16. Inpatient psychiatric facilities services for individuals under 22 years of age:

The treatment team must also include at least one of the following:
1) A licensed independent clinical social worker (LICSW),
2) A registered nurse with specialized training, or one year of experience treating people with mental illness;
3) An occupational therapist, as described in item 11.b., with specialized training, or one year of experience treating people with mental illness; or
4) A board-licensed psychologist.

The treatment team must maintain a staffing ratio of at least one staff person to three residents during normal waking hours, and at least one staff person for every four six residents during normal sleeping hours. A provider must adjust sleeping-hour staffing levels based on the clinical needs of the residents in the facility.

- **Covered services.** Covered services include all medically necessary services covered under Medical Assistance and described in the recipient’s plan of care. The treatment team must provide the following:
  - Development of the individual plan of care, including review of the plan every 30 days;
  - Daily therapy as described in the plan of care, including:
    - Individual therapy provided at least two times per week;
    - Family therapy provided at least one time per week; and
    - Group therapy as appropriate;
  - Consultation with other professionals including case managers, primary care professionals, community-based mental health providers, school staff, and other members of the child’s support structure;
  - Nursing care to patients 24 hours per day, and
  - Discharge planning.

- Services may also be provided under arrangement by licensed professionals who are not part of the treatment team, but have a contractual agreement with the PRTF. Arranged services may be delivered at the facility or in the community, and may be billed by either the facility or the licensed professional.
