, which will be evaluated by an independent third party auditor for the capacity to ensure complete and accurate data and to evaluate the STATE’s implementation of the protocols.

(M) Encounter Data for the Supplemental Recovery Program. The STATE will be using encounter data to manage the Supplemental Recovery Program described in Minnesota Statutes, § 256B.69, subd. 34.

(N) Provider-Preventable Conditions. Pursuant to 42 CFR § 438.3(g), the MCO must comply with 42 CFR § 447.26 and Minnesota Statutes, § 144.7065 (provider-preventable conditions) in the encounter data, as determined by the STATE. The STATE shall provide a quarterly report of the MCO’s incidents back to the MCO. In the event that an encounter is reported with any amount other than zero in the payment fields, the MCO shall review and appropriately recoup the payment from the provider, consistent with Minnesota Statutes, § § 256.969, subd. 3b, (c) and 256B.0625, Subd. 3.
3.6.2 Other Reporting Requirements. The MCO must provide the STATE with the following information in a format and time frame determined by the STATE. The MCO shall submit information to the effect that no change has occurred since the prior year for reports which require an annual update and where no change has occurred since the prior year.

With any new report required under this section, the STATE will provide the MCO the technical specifications for the report at least sixty (60) days prior to the effective date of when the report is to be submitted, unless the STATE determines that a shorter time period is necessary. This provision does not apply to ad hoc reports requested by the State.

(A) Birth of Child to an Enrollee.

For submission of the quarterly data the MCO must provide certification at the same time that it submits the data or by the 5th day of the month following the month of submission. If for any reason the data needs to be corrected, a new data certification will be required. The MCO must send a complete data submission at least once annually, even if there are no changes. The MCO shall not require Providers to enroll as an MHCP FFS Provider. If a Provider will only be serving MCO Enrollees, the MCO shall follow the process established by the STATE for MCO only Providers.

(X) Payment Review Information. The MCO shall identify aggregate payment information for specific Provider categories and assess the information as to how it compares to FFS payment information. As part of the assessment the MCO will also be expected to provide an explanation of the basis for how the Provider category payment was determined. 3.7 FQHCs and RHCs Services. Effective for dates of services beginning January 1, 2015 and thereafter, the MCO shall adjudicate Medicaid claims as a zero pay for services provided to the MCO’s Enrollees at a FQHC or RHC.

(A) The MCO will forward these adjudicated claims to the STATE within seven (7) calendar days of adjudication and will submit the claims in a weekly file submission. Claims in which Medicare or TPL is primary and the claim is paid in full should not be included in the submission.
(B) The STATE will adjudicate the claims for resolution for the FQHC or RHC and provide the MCO with a Remittance Advice for the processed claims. The MCO will be required to submit a separate encounter claim for these transactions. The STATE will provide technical specifications for this process and will post the document on the managed care webpage. The MCO and STATE will continue to collaborate through a workgroup to monitor the implementation progress of this section and address concerns about the process.

Article. 4 Payment.

4.1 Payment of Capitation.

4.1.1 Payment. Except as noted below in section 4.1.2, on the STATE’s first warrant date or the 14th day of each month, whichever is earlier, the STATE agrees to pay the MCO the following rates as specified in the Payment Appendices attached hereto, per month, per Enrollee enrolled with the MCO as full compensation for Medical Assistance goods and services provided hereunder in that month, under this Comprehensive Risk Contract. For the Capitation Payment for those Enrollees who have been reinstated, the STATE agrees to pay the MCO on the next available warrant.

4.1.2 Exceptions to Payment Schedules. Section 4.1.1 does not apply to:

(A) Capitation Payments for services provided in the month of June, for which payment shall be made no earlier than the first day of each July pursuant to Minnesota Statutes, § 256B.69, subd. 5d; and

(B) The delay of $270,000,000 of capitation payments to MCOs due in the second quarter (pursuant to Laws of Minnesota 2015, Ch. 71, Art. 11, sec. 64). Affected delayed capitation payments for services provided in the month of April and/or May shall be paid no earlier than the first day of each July and no later than July 31.

(C) With thirty (30) days advance notice, at the request of the office of Minnesota Management and Budget for the purposes of managing the state’s cash flow, the STATE may delay the capitation payment for up to two full warrant cycles twice during the course of this Contract. One delay may take place between January 1 and April 30 of the Contract Year. A second delay may take place between August 1 and December 31 of the Contract Year.

(D) Any excess of total payments to the MCO that exceed $99,999,999.99 in a single warrant period. The STATE shall pay any such excess in the next warrant period, up to $99,999,999.99, with any excess from that period to be paid in the following warrant period, and so on. At its option, the STATE may choose to make more than one payment in a warrant cycle.

(E) In the event of an Emergency Performance Interruption (EPI) that affects the STATE’s ability to make payments, the STATE will make payments to the MCO in accordance with the STATE’s Business Continuity Plan.

(F) Return of Withheld Funds. As required by Minnesota Statutes, § 256B.69, subd. 5a:

(1) The PMAP Non-Performance-Based Total 37.5% (3.0 / 8.0 x 100) of the withheld funds for PMAP shall be returned with no consideration of performance, no sooner than July first and no later than July 31st of the subsequent Contract Year.
(2) The MinnesotaCare Non-Performance-Based Total (37.5% (3.0/8.0 x 100) of the withheld funds for MinnesotaCare) shall be returned with no consideration of performance, no sooner than July 1st and no later than July 31st of the subsequent Contract Year.

(3) The PMAP and MinnesotaCare Performance-Based Totals will also be returned as required by Minnesota Statutes, § 256B.69, subd. 5a.

4.1.3 Capitation Payment. The STATE will pay to the MCO a Capitation Payment for each Enrollee in accordance with Article 4 for the month in which coverage becomes effective and thereafter until termination of Enrollee coverage pursuant to section 3.1.1 and 3.1.2 becomes effective. The MCO shall receive for each Enrollee the rate of the county of residence.

4.1.4 Capitation Payment for Newborns. The STATE will pay to the MCO a Capitation Payment for the birth month of an eligible newborn Enrollee if the mother was enrolled in the MCO during the month of the Child’s birth and eligibility is established for the Child. Payment for succeeding months will be determined pursuant to section 3.1.3, Effective Date of Coverage.

4.1.5 Capitation Payment for Postpartum Months.

(A) For undocumented women who are enrolled in the MCO and identified by eligibility type “PC” in the capitation payment files, payment for the months during pregnancy and postpartum coverage are combined into rates for the months during the pregnancy and reflected in the rate cells labelled “Pregnant Women - Undocumented” in Appendix 2. Although these undocumented Enrollees will remain on the MCO’s monthly enrollment file during the postpartum period, a payment adjustment to a rate of zero will be made for two (2) postpartum months.

(B) The MCO shall provide Medical Assistance Covered Services to these Enrollees in the same manner as before birth or end of pregnancy.

(C) Upon receipt of notice of a birth or end of pregnancy as required by section 3.6.2(A)(2) or from other data sources such as Local Agency records, the STATE shall retroactively adjust capitation payments to reflect a payment amount of zero for two (2) postpartum months. Such adjustments will be reflected on the MCO’s remittance advice.

4.1.6 Assignment of Rate Cells.

(A) Assignment of Rate Cells shall be made based on information on the STATE MMIS at the time of capitation.

(B) The STATE will periodically review information in MMIS related to the assignment of Rate Cells to verify that appropriate rates are being paid.
4.1.7 Risk Adjustment. The STATE agrees to apply risk adjustment of capitation rates as follows using the Chronic Disability Payment System (CDPS; see http://cdps.ucsd.edu/) and the Medicaid Rx risk adjustment model (collectively, “CDPS+Rx”) with Minnesota-specific custom weights to calculate risk scores.

(A) Risk Adjustment Overview

(1) Appendix 2 contains the capitation rates used to calculate the Calendar Year risk adjusted payments to the MCO.

(2) The STATE or its actuarial vendor will use, for Contract Year PMAP and MinnesotaCare risk scores, a prospective CDPS+Rx model based upon Enrollee risk. The average risk score across all MCOs will be normalized to 1.0 for each program, region and rate cell.

(B) Methodology.

(1) The MCO will receive a PMAP/MinnesotaCare risk score for each region and rate cell subject to risk adjustment, based on average risk scores across all Enrollees in that program, region, and rate cell and enrolled in the MCO during the exposure month in 4.1.7(C)(1)(b) or (b) below.

(2) The newborn and pregnant women populations will be excluded from the risk adjustment process.

(3) Enrollees with less than six (6) months of combined PMAP/MinnesotaCare enrollment in the assessment period will be assigned a risk score equal to the MCO’s average risk score for Enrollees in the same program, region, and rate cell.

(4) Enrollees with six (6) months or more of combined PMAP/MinnesotaCare enrollment in the assessment period will be assigned one CDPS+Rx risk score. Minnesota-specific CDPS+Rx weights will be used to determine an Enrollee’s risk score.

(5) Individual risk scores for MCO Enrollees will be aggregated by rate cell into MCO aggregate risk scores (normalized to 1.0 for each program, region and rate cell). These risk scores will be applied to the appropriate capitation rate for the Contract Year.

(6) Managed care costs that are not included in encounter claims will be reviewed for any material effect on weights and adjustments made if deemed material.

(7) The STATE shall provide MCO with the MCO-specific data, including member level diagnosis, demographic information, and prescription drug utilization used to calculate the MCO-specific risk score.

(C) Risk Score Calculation Timeline. For Contract Year, the MCO’s aggregate risk scores will be calculated two times.
(1) For Capitation Payments for January through June of the Contract Year, the MCO will receive aggregate risk scores calculated by the STATE, using:

(a) Encounter claims and FFS claims for dates of service of July 2015 through June 2016 that were received by October 26, 2016, and

(b) The MCO’s enrollment as of October 2016 (the exposure month), for each population subject to risk adjustment.

(2) For Capitation Payments for July through December of the Contract Year, the MCO will receive aggregate risk scores calculated by the STATE, using:

(a) Encounter claims and FFS claims for dates of service of January 2016 through December 2016 that were received by April 12, 2017, and

(b) The MCO’s enrollment as of April 2017 (the exposure month), for each population subject to risk adjustment.

4.1.8 Risk Adjustment Appeals. The MCO may appeal the STATE’s calculation of the MCO’s risk scores upon notification that risk scores will change. Any appeal of risk scores must be filed with the STATE within six weeks of notification of the risk scores. The basis for any appeal by the MCO under this section shall be limited to whether or not the STATE correctly calculated the MCO’s risk scores based on encounter data submitted in a timely manner as required by section 3.6.1. The risk score appeal must contain a succinct explanation of why the MCO finds the scores incorrect, with supporting data sufficient to allow the STATE to evaluate the appeal in a timely fashion.

(A) If the MCO appeals under this section, the STATE shall proceed with paying the MCO the MCO’s risk scores until the appeal is resolved. If on appeal, the STATE is found to have miscalculated the MCO’s risk scores, the STATE shall adjust the MCO’s payment to correct the miscalculation.

(B) The MCO and the STATE shall each pay half the cost of investigating and resolving the appeal, regardless of outcome.

4.1.9 Medical Education and Research Trust Fund Money (MERC). The STATE shall make payments to the MERC Trust Fund on behalf of the MCO as calculated by the STATE, or up to the aggregate dollar amount paid to the MERC Trust Fund for STATE fiscal year 2009 (the baseline year for MERC funds), consistent with Minnesota Statutes, § 256B.69, subd. 5c.

4.1.10 Premium Tax; HMO Surcharge. Pursuant to applicable Minnesota Statutes, § 297I, and § 256.9657, subd. 3, the MCO may be taxed on the premiums paid by the STATE under the Medical Assistance and MinnesotaCare programs. If the MCO is exempt or is no longer required to pay these taxes, the MCO’s base rate will be adjusted to reflect that change.
4.1.11 Contingent Reduction in Health Care Access Tax. The Commissioner of Management and Budget shall, by December 1 of the Contract Year, determine the projected balance in the Health Care Access Fund. If the projected balance for the biennium reflects a ratio of revenues to expenditures and transfers greater than one-hundred and twenty-five percent (125%) and if the actual cash balance in the Fund is adequate, the Commissioner of Management and Budget shall reduce the tax rates under subdivisions 1, 1a, 2, 3, and 4 of Minnesota Statutes, § 295.52, for the subsequent calendar year sufficient to reduce the structural balance in the Fund, as described in Minnesota Statutes, § 295.52, subd. 8. The reduction, if any, shall be included in the rates shown in Appendix 2.

4.1.12 Health Insurance Providers Fee. If the MCO is identified by the Internal Revenue Service as being subject to the annual health insurer fee (“Annual Fee”) required under Section 9010 of the ACA, the STATE will make a payment in order to satisfy the requirement for actuarial soundness set forth in 42 CFR § 438.4 for amounts paid by the STATE under this Contract.

(A) MCO Duties.

(1) The MCO shall provide the STATE with a copy of its final Form 8963 and Schedule A at the controlled entity level, as submitted to the IRS, within ten (10) business days of the filing. The MCO shall also provide any corrected Form 8963 filings submitted to the IRS within ten (10) business days of the amended filing.

(2) The MCO shall also submit to the STATE:

(a) A schedule that reconciles direct premium (Form 8963, Schedule A, item (f)) for the MCO to Line 8 of the Minnesota Supplement Report #1.

(b) The dollar amount of revenue for Covered Services that the MCO determined should be excluded from Form 8963, Schedule A, item (f), including but not limited to long-term care, nursing home care, home health care, and community-based care.

(c) If applicable, MCO shall provide information needed to calculate the effect of taxes upon the final fee. This may include taxes paid that affect the final total to be reimbursed to the MCO.

(3) The MCO shall provide the STATE with the preliminary calculation of the MCO’s Allocated Annual Fee (the amount of its Annual Fee allocable to this Contract at the controlled entity level), as determined by the IRS, within ten (10) days of receiving this information from the IRS.

(4) The MCO shall provide the STATE with the final calculation of the MCO’s Allocated Annual Fee as determined by the IRS, no later than ten (10) business days of receiving this information from the IRS, with a data certification pursuant to section 9.10.
(5) Upon request, the MCO shall provide any other documentation required by the STATE to validate the MCO’s Allocated Annual Fee or apportionment among Enrollee populations.

(B) STATE Duties.

(1) The STATE shall calculate an adjustment for non-deductibility of the Annual Fee for federal and state income taxes, if any; and premium and surcharge taxes. The result will be the MCO’s “Adjusted Fee.”

(2) The STATE’s payment to the MCO for the Adjusted Fee shall be made when the STATE determines the MCO has satisfactorily completed its duties in section 4.1.14(A).

(3) The STATE reserves the right to update the calculation and method of payment for the MCO’s Adjusted Fee based upon CMS requirements, including the exclusion of appropriate Medicaid payments for long-term care, nursing home care, home health care, and community-based care, or changes to regulations governing the Annual Fee.

