• Guidelines for the Posting of Child Care Licensing Information

• Overview of changes to Licensing Information Lookup (“LIL”)
  • Licensing actions (formerly known as “negative action orders”)
  • Document drop offs
  • New feature that provides a summary of licensing reviews and investigations on the child care provider’s profile page
    • New feature sometimes referred to as “posting of monitoring results”
The Licensing Division is committed to making the Licensing Information Lookup website understandable, easy to navigate, and accurate.

• We met with providers and stakeholders to discuss the current website and review other state websites, such as Wisconsin and Indiana

• Many of the changes are similar to how other states display child care licensing information

• These changes support our goal to post licensing information in plain language
Announcements

• *Guidelines for the Posting of Child Care Licensing Information* available online

• Enhancements to LIL go into effect on May 11
  • For family child care providers, a new feature will provide a summary of licensing reviews and investigations on the provider’s profile page.

• Further phases of enhancements scheduled for late 2018
  • For child care centers, a new feature will provide a summary of licensing reviews and investigations on the provider’s profile page. Once this new feature is added for child care centers, correction orders will no longer be posted to LIL.

Q: Why are licensing actions posted on LIL?

A: Licensing actions have historically been posted to LIL, and will continue to be posted to LIL, to promote transparency about program compliance. This, in turn, promotes child health, safety, and welfare.
Q&A: Maltreatment Investigative Memorandum

Q: Will Maltreatment Investigative Memorandum be posted when the result of the maltreatment investigation is “not determined?”

A: No, only Maltreatment Investigative Memorandum will be posted when the result of the maltreatment investigation is “determined.”
Q: Will old “Negative Action Orders” be renamed using the new terminology?

A: Yes. DHS is working with IT to have the old orders renamed using the new terminology (such as Fine Order or Conditional License).
Change #2: Drop off timelines established

“Licensing documents” will only be posted for 4 years

This means that beginning May 11, documents posted to LIL that are older than 4 years old will be removed, including correction orders and maltreatment memorandums.*

*After 4 years, licensing documents will be available to the public upon request, so long as the information in the action remains “public” according to the DHS data governance laws and retention schedule.
Q. If I appeal a licensing action and the action is overturned, what will be posted to LIL?

A. Licensing actions that are completely overturned will be removed from Licensing Information Lookup.
Change #3: Posting of monitoring results

DHS will post monitoring results for visits made to family child care programs after May 1.

“Go live” date for posting is May 11.
Q: Will correction orders be posted to Licensing Information Lookup?

A: Once “monitoring results” are published for child care centers, correction orders will no longer be posted to Licensing Information Lookup. Please note, providers will still receive a correction order directly from their licensor.

Q: I’ve just received a licensing review. When will the results be posted to Licensing Information Lookup?

A. At the conclusion of each annual licensing review, you will receive either a “no violations letter” or a fix-it ticket and/or correction order. You should expect to find the results of the licensing review posted to LIL around the same time that you receive that notice from your licensor.
Q: Will LIL show if I have corrected a violation on-site?

A: Yes. If you corrected a violation on-site, LIL will indicate this as soon as the results for the particular visit are posted.
Q: What information will be posted if I appeal a violation on a correction order (i.e., request for reconsideration)?

A: Upon receiving a request for reconsideration from a provider, DHS will update the visit information to indicate that a particular violation has been appealed. If a violation is overturned, it will be removed entirely from LIL.

Q: What are the options under “how corrected?”

- Corrected on-site
- Documentation submitted/approved
- Documentation submitted/pending approval
- Not corrected
- Correction verified during follow-up visit
- Under appeal

Q: Will Fix-It Ticket violations be published to LIL if they are corrected?

A: No. Fix-It Ticket violations that are corrected will not be published on Licensing Information Lookup.
Q: Will licensed providers still be required to physically post correction orders in their programs?

A: Yes. At this time, state law still requires providers to post correction orders in their programs for two years. See Minn. Stat. 245A.06, subd. 8.

(Please note, there are bills under consideration by the 2018 Legislature that would eliminate the requirement to post correction orders on site. DHS will notify providers if the Legislature removes this onsite posting requirement.)
