

## Appendix F: Quality Measures

The following quality measures are proposed for use in evaluating quality performance standards for the IHP 2.0 Shared Risk Payment Model. This is a slate of proposed measures from which the core set will likely be selected. Measures included in the table are selected from the Minnesota Statewide Quality Reporting and Measurement System (SQRMS) set of measures, the Adult and Child Medicaid Core Sets of Measures, the Healthcare Effectiveness Data and Information Set (HEDIS), as well as the Medicaid Electronic Health Records (EHR) Incentive Program. Please note that changes to the composition of these measure sets will be reflected in the IHP core set. Pilot measure and alternative core measures are not listed in this table.

Category	Key Elements	IHP Measure #	Measure Title	Measure Steward Organization	Method of Data Submission
Care Quality	<b>Prevention &amp; Screening</b>	1	<a href="#">Pediatric Preventive Care: Overweight Counseling (PDF)</a>	MNCM	DDS to MNMCM
		2	<a href="#">Colorectal Cancer Screening (PDF)</a>	MNCM	DDS to MNMCM
		3	Breast Cancer Screening	NCQA	MN DHS Claims
		4	Cervical Cancer Screening	NCQA	MN DHS Claims
		5	Chlamydia Screening in Women	NCQA	MN DHS Claims
		6	Childhood Immunization Status	NCQA	MN DHS Claims
		7	Immunization for Adolescents	NCQA	MN DHS Claims
		8	Adult Body Mass Index Assessment	NCQA	MN DHS Claims
		9	Weight Assessment & Counseling for Nutrition & Physical Activity for Children & Adolescents	NCQA	MN DHS Claims

Appendix F – Quality Measures

Category	Key Elements	IHP Measure #	Measure Title	Measure Steward Organization	Method of Data Submission	
	<b>Effectiveness of care for at risk populations</b>	10	<a href="#">Optimal Asthma Control (PDF)</a>	MNCM	DDS to MNCM	
		11	<a href="#">Asthma Education &amp; Self-Management (PDF)</a>	MNCM	DDS to MNCM	
		12	<a href="#">Optimal Vascular Care (PDF)</a>	MNCM	DDS to MNCM	
		13	<a href="#">Optimal Diabetes Care (PDF)</a>	MNCM	DDS to MNCM	
		14	<a href="#">Maternity Care: Cesarean Section Rate (PDF)</a>	MNCM	DDS to MNCM	
	<b>Behavioral Health</b>	15	<a href="#">Depression Care: Remission at Six Months (PDF)</a>	MNCM	DDS to MNCM	
		16	<a href="#">Pediatric Preventive Care: Adolescent Mental Health and/or Depression Screening (PDF)</a>	MNCM	DDS to MNCM	
		17	Antidepressant Medication management: Acute and Continuous	NCQA	MN DHS Claims	
		18	Follow-Up After Hospitalization for Mental Illness	NCQA	MN DHS Claims	
		19	Adherence to Antipsychotics for Individuals with Schizophrenia	NCQA	MN DHS Claims	

Appendix F – Quality Measures

Category	Key Elements	IHP Measure #	Measure Title	Measure Steward Organization	Method of Data Submission
		20	Follow-Up Care for Children Prescribed Attention-Deficit/Hyperactivity Disorder (ADHD) Medication (ADD)	NCQA	MN DHS Claims
	<b>Access to Care</b>	21	Annual Dental Visit: Adults and Children	NCQA	MN DHS Claims
		22	Initiation and Engagement of Alcohol and Other Drug Dependence Treatment	NCQA	MN DHS Claims
		23	Prenatal and Postpartum Care: postpartum care only	NCQA	MN DHS Claims
	<b>Patient-centered Care</b>	24	CG-CAHPS Timely Appointments, Care and Information	AHRQ	Survey results to MNMCM
		25	CG-CAHPS How Well Providers Communicate with Patients	AHRQ	Survey results to MNMCM
		26	CG-CAHPS Helpful Respectful and Courteous Office Staff	AHRQ	Survey results to MNMCM

Appendix F – Quality Measures

Category	Key Elements	IHP Measure #	Measure Title	Measure Steward Organization	Method of Data Submission
		27	CG-CAHPS Patient Rating or Provider as 9 or 10	AHRQ	Survey results to MNCM
		28 -37	Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS)	CMS	Survey results to CMS
	<b>Patient Safety</b>	38	Patient Safety Indicator (PSI-90)	AHRQ	MN DHS Claims
Health IT	<b>Medicaid Meaningful Use of E.H.R. technology</b>	39	<a href="#">Coordination of care</a> - Use the functions of CEHRT to engage with patients about their care. Providers must attest to all three measures and meet thresholds for at least two measures.	CMS (ONC?)	MEIP portal
		40	<a href="#">Health Information Exchange</a> Use the functions of CEHRT to transfer/receive a summary of care information. Providers must attest to all three measures and must meet the threshold for at least two measures.	CMS (ONC?)	MEIP portal

**Glossary of Acronyms**

MNCM – Minnesota Community Measurement

NCQA - National Committee for Quality Assurance

AHRQ - Agency for Healthcare Research and Quality

## Appendix F – Quality Measures

CMS – Centers for Medicare and Medicaid Services

ONC - Office of the National Coordinator for Health Information Technology

MN DHS – Minnesota Department of Human Services

DDS – Direct Data Submission