4.1.13 State-Operated Dental Clinic Services. In accordance with Minnesota Statutes, § 256B.76, subd. 2(f), reimbursement for services rendered at state-operated dental clinics will be as follows.

(A) The STATE shall calculate the dental payment for each state-operated dental clinic based on their cost reports and provide to the MCO a payment report that will identify the amount of payment due to be paid to each state-operated dental clinic.

(B) The STATE will issue a gross payment adjustment to the MCO that will be the sum of the payment amounts due to the state-operated dental clinics, no later than November 30 or sixty (60) days after the date the STATE provides their final cost report, whichever is later. The MCO shall distribute the payments as specified by the STATE to each of the state-operated dental clinics no later than thirty (30) days after notification of the gross payment adjustment. The exact payment amount identified by the STATE is to be passed through to the state-operated dental clinic.

(C) In the event that a state-operated dental clinic provides notice to the STATE that a payment by the MCO is incorrect, the STATE will verify the correct payment and notify both the clinic and MCO of the correct payment.

4.2 Compliance Related to Capitation Payments.

4.2.1 Actuarially Sound Payments. All payments for which the STATE receives Federal Financial Participation under this Contract, including risk adjusted payments and any risk sharing methodologies, must be actuarially sound pursuant to 42 CFR § 438.6. The STATE’s contracted actuary must meet the independence requirements under the professional code for fellows in the Society of Actuaries and must not have provided actuarial services to a MCO during the period in which the actuarial services are being
provided to the STATE. The certification and attestation of actuarial soundness provided by the actuary must be auditable.

4.2.2 Financial Audit. As outlined in Minnesota Statutes, § 256B.69, subd. 9d, as revised by Laws of Minnesota, Ch. 71, Art. 11, Secs. 36 and 37, the Office of the Legislative Auditor (OLA) will conduct or contract with third-party vendors to conduct independent third-party financial audits of the MCO’s information identified in Minnesota Statutes, §256B.69, subd. 9c, (b). The auditor will be required to determine compliance with the Medicaid managed care rate certification process, and whether the administrative expenses and investment income reported by the MCO are compliant with state and federal law. The audits shall be conducted in accordance with generally accepted government auditing standards issued by the United States Government Accountability Office. The MCO shall submit data to and fully cooperate with the auditor, and provide the STATE and the auditor access to all data required to complete the audits.

4.2.3 STATE Request for Data. In accordance with Minnesota Rules, Part 9500.1460, subpart 16, the MCO shall comply with requests for data from the STATE or its actuary for rate-setting purposes. The MCO shall make the data available within thirty (30) days from the date of the request and in accordance with the STATE’s specifications, including providing a data certification in accordance with section 9.10 under this Contract.

4.2.4 Renegotiation of Prepaid Capitation Rates. The prepaid capitation rates shall be subject to renegotiation not more than annually unless required by State or federal law, regulation or directive, or necessary due to changes in eligibility and/or benefits.

4.2.5 No Recoupment of Prior Years’ Losses. The capitation rate shall not include payment for recoupment of losses incurred by the MCO from prior years or under previous contracts.

4.2.6 Premium Collection. The STATE shall collect any insurance premiums from Enrollees.

4.3 Medical Assistance Cost-Sharing. Except as noted in section 4.3.1 below, Medical Assistance Enrollees must pay cost-sharing for the services in section 4.3.2 below.

4.3.1 Exceptions. The following Enrollees or services are exempt from cost-sharing:

(A) Children;

(B) Pregnant women;

(C) Enrollees expected to reside for thirty (30) days or more in an institution;

(D) Enrollees receiving Hospice Care;

(E) American Indians who receive or have received a service(s) from an Indian Health Care Provider, or through IHS CHS referral from an IHS facility.

(C) If the STATE determines that any of the performance target measures are not dependable, the measure(s) will be eliminated and the MCO shall be scored based on the remaining performance target measures.

(D) All measures in section 4.5.2(A), except for the Repeat Deficiencies on the MDH QA Examination, will be calculated from: 1) encounter data submitted pursuant to section 3.6.1 no later than May 31st of the year subsequent to the Contract Year by the MCO to the STATE; 2) additional data sources approved by the STATE and in the STATE’s possession; or 3) as otherwise stated below.

(E) The STATE shall provide data (number of: prescriptions/tests/visits/admissions/member months/C&TC referral codes) and rates to the MCO on withhold measures in section 4.5.3.
(1) Data will be provided four (4) times per year in:
   (a) January, for the previous calendar year;
   (b) April, for the previous calendar year;
   (c) July, for the first six months of the Contract Year; and
   (d) October, for the first nine months of the Contract Year.

(3) The reports will be based on data in the STATE’s possession at the time of the report.

4.5.3 Administrative and Access/Clinical Performance Targets for PMAP and MinnesotaCare. Detailed descriptions of each withhold measure are provided in the most recent version of the STATE document titled “2017 Managed Care Withhold Technical Specifications.” These specifications are posted on the DHS Partners and Providers, Managed Care Organizations website at www.dhs.state.mn.us/dhs16_139763.

   (A) Annual Dental Visit, age stratification 19-64 years rate, Annual Dental Visit, age stratification 7 – 18, and Annual Dental Visit, age stratification 2-6 years rate must be equal to or greater than ten percent (10%) of the difference between the eighty percent (80%) target and the rate of the year preceding the Contract Year. Partial scoring of a portion of the withhold target points will be awarded commensurate with the achieved increase less than the targeted amount. The percentage of increase will be calculated to the second decimal. The number of points will be awarded on the percentage increase achieved. If the MCO’s measurement rate is equal to or greater than the 80% target rate, all assigned points will be awarded.

   (B) Well-Child Visits in the First 15 Months of Life 6+ Visits. The MCO’s Well-Child Visits 15 Months rate must be equal to or greater than ten percent (10%) of the difference between the eighty percent (80%) target and calendar year 2015 rate. If the MCO’s measurement rate is equal to or greater than the 95% target rate, all assigned points will be awarded.
(D) Repeat Deficiencies on the MDH QA Examination.

1. Comply with the MDH licensing requirements and have no repeated deficiencies related to Minnesota Health Care Programs that remain after the MCO’s corrective action(s) that initially resulted from the MCO’s MDH QA Examination.

2. If the MCO is not examined during the Contract Year, but remains in compliance with MDH licensing requirements and any corrective actions assigned by MDH, the MCO will receive all points available for this performance target.

(E) Emergency Department Utilization Rate. MCO is required to achieve an annual ten percent (10%) reduction in its Emergency Department utilization.

1. The MCO’s performance target for the Contract Year will be calculated based on a ten (10%) percent reduction of the previous calendar year’s emergency department visits per 1,000 Enrollee months rate.

2. Partial Scoring for ED Utilization Withhold Measure: Portion of Target Points. As required by Minnesota Statutes, § 256B.69, subd. 5a (g), a portion of the withhold target points will be awarded commensurate with the achieved reduction less than the targeted amount. The percentage of reduction will be calculated to the second decimal. The number of points will be awarded based on the percentage reduction achieved.

3. When the target is reached for the ED Utilization withhold measure, DHS will continue to monitor performance to verify that the MCO’s percentage for the measure did not increase more than ten percent (10%) of the previous percentage.

(F) Hospital Admission Rate. MCO is required to achieve an annual five percent (5%) reduction in Hospital Admissions.

1. The MCO’s performance target for the Contract Year will be calculated based on a five percent (5%) reduction of the previous calendar year’s hospital admissions per 1,000 enrollee months rate.

2. Partial Scoring for the Hospital Admission Rate Withhold Measure: Portion of Target Points. As required by Minnesota Statutes, § 256B.69, subd. 5a (h), a portion of the withhold target points will be awarded commensurate with the achieved reduction less than the targeted amount. The percentage of reduction will be calculated to the second decimal. The number of points will be awarded based on the percentage of reduction achieved.

3. When the target is reached for the Hospital Admission withhold measure, DHS will continue to monitor performance to verify that the MCO’s percentage for the measure did not increase more than ten percent (10%) of the previous percentage.

(G) 30-Day Readmission Percentage. MCO is required to achieve an annual five percent (5%) reduction in its 30-day hospital readmission percentage.
(1) The MCO’s performance target for the Contract Year will be calculated based on a five percent (5%) reduction of the previous calendar year’s 30-day Hospital Readmission percentage.

(2) Partial Scoring for 30 Day Hospital Readmission Withhold Measure: Portion of Target Points. As required by Minnesota Statutes, § 256B.69, subd. 5a (i), a portion of the withhold target points will be awarded commensurate with the achieved reduction less than the targeted amount. The percentage of reduction will be calculated to the second decimal. The number of points will be awarded based on the percentage of reduction achieved.

(3) When the target is reached for the Hospital Readmission withhold measure, DHS will continue to monitor performance to verify that the MCO’s percentage for the measure did not increase more than ten percent (10%) of the previous percentage.

4.5.4 Return of Withheld Funds for PMAP.

(A) For PMAP the total amount of the withheld funds available to be returned (the PMAP Withheld Total) shall be calculated as the difference between:

2. The total of the PMAP Capitation Payments made to the MCO for the Contract Year (as of May 31st of the year subsequent to the Contract Year).

This amount has been reduced to reflect removal of the MERC funding.

(B) The amount of the withheld funds to be returned to the MCO shall be calculated as follows:

1. The PMAP Withheld Total shall be multiplied by 0.625 (5.0/8.0) or 62.5% to determine the PMAP Performance-Based Total.

2. The PMAP Performance-Based Total shall be multiplied by the Withhold Score, subject to the Loss Limit in 4.5.4(B)(3).

3. The difference between 4.5.4(B)(1) and 4.5.4(B)(2), the Loss Limit or amount of the unreturned funds that are kept by the STATE, shall not exceed five percent (5%) of the PMAP Performance-Based Total.

4. The PMAP Withheld Total shall be multiplied by 0.375 (3.0/8.0) or 37.5% to determine the PMAP Non-Performance-Based Total.

5. The resulting amount from adding the PMAP Performance-Based Total and the PMAP Non-Performance-Based Total will be returned to the MCO according to section 4.1.2(F).
4.5.5 Return of Withheld Funds for MinnesotaCare.

(2) The total of the MinnesotaCare Capitation payments made to the MCO for the Contract Year (as of May 31 of the year subsequent to the Contract Year.)

(B) The amount of the withheld funds to be returned to the MCO shall be calculated as:

(2) The MinnesotaCare Performance-Based Total shall be multiplied by the Withhold Score, subject to the Loss Limit in 4.5.5(B)(3).

(3) The difference between 4.5.5(B)(1) and 4.5.5(B)(2), the Loss Limit or amount of the unreturned funds that are kept by the STATE, shall not exceed five percent (5%) of the MinnesotaCare Performance-Based Withheld Total.

(4) The MinnesotaCare Withheld Total shall be multiplied by 0.375 (3.0/8.0) or 37.5% to determine the MinnesotaCare Non-Performance-Based Total.

(5) The resulting amount from adding the MinnesotaCare Performance-Based Total and the MinnesotaCare Non-Performance-Based Total will be returned to the MCO according to section 4.1.

4.6 Payment Errors.

4.6.1 Payment Error in Excess of $500,000. If the STATE determines that there has been an error in its payment to the MCO pursuant to Article 4 that resulted in overpayment or underpayment in excess of $500,000 due to reasons not including rate-setting methodology, or Fraud or Abuse by the MCO or the Enrollee, the STATE or the MCO may make a claim under this section.

(A) Independent Audit. The STATE or the MCO may request an independent audit of the payment error prior to recovery or offset by the STATE of the overpayment or underpayment amount.

(1) The STATE shall select the independent auditor and shall determine the scope of the audit, and shall involve the MCO in discussions to determine the scope of the audit and selection of the auditor.
(2) The MCO must request the audit in writing within sixty (60) days from actual receipt of the STATE's written notice of overpayment.

(3) Neither the STATE nor the MCO shall be bound by the results of the audit.

(4) The STATE shall not be obligated to honor the MCO’s request for an independent audit if in fact sufficient funds are not available for this purpose or, if in fact, an independent auditor cannot be obtained at a reasonable cost. This does not preclude the MCO from obtaining an independent audit at its own expense; however, the MCO must give reasonable notice of the audit to the STATE and must provide the STATE with a copy of any final audit results.

(B) Inspection Procedures. The STATE and the MCO shall work together to develop reasonable procedures for the inspection of STATE documentation to determine the accuracy of payment amounts pursuant to Article 4.

(C) Two Year Limit to Assert Claim.

(1) The STATE shall not assert any claim for, seek the reimbursement of, or make any adjustment for any alleged overpayment made by the STATE to the MCO under section 4.1 of this Contract more than two (2) years after the date such payment was actually received by the MCO from the STATE.

(2) The MCO shall not assert any claim for, seek the payment of, or make any adjustment for any alleged underpayment made by the STATE to the MCO under section 4.1 of this Contract more than two (2) years after the date such payment was actually received by the MCO from the STATE. The MCO must have filed a timely appeal of risk factors under section 4.1.8 in order to assert any claims regarding risk adjusted payments.

(3) Payment Offset. When possible these payments shall be offset against or added to future payment made according to Article 4.

(4) Notice. The parties shall notify each other in writing of intent to assert a claim under this section.

4.6.2 Payment Error Not in Excess of $500,000. If the STATE determines there has been an error or errors in its payment to the MCO pursuant to Article 4 that resulted in overpayment or underpayment to the MCO not in excess of $500,000, and if such an error or errors occurred because of reasons other than rate-setting methodology, or Fraud or Abuse by the MCO or the Enrollee, the STATE or the MCO may make a claim under this section.

(A) One Year Limit to Assert Claim.

(1) The STATE shall not assert any claim for, seek the reimbursement of, or make any adjustment for any alleged overpayment made by the STATE to the MCO under section 4.1 more than one (1) year after the date such payment was actually
received by the MCO from the STATE. This one year limitation, along with the notice requirement described in section 4.6.2(A)(3), does not apply to duplicate payments made because of multiple identification numbers for the same Enrollee, payments for full months for an Enrollee while Incarcerated, and payments for full months after the death of the Enrollee.

(2) The MCO shall not assert any claim for, seek the payment of, or make any adjustment for any alleged underpayment made by the STATE to the MCO more than one (1) year after the date such payment was actually received by the MCO from the STATE. The MCO must have filed a timely appeal of risk factors under section 4.1.8 in order to assert any claims regarding risk adjusted payments.

(3) Notice. The parties shall notify each other in writing of intent to assert a claim under this section.

4.7 Compliance Related to All Payments.

4.7.2 CMS Approval of Contract. Approval of the Contract by CMS is a condition for Federal Financial Participation. If CMS disapproves the rates in the Payment Appendices, and CMS and the STATE subsequently agree upon revised rates that are actuarially sound:

(A) The STATE shall adjust MCO payments to bring previous payments in line with rates agreed upon by the STATE and CMS. When possible, a recovery for an overpayment or payment due because of an underpayment shall be offset against or added to future payments made according to section 4.1 of this Contract.

