Closed session

Read aloud: The remainder of the meeting will be closed from 12:14 to 2:00pm so that committee members can discuss any successes or problems they have encountered while working with providers to reduce the use of manual restraint. The discussion will be focused on specific teams and individual people, and ways to support their unique needs. The committee will also review data and documents that are specific to individual people (such as behavior intervention reporting forms), in an effort to determine workloads, who needs guidance and what specific guidance licensed providers may need. This meeting is closed as required by Minn. Stat. § 13D.05, subd. 2(a)(3), to conduct business requiring discussion of health, medical, welfare, or mental health data that is classified as not public under the Minnesota Government Data Practices Act.
