

Pre-Licensing/Initial Training Family Child Care

Minnesota law requires licensed family child care applicants, second adult caregivers, adult caregivers and substitutes to take initial training before caring for children and/or licensure. Initial training provides caregivers with knowledge and skills to provide a healthy and safe environment for the children in care. As an applicant or license holder you may want to track the required training here. Please enter the date the required training is completed.

Caregiver Information: Please fill in all of the information that applies to your license.