(B) For the remainder of the contract term the contract shall be amended, with rates agreed upon by the STATE and CMS, pursuant to Article 19 of this Contract.

4.7.3 Payment of Clean Claims. The MCO shall promptly pay all Clean Claims, and interest on Clean Claims, when applicable, whether provided within or outside the Service Area of this Contract consistent with 42 USC §1395(h)(c)(2)); 42 USC §1395u(c)(2); and 42 USC §1396a (a)(37); 42 CFR Parts 447.45 and 447.46; and Minnesota Statutes, §§256B.69, subd. 6, clause (b), 16A.124 and 62Q.75.

4.8 Other Payments.

4.8.1 Payment for Health Care Home Care Coordination; Variance.

(A) The MCO shall pay a care coordination fee to Providers for qualified Enrollees of a certified Health Care Home within the MCO Provider network, unless the MCO is using an alternative comprehensive payment arrangement. The fee schedule for Health Care
Homes must be stratified according to the stratification criteria developed by the STATE, pursuant to Minnesota Statutes § 256B.0751 et seq. In addition:

(1) If a clinic or clinician is a certified Health Care Home and the MCO has an alternative comprehensive payment arrangement that includes care coordination and is tied to outcome measures related to patient health, patient experience and cost effectiveness with that clinic or clinician, then upon documentation in accordance with section 3.6.2(K)(2) of the alternative comprehensive payment arrangement and its proposed performance and outcome measures, the STATE will provide a variance from the stratified fee schedule in 4.8.1(A) above and from any additional Health Care Home care coordination fee.

(2) The MCO is not required to pay both a Health Care Home care coordination fee and a fee based on a more comprehensive payment arrangement.

4.8.2 Integrated Health Partnerships Demonstration.

(A) The MCO and the STATE will participate in a shared savings and losses payment methodology through the Integrated Health Partnerships (IHP) Demonstration with the STATE’s contracted IHP Entities in the MCO’s provider network, in accordance with Minnesota Statutes, § 256B.0755.

(B) The STATE will provide the MCO with the following information:

(1) A list of the STATE’s contracted IHP Entities no later than thirty (30) days after the IHP contracts take effect.

(2) Data identifying the MCO’s Enrollees that are attributed to a particular IHP Entity at that time. Attribution is determined by the number of visits with a Primary Care or Specialty Provider for evaluation and maintenance (E&M) codes or certified Health Care Home for care coordination codes based on twelve (12) months of FFS and encounter claims history. The attribution data will include the Enrollee’s PMI number, Enrollee name, and attribution by IHP Entity. Attribution data identifying the attributed population will be provided to the MCO:

(a) Quarterly,

(b) After the calculation of the base period in the second quarter of the IHP performance period for dates of service from January 1 through December 31 of the year prior to the first IHP performance period, and

(c) After the calculation of the interim payment in the second quarter of the year after each performance period and the final payment which occurs no later than fifteen (15) months after the end of each performance period based on dates of service from January 1 through December 31 for each performance period. Additionally, the STATE will provide the MCO with a quarterly report of the attribution list of the MCO’s enrollees, no later than the 15th (fifteenth) day of the month following the end of the quarter. In the second quarter of the first IHP
performance period the MCO will receive the attribution data after the calculation of the base period.

(3) The STATE will provide:

(a) Information on the total cost of care for the MCO’s attributed Enrollees, including an estimate of the IHP settlement(s) no later than ten (10) days after the end of the Contract Year; and

(b) Subsequently, the STATE will calculate an interim payment and a final payment for the performance periods. The base period total cost of care (TCOC) adjusted for trend and change in risk score from the base period, and the performance period risk score, will determine the interim and final adjusted targets respectively. The respective targets will then be compared to the respective interim and final IHP actual observed performance period TCOC to calculate the interim and final payments and ensure that the IHP has met a two percent (2%) minimum performance threshold.

(4) The STATE will notify the MCO in writing of the shared savings for the interim and final payments to be paid to the IHP Entity or Entities; such information shall be held by the MCO as confidential and requests for release of such information and related data shall be referred to the STATE. The MCO shall issue payment to the IHP Entity as identified by the STATE within thirty (30) days from the date of the notification from the STATE.

(C) The STATE will use encounter data and financial data provided by the MCO under sections 3.6.1 and 3.6.2(F), in determining TCOC. The MCO must ensure the timeliness, accuracy and completeness of the data submitted and shall comply with any actions taken to correct identified issues regarding the data submissions.

(D) If the MCO fails to make the interim or final payments within the time period established by the STATE, the STATE will take appropriate action in accordance with sections 5.5 and 5.6 of the Contract.

(E) The STATE will review information provided by the MCO and consider adjustments to the 2017 IHP final targets to reflect reasonably measurable and validated cost reductions from 2015 to 2016 as included in the 2016 MCO price bids.

(F) The STATE will provide the MCO with bi-annual reporting that reflects the costs of the MCO's Enrollees included in an IHP Entity's attributed population relative to the IHP Entity's financial target. This may include, but is not limited to, per member per month costs by service category and risk information.

4.8.3 Provider Incentive Payments. The STATE may make payments for certain Provider incentive programs pursuant to section 7.11.

Coverage will begin at 12:00 a.m. on January 1st and end at 11:59:59 p.m. (Central Standard Time) on the Termination Date unless this Contract is: 1) terminated earlier pursuant to section 5.2; or 2) extended through: a) an amendment pursuant to section 19.1, or b) automatic renewal pursuant to section 5.1.1; or 3) replaced by a Renewal Contract pursuant to section 5.1.2.

5.1.1 Automatic Renewal. This Contract will renew for an additional one year term unless the MCO or the STATE provides notice of termination or non-renewal in accordance with this Article. If the Contract automatically renews for an additional one year term under the current terms pursuant to this section and without a Renewal Contract being entered into between the parties, the STATE shall pay the MCO the rates under this Contract in effect at the time of the automatic renewal, minus any legislated rate reductions. In addition, the Termination Date and Contract Year will advance by one calendar year, unless the MCO has provided the STATE with notice of non-renewal under section 5.2.1.

5.1.2 Renewal Contract. The Commissioner of Human Services shall have the option to either provide the MCO with a notice of non-renewal, or to offer to enter into negotiations for a renewal of this Contract on an annual basis, upon no less than one hundred and twenty (120) days’ written notice to the MCO. The MCO has the right to decline the offer to renew this Contract. If the MCO declines this offer, this Contract will automatically renew in accordance with section 5.1.1 unless the MCO or the STATE provides notice of termination or non-renewal. If the Parties negotiate and execute a Renewal Contract with the intent that it take effect upon the termination of this Contract on its original or modified Termination Date, this Contract will so terminate and the Renewal Contract will replace it upon the Renewal Contract’s effective date.

5.1.3 Notice of County-Based Purchasing. After the STATE approves any new counties for County-Based Purchasing, the STATE shall provide the MCO with no less than one hundred and eighty (180) days written notice of intent to remove any counties from the MCO’s Service Area.

The MCO shall have sixty (60) days to cure the breach or deficiency from the date it receives the notice of breach or deficiency, unless a longer period is mutually agreed upon to cure the breach if the breach can be cured. In urgent situations, as determined by the STATE, the STATE may establish a shorter time period to cure the breach. The STATE has determined the deficiencies in section 5.6(D) below cannot be cured.

       providers.

   (2) The MCO will have ten (10) business days to explain the reasoning for the
       payments. If after reviewing the MCO’s explanations, the STATE confirms the
payments are inappropriate, the MCO will be held in breach with an opportunity to cure.

(3) If the cure does not rectify noncompliance, including action to prevent repeated breaches, then the $5,000 per Enrollee per occurrence will be imposed.

(F) Suspension of all new enrollment including default enrollment after the date CMS or the STATE notifies the MCO of a determination of a violation of §§ 1903(m) or 1932 of the Social Security Act, until such time as the breach is corrected to the satisfaction of the STATE.

The MCO may request the recommendation of a three (3) person mediation panel within five (5) business days of receiving notice of a remedy or sanction, or a notice of termination under section 5.2.2 or 5.2.3 from the STATE. The mediation panel shall meet, accept both written and oral argument as requested, and make its recommendation within fifteen (15) days of receiving the request for recommendation unless the parties mutually agree to a longer time period. 6.1.3 Early Intensive Developmental and Behavioral Intervention (EIDBI) Services. EIDBI provides a range of individualized, medically necessary, intensive developmental and behavioral interventions to address or treat, in a comprehensive manner, the functional skills and core deficits of autism spectrum disorder (ASD) and other related conditions that cause persistent, clinically significant impairment in social communication and behavioral interaction and other areas of functional development for which this service is medically appropriate. Skill development focuses on the following domains: social/interpersonal interactions, verbal and non-verbal communication, cognition, learning and play, adaptive/self-help skills, and behavioral self-regulation. Services must be provided directly to the child, or on behalf of the child, by training the parents/caregivers.

Both fee-for-service and managed care will provide an EIDBI benefit for children up to age twenty-one (21) who meet the medical necessity criteria for EIDBI services. Services are provided by qualified providers identified by the STATE to both children and their families.

(A) The MCO and its Providers must use the same procedure codes, modifiers, and units of service, and pay no less than the fee-for-service rates for EIDBI Services as published by the STATE on its public website.
(B) EIDBI Services must be provided by qualified EIDBI providers identified by the STATE and include:

(1) Comprehensive Multi-Disciplinary Evaluation (CMDE). A CMDE must be completed by a qualified CMDE provider who is a licensed mental health professional identified by the STATE to determine medical necessity of EIDBI services and must include:

(a) Medical information from a licensed physician or advanced practice nurse;

(b) Assessment of the child's degree of severity of core features of ASD and related conditions, as well as other areas of functional development including cognitive, learning and play, social/personal interaction, verbal and non-verbal communication, adaptive, self-help, behavioral self-regulation, and motor development;

(c) Review and incorporation of the diagnosis and other related assessment information from other qualified professionals, including information gathered from family members, child care providers, as well as any medical or assessment information from other licensed professionals working with the child such as the child’s rehabilitation therapists, licensed school personnel, or other mental health professionals;

(d) Identification of current services the child is receiving and integration into the CMDE recommendations;

(e) Identification of and referral to other needed services;

(f) Identification of parent/caregiver preferences and family culture, language, goals and values;

(i) Coordination of summary care conferences including the initial CMDE medical necessity summary conference and re-evaluation conference; and

(j) Determination of how frequently to monitor the child’s progress if monitoring is required more frequently than every six (6) months.

(2) Individual Treatment Plan (ITP) development and monitoring developed by the qualified supervising professional with input from a Level I professional. The Qualified Supervising Professional (QSP) coordinates and integrates information from the CMDE process to develop the ITP and assumes full responsibility for ITP development and the services provided by Level I, II and III providers.
(3) Approved EIDBI Interventions.

(a) Applied Behavioral Analysis (ABA). ABA is a set of rigorous, data-driven practices grounded in behavioral science that is dedicated to improving the human condition by making changes in environmental conditions and which result in socially meaningful improvements. ABA looks at factors in a person’s environment that undermine success, and then carefully changes those factors to teach different and more appropriate ways of responding. ABA focuses on increasing positive, useful behaviors while decreasing negative or harmful behaviors that interfere with learning. ABA may use a combination of treatment approaches including Discrete Trial Training, Pivotal Response Training and Verbal Behavior Intervention.

(b) Developmental Individualized Relationship-based (DIR/Floortime). The Developmental, Individual Difference, Relationship-based (DIR/Floortime®) Model is a comprehensive framework which enables clinicians to conduct a comprehensive assessment and develop a program tailored to the unique challenges and strengths of children with autism spectrum disorder and other developmental challenges. Central to the this model is the role of the child’s natural emotions and interests which has been shown to be essential to build successively higher levels of social, emotional, and intellectual capacities. The approach creates opportunities for emotionally meaningful learning exchanges that encourage learning and mastery of critical developmental abilities including the ability to attend and remain calm, engage and relate to others, initiate and respond to communication, engage in shared social problem-solving and think and play creatively and flexibly. This model emphasizes the critical role of parents because of the importance of their emotional relationships with the child.

(c) Early Start Denver Model (ESDM). ESDM is a comprehensive behavioral early intervention approach for children with autism, ages 12 to 48 months. The program encompasses a developmental curriculum that defines the skills to be taught at any given time and a set of teaching procedures used to deliver this content. It can be delivered by therapy teams and/or parents in group programs or individual therapy sessions in either a clinic setting or the child’s home. This early intervention program integrates a relationship-focused developmental model with the well-validated teaching practices of Applied Behavior Analysis (ABA). Its core features include the following; naturalistic applied behavioral analytic strategies, grounded in typical developmental sequences, deep parental involvement, focus on interpersonal exchange and positive affect, shared engagement with joint activities, and language and communication taught inside a positive, affect-based relationship.

(d) PLAY Project. The PLAY Project is an evidence-based, parent-mediated intervention for young children with autism spectrum disorder and their families. Process of coaching families and providing oral and written feedback that meets standards for intensive early intervention. The principles, methods and techniques of the PLAY Project emphasize the child’s readiness or following the child’s lead.
as a means for improving social impairment, a core deficit of autism spectrum
disorder. Professionals coach parents to build a joyous, engaged relationship with
their child with autism spectrum disorder. Parents/caregivers learn techniques and
activities so they can support their child’s social-emotional growth during
everyday activities. This approach empowers parents and gives children
intervention at a high intensity level.

(e) Relationship Development Intervention (RDI). RDI is a family-based,
behavioral treatment designed to address autism’s core symptoms. It builds on the
theory that “dynamic intelligence” or the ability to think flexibly is key to
improving quality of life for individuals with autism. This includes appreciating
different perspectives, coping with change and integrating information from
multiple sources (e.g. sights and sounds). RDI aims to help individuals with
autism form personal relationships by gradually strengthening the building blocks
of social connections. This includes the ability to form an emotional bond and
share experiences

(4) Observation and Direction. Clinical direction and oversight by a qualified EIDBI
provider to a lower level provider. The qualified provider delivers face-to-face
observation and direction to a lower level provider regarding developmental and
behavioral techniques, progress measurement, data collection, function of
behaviors, and generalization of acquired skills for each child. This service is for
the direct benefit of the child and provides a real time response to the EIDBI
intervention to maximize the benefit for the child. It also informs any
modifications needed to the methods to be implemented to support the
accomplishment of outcomes in the Individual Treatment Plan.

(5) Family/Caregiver Training and Counseling, including specialized training and
education provided to a family/caregiver to assist with the child’s needs and
development, instruct and train the family/caregivers on the child’s development
status, and provide techniques and strategies to promote the child’s development.

