Federal Fiscal Year 2023 and State Fiscal Year 2023 funds must be spent by September 30, 2023 and June 30, 2023, respectively. The 100 percent base allocation is determined using the local area proportion of SNAP recipients potentially eligible for E&T services to the statewide totals.

NOTE: All areas of the state will *likely* remain waived from the work and time-limit provisions through at least February 2023.
