Meeting objectives: Discuss and vote on taper guidance revisions. Continue discussion of content and approach of the Minnesota Hospital Association (MHA) and Institute for Clinical Systems Improvement (ICSI)’s quality improvement resources and collect OPWG member feedback based on the following questions:

- Are the tools clear in their purpose?
- Does the approach to QI feel familiar and accessible to clinicians? Does the amount of work required seem reasonable?
- What are possible unintended effects that patients and communities may face as a result of how the QI program is implemented?
- Do the data in the reports support what we are asking of providers?