(6) Coordinated Care Conference, designed to bring together the team of
professionals that work with the child and family to develop and coordinate the
implementation of the individual treatment plan (ITP) and assure that services are
coordinated and integrated across providers and service delivery systems.

(7) Telemedicine services pursuant to Minnesota Statutes, § 256B.0625, subd. 3b.
EIDBI services that are otherwise covered as direct face-to-face services may be
provided via two-way, interactive video if medically appropriate to the condition
and needs of the Enrollee: CMDE, observation and direction, coordinated care
conference and family/caregiver training and counseling.

(C) EIDBI is provided in the most integrated and inclusive setting possible that supports,
promotes and allows:
(1) Inclusion and participation in the child's home and community life to the fullest extent possible as desired by and determined medically appropriate to the age, condition, and needs of the child by their legal representative in collaboration with a QSP and through the CMDE process;

(2) Opportunities for self-sufficiency, developing and maintaining social relationships and natural supports, and generalization of targeted skills across people and environments; and

(3) A balance between risk and opportunity, meaning the least restrictive supports or interventions necessary are provided in the most integrated settings in the most inclusive manner possible.

(D) EIDBI does not include services provided by a parent, legal guardian or legally responsible person.

(E) EIDBI does not include or replace academic goals and objectives that otherwise are provided through the child’s individual education plan or individual family service plan as required under the Individual with Disabilities Education Improvement Act of 2004.

6.1.4 Cancer Clinical Trials. Routine care that is provided through the administration or performance of items or services that are: 1) required as part of the protocol treatment in a high-quality cancer Clinical Trial; 2) usual, customary and appropriate to the Enrollee’s condition; and 3) would be typically provided to that Enrollee when cared for outside of a cancer Clinical Trial, including those items or services needed for the prevention, diagnosis or treatment of adverse effects and complications of the protocol treatment, are covered.

6.1.5 Care Management Services. The MCO shall be responsible for the Care Management of all Enrollees. The MCO’s Care Management system must be designed to coordinate the provision of primary care and all other Covered Services to its Enrollees and must promote and assure service accessibility, attention to individual needs, continuity of care, comprehensive and coordinated service delivery, the provision of culturally appropriate care, and fiscal and professional accountability. At a minimum, the MCO’s Care Management system must incorporate the following elements:

(A) Procedures for the provision of an individual needs assessment, diagnostic assessment, the development of an individual treatment plan as necessary based on the needs assessment, the establishment of treatment objectives, the monitoring of outcomes, and a process to ensure that treatment plans are revised as necessary. These procedures must be designed to accommodate the specific cultural and linguistic needs of the MCO’s Enrollees.

(B) A strategy to ensure that all Enrollees and/or authorized family members or guardians are involved in treatment planning and consent to the medical treatment.

(C) A method for coordinating the medical needs of an Enrollee with his or her social service needs. This may involve working with Local Agency social service staff or with the various community resources in the county. Coordination with the Local Agency...
social service staff will be required when the Enrollee is in need of the following services:

(1) Pre-petition screening, preadmission screening or Home and Community-Based services;

(2) Child protection;

(3) Court ordered treatment;

(4) Developmental disabilities;

(5) Assessment of medical barriers to employment; or

(6) SMRT or social security disability determination.

(7) It may also involve working with Local Agency social service staff or county attorney staff for Enrollees who are the victims or perpetrators in criminal cases. If the MCO determines that an assessment is required in order for the Enrollee to receive Covered Services related to these conditions, the MCO is responsible for payment of the assessments, unless the requested assessment has been paid for by an MCO within the previous one hundred and eighty (180) days.

(D) Procedures and criteria for making referrals to specialists and sub-specialists.

(E) Capacity to implement, when indicated, Care Management functions such as: 1) individual needs assessment, including screening for special needs (e.g. mental health and/or chemical dependency problems, developmental disability, high risk health problems, difficulty living independently, functional problems, language or comprehension barriers); 2) individual treatment plan development; 3) establishment of treatment objectives; 4) treatment follow-up; 5) monitoring of outcomes; or 6) revision of treatment plan. A service update may substitute for an in-person assessment when there is no significant change in the Enrollee’s condition or a change in the need for PCA services.

i) Upon the implementation of MnCHOICES assessment under Minnesota Statutes § 256B.0911, the Local Agency will perform assessments for PCA Services for MCO Enrollees. The Local Agency will be reimbursed by the STATE.

(e) MCO Authorization of PCA Services. The MCO is responsible for reviewing the PCA Assessment and Service Plan, and authorizing the amount, duration and frequency of the PCA services, as determined by the Assessment.

   i) If the MCO authorization requires changes to the PCA Assessment and Service Plan due to a reassessment required under Minnesota Statutes, § 256B.0659, subd. 3a, to avoid duplication of services, or due to an Enrollee’s request, the MCO is responsible for ensuring that the PCA provider, Primary Care Physician and Enrollee are notified of this change in writing. The MCO must assure that the Provider and the Enrollee are notified in writing of the updated written service plan, including reasons for any changes.

   ii) The MCO shall direct the Provider to adjust the plan of care to reflect changes in i) above and to provide an updated care plan to the Enrollee.

(f) MCO Authorizations Continue after Disenrollment. The MCO must cooperate with provisions under Minnesota Statutes, § 256B.0652 subd. 14, (5) for extension of authorizations of PCA services for Enrollees who are temporarily disenrolled from the MCO, and Enrollees who return to the MCO.

   i) If an Enrollee in managed care experiences a temporary disenrollment from the MCO, the DHS FFS system shall accept the current MCO authorization for up to sixty (60) days, provided the request was received within the first thirty (30) days of disenrollment.

   ii) If the re-enrollment in managed care is after sixty (60) days and before ninety (90) days, the PCA provider must request an additional thirty (30) day extension of the current MCO authorization.

   iii) An MCO authorization is valid in the FFS system for a total limit of ninety (90) days from the date of disenrollment.

The MCO must ensure that PCA Providers keep specific documentation on file for each Enrollee, pursuant to § 256B.0659, subds. 12 and 28, including but not limited to a service plan, care plan and timesheets.
PCA services are not covered when the owner of a PCPA who is not related by blood, marriage or adoptions owns or otherwise controls the living arrangement, pursuant to Minnesota statute, § 256B.0659, subdivisions 3b and 29.

2. Landlord actively markets one or more PCA providers to its residents;

3. Landlord places any restrictions on residents based on their MHCP enrollment status, amount of service authorized or the PCA provider used;

4. Landlords provide incentives, such as discounts in rent or higher personal needs allowances, to recipients of one or more PCA services;

5. Living arrangement is made contingent upon the need for or authorization of PCA services; or

6. Recipient needs to move in order to choose a new PCA provider.

(j) PCA Options. (k) Responsible Party. The MCO must have mechanisms in place to ensure that PCA providers require that responsible parties meet the definitions outlined in Minnesota Statutes, § 256B.0659 subd. 9, as amended, and that they carry out their duties as required under § 256B.0659, subd. 10, including that the responsible party enter into a written agreement with the PCPA using the “PCA Program Responsible Party Agreement and Plan” (DHS form #5856, provided by the STATE).

(l) Ineligible PCAs. If the STATE provides the MCO notice that an individual is ineligible to participate as a PCA in the Minnesota Health Care Programs, the
MCO will ensure that funds received by the MCO from the STATE are not used to pay the individual for PCA services.

(m) PCA Qualifications. MCOs must make reasonable efforts to assure that PCAs are in compliance with Minnesota Statutes, § 256B.0659, subd. 11, as amended. This compliance includes but is not limited to the PCA being:

ii) Supervised by a QP according to section 6.1.18(A)(5) below; and

The STATE shall provide to the MCO on a monthly basis a report identifying an individual PCA who has exceeded the monthly 275 hour limit. The report will provide how many units of service exceeded 275 hours for that PCA in that month. The MCO must reprocess the original claim and take back the reimbursement for service provided above the 275 hour limit. The MCO will also submit either a void or replacement encounter claim for action taken on the original claim.

(n) PCPA Qualifications; Enrollee Right to Choose. MCOs must make reasonable efforts to assure that PCPAs are in compliance with Minnesota Statutes, § 256B.0659, subdivision 21. This compliance includes (but is not limited to) assurance by the MCO that the PCPA does not limit Enrollees’ right to choose service providers through restrictive agreements. This includes that the PCPA may not require its PCAs to

i) Agree not to work with any particular Enrollee, nor

ii) Agree not to work for another PCPA, after leaving the PCPA.

iii) The MCO must assure that the PCPA is not taking action on any such agreements or requirements regardless of the date signed.

(o) Requests for Assessments by PCA Providers. PCPAs and individual PCAs may not request initial PCA assessments. An Enrollee, a person with the authority to act on behalf of the Enrollee, or a Health Care Professional can request an initial assessment when there have been no PCA services provided or there has been a break in PCA services (for example, service agreement/authorization ended or there is a change in circumstances).

(5) Qualified Professional (QP) supervision of PCA services as described in Minnesota Statutes, § 256B.0659, subsd. 13 and 14. All PCAs must be supervised by a QP. The QP is responsible for assisting the Enrollee in developing a plan for use of the PCA time authorized and will assure how those hours are used throughout the month.
(6) Home Care Nursing Services, up to the limits established in Minnesota Statutes, § 256B.0654, subd. 2 and 2b, and § 256B.0652. (7) Therapy Services, including physical therapy, occupational therapy, speech therapy and respiratory therapy, up to the limits established in Minnesota Statutes, § 256B.0653 and Minnesota Rules, Part 9505.0390.

(8) Medical Equipment and Supplies, pursuant to section 6.1.24.

(B) Home care policy is in the Community-Based Services Manual (CBSM). The CBSM is the primary source of information related to home care services, and is found at http://www.dhs.state.mn.us/main/id_000402#

The MCO’s authorization process and criteria for any Home Care Services must be in a format specified by the STATE, and made available on the MCO’s website with a corresponding link on the DHS public website so it is accessible to Providers and Enrollees.

(E) Tribal Assessments and Service Plans. The MCO will accept the results of home care assessments, reassessments and the resulting service plans developed by tribal assessors for Tribal Community Members as determined by the tribe. Referrals to non-tribal providers for home care services resulting from the assessments must be made to providers within the MCO’s network. This applies to home care services requested by Tribal Community Members residing on or off the reservation.

(F) Use of Certified Assessors and Assessment. By a date determined by the STATE and with at least ninety (90) days’ notice, and provided required training has been made available to those the MCO has designated, the MCO is required to utilize DHS certified assessors and the STATE-approved assessment system for PCA and to identify need for other home care services as provided in Minnesota Statutes, § 256B.0911, subds. 2b and 2c.

(G) Sanctioned Home Health Care Agencies.

(1) In the event of a termination due to sanction under Minnesota Statutes, § 256B.064 or an MCO action, the MCO must make reasonable efforts to assure that home health care agencies have provided or will provide each Enrollee with a copy of the home care bill of rights under Minnesota Statutes, § 144A.44 at least thirty (30) days before terminating services to an Enrollee.
If a home health care agency determines it is unable to continue providing services to an Enrollee because of any action under Minnesota Statutes, § 256B.064, the home health care agency must notify the MCO, the Enrollee, the Enrollee’s responsible party if applicable, and the STATE thirty (30) days prior to terminating services to the Enrollee. The MCO and home health care agency must cooperate in supporting the Enrollee in transitioning to another home health care provider of the Enrollee’s choice within the MCO’s network.

In the event of a sanction of a home health care agency, a suspension of participation, or a termination of participation of a home health care agency under Minnesota Statutes, § 256B.064 or from the MCO, the MCO must inform the Ombudsman for Managed Care for all Enrollees with care plans with the home health care agency. The MCO must contact Enrollees to ensure that the Enrollees are continuing to receive needed care, and that the Enrollees have been given choice of provider (within the MCO’s network) if they transfer to another home health care agency.

6.1.19 Hospice Services. Hospice services include services provided by a Medicare-certified hospice agency or, when a Medicare-certified hospice agency is not available, services that are equivalent to those provided in a Medicare-certified hospice agency. For the purposes of this section, “equivalent” means that the Enrollee will be provided with a hospice election process that is similar to the hospice election process used by a Medicare-certified hospice agency; and will be provided with the same choice and amount of services that would be available through a Medicare-certified hospice agency.

An Enrollee under age twenty-one (21) who elects to receive hospice services does not waive coverage for services that are related to the treatment of the condition for which a diagnosis of terminal illness has been made.

6.1.20 Inpatient Hospital Services. Coverage for Inpatient Hospitalization services shall not exceed the actual semi-private room rate, unless a private room is determined to be Medically Necessary by the MCO.

6.1.21 Interpreter Services. The MCO shall provide sign and spoken language qualified interpreter services, as defined in 45 CFR § 92.4, that assist Enrollees in obtaining services covered under this Contract, to the extent that interpreter services are available to the MCO or its subcontractor when services are delivered. The intent of the limitation, above, is that the MCO should not delay the delivery of a necessary health care service, even if through all diligent efforts, no interpreter is available. This does not relieve the MCO from using all diligent efforts to make interpreter services available. The MCO is not responsible to provide interpreter services for services provided through fee-for-service.

(A) Coverage for face-to-face oral language interpreter services shall be provided only if the oral language interpreter used by the MCO is listed in the registry or roster established under Minnesota Statutes, § 144.058. Interpreter services shall be provided to the Enrollee at no cost.
(B) The MCO is not required to provide an interpreter for activities of daily living in residential and institutional facilities. The MCO is responsible to provide an interpreter for medical services provided by the MCO outside of residential facilities and the per diem institutional facilities under this Contract.

6.1.22 Laboratory, Diagnostic and Radiological Services. Laboratory, diagnostic and radiological services are covered.

(A) Pursuant to 42 CFR § 438.114, Medical Emergency, Post-Stabilization Care and Urgent Care services must be available twenty-four (24) hours per day, seven days per week, including a 24-hour per day number for Enrollees to call in case of a Medical Emergency. Except at Critical Access Hospitals, visits to a hospital emergency department that are not an Emergency, Post-Stabilization care, or Urgent Care may not be reimbursed as Emergency or Urgent Care services. However, the MCO may reimburse such services as outpatient clinic services and may reimburse for a triage at a triage rate when only triage services are provided. The MCO shall not require an Enrollee to receive a Medical Emergency or Post-Stabilization Care service within the MCO’s network, as specified in section 6.20.1(B).

