The Community Reentry Unit of the Minnesota Department of Corrections produced this booklet. The aim is to address the numerous requests made by caseworkers, corrections agents, community workers and transition support people for a detailed directory of housing options available to offenders reentering the community and the public at large.

This directory is not a complete listing of the varied array of housing options (transitional, supportive, permanent, etc.) currently available across Minnesota. We recognize that housing resources shift and change dramatically over time. Therefore, we welcome feedback on housing information that will allow us to expand and improve the directory.

An online edition of this directory is available at www.doc.state.mn.us under the publications link. This online directory will be updated as new housing information becomes available.

Information on the Coordinated Entry System (CES)

The Coordinated Entry System (CES) is a statewide system for assessing the needs of youth, adults and families who are homeless or at risk of being homeless, and helping them find safe housing and supportive services.

There are trained Coordinated Entry System screeners in each Minnesota County. Contact CES if you are looking for referrals to shelters, supportive housing and other related services. We provide contact information for counties and Coordinated Entry Services at the beginning of each county section.

How Coordinated Entry System works:

Step 1: Make an appointment with your county CES assessor to receive a screening and assessment that determines whether you're eligible for services.

Step 2: If you qualify, the assessor will add your name and housing assessment information to your county's priority list.

Step 3: Keep in touch with your assessor with any updates to your contact information or living situation while you wait for services. Program placement through CES is not guaranteed, so you should also continue looking for housing on your own. Placements are prioritized based on the level of need.

Step 4: Once you receive notification of a program opening for you, meet with them to ensure it's a good match for you and/or your family.

HousingLink **<https://www.housinglink.org/>**

HousingLink is a website that connects renters to public housing, subsidized housing, and affordable rental housing in the Twin Cities. There is also free educational content in the Housing Hub on topics like understanding subsidized housing, successful renting, and renters insurance. They are a great source of information for those with a criminal history as well. Please visit <https://www.housinglink.org/HousingResources/housingtips/CriminalBackground> for more information.

Beyond Backgrounds for Renters & Case Managers

What is Beyond Backgrounds?

Landlords may experience a higher amount of risk when renting to someone that doesn't meet their initial screening criteria. As a result, renters with criminal, credit and rental history barriers are having a difficult time finding a place to live. *Beyond Backgrounds* was created to help.

When a renter with their case manager applies to participate in the *Beyond Backgrounds* program, the landlords who rent to them have access to up to \$2,000 of financial protection in the following circumstances:

- Damage to the unit beyond what the security deposit covers.
- Unpaid rent at the end of the lease term beyond what is covered by the security deposit.
- Court filing fees if an eviction is pursued beyond what is covered by the security deposit.
- Other unfortunate circumstances beyond what is covered by the security deposit.

To ensure success, each participating renter receive case management support. Also, many will have housing assistance to help make their housing more affordable. This program exists so both landlords and renters can move beyond the background issues that prevent people from finding stable, safe and affordable housing.

What areas does *Beyond Backgrounds* cover?

The counties of **Anoka, Carver, Dakota, Scott and Washington.**

Who is eligible?

- Household lives **in Anoka, Carver, Dakota, Scott or Washington County.**
- FHPAP Eligible.
- Have been assessed through Coordinated Entry.
- Households receiving support services through a community or government organization.
- Have barriers to accessing rental housing (e.g. Criminal, Credit, Rental History).

Avenues for Homeless Youth

Brooklyn Avenues

Contact Information:

7210 76th Avenue N. Brooklyn Park, MN 55428

612-522-1690 x2

www.avenuesforyouth.org

For 25 years, Avenues has supported youth ages 16-24 in Hennepin County. Whether a young person needs someplace to stay for just one night, or a year and a half, Avenues empowers youth to find their path out of homelessness. We do that by providing a stable home, building trusting relationships, and navigating the youth's education, career, health and wellness and housing goals.

At Avenues, we believe:

- Homelessness does not define a person. It is just one part of a journey that we are here to help young people navigate.
- All youth experiencing homelessness have or are experiencing trauma. Therefore, mental health is at the center of all our work.
- There is no one reason why youth experience homelessness – it's intersectional. Systems of oppression, racism and poverty are of the root causes of homelessness. Without addressing these systems, homelessness will persist.
- **Youth are resilient, inspiring, and the drivers of their own journey.** With stability, trust and youth-centered supports, their dreams can become reality.

