

### Template Instructions

Before scoring, make sure all questions have been answered. If not, give youth an opportunity to respond. If youth refuses, leave the item blank.

Place template over the first page of the POSIT so that the first column of the template covers the response options (Yes - No).

Score down the first column of the template by tallying points on the appropriate line on the score sheet. Use the second column of the template to score the second page, the third column for the third page, and the fourth column for the fourth page.

# POSIT TEMPLATE