(B) For Medical Emergency services the MCO shall not:

1. Require Service Authorization as a condition of providing a Medical Emergency service;

2. Limit what constitutes a Medical Emergency condition based upon lists of diagnoses or symptoms;

3. Refuse to cover Medical Emergency services based upon the emergency department provider, hospital, or fiscal agent not notifying the MCO of an Enrollee’s screening and treatment within ten (10) calendar days of the Enrollee requiring Emergency Services;

4. Refuse to cover services if a representative of the MCO instructed the Enrollee to seek Medical Emergency services;

5. Hold the Enrollee liable for payment concerning the screening and treatment necessary to diagnose and stabilize the condition; or

6. Prohibit the treating Provider from determining when the Enrollee is sufficiently stabilized for transfer or discharge. The determination of the treating Provider is binding on the MCO for coverage and payment purposes.

6.1.24 Medical Equipment and Supplies. Medical equipment and supplies includes durable and non-durable medical supplies and equipment that provide a necessary adjunct to direct treatment of the Enrollee's condition. Covered medical supplies, equipment, including electronic tablets used as an augmentative and alternative communication system
as defined in Minnesota Statutes, §256B.0625, subd. 31(e) and appliances suitable for use in the home are those that are Medically Necessary and ordered by a physician. The MCO must comply with Minnesota Statutes, § 256B.0625, subd. 31 (b) and (c), in assuring that its contracted vendors of durable medical equipment are enrolled as a Medicare provider, unless exempted by the STATE pursuant to § 256B.0625, subd. 31 (b) and (c).

Replacement of lost, stolen or irreparably damaged hearing aids for an Enrollee who is twenty-one (21) years of age or older may be limited to two replacements in a five year period.

6. Protected transport for an Enrollee who has received prescreening that determines other forms of transportation inappropriate, and who requires a provider with a protected vehicle that is not an ambulance or police car and has safety locks, a video recorder, and a transparent thermoplastic partition between the passenger and the vehicle driver (as defined in Minnesota Statutes, § 256B.0625, subd. 17, (g)(6)); and

(A) The Local Agency shall remain responsible for reimbursing the Enrollee or the Enrollee’s driver for mileage to non-emergency Covered Services, and meals and lodging as necessary.

(B) The MCO shall not be responsible for providing NEMT when the Enrollee has access to private automobile transportation (not including Volunteer Drivers) to a non-emergency service covered under this Contract.

(C) The MCO shall not be responsible for providing NEMT when an Enrollee chooses a non-emergency Primary Care Provider that is located more than thirty (30) miles from the Enrollee’s home, or when an Enrollee chooses a Specialty Care Provider that is located more than sixty (60) miles from the Enrollee’s home, unless the MCO approves the travel because the non-emergency primary or specialty care required is not available within the specified distance from the Enrollee’s residence.

(D) The Local Agency shall provide NEMT to out-of-network providers of medical services located outside of Minnesota that have been approved by the MCO.

6.1.27 Mental Health Services. Mental health services shall be provided by qualified mental health professionals. (4) A non-Network Provider does not accept the MCO’s payment as payment in full.

(B) Providers may seek payment from an Enrollee for non-covered services (not otherwise eligible for payment), only under the circumstances described in Minnesota Statutes, § 256B.0625, subd. 55.

6.12 Geographic Accessibility of Providers. In accordance with Minnesota Statutes, § 62D.124, the MCO must demonstrate that its Provider network is geographically accessible to Enrollees in its Service Area. 6.13.7 Other Services. All other services not specified in this section shall meet the STATE’s Generally Accepted Community Standards or other applicable standards.

6.14 Around-the-Clock Access to Care. The MCO shall make available to Enrollees access to Medical Emergency Services, Post-Stabilization Care Services and Urgent Care on a twenty-four (24) hour, seven-day-per-week basis. The MCO must provide a twenty-four (24) hour, seven day per week MCO telephone number that is answered in-person by the MCO or an agent of the MCO. This telephone number must be provided to the STATE. The MCO is not required to have a dedicated telephone line.

6.15 Serving Minority and Special Needs Populations. The MCO must offer appropriate services for the following special needs groups. Services must be available within the MCO or through contractual arrangements with Providers to the extent that the service is a Covered Service pursuant to this Article.

(J) Children and Adolescents, including Children with SED and Children involved in the Child Protection System. Services for these groups include services specific to the needs of these groups, such as day treatment, home-based mental health services, and inpatient services. The services which the MCO delivers must be: 1) provided in the least restrictive setting; 2) individualized to meet the specific needs of each child; and 3) designed to provide early identification and treatment of mental illness. (L) American Indians. Services for this group include culturally appropriate services rendered by Providers with special expertise in the delivery of services to the various tribes.

6.16 Client Education. The MCO will ensure that Enrollees are advised of the appropriate use of health care and the contributions they can make to the maintenance of their own health.
6.17 Direct Access to Obstetricians and Gynecologists. Pursuant to Minnesota Statutes, § 62Q.52, the MCO shall provide Enrollees direct access without a referral or Service Authorization to the following obstetric and gynecologic services: 1) annual preventive health examinations and any subsequent obstetric or gynecologic visits determined to be Medically Necessary by the examining obstetrician or gynecologist; 2) maternity care; and 3) evaluation and necessary treatment for acute gynecologic conditions or emergencies. Direct access shall apply to obstetric and gynecologic Providers within the Enrollee’s network or care system, including any Providers with whom the MCO has established referral patterns.

6.18 Services Received at Indian Health Care Providers.

6.18.1 Access to Indian Health Care Providers. American Indian Medical Assistance and MinnesotaCare Enrollees, living on or off a reservation, will have direct out-of-network access to IHCPs for services that would otherwise be covered under Minnesota Statutes, § 256B.0625, even if such facilities are not Network Providers. The MCO shall not require any Service Authorization or impose any condition for an American Indian to access services at such facilities.

6.18.2 Referrals from Indian Health Care Providers.

(A) When a physician in an IHCP facility refers an American Indian PMAP or MinnesotaCare Enrollee to a Network Provider for services covered under this Contract, the MCO shall not require the Enrollee to see a Primary Care Provider prior to the referral.

(B) The Network Provider to whom the IHCP physician refers the Enrollee may determine that services are not Medically Necessary or not covered.

6.18.3 Home Care Service Assessments. The MCO will comply with section 6.1.18(E) for requirements specific to Tribal Community Members and home care assessments.

6.18.4 Cost-sharing for American Indian Enrollees. The MCO shall cooperate in assuring that the IHCP and Providers providing IHS Contract Health Services (IHS CHS) through referral from IHS Facilities do not charge copayments to American Indians, pursuant to section 4.3.1(E) or 4.4.1(B). American Indian MinnesotaCare Enrollees who are enrolled members of federally recognized tribes pay no cost-sharing at any provider, pursuant to section 4.4.1(B)(1).

6.18.5 STATE Payment for IHS and 638 Facility Services. The STATE shall pay IHS and 638 facilities directly for services provided to American Indian Enrollees under this Contract. The STATE shall send an electronic report of the American Indians enrolled in the MCO on a monthly basis, as part of the enrollment data, using the most complete and accurate means available to the STATE. The STATE shall provide the MCO with a statement of encounters by Enrollees electronically, on a quarterly basis, by the 15th day of the month following the end of the calendar quarter, which shall describe the date of service, the recipient, and the diagnosis code.
6.18.6 Payment for IHCPs That Are Not IHS and 638 Facilities.

(A) In the event that an American Indian Enrollee of the MCO receives Covered Services from an Urban Indian Organization that is an FQHC, whether in or out of the MCO’s Provider Network, the MCO will process the claim consistent with section 3.7, above.

(B) In the case of an IHCP that is not an IHS or 638 Facility nor FQHC, and for IHS Contract Health Services, the MCO must

1. Pay for covered services (at Network or non-Network Providers) provided to American Indian Enrollees at a rate equal to the rate negotiated between the MCO and the Provider, or;

2. If such a rate has not been negotiated, the MCO must make payment at a rate that is not less than the level and amount of payment which the MCO would make if the services were furnished by a Network Provider that is not an IHCP; and

3. The MCO must make payment at a rate that is not less than the State Plan rate for the service.

4. Pursuant to Section 5006 (c) of the ARRA and 42 CFR § 447.57, the MCO must not reduce payments to Indian Health Care Providers or Providers providing IHS Contract Health Services (IHS CHS) for cost-sharing amounts not paid by eligible American Indian Enrollees under the exceptions in sections 4.3.1(E) and 4.4.1(B). The MCO must ensure refunds to Enrollees of cost-sharing collected in error.

6.18.7 Cooperation. The MCO agrees to work cooperatively with the STATE, other MCOs under contract with the STATE, and tribal governments to find mutually agreeable mechanisms to implement this section including, but not limited to, a common notification form by which tribal governments may report referrals to the MCO.

6.19 Service Authorization and Utilization Review.

6.19.1 General Exemption for Medicaid Services. The MCO is exempt from

(A) STATE Service Authorization requirements at Minnesota Rules, Part 9505.5000 through 9505.5105, except for chiropractic services at section 6.1.8 and the dental services in section 6.1.14(D)(1) through (3);

(B) Second surgical opinion procedures at Minnesota Rules, Part 9505.5000 through 9505.5105; and

(C) Certification for admission requirements at Minnesota Rules, Parts 9505.0501 through 9505.0540.

6.19.2 Medical Necessity Standard. The MCO may require Service Authorization for services, except for Medical Emergency Services and other services described in section
6.20.1. Service Authorization shall be based on Medical Necessity, pursuant to section 2.84. In the case of mental health services, Service Authorization shall also be based on Minnesota Statutes, § 62Q.53, and for CD services, Minnesota Rules, Parts 9530.6600 through 9530.6655.

6.19.3 Utilization Review. The MCO, and if applicable its subcontractor, must have in place and follow written policies and procedures for utilization review that: 1) reflect current standards of medical practice in processing requests for initial or continued Service Authorization of services; and 2) meet the requirements specified in Minnesota Statutes, §§ 62M.05 and 62M.09. The MCO’s policies and procedures shall ensure the following:

(A) Consistent application of review criteria for authorization decisions;

(B) Consultation with the requesting Provider when appropriate;

(C) Decisions to deny an authorization request or authorize it in an amount, duration, or scope that is less than requested must be made by a Health Care Professional who has appropriate expertise in addressing the Enrollee's medical, behavioral health, or long-term services and supports needs; and

(D) Notification to the requesting Provider and written notice to the Enrollee of the MCO’s decision to deny or limit the request for services in accordance with section 8.3.

6.19.4 Denials Based Solely on Lack of Service Authorization. Pursuant to Minnesota Statutes, § 62D.12, subd. 19, the MCO shall not deny or limit coverage of a service which the Enrollee has received solely on the basis of lack of Service Authorization, to the extent that the service would otherwise have been covered by the MCO had Service Authorization been obtained.

6.20 Out of Network and Transition Services.

6.20.1 Out of Network Services. The MCO shall cover Medically Necessary Out of Network or Out of Service Area services received by an Enrollee when one of the following occurs:

(A) The Enrollee requires Medical Emergency Services.

(B) The Enrollee requires Post-Stabilization Care Services to maintain, improve or resolve the Enrollee’s condition. The MCO shall continue coverage until: 1) an MCO Provider assumes responsibility for the Enrollee’s care; 2) the MCO reaches an agreement with the treating Provider concerning the Enrollee’s care; 3) the MCO has contacted the treating Provider to arrange for a transfer; or 4) the Enrollee is discharged.

(C) The Enrollee is Out of Service Area and requires Urgent Care; or

(D) The Enrollee is Out of Network or Out of Service Area and in need of non-emergency medical services that are or have been prescribed, recommended, or are currently being provided by a Network Provider. The MCO may require Service
Authorization. When the Enrollee is authorized for Out of Network care or Out of Service Area care, the MCO shall reimburse the non-Network Provider for such services pursuant to section 6.20.3.

(E) The Enrollee moves out of the Service Area and this change is entered on MMIS after the Cut-Off Date, and a payment has been or will be made to the MCO for coverage for the Enrollee for that same or next month. The MCO shall reimburse the Medical Assistance FFS rate or billed charges, whichever is less, any services provided by non-Network Providers to the Enrollee during the balance of the month or the month after which the Enrollee has moved and for which the MCO received a capitation payment from the STATE. The MCO may condition reimbursement of these Out of Network services on the Enrollee’s requesting MCO approval or Service Authorization to receive such services except for services needed to respond to a Medical Emergency.

(F) Pregnancy-related services the Enrollee receives in connection with an abortion, including, but not limited to, transportation and interpreter services.

6.20.2 Transition Services. In addition to the circumstances discussed in Minnesota Statutes, § 62Q.56, the MCO is responsible for care in the following situations.

(A) Services Previously Service Authorized. The MCO shall provide Enrollees Medically Necessary Covered Services that an Out of Network or Out of Service Area provider, another MCO, or the STATE had Service Authorized before enrollment in the MCO. The MCO may require the Enrollee to receive the services by an MCO Provider, if such a transfer would not create undue hardship on the Enrollee and is clinically appropriate. Transition services relating to orthodontia care, mental health services, at-risk pregnancy services, and chemical dependency services are covered as described in the below paragraphs of this section. See also section 6.1.18(A)(4)(f) above for authorizations of PCA services.

(B) Orthodontia Care. The MCO shall provide, for Medical Assistance or MinnesotaCare/Medical Assistance Child Enrollees, orthodontia care if: 1) an Out of Network or Out of Service Area provider or the STATE has Service Authorized such care; 2) the care falls under an established plan of care; and 3) the care plan has a definitive end date. Payment to the prior Provider must be at least equivalent to the STATE Medical Assistance FFS rate for orthodontia care (or billed charges, whichever is less). In the alternative, the MCO may transfer the Enrollee to an MCO Provider, if such a transfer would not create undue hardship on the Enrollee, and is clinically appropriate.

(C) At Risk Pregnancy. When the Beneficiary enrolls in the MCO while in her third trimester of pregnancy, and her non-Network physician has reported her pregnancy to be at-risk on a standardized prenatal assessment, the MCO must authorize the care by non-Network Providers for services related to prenatal care and delivery, including Inpatient Hospitalization costs for the mother and Child. The MCO need not authorize payment for services by a non-Network Provider if the non-Network Provider does not accept from the MCO the Medical Assistance rate that would be paid if the Enrollee was not
enrolled in the MCO. As a condition of payment, the MCO must require the non-
Network Provider to agree in writing to refrain from billing the Enrollee for any portion
of the cost of the authorized service. The MCO may not offer a non-Network Provider
less than the comparable Medical Assistance FFS payment (or billed charges,
whichever is less). The MCO is not responsible for additional Out of Network care for
the mother and Child after discharge from the hospital.

(D) Chemical Dependency Services. The MCO shall be responsible for CD treatment,
excluding room and board, effective upon the date of the Potential Enrollee’s enrollment
into the MCO. The MCO shall provide coverage for services that were authorized by
the CCDTF or any other STATE-contracted MCO prior to the Beneficiary’s enrollment
in the MCO, unless the MCO completes a new Rule 25 assessment or assessment
update, that identifies a different level of need for services.