Avenues work is guided by the 9 Evidence-based, Guiding Principles to Help Youth Overcome Homeless and our core values: equity, community, respect and dignity, trust, liberation and anti-oppression.

In 2018, Avenues adopted a new three-year strategic plan, mission statement and core values. Our strategic plan goals are:

1. Put Social justice at the center of our work
2. Create an inclusive and learning culture
3. Strengthen organizational effectiveness and impact
4. Champion community engagement and solidarity, partnerships, and collaboration

Qualifications/Program Details:

Property Amenities:

MACV assists homeless veterans and provides supportive services to prevent homelessness (for veterans and their families). Services include direct payments to assist with rental/mortgage assistance; transportation; utilities; food/clothing; car repairs, etc. To be eligible for assistance, clients must be a veteran with 181 days of active duty service. The veteran must be a Minnesota resident (30 days) and homeless or at imminent risk of becoming homeless and must be motivated to make positive change. To be eligible for housing assistance, the veteran should pay no more than 30% of their income toward monthly housing expenses. Generally, assistance is provided on a one-time basis in which the payment is considered to resolve the current crisis.

In 2006, 11 units of permanent supportive housing were opened in Mankato. The Permanent Supportive Housing program provides long-term community-based housing and supportive services for homeless veterans with disabilities. The intent of this program is to support disabled veterans to live as independently as possible in a permanent setting. Supportive services may be provided by the agency managing the housing or another public or private service agency.

Property Information:

The emergency shelter has the capacity to house 13 men who are homeless; we are unique because we operate out of a house and strive to provide a home-like environment for the people we serve. We provide basic needs, visitor support services, case management, resource connection, and ongoing support when people move into housing.

Upon check-in, each guest completes an intake assessment, where basic demographic information is collected. Next, guests meet with our case manager during their first two weeks to determine what their needs are and outline goals for their stay, including a plan for housing.

Finally, we track what services we provide people to help them achieve their goals. Housing and self-sufficiency are the ultimate goals; however, we value the incremental outcomes along the way that lead to stabilization and improved quality of life.

Our emergency shelter is for men only; however, men, women, and children who are experiencing homelessness can use our visitor services.

Seeking Shelter: Call any of the local shelters; you will be asked a series of questions and placed on a community waiting list. You will be contacted when a shelter bed opens up at one of the local shelters.

Property Amenities:

New Pathways' mission is to build a stronger community by providing shelter and support services to homeless families with children. Supporting families is a team effort, which is why our Path to Home shelter chose a model that relies on hundreds of local volunteers. Our hope is to connect families with people and resources that will help them to be successful long term. We want to see families thrive, as opposed to just survive. This includes meals, a safe, warm place to sleep, and skills and resources necessary to find and maintain housing.

Transitional Shelter Program

New Pathways' Path to Home program serves homeless adults with children by giving them a safe place to stay, meals, and access to case management services and skills training services.

During the day, the families go to work, school, or to one of our family Day Centers where they work on their plan to get back into a home of their own. New Pathways provides for each family's basic needs, including shower and laundry facilities, at the Day Center.

Case management and family education are two of the most important aspects of our program. Families have a dedicated Case Manager who meets with them regularly to review their progress towards finding a home, along with helping them work through any challenges associated with that process. The Case Manager is available full time to assist with housing-related crises that might arise.

Supportive Housing Program

You must complete an assessment that will evaluate your current situation and homelessness history. From this assessment, your household will be placed on a priority list for the area where you choose to reside. When units become available, households are contacted in order of priority. To schedule an assessment, you will need to contact your local community action council.

The rent for units designated for long-term homelessness is subsidized and based on 30% of your income.

New Pathways has a full-time Case Manager on site at the property who can provide assistance in developing the skills necessary to maintain your housing. The Case Manager can help you establish a strong tenant-landlord relationship. The Case Manager can also help with budgeting and accessing community resources for mental health, substance abuse, and more.

Cochran Recovery Program

Cochran Recovery is our residential mental illness/chemical dependency treatment program for men and women 18 years of age or older. This program helps individuals develop a chemical free lifestyle and to re-establish mental health while integrating a program of recovery into their everyday lives.

