CSTS Executive Request
August 19, 2026

List of the initial data set for initial CSTS Data Lake inclusion as reviewed by the CSTS Data Committee on August 5, 2026.

- DOB, Adult/Juvenile, Gender, Race, Ethnicity, Heritage, SID, OID, MNCIS Person IDs)
    - Included in both mLoad and DPS DWI Utility – the data lake will have less data since the majority of the client identifying information will be excluded.
- Client Status History (open/closed for supervision)
    - Included in mLoad – this is how client open/close dates are determined
- Client Supervising Location History (supervising location, county, and district)
    - Included in mLoad and DPS DWI Utility
- Client Supervision Level History
    - Included in DPS DWI Utility. I believe this is included in the mLoad data, but it was not listed in the documentation that I had.
- Client Risk Level History
    - This is <u>not</u> sent in mLoad or the DPS DWI Utility.
- Case Details (Case Number, Origination Agency, Adult/Juvenile, Offense Level, Sentence/SR Date, Expiration Date)
    - Included in both mLoad and DPS DWI Utility.
- Offense Details (Offense Level (Charge and Sentenced), Probation Survey Category/Offense Type, Statute)
    - Included in both mLoad and DPS DWI Utility
- Case Status History (Start Date, End Date, Case Status, Case Type, Case Service, Close Reason)
    - Included in both mLoad and DPS DWI Utility (this is how Case Open Date, Case Type, Service, and Case Close Date and Reason are sent).
- Violation History (Local Agency, Report Type (SR, PV, JPV), Violation Type(s), Violation Level, Report Date, Recommendation, Outcome Date, Outcome,

    - This is not sent in mLoad or the DPS DWI Utility.
- SR Case Earned Compliance Credit
    - This is not sent in mLoad or the DPS DWI Utility.
- SR Case Earned Compliance Credit Reviews
    - This is not sent in mLoad or the DPS DWI Utility.

The Data Committee has also approved the previously discussed and defined CSAC statutory data elements.
