The Department of Human Services (DHS) has contracted with the state’s Management Analysis and Development (MAD) Division to engage stakeholders in the Vulnerable Adult Act (VAA) Redesign process. MAD offers neutral, third-party consultation services. You can find more information about the VAA Redesign at: https://mn.gov/dhs/partners-and-providers/news-initiatives-reports-workgroups/adult-protection/vaa-redesign.jsp

Please contact VAARedesign.dhs@state.mn.us with questions or comments about the Vulnerable Adult Act Redesign.

Throughout the stakeholder engagement process, input and recommendations will be cycled through a feedback loop that includes leadership from the Lead Investigative Agencies (LIAs) within the adult protective services system. This will help ensure the agencies are able to respond to emerging issues and lead effectively.