Recovery is conducted in a secure setting, while attending to the patients' medical and mental health. Our program includes psychiatric assessment, mental health counseling and medication management and integrates a support program for patients and their families. Duration of treatment is scheduled to meet the needs of the individual.

Cochran Recovery Services, Inc. provides breakfast, lunch and dinner as well as snacks for each day.

Wellness Program

In 2015, Cochran Recovery Services, Inc. (CRS) is expanding our Informed-Trauma Care Program and introducing a new Wellness Program to support the health and well-being of individuals during addiction treatment and throughout the recovery process to provide personalized residential care as part of its science-based, medically driven, state-of-the-art alcohol and drug addiction treatment plans uniquely suited to each individual's recovery.

Nutrition Program

CRS is committed to treating the whole person: mind, body and spirit throughout the recovery process. Our holistic Wellness Program expose clients to unique and often times new, experiences, assisting them in improving their overall health through nutrition. Throughout their time in rehab, exercise and activities that provide the opportunity for self-exploration and expression are offered at CRS. These very simple, yet powerful methods give our clients the tools and support systems needed to make this a way of life on their journey to achieving lasting sobriety from alcohol and other drugs. The nutrition program at CRS emphasizes the importance of whole grains, fresh fruits and vegetables and lean protein. Monthly nutrition classes introduce residents to simple ways to supplement health and recovery by providing:

- An introduction to nutrition and why it is an essential component of any successful recovery program
- Discussion on superfoods and the benefits of Omega 3 in biochemical repair from substance abuse

Trauma Informed Therapy

CRS is incorporating trauma into the development of individualized plans of care for every adult with serious co-occurring disorders.

www.liferightoutreach.org

Program Information:

Our non-profit organization is located in Alexandria, Minnesota. We opened our first facility for men in February of 2007. After helping many men make positive changes in their lives, we saw a real need to do the same for women. In July of 2014, we opened the doors to a second transitional housing facility for women who are struggling.

LifeRight is focused on helping those who are desperate and in need of God and His people. It offers Hope to those persons living with an addiction, persons dealing with life struggles, facing imminent prosecution, or those trying to get released from a prison or jail.

LifeRight is for people who are serious about seeking radical change in their lives. To accomplish this, the residents learn from over a dozen teachers and visiting speakers. From lectures to discussions, practicums to doctrines, the residents learn about the God who loves them. Residents can learn from role models who are compassionate, wise and experienced. The program's purpose is to prepare residents for successful re-entry into life outside our protective walls.

Anishinabe Wakiagun (The People's Home)

Contact Information:

1600 East 19th Street, Minneapolis, MN 55404

612-871-2883

www.aicdc-mn.org

Property Amenities:

Anishinabe Wakiagun is a culturally specific permanent supportive housing program for chronic inebriates. It is a Housing First/Harm Reduction facility that does not require residents to be sober in order to maintain their housing.

The philosophy of Anishinabe Wakiagun is to reduce the public cost of providing services while at the same time providing a more stable living environment for its residents. The program goal is to minimize the negative consequences of the residents' drinking patterns, while providing a stable, culturally appropriate living environment that encourages a reduction in alcohol consumption.

Anishinabe Wakiagun is not a shelter, but provides permanent housing that encourages long-term residency to maximize stability in the individual's life.

Length of Stay:

The average length of a resident's stay is 21 months, with the longest at 4 1/2 years. 60% stay for more than one year. 5% stay 3-6 months and 17% stay up to 3 months.

Resident Profile:

Residents must have 20 or more admissions to detox centers in the last three years, two or more attempts at chemical dependency treatment, and have been homeless the majority of the last two years. Other indicators of eligibility include physical deterioration and evidence that the individual is incapable of self-management due to alcohol use.

Health Management:

The goal of the health care management component is to reduce the number of times emergency services are used by the resident and introduce them to health care systems. As residents of Anishinabe Wakiagun, the individual is entitled to medical coverage and their continuing eligibility is monitored by their case manager. 100% of Anishinabe Wakiagun residents have medical coverage.