(E) Mental Health Services. At the time of initial enrollment in PMAP, the MCO shall
consider the individual Enrollee's prior use of mental health services and develop a
transitional plan to assist the Enrollee in changing mental health Providers, should this
be necessary, and to develop a plan to assure continuity of care for any Enrollee or
family who is receiving ongoing mental health services. The MCO shall also develop a
transitional plan for Children who have previously been excluded from PMAP because
they have been involved in the Child protection system, placed in foster care, diagnosed
with SED, or placed in a juvenile corrections facility. While excluded from PMAP, a
treatment regimen may be initiated for Children who are assessed as having behavioral
or other mental health problems. However, because the duration of the exclusion from
PMAP will vary from one Child to the next, some of these Children may be enrolled in
the MCO before their treatment program is completed. As part of this transition plan,
the MCO should have a process to assure proper communication and coordination
between the Local Agency social services agency and the MCO regarding the specific
needs of each Child.

(F) Enrollee Change of MHCP. The MCO shall continue coverage if:

(1) the Enrollee was enrolled with the MCO in the same county, but under another
STATE-MCO contract;

(2) the MCO products do not have the same Network Providers; and

(3) the Enrollee chooses to receive services from the Network Providers from the
prior enrollment with the MCO. The MCO must notify any affected Enrollee of
his or her right to choose to remain with the original Network Providers.

(G) Pharmacy. Upon the Enrollee’s enrollment into the MCO, the MCO shall continue
payment of all drugs the Enrollee is taking under a current prescription, except for those
drugs being used for indications or at doses which are not supported by FDA approval or
other clinical evidence. This payment shall continue until such time as a transition plan
can be established by the MCO or ninety (90) days, whichever occurs first, and shall
apply to all those Enrollees who have identified themselves to the MCO or who have
been identified to the MCO by an appropriate representative as requiring such continuation.

6.20.3 Reimbursement Rate for Out of Network or Out of Service Area Care. When the Enrollee is authorized for Out of Network care or Out of Service Area care, the MCO shall reimburse the non-Network Provider for the Out of Network care or Out of Service Area care.

(A) Pursuant to § 6085 of the Deficit Reduction Act, the MCO may not reimburse more than the comparable Medical Assistance FFS rate for emergency services furnished by non-Network Providers.

(B) For all other services, pursuant to Minnesota Rules, Part 9500.1460, Subpart 11a, the MCO is not obligated to reimburse the non-Network Provider more than the comparable Medical Assistance or MinnesotaCare rate or its equivalent (or billed charges, whichever is less), unless another rate is required by law.

6.21 Residents of Nursing Facilities. If a medical service eligible for coverage under this Contract has been ordered by a participating physician or dentist for an Enrollee residing in a Nursing Facility, the MCO is responsible for providing the service and covering the cost of the service required by the physician’s or dentist’s order.

6.22 Timeframe to Evaluate Requests for Services.

6.22.1 General Request for Services. The MCO must evaluate all requests for services, either by Network Providers or Enrollees, within ten (10) business days of receipt of the request for services, pursuant to sections 6.19 and 8.1.2. The MCO must communicate its decision on all requests for services to the Enrollee or his or her Authorized Representative and the appropriate Provider as expeditiously as the Enrollee’s health condition requires, but no later than the timeframes in section 8.3.2.

6.22.2 Request for Urgent Services. If the need is for Urgent Care or for services appropriate to prevent institutionalization, the MCO must evaluate the request for services and communicate its decision to the Enrollee on all requests for services or his or her authorized representative and the appropriate Provider within an expedited time frame appropriate to the type of service and the need for service that has been requested by the Enrollee or requested on the Enrollee’s behalf. In no circumstance shall the review exceed seventy-two (72) hours.

6.22.3 Request for Mental Health and/or Chemical Dependency Services. The MCO must provide Mental Health and/or CD services in a timely manner. Enrollees requiring CD or mental health crisis intervention services should be seen immediately. Other Enrollees in need of mental health should have an appropriate assessment performed within two (2) weeks. For CD services, assessment timelines may not exceed the timeframes in Minnesota Rules, Part 9530.6615, subd. 1.

6.23 Access to Culturally and Linguistically Competent Providers. To the extent possible, the MCO shall provide Enrollees with access to Providers who are culturally and linguistically
competent in the language and culture of the Enrollee. For the purpose of this Contract, cultural and linguistic competence includes Providers who serve Enrollees who are deaf and use sign language or an alternative mode of communication.

(A) Providers. The MCO agrees to work towards increasing the Provider pool of culturally and linguistically competent Providers where there is an identified need, including but not limited to, participating in STATE efforts to increase the Provider pool of culturally and linguistically competent Providers, and participating in the STATE’s needs assessment process and related planning effort to expand the pool.

(B) Access. Nothing in this section shall obligate an MCO to contract or continue to contract with a Provider if the MCO has determined that it has sufficient access for Enrollees to culturally and linguistically competent Providers and/or if the Provider does not meet the MCO’s participation criteria, including credentialing requirements.

6.24 Public Health Goals. The MCO will collaborate with other managed care organizations on local public health community health assessments and the implementation of community health improvement plans as part of their responsibilities under “Collaboration Plan” as specified in Minnesota Statutes § 62Q.075, in order to align their public health priority areas with those of local public health agencies. The managed care organizations will develop mutual objectives related to collaborative public health priorities identified through various channels, such as the Local Public Health Association regions, the Center for Community Health and other local public health meetings.

Article 7 Quality Assessment and Performance Improvement.

7.1 Quality Assessment and Performance Improvement Program. The MCO shall provide an ongoing quality assessment and performance improvement program for the services it furnishes to all Enrollees, ensuring the delivery of quality health care.

The Quality Assessment and Performance Improvement Program must be consistent with federal requirements under Title XIX of the Social Security Act, 42 CFR § 438, subpart E, and as required pursuant to Minnesota Statutes, Chapters 62D, 62M, 62N, 62Q and 256B and related rules, including Minnesota Rules, parts 4685.1105 through 4685.1130, and applicable NCQA “Standards and Guidelines for the Accreditation of Health Plans” as specified in this Contract.

7.1.1 Scope and Standards. The MCO must incorporate into its quality assessment and improvement program the standards as described in 42 CFR § 438, subpart E (Quality Measurement and Improvement; External Quality Review). At least annually, the MCO must assess program standards to determine the quality and appropriateness of care and services furnished to all Enrollees. This assessment must include monitoring and evaluation of compliance with STATE and CMS standards and performance measurement.

7.1.2 Information System. The MCO must operate an information system that supports initial and ongoing operations and quality assessment and performance improvement program. The MCO must maintain a health information system that collects, analyzes, integrates, and reports data, and can achieve the following objectives:

(A) Collect data on Enrollee and Provider characteristics, and on services furnished to Enrollees;

(B) Ensure that data received from Providers is accurate and complete by:

   (1) Verifying the accuracy and timeliness of reported data;

   (2) Screening or editing the data for completeness, logic, and consistency; and

   (3) Collecting service information in standardized formats to the extent feasible and appropriate.

   (C) Make all collected data available to the STATE and CMS upon request.

7.1.3 Utilization Management. The MCO shall adopt a utilization management structure consistent with state and federal regulations and current NCQA “Standards and Guidelines for the Accreditation of Health Plans.” Pursuant to 42 CFR § 438.330(b)(3), this structure must include an effective mechanism and written description to detect both under- and over-utilization of services.

(A) Ensuring Appropriate Utilization. The MCO shall facilitate the delivery of appropriate care and monitor the impact of its utilization management program to detect and correct potential under- and over-utilization. The MCO shall:
(1) Choose the appropriate number of relevant types of utilization data, including one type related to behavioral health to monitor;

(2) Set thresholds for the selected types of utilization data and annually quantitatively analyze the data against the established thresholds to detect under- and over-utilization;

(3) Examine possible explanations for all data not within thresholds;

(4) Analyze data not within threshold by medical group or practice; and

(5) Take action to address identified problems of under- and over-utilization and measure the effectiveness of its interventions.

7.1.4 Special Health Care Needs. The MCO must have effective mechanisms to assess the quality and appropriateness of care furnished to Enrollees with special health care needs. If the MCO has in place an alternative mechanism(s), or is proposing a new mechanism(s) that meets or exceeds the requirements of section 7.1.4(A), the MCO must submit a written description to the STATE for approval. If the MCO’s mechanism(s) have been approved by the STATE and there has been a material change, the MCO must timely submit a revised description to the STATE for approval.

(A) Mechanism to Identify Persons with Special Health Care Needs. The MCO must identify Enrollees that may need additional services through method(s) approved by the STATE.

(1) The MCO must analyze claim data for diagnoses and utilization patterns (both under- and over-utilization) to identify Enrollees who may have special health care needs. At a minimum the MCO must quarterly analyze claim data to identify Enrollees eighteen (18) years and older for the following:

   (a) Prevention Quality Indicators as described in the “Guide to Prevention Quality Indicators: Hospital Admission for Ambulatory Care Sensitive Conditions” by AHRQ for bacterial pneumonia, dehydration, urinary tract infection, adult asthma, congestive heart failure, hypertension and chronic pulmonary disease;

   (b) Hospital emergency department utilization as determined by the MCO;

   (c) Inpatient utilization stays for the MCO’s identified key Minnesota Health Care Program diagnoses or diagnoses clusters;

   (d) Hospital readmission for the same or similar diagnoses as defined by the MCO within a timeframe specified by the MCO;

   (e) Individual Enrollee claims totaling more than one hundred thousand dollars ($100,000) per year; and

   (f) Home Care Services utilization as determined by the MCO.
(2) In addition to claims data, the MCO may use other methods, such as: 1) health risk assessment surveys; 2) performance measures; 3) medical record reviews; 4) Enrollees receiving PCA services; 5) requests for Service Authorizations; and/or 6) other methods developed by the MCO or its Network Providers.

(B) Assessment of Enrollees Identified. The MCO must implement mechanisms to assess Enrollees identified and monitor the treatment plan set forth by the MCO’s treatment team, as applicable. The assessment must utilize appropriate Health Care Professionals to identify any ongoing special conditions of the Enrollee that require a course of treatment or regular care monitoring.

(C) Access to Specialists. If the assessment determines the need for a course of treatment or regular care monitoring, the MCO must have a mechanism in place to allow Enrollees to directly access a specialist as appropriate for the Enrollee’s condition and identified needs.

(D) Annual Reporting to the STATE. The MCO shall incorporate into, or include as an addendum to, the MCO’s Annual Quality Assessment and Performance Improvement Program Evaluation (as required in section 7.1.8) a Special Health Care Needs summary describing efforts to identify Enrollees that may need additional services and the following items:

1. The number of Adults identified in section 7.1.4(A) with special health care needs;

In addition, attending Health Care Professionals may Appeal utilization review decisions at the MCO level without the written signed consent of the Enrollee in accordance with Minnesota Statutes, § 62M.06. An Appeal may be filed orally or in writing. The initial filing determines the timeframe for resolution.

(A) If the Appeal is filed orally, the MCO must assist the Enrollee, or Provider filing on behalf of the Enrollee, in completing a written signed Appeal.

(B) Once the oral Appeal is reduced to a writing by the MCO, and pending the Enrollee’s signature, the MCO:

1) May resolve the Appeal in favor of the Enrollee, regardless of receipt of a signature, or
(2) If no signed Appeal is received within thirty (30) days, the MCO may resolve the Appeal as if a signed appeal were received.

8.4.3 Timeframe for Resolution of Expedited Appeals.

(A) The MCO must resolve and provide written notice of resolution for both oral and written Appeals as expeditiously as the Enrollee’s health condition requires, but not to exceed seventy-two (72) hours after receipt of the Appeal.

(B) If the MCO denies a request for expedited Appeal, the MCO shall transfer the denied request to the standard Appeal process, preserving the first filing date of the expedited Appeal. The MCO must notify the Enrollee of that decision orally within twenty-four (24) hours of the request and follow up with a written notice within two (2) days.

(C) When a determination not to certify a health care service is made prior to or during an ongoing service, and the attending health care professional believes that an expedited Appeal is warranted, the MCO must ensure that the Enrollee and the attending health care professional have an opportunity to appeal the determination over the telephone. In such an Appeal, the MCO must ensure reasonable access to the MCO’s consulting physician as authorized by Minnesota Statutes § 62M.06, subd.2(a).

8.4.4 Timeframe for Extension of Resolution of Appeals. An extension of the timeframes of resolution of Appeals of fourteen (14) days is available for Appeals if the Enrollee requests the extension, or the MCO justifies both the need for more information and that an extension is in the Enrollee’s interest. The MCO must provide written notice to the Enrollee of the reason for the decision to extend the timeframe if the MCO determines that an extension is necessary. The MCO must issue a determination no later than the date the extension expires. The STATE may review the MCO’s justification.

8.4.5 Handling of Appeals.

(A) All oral inquiries challenging or disputing a DTR Notice of Action or any Action as defined in section 2.3 shall be treated as an oral Appeal and shall follow the requirements of section 8.4.

(C) The MCO must give Enrollees any reasonable assistance required in completing forms and taking other procedural steps, including but not limited to providing interpreter services and toll-free numbers that have adequate TTY/TDD and interpreter capability.
(D) The MCO must ensure that the individual making the decision was not involved in any previous level of review or decision-making.

(E) If the MCO is deciding an Appeal regarding denial of a service based on lack of Medical Necessity, the MCO must ensure that the individual making the decision is a Health Care Professional with appropriate clinical expertise in treating the Enrollee’s condition or disease, as provided for in Minnesota Statutes, §§ 62M.06, 62M.09 and 42 CFR § 438.406(a)(3)(ii).

(F) The MCO must provide the Enrollee with a reasonable opportunity to present evidence and allegations of fact or law, in person or by telephone as well as in writing. For expedited Appeal resolutions, the MCO must inform the Enrollee of the limited time available to present evidence in support of their Appeal.

(G) The MCO must provide the Enrollee, and his or her representative an opportunity, before and during the Appeals process, to examine the Enrollee’s case file including medical records and any other documents and records considered during the Appeal process.

(H) The MCO must include as parties to the Appeal the Enrollee, his or her representative, or the legal representative of a deceased Enrollee’s estate.

(I) The MCO must not take punitive action against a Provider who requests an expedited resolution or supports an Enrollee’s Appeal.

8.4.6 Subsequent Appeals. If an Enrollee Appeals a decision from a previous Appeal on the same issue, and the MCO decides to hear it, for the purposes of the timeframes for resolution, this will be considered a new Appeal.

8.4.7 Notice of Resolution of Appeal.

(A) The MCO must provide a written notice of resolution for all Appeals, and must include in the text of the notice: 1) the results of the resolution process and date it was completed; and 2) the Enrollee’s right to request a State Fair Hearing if the resolution was not wholly favorable to the Enrollee. The MCO must include with the notice a copy of the STATE’s Notice of Rights.

