Re: Corrective Action Plan Response to Biennial Inspection (DOC Portal Log ID 9081)

The Minnesota Department of Corrections (DOC) Inspection and Enforcement (I&E) Unit issued a corrective action plan on November 20, 2025, regarding the above enforcement activity. The I&E Unit received your final response on February 27, 2026. The information was reviewed on March 9, 2026.

Based on the review, the I&E Unit has determined that the information submitted indicates you have made adequate corrections to Rules 2911.6200 subpart 1a, 2911.6500 subpart 2, 2911.6800 subpart 1, and Rule 2911.7300 subpart 4. The facility has been working toward a long-term solution to address the physical plant deficiencies related to Rule 2911.0300, subpart 2, and Rule 2911.2500, subpart 1, including developing plans for the construction of a new jail. However, as the project has not yet commenced, these rules remain out of compliance. Because these physical plant deficiencies have been identified in inspection reports dating back to 2019, the Department will evaluate the potential for initiating a sunset review following the next inspection if sufficient progress has not been demonstrated. The I&E Unit will continue to monitor the facility's compliance with applicable statutory and regulatory requirements.

Thank you for the assistance and professionalism from your staff. If you have any questions or concerns, please contact Facility Inspector Lori Schopf at lori.schopf@state.mn.us or 651-440-2720.

Thank you,

Lori Schopf