Goals and Objectives:

- To reduce the number of times expensive emergency services such as ambulance service and emergency room visits are used by residents. By providing an in-house clinic program.
- Provide recreational activities including weight lifting, game nights for table games, music nights and camping trips are provided for.
- Support spiritual activities, residents are encouraged to participate in traditional spiritual and other religious activities.
- Residents are encouraged to take responsibility in caring for the community garden and plants.
- Residents are encourage to fully explore their arts and crafts skills.

COST PER NIGHT:

Apartment: \$20

Homeless Shelter: \$32

Detox unit: \$192

Avenues for Homeless Youth

Minneapolis Avenues

Contact Information:

1708 Oak Park Avenue North, Minneapolis, MN 55411

612-522-1690 x1

www.avenuesforyouth.org

For 25 years, Avenues has supported youth ages 16-24 in Hennepin County. Whether a young person needs someplace to stay for just one night, or a year and a half, Avenues empowers youth to find their path out of homelessness. We do that by providing a stable home, building trusting relationships, and navigating the youth's education, career, health and wellness and housing goals.

At Avenues, we believe:

- Homelessness does not define a person. It is just one part of a journey that we are here to help young people navigate.
- All youth experiencing homelessness have or are experiencing trauma. Therefore, mental health is at the center of all our work.
- There is no one reason why youth experience homelessness – it's intersectional. Systems of oppression, racism and poverty are of the root causes of homelessness. Without addressing these systems, homelessness will persist.
- **Youth are resilient, inspiring, and the drivers of their own journey.** With stability, trust and youth-centered supports, their dreams can become reality.

Avenues work is guided by the 9 Evidence-based, Guiding Principles to Help Youth Overcome Homeless and our core values: equity, community, respect and dignity, trust, liberation and anti-oppression.

In 2018, Avenues adopted a new three-year strategic plan, mission statement and core values. Our strategic plan goals are:

5. Put Social justice at the center of our work
6. Create an inclusive and learning culture
7. Strengthen organizational effectiveness and impact
8. Champion community engagement and solidarity, partnerships, and collaboration

Qualifications/Program Details:

Minneapolis Avenues supports single youth (no couples or families) who are experiencing homelessness or housing instability. Youth must be between 16-20 years old. Minneapolis Avenues has 20 transitional living program beds where youth may stay for up to 18 months or by their 21st birthday, whichever comes first. For program bed availability, call 612-522-1690 or visit www.ysnmn.org.

www.myfreedomworks.com

Email: case.manager@myfreedomworks.com

Property Amenities:

The FreedomWorks Reentry & Aftercare program has been helping male ex-offenders reconcile to God, family and community since 2004. We believe in comprehensive, life-long aftercare that transforms violent predators into courageous peacemakers, hardcore criminals into upstanding citizens, and absent fathers into loving dads.

Reentry & Aftercare Residents are given a place to live, a pathway to employment, an individual mentor, and a network of supporting volunteers that walk with them as they learn to trust God to transform their lives through Bible study, personal accountability, service and fellowship.

Qualifications:

Men coming out of prison who have a sincere desire to change their lives and are open to a faith based discipleship program. Men develop a plan to find employment, participate in discipleship classes, reconnect with family, learn financial responsibility, and become productive citizens. This is done with a 4 phase program that helps men learn to trust God to transform their life through Bible study, personal accountability, service and fellowship. Rent starts at \$400 a month. We require our residents to work, go to school or pay their fee through SSI or SSD. Once they complete this program, they are welcome to move into our sober living community at a reduced rate.

Other Information:

FreedomWorks provides affordable housing during the critical days and months immediately following release, a positive support structure comprised of biblical mentors, career advisors, financial coaches and sober friends. FreedomWorks creates a life-changing Christian community that helps men recover the life God created them to live. Staff and volunteers assist newly released men who are seeking accountability, as they learn and refine life skills. Our facilities consist of shared units, with a small kitchen in the unit. Men in this program have access to on site exercise room, computer lab, tv room, game area, blessing closet and visitor refuge room.

Haven Housing

Ascension Place

Contact Information:

1803 Bryant Avenue North, Minneapolis, MN 55411

612-588-0861

www.ascensionplace.org

Qualifications:

Ascension Place provides transitional housing and comprehensive, individualized support to more than 70 women each year. Our house, a former convent building with 32 private bedrooms, offers a safe and structured environment in which women can stabilize, heal and work to overcome their barriers – chemical dependency, mental health issues, histories of abuse, homelessness, incarceration, etc. – and progress toward a future filled with opportunity. Each woman meets regularly with her case manager to develop and work on an individualized goal plan.