(B) For Appeals of Utilization Management (UM) decisions, the written notice of resolution shall be sent to the Enrollee and the attending Provider.

(C) The MCO must notify the Enrollee and attending Provider by telephone of its determination on an expedited appeal as expeditiously as the Enrollee’s medical condition requires, but no later than seventy-two (72) hours after receiving the expedited Appeal.

(D) If an Enrollee or attending Provider is unsuccessful in an appeal of the UM determination, the MCO must provide: 1) a complete summary of the review findings, 2) qualifications of the reviewer, 3) the relationship between the Enrollee’s diagnosis...
and the review criteria used, including the specific rationale for the reviewer’s decision, consistent with Minnesota Statutes, § 62M.06 subd. 3(e).

8.4.8 Reversed Appeal Resolutions. If a decision by an MCO is reversed by the Appeal process, the MCO must:

(A) Comply with the Appeal decision promptly and as expeditiously as Enrollee’s health condition requires; and

(B) Pay for any services the Enrollee already received that are the subject of the Appeal.

8.4.9 Upheld Appeal Resolutions. If the final resolution of the appeal is adverse to the Enrollee, that is the MCO decision is upheld, the MCO may recover the cost of the services furnished to the Enrollee while the appeal was pending, to the extent that the services were the subject of the appeal, pursuant to 42 CFR § 438.420(d).

9.13 Federal Audit Requirements and Debarment Information.

9.13.1 Single Audit Act. MCO will certify that it will comply with the federal procurement regulations as applicable. The MCO shall obtain a financial and compliance audit made in accordance with the Single Audit Act, and Code of Federal Regulations, title 2, subtitle A, chapter II, part 200, as applicable. Failure to comply with these requirements could result in forfeiture of federal funds.

9.13.2 Debarment, Suspension and Responsibility Certification. Federal Regulation 45 CFR § 92.35 prohibits the STATE from purchasing goods or services with federal money from vendors who have been suspended or debarred by the federal government. Similarly, Minnesota Statutes, § 16C.03, subd. 2, provides the Minnesota Commissioner of Administration with the authority to debar and suspend vendors who seek to contract with
the STATE. Vendors may be suspended or debarred when it is determined, through a duly authorized hearing process, that they have abused the public trust in a serious manner.

BY SIGNING THIS CONTRACT, MCO CERTIFIES THAT IT AND ITS PRINCIPALS:

(A) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from transacting business by or with any federal, state or local governmental department or agency; and

(B) Have not within a three-year period preceding this Contract: 1) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (federal, state or local) transaction or contract; 2) violated any federal or state antitrust statutes; or 3) committed embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; and

(D) Are not aware of any information and possess no knowledge that any subcontractor(s) that will perform work pursuant to this Contract are in violation of any of the certifications set forth above; and

(E) Shall immediately give written notice to the STATE should the MCO come under investigation for allegations of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local government) transaction; violating any federal or state antitrust statutes; or committing embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property.

9.14 Receipt of Federal Funds. The MCO will receive federal payments and is therefore subject to laws which are applicable to individuals and entities receiving federal funds. The MCO shall inform all related entities, contractors and/or subcontractors that payments they receive are, in whole or in part, from federal funds.

9.15 Restricted Recipient Program. The MCO shall place an Enrollee in the Restricted Recipient Program (RRP) for the conduct described in Minnesota Rules, Part 9505.2165.

9.15.1 Notice to Affected Enrollees. The MCO must notify Enrollees in writing if the Enrollee is to be placed in the RRP. The notice must be sent at least thirty (30) days prior to placement. The notice to the Enrollee must state:

(A) Placement in the RRP will not result in a reduction of services or loss of eligibility or disenrollment from the MCO;
(B) The factual basis for placement;

(C) The right to dispute the MCO’s factual allegations;

(D) The right to request an Appeal with the MCO and request a State Fair Hearing, and the right to request a State Fair Hearing without first exhausting the MCO’s Grievance and Appeal procedures; and

(E) A reference to the Enrollee’s rights listed in the “Member Rights for Placement in the Restricted Recipient Program” document.

9.15.2 Enrollee’s Right to Appeal. An Enrollee may Appeal or request a State Fair Hearing to dispute placement in the RRP. If the Enrollee Appeals or requests a State Fair Hearing prior to the date of the proposed placement, the MCO may not impose the placement until the Appeal or State Fair Hearing is resolved in the MCO’s favor. If the Enrollee does not Appeal within thirty (30) days of the date of notice, placement will occur and the designated Providers will be assigned.

9.15.3 Reporting of Restrictions.

(A) Until the MCO has access to enter data directly into MMIS, the MCO must report to the STATE the names and PMI numbers of all Enrollees placed in the RRP, the date of placement, placement reason codes, and the names of the designated Providers with their addresses and Provider numbers. This information shall be reported to the STATE during business hours before the day the restriction is effective.

(B) Once the MCO has access to enter data directly into MMIS, the MCO shall enter into MMIS the names and PMI numbers of all Enrollees placed in the RRP, the date of placement, placement reason codes, and the names of the designated Providers with their addresses and Provider numbers. This information shall be entered into MMIS during business hours before the day the restriction is effective.

(C) If an MCO allows the use of a non-designated pharmacy, after exercising due diligence, the pharmacy must be entered into MMIS for the date or dates of service within one (1) business day of allowing the use of the non-designated pharmacy.

9.15.4 Program Administration.

(A) The MCO will administer the RRP consistent with RRP criteria and process developed jointly with the MCOs and Minnesota Rules, Parts 9505.2160 through 9505.2245. The RRP criteria and process are posted on the STATE’s public website.

(B) The MCO must comply with the Prescription Monitoring Program (PMP) access criteria found in Minnesota Statutes, § 152.126 subd. 6, (b)(7). The MCO may have no more than two designated staff accessing the PMP. Approval for access will be through the STATE. MCOs will have in place security measures that will guard against unauthorized access to the PMP and meet the criteria for PMP access posted on the STATE’s public website. The MCO shall query only Enrollees who are members of the
MCO. Queries will only be made to identify Enrollees whose use of health services may warrant placement or continuation in the RRP and for managing Enrollees already in the RRP.

(C) When an Enrollee has changed enrollment to a new MCO within the last 12 months, and he or she is a current recipient in the RRP or is being considered for placement in the RRP, the new MCO may request data such as claims and other case details from the previous MCO, or in the case of previous FFS coverage, from the STATE. Such requests support reenrollment in the RRP or initial placement in the RRP.

(D) The previous MCO, or in the case of FFS coverage the STATE, will share data from claims and other related case history details with the new MCO upon request. Any data or information shared will meet the minimum necessary requirement and pertain to services necessary to review for restriction purposes only, excluding services for chemical dependency in compliance with 42 CFR Part 2. No more than one year of data from claims may be shared.

(E) Annual Restricted Recipient Program Report. The MCO shall report to the STATE in writing, by August 31 of the Contract Year, summarizing the MCO's Restricted Recipient program results for the previous state fiscal year. The report shall include investigative activities, and results according to guidelines provided by the STATE. The report shall provide the following summary information about the reports of Enrollee fraud and abuse investigated by the MCO:

(1) Description of the MCO’s procedures and analytics that were used for detecting and investigating possible acts of abuse by Enrollees that may result in restriction;

(2) Total number of investigations of acts of abuse by Enrollees regardless of whether the investigation resulted in actual restriction,

(3) Total number of Enrollees who were restricted by the MCO for a 24-month period, and

(4) Total number of Enrollees who were restricted by the MCO for a 36-month period.

Article. 10 Third Party Liability and Coordination of Benefits.

10.1 Agent of the STATE. Pursuant to 42 CFR § 433, subpart D, and Minnesota Statutes, §§ 256B.042, subd. 2; 256B.056, subd. 6; 256L.03, subd. 6; 256.015, subd. 1; 256B.37, subd. 1; and 256B.69, subd. 34, the STATE hereby authorizes the MCO as its agent to obtain Third Party Liability and Medicare reimbursement by any lawful means including asserting subrogation interest, filing interventions, asserting independent claims, and to coordinate benefits, for MCO Enrollees, except in instances described in section 10.3.3(B) and section 10.7.
10.2 Third Party Recoveries. The MCO must take reasonable measures to determine the legal liability of third parties to pay for services furnished to MCO Enrollees. To the extent permitted by state and federal law, the MCO shall use Cost Avoidance and/or Post Payment Recovery Processes, as defined in Article 2, and subject to section 10.7 to ensure that primary payments from the liable third party are utilized to offset medical expenses.

(A) Known Third Parties. The STATE shall include information about known Third Party Liability resources on the electronic enrollment data given to the MCO every two weeks, or on a schedule determined by the parties. Any new Third Party Liability resources learned of by the STATE through its contractor(s) are added to the next available data file. The STATE and MCO agree to work together to determine and implement mechanisms to improve the accuracy and timeliness of Third Party Liability resource data.

(B) Additional Resources. The MCO shall report to the STATE any additional third party resources available to an Enrollee discovered by the MCO on a form provided by the STATE, within ten (10) business days of verification of such information. The MCO shall report any known change to health insurance information in the same manner. The STATE shall use its best efforts to include reported Third Party Liability resource information in the next available Third Party Liability resources data file.

(C) Cost Benefit.

(1) The MCO’s efforts to determine liability and use Post Payment Recovery processes shall not require that the MCO spend more on an individual claim basis than the threshold limits established by the State Plan, which currently include:

(a) Tort/personal injury insurance: under $100.00

(b) Health insurance claims: under $50.00

(c) Workers’ Compensation: under $500.00

(d) Motor vehicle insurance: under $200.00

(2) The MCO shall use Cost Avoidance Procedures to avoid payment on any claim where TPL is on file, other than those in section 10.3.2 below.

(D) Retention of Recoveries. For recoveries listed in section 10.3.3(A), the MCO is entitled to retain any amounts recovered through its efforts, provided that:

(1) Total payments received do not exceed the total amount of the MCO’s financial liability for those services provided by the MCO to the Enrollee;

(2) STATE FFS and reinsurance benefits have not duplicated this recovery;

(3) Such recovery is not prohibited by federal or state law, and
The recovery or recoveries took place within eight (8) months after the date the claim was Adjudicated.

The MCO is entitled to retain any amounts recovered through its efforts for recoveries listed in section 10.3.3(A)(2). There is no time limit for the time within which an MCO must recover these funds.

(E) Return of Payments. The MCO must require its Providers to return any third party payments to the MCO for Third Party Liability described in 10.3.3(A)(1) if the Provider received a third party payment more than eight (8) months after the date the claim was Adjudicated. The MCO will then return the payment to the STATE. Mechanisms for return of the payment from the MCO to the STATE, and return of payments from the STATE to the MCO, will be specified by the STATE.

(F) Unsuccessful Effort. If the MCO is unsuccessful in its efforts to obtain necessary cooperation from an Enrollee to identify potential third-party resources after sixty (60) days of such efforts, pursuant to Minnesota Statutes, § 256B.056, subd. 8 and 42 CFR §§ 433.145 and 433.147, the MCO must inform the STATE in a format to be determined by the STATE that efforts have been unsuccessful.

10.3 Coordination of Benefits.

10.3.1 Coordination of Benefits. For Enrollees who have private health care coverage, the MCO must coordinate benefits in accordance with Minnesota Rules, part 9505.0070 and Minnesota Statutes, § 62A.046.

(A) Coordination of Benefits includes paying any applicable cost-sharing on behalf of an Enrollee, except for cost-sharing pursuant to sections 4.3 and 4.4.

(B) For Enrollees who are also eligible for Medicare, coordination of benefits includes paying any applicable cost-sharing on behalf of an Enrollee up to the Medicaid allowed amount, consistent with Minnesota Statutes, § 256B.0625, subd. 57 and its exclusions.

10.3.2 Cost Avoidance.

(A) General. Except as described in paragraph (D), the MCO shall use a Cost Avoidance procedure for all claims or services that are subject to third-party payment to the extent permitted by state and federal law, and must deny payment for a service to an Enrollee if the MCO has established the probable existence of Third Party Liability at the time the Provider submits the claim.

(B) The MCO shall not pay for services that would have been covered by the primary coverage if the applicable rules of that coverage had been followed.

(C) Cost-effectiveness. The MCO must determine whether it is more cost-effective to provide the service or pay the cost-sharing to a Non-Network Provider. If the MCO refers an Enrollee to a third-party insurer for a service that the MCO covers, and the
third-party insurer requires payment in advance of all cost-sharing, the MCO shall make such payments in advance or at the time such payments are required.

(D) Exceptions. For prenatal care services, preventive pediatric services and services provided to a dependent covered by health insurance pursuant to a court order, the MCO must ensure that services are provided without regard to insurance payment issues. The MCO must provide the service first and then coordinate payment with the potentially liable third party.

10.3.3 Post-Payment Recoveries.

(A) Post-Payment Recoveries to be Pursued by the MCO. The MCO shall recover funds post payment in cases where the MCO was not aware of third-party coverage at the time services were rendered or paid for, or the MCO was not able to use a Cost Avoidance procedure. The MCO shall use information from the STATE and shall identify and pursue all potential Third Party Liability payments. Potentially liable third party coverage sources include, but are not limited to:

1. Third Party Insurance Coverage:
   (a) Medicare;
   (b) Third party liability insurance (for example, group health plans including medical, dental, pharmacy and vision; self-insured plans; managed care organizations; pharmacy benefit managers; long-term care insurance; union and other fraternal organizations; and certain other state or federal programs);

2. Tort/Auto/Workers Compensation

   (b) Awards as a result of a tort action;
   (c) Workers’ compensation;
   (d) Medical payments insurance for accidents (otherwise known as “med pay” provisions or benefits of policy); or
   (e) Indemnity/accident insurance.

(B) Recoveries Not to be Pursued by the MCO.

1. The MCO shall not pursue reimbursement under estate recovery or medical support recovery provisions. This applies to recoveries of medical expenses paid for an Enrollee because the following subsequent recovery actions are taken by a Local Agency or the STATE: 1) Medical Assistance lien or estate recovery; 2) special needs or pooled trusts; 3) annuities; or 4) recovery from a custodial or non-custodial parent under a court order for medical support.
(2) The MCO shall not pursue recoveries for Third Party insurance coverage described in 10.3.3(A)(1) above after the first eight (8) months after a claim has been Adjudicated.

(C) The MCO shall develop procedures to identify trauma diagnoses and investigate potential liability, and pursue recoveries.

10.4 Reporting of Recoveries. The MCO shall report on the encounter claim all Third Party Liability payments (including Medicare reimbursement) as required in section 3.6.1.

10.5 Causes of Action. If the MCO becomes aware of a cause of action to recover medical costs for which the MCO has paid under this Contract, the MCO shall file an intervention or assert a claim or a subrogation interest in the cause of action. The MCO shall follow the STATE’s policy guidelines in settlement of any claim.