Twice-weekly mental health and chemical health support groups address topics such as self-esteem, nutrition, relapse triggers, the negative effects of shame, healthy stress relief, and self-care. Our staff nurse monitors medications, helps facilitate resident care with their primary doctor, and hosts health and wellness workshops. In-house wellness activities include a weekly knitting group, yoga, walking group and guided meditation. Recreational activities, including outings to local outdoor and cultural sites, movie nights, bingo and holiday parties, are offered to promote stress relief, build community and encourage sober fun. Community speakers host workshops on topics such as personal empowerment, smoking cessation, personal safety and more.

Minnesota Assistance Council for Veterans

Contact Information:

2700 E. Lake Street, Suite 3350, Minneapolis, MN 55406

612-726-1327

www.mac-v.org

Program Information:

MACV assists homeless veterans and provides supportive services to prevent homelessness (for veterans and their families). Services can include direct payments to assist with rental assistance, transportation, utilities, food/clothing, car repairs and are evaluated on a case by case basis during initial intake process. To be eligible for assistance, clients must be a veteran with 181 days of active duty service. The veteran must be a Minnesota resident (30 days) and homeless or at imminent risk of becoming homeless and must be motivated to make positive change. To be eligible for housing assistance, the veteran should pay no more than 30% of their income toward monthly housing expenses. Generally, assistance is provided on a one-time basis in which the payment is considered to resolve the current crisis.

Some of the homeless veterans MACV serves are placed into its transitional housing program. The Transitional Housing program is designed to provide housing and appropriate support services to homeless persons to facilitate movement to independent living within 24 months. MACV has two transitional housing programs. The first, known as Building 47, utilizes a facility on the VAHCS campus which has a 13-bed occupancy. The other is the Structured Independent Living (SIL) program. MACV owns nine houses throughout the metro area and one in St. Cloud that accommodate up to 32 individuals. The SIL program combines two key concepts: structure and independence.

The SIL program provides for more than shelter for homeless veterans. It offers a home-like environment and assistance in coordinating other needs to develop a personal plan for total recovery. MACV believes the veteran who adopts a recovery program that addresses the issue that placed them at risk and puts it into action in their daily living will see difficulties resolved or greatly reduced. The SIL program is basically simple; yet following it is not easy because recovery is too often lost amid the pressures of daily living. Without structure, discipline and a supportive environment, the recovering person may become discouraged, confused and revert to past behaviors, and ultimately relapse.

Program Information:

Next Step Housing provides permanent supportive housing to women and women-led families. Up to 11 women live in our site-based apartment building in North Minneapolis, and we support approximately 20 women and women-led families living in scattered site apartments throughout Hennepin County. Most Next Step Housing residents have encountered homelessness or crisis, and face ongoing barriers to full independence. Our primary goal for all clients is housing stability. Case managers work with women to coordinate community services, set and achieve personal goals, improve credit, maintain relationships with landlords, achieve education and career goals, and improve physical, mental and emotional health. A variety of staff-led activities and outings – art activities, holiday parties, theater performances, etc. – build community among clients, reduce the negative effects of social isolation, help women build emotional strength, and promote health and wellness.

3381 Gorham Avenue, St. Louis Park, MN 55426

952-926-2600

www.perspectives-family.org

Transitional Housing Program

Perspectives Supportive Housing is an integrated, evidence-based model that not only supports the mother's success in maintaining her housing and sobriety but also addresses the family's core issues around trauma. All families arrive to Perspectives directly from homeless shelters. Within two weeks of their entry, the whole family works with our multidisciplinary team to develop a treatment plan that addresses their unique and specific needs. This plan includes case management, relapse prevention, mental health assessments/treatment, wellness, life-skills, and a 12-month academic/social/nutritional enrichment program for children grades K-8.

Our Apartments

Perspectives Supportive Housing campus abuts a large city park with winter sliding hills and basketball courts, which children use year-round. It consists of five apartment buildings comprised of 53 completely furnished apartments (from one to three bedrooms) that are attached by common grounds that include green space, brick paths, three patios with grills, community gardens, and a beautiful children's playground. Our program is the largest therapeutic supportive housing for women and children in Minnesota, housing annually approximately 75 women and 130 children.