10.6 Determination of Compliance. The STATE may determine whether the MCO is in compliance with the requirements in this Article by inspecting source documents for: 1) appropriateness of recovery attempt; 2) timeliness of billing; 3) accounting for third party payments; 4) settlement of claims; and 5) other monitoring deemed necessary by the STATE.

10.7 Supplemental Recovery Program. The MCO shall comply with Minnesota Statutes, §256B.69, subd. 34 and work with the STATE in its efforts to collect Third Party Liability payments for services rendered to Enrollees covered under this contract. The STATE will establish reports to the MCO on recoveries the STATE makes under section 10.3.3(B)(2) and will work with the MCO to establish mechanisms to ensure no duplication of efforts for coordination of third-party collections, and mechanisms to address concerns or issues with collections and reconciliations.

(A) Eight Months Recoveries Report. The MCO shall, on a quarterly basis, disclose to the STATE all Post Payment Recovered amounts occurring after the eight-month timeframe in section 10.2 (D)(4). The report shall include medical, dental, and pharmacy claims. The report is due by the sixtieth (60th) day following the end of the quarter.

(B) Following receipt of the STATE’s invoice, in a form and manner specified by the STATE, the MCO shall have thirty (30) days to return the invoice stub with a check payment for the invoiced amount.

(K) Document such disclosures of PHI and information related to such disclosures as would be required for the MCO or the STATE to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR § 164.528. Either:
(1) Provide to STATE information required to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR § 164.528 within fifteen (15) days of receipt of written request by the STATE; or

(L) STATE Information Management System Access. If STATE grants MCO access to Protected Information maintained in a STATE information management system (including a STATE “legacy” system) or in any other STATE application, computer, or storage device of any kind, such access will be contingent upon the MCO agreeing to comply with any additional system- or application-specific requirements as directed by STATE.

13.7 MCO Responsibility. To the extent the MCO is to carry out one or more of the STATE’s obligation(s):

(A) Under Subpart E of 45 CFR Part 164, comply with the requirements of Subpart E that apply to the STATE in the performance of such obligation(s).

(B) Not use or disclose PHI in a manner that would violate Subpart E of 45 CFR Part 164 if the use or disclosure were performed by the STATE.

(C) Under Minnesota Statutes, Ch. 13, all of the data created, collected, received, stored, used, maintained, or disseminated by the MCO in performing the STATE’s functions is subject to the requirements of this chapter and the MCO must comply with those requirements as if it were a government entity.

13.7.1 Audit. The MCO shall make its internal practices, books, records, policies, procedures, and documentation relating to the use, disclosure, and/or security of PHI available to the STATE and/or the Secretary of the United States Department of Health and Human Services (HHS) for the purposes of determining compliance with the Privacy Rule and Security Standards, subject to attorney-client and other applicable legal privileges.

13.7.2 Compliance. The MCO shall comply with any and all other applicable provisions of the HIPAA Privacy Rule and Security Standards, including future amendments thereto.

13.8 STATE Duties. The STATE shall:

(A) Only release information that it is authorized by law or regulation to share with MCO.

(B) Obtain any required consents, authorizations or other permissions that may be necessary for it to share information with MCO.

(C) Promptly notify MCO of limitation(s), restrictions, changes, or revocation of permission by an individual to use or disclose Protected Information, to the extent that
such limitation(s), restrictions, changes or revocation may affect MCO’s use or disclosure of Protected Information.

(D) Not request MCO to use or disclose Protected Information in any manner that would not be permitted under law if done by STATE.

13.9 Disposition of Data Upon Completion, Expiration, or Agreement Termination. If feasible and upon completion, expiration, or termination of this Contract, MCO will return or destroy all Protected Information that the MCO still maintains received from the STATE or created or received by the MCO for the purposes associated with this Contract. MCO will retain no copies of such Protected Information, provided that if both Parties agree such return or destruction is not feasible, or if MCO is permitted or required by the applicable regulation, rule or statutory retention schedule to retain beyond the life of this Contract, MCO will extend the protections of this Contract to the Protected Information and refrain from further use or disclosure of such information, except for those purposes that make return or destruction infeasible, for as long as MCO maintains the information.

13.10 Sanctions. In addition to acknowledging and accepting the terms set forth in section 19.4 of this Contract relating to liability, the parties acknowledge that violation of the laws and protections described above could result in limitations being placed on future access to Protected Information, in investigation and imposition of sanctions by the U.S. Department of Health and Human Services, Office for Civil Rights; the Internal Revenue Service (IRS); CMS; the Office of the Minnesota Attorney General; and/or in civil and criminal penalties.

13.11 Effect of statutory amendments or rule changes. The Parties agree to take such action as is necessary to amend this Contract from time to time as is necessary for compliance with the requirements of the laws listed in section 2.118 or in any other applicable law. However, any requirement in this Contract or in the DHS Information Security Policy that is based upon HIPAA Rules or upon other federal or state information privacy or security laws means the requirement as it is currently in effect, including any applicable amendment(s) to the law, regardless of whether the Contract has been amended to reflect such amendments(s).

13.12 Interpretation. Any ambiguity in this Contract shall be interpreted to permit compliance with the laws listed in section 2.118 or in any other applicable law.

13.13 MCO’s Own Purposes. The STATE makes no warranty or representations that compliance by the MCO will be adequate or satisfactory for the MCO’s own purposes. The MCO is solely responsible for all decisions it makes regarding the safeguarding of PHI or other Protected Information.

13.14 Procedures and Controls. The MCO agrees to establish and maintain procedures and controls so that no information contained in its records or obtained from the STATE or CMS or from others in carrying out the terms of this Contract shall be used by or disclosed by it, its agents, officers, or workforce members except as provided in Minnesota Statutes Chapter 13 and in § 1106 of the Social Security Act and implementing regulations.

and Potential Enrollees be limited to purposes directly connected with the administration of the State Plan, as defined in 42 CFR § 431.302. The STATE has not delegated to the MCO the authority to determine whether such disclosures of data (for purposes not directly connected with the administration of the State Plan) are appropriate for any population covered under this Contract; the MCO must obtain prior approval from the STATE for such disclosures.

13.15.1 Disclosure of Enrollee Data; Exceptions. The MCO may disclose Enrollee data to other parties for studies or research that receive Institutional Review Board approval, or when using aggregated data for studies or for program evaluations, without prior approval by the STATE. Clinical trials are not included in this exception. Any report or presentation associated with studies, research or evaluations by the MCO or produced under this section must be sent to the STATE prior to release of the report or presentation.

13.15.2 Data Sharing for C&TC. The STATE authorizes the MCO to enter into data sharing agreements with Local Agency welfare and public health offices for the purposes of administering the C&TC program and county outreach for C&TC. The STATE shall provide, upon request, a model data sharing agreement and technical assistance with establishing the agreement.

13.15.3 State-Certified Health Information Exchange Service Providers. The STATE authorizes the MCO to enter into data sharing or subscriber agreements with any Health Information Exchange service providers certified by the Minnesota Department of Health.

13.16 Authorized Representatives. The STATE’s authorized representative for data privacy and security is the Minnesota Department of Human Service Privacy Official. MCO’s responsible authority for complying with data privacy and security is the MCO’s Privacy and/or Security Official(s).

13.17 Indemnification. Notwithstanding section 19.4, the MCO agrees to indemnify and save and hold the STATE, its agents and employees harmless from all claims arising out of, resulting from, or in any manner attributable to any violation by the MCO of any provision of the laws listed in section 2.118 in connection with the performance of the MCO’s duties and obligations under this Contract. This includes, but is not limited to, legal fees and disbursements paid or incurred to enforce the provisions of this Contract.

The MCO shall maintain in its files the following information in sufficient detail to enable the STATE or CMS to determine the MCO’s compliance and shall make that information available to the STATE or CMS upon request. The MCO must take into consideration its contractual relationship with all its subcontractors, including the relationship between its subcontractors and other Providers down to the level of the physician. These relationships include:

(A) The physician/physician group for which risk has been transferred for services not furnished by the physician/physician group, such as referral services;

(B) The type of incentive arrangement such as withhold, bonus or capitation associated with the transfer of risk for the physician/physician group;
(C) The percent of the potential payment to the physician/physician group that is at risk for referrals;

(D) The panel size, and if patients are pooled, the pooling method used to determine if substantial financial risk (SFR) exists for the physician/physician group;

Article. 18 Emergency Performance Interruption (EPI).

18.1 Business Continuity Plan. The MCO shall have in place a written Business Continuity Plan (BCP) to be enacted in the event of an EPI. The BCP must:

(A) Identify an Emergency Preparedness Response Coordinator. Include the appointment and identification of an Emergency Preparedness Response Coordinator (EPRC). The EPRC shall serve as the contact for the STATE with regard to emergency preparedness and response issues and shall provide updates to the STATE as the EPI unfolds. The MCO shall notify the STATE immediately whenever there is a change in the MCO’s EPRC and must include the contact information of its new appointed EPRC

(B) Outline Activation Procedures. Outline the procedures used for the activation of the BCP upon the occurrence of an EPI.

(C) Ensure Priority Services. Ensure that MCO operations continue to produce and deliver Priority Services under this Contract. This includes, but is not limited to:
(1) Outlining the roles, command structure, decision making processes and emergency action procedures that will be implemented upon the occurrence of an EPI;

(2) Providing alternative operating plans for Priority Services;

(3) Providing procedures to assist the STATE to transition Enrollees to the FFS Medical Assistance program if the STATE determines such movement is necessary to properly provide service to the Enrollees; and

(4) Providing procedures to allow Enrollees to go to another clinic if their primary care clinic is not functioning.

(D) Include Reversal Process. Include procedures to reverse the process once the external environment permits the MCO to re-enter normal operations.

(E) Be Reviewed, Exercised and Updated. Be reviewed and revised as needed, at least annually. The BCP shall also be exercised on a regular basis, typically annually. Exercises are not required to consist of large scale tests of multiple applications, but may instead consist of plan reviews, tabletop exercise and/or unit/component tests. When deciding on what type of exercise to use, the MCO shall balance the benefit of each type of exercise against the criticality of the service, costs (direct and indirect) associated with the exercise, and vulnerability of each service to failure.

(F) Be Available to the STATE. Upon written request, be available to the STATE during normal business hours for review and inspection at the MCO’s location.

18.2 EPI Occurrence. If an EPI occurs, the MCO must:

(A) Implement its BCP within two (2) days of such EPI. In the event that the MCO’s BCP cannot or is not implemented in this timeframe, the STATE shall have one or more of the following courses of action and remedies:

(1) Require joint management of contract operations between MCO and STATE staff.

(2) Move some or all of the MCO’s Enrollees to another MCO.

(3) Bring some or all of the MCO’s contractual duties in-house within the STATE.

(4) Immediately terminate the Contract for the MCO’s failure to provide the BCP services.

(5) Postpone Negotiations.

(6) If requested by the STATE, immediately postpone any active or soon to be active negotiations with the STATE for the following year’s Contract until such time as normal operations can be resumed. If, as a result of the EPI, a contract is not
executed for the following year prior to December 15th of the Contract Year, the current Contract will be renewed in accordance with Article 5.

(B) Provide Notice to the State. Use best efforts to provide notification to the STATE of any significant closures within the MCO or its network.

(C) Affected Enrollee Access. Allow Enrollees whose Primary Care Provider(s) is significantly affected by the EPI to access other Primary Care Providers or, if found necessary by the STATE, be moved to the FFS Medical Assistance program.

(D) Continuation and Excuse from Services. Continue its duties and obligations under this Contract for as long as is practical. If the MCO believes that, despite the implementation of its BCP, it can no longer provide any or all of the contract services, the MCO must provide the STATE prompt written notices of such belief and request the STATE excuse it from those services. The notice and request must include specific details as to: 1) what services the MCO is requesting to be excused from providing; and 2) what circumstances prevent the MCO from providing the services.

(E) Burden for Excuse. If the MCO asserts that it can no longer provide any or all of the contract services as a result of the EPI, the MCO shall have the burden of proving that:

   (1) Reasonable steps were taken (under the circumstances) to minimize delay or damages caused by foreseeable events;

   (2) That all non-excused obligations will be substantially fulfilled; and

   (3) That the STATE was timely notified of the likelihood or actual occurrence which would justify such an assertion, so that other prudent precautions could be contemplated. Failure by the MCO to prove any of these points may result in penalties for contract breach in accordance with Article 5.

(F) Relief from Breach. The MCO’s liability for breach under Article 5 of this Contract will only be relieved for services excused in writing by the STATE. The STATE will not unreasonably withhold excuse from services for which the MCO has followed the procedures and met the burdens of this section.

(G) Return to Normal Operations. The MCO may suspend the performance of excused services under this Contract until any disruption resulting from the EPI has been resolved. However, the MCO shall make every effort to eliminate any obstacles resulting from the EPI so as to minimize to the greatest extent possible its adverse effects. Once the disruptions from the EPI are resolved to the point that the MCO can reasonably resume normal performance on one or more of the excused services, the MCO shall reverse the BCP process, resume normal operations for those services, and provide notice to the STATE of the same.
Article. 19 Miscellaneous.

19.1 Modifications. Any material alteration, modification or variation in the terms of this Contract shall be reduced to writing as an amendment hereto, and signed by the parties.

19.2 Entire Agreement. The parties understand and agree that the entire agreement of the parties is contained herein and that this Contract supersedes all oral agreements and negotiations between the parties relating to this subject matter. All appendices, guidance, reference books including companion guides, technical specifications, and webpages referred to in this Contract are incorporated or attached and deemed to be part of the Contract.

19.5 Waiver. If a party fails to enforce any provision of this Contract, that failure does not waive the provision or that party’s right to enforce the provision.

19.6 Severability. If any provision or paragraph of this Contract is found to be legally invalid or unenforceable, such provision or paragraph shall be deemed to have been stricken from this Contract and the remainder of this Contract shall be deemed to be in full force and effect.

19.7 Execution in Counterparts. Each party agrees that this Contract may be executed in two or more counterparts, all of which shall be considered one and the same agreement, and which shall become effective if and when both counterparts have been signed and dated by each of the parties. It is understood that both parties need not sign the same counterpart.

Article. 20 Survival. Notwithstanding the termination of this Contract for any reason, section 3.6 (Reporting Requirements), section 4.1 (Payment of Capitation), section 4.5 (Managed Care Withhold), section 4.6 (Payment Error), section 4.7.2 (CMS Approval), section 4.8.2 (Integrated Health Partnership Demonstration), sections 5.3 through 5.6 (Deficiencies and sanctions), section 5.10 (Encounter Data Errors), section 7.2 (Performance Improvement Projects (PIPs)), section 7.11 (Financial Performance Incentives), section 9.4 (Maintenance, Retention, Inspection and Audit of Records), Article 10 (Third Party Liability) and Article. 13 (Information Privacy and Security including Indemnification) shall survive the termination of this Contract.