Associated Activities:

- *Housing:* 24/7 Residential Program
- *Basic Needs:* All apartments are fully furnished with couches, chairs, lamps, beds, dressers, and kitchen supplies (pots/pans, dishes, utensils). In addition, each has an approximately two-month supply of necessary toiletries and cleaning supplies.
- *Sober Housing:* Random checks are made to ensure residents remain drug-free.
- *Case Management:* Each resident meets weekly (sometimes daily) with a Case Manager who assists her and monitors her progress toward her program goals.
- *Family Reunification:* For mothers entering our program who have children in child protection, 95 percent of these families will be reunited within the first six months of being in our program.
- *Twenty-four hours per day/seven days per week Supervision and Crisis Response:* Perspectives has two on-site staff living at the apartment campus.
- *Smoke-free Environment:* Apartments are smoke-free in order to promote healthy lifestyles and to protect children from exposure to secondhand smoke.

Hennepin County

Perspectives Housing Program, cont.

- *Access to Kids Connection Program:* A comprehensive afterschool and summer youth development program that provides academic and social enrichment for children at the kindergarten through eighth grade level.
- *Life Skills Training:* Includes programming to build skills in areas such as parenting, finances, wellness, etc.
- *Culturally Competent Programming:* Perspectives' staff recognizes the cultural differences within our population of residents. We have a diverse staff of case managers who bring expertise from the Native American and African American cultures. Referrals are also made to other services in communities of color.
- *Transportation:* Perspectives employs two part-time mini bus drivers to transport our families to grocery stores, doctors, daycare, and to the Perspectives Family Center for programming.
- *Childcare:* Free childcare is provided for our residents while they are attending our programming at the Family Center.
- *Access to Jump Start Program:* Job readiness and soft skills training directed at preparing participants to increase their employability so they can earn a livable wage.
- *Community Childcare:* Perspectives assists residents in identifying and accessing community childcare services, including providing transportation to and from daycare in our mini bus.
- *Emergency Food Assistance:* This service is available when women first enter the program or on an emergency basis.

St. Anne's Place

Haven Housing

Contact Information:

2634 Russell Avenue North, Minneapolis, MN 55411

612-521-2128

www.ascensionplace.org

St. Anne's provides emergency shelter and support to approximately 170 women and more than 300 children each year. St. Anne's Place is a safe environment for homeless families to escape crisis, to stabilize, and to explore options for their future. Private bedrooms, shared bathrooms, meals, snacks, and basic necessities are provided for up to 16 families. In 2015, St. Anne's Place began a program-wide shift to the trauma-informed CARE (Child Adult Relationship Enhancement) model, which emphasizes: minimizing the effects of trauma, strengthening the mother-child bond, promoting early childhood development and encouraging parent education and empowerment. Upon arrival at St. Anne's Place, families immediately meet with the Intensive Case Management (ICM) Team – Parent Educator, Family Social Worker and Child/Youth Case Manager. Parents are guided through industry-proven parenting and child development assessments, which help them and staff identify the issues to address – mental health, developmental delays, education gaps, parenting issues, etc. - during their stay. The ICM Team collaborates internally and with community partners to employ wrap-around services for each member of every family.

Our programming services, in-house groups and activities include:

- Providing mothers with the opportunity to engage in one-on-one mentoring with our Parent Educator
- Ensuring that children are enrolled in and attending school
- Providing referrals for mental health services and chemical health treatment
- Connecting families with community resources to address any developmental delays
- On-site visits with a public health nurse
- Minneapolis Public School ECFE Parenting and Early Childhood class (on-site)
- Family reading group
- Moms' Wellness Activities
- Moms' Coffee Hour (conversation, journaling, reflection)
- Parenting workshops (parenting values, bedtime routines, teaching kids responsibility, temper addressing tantrums, and more)
- Mama & Me playtime
- Music therapy (one class for pre-K, one class for school-age children, and one for moms)
- Free Arts MN (school-age children)
- Tutoring (school-age children) three times weekly
- Arts & crafts
- Field trips
- Birthday parties
- Playground activities

St. Stephen's has a variety of programs that work with people in Hennepin County regardless of their criminal background. These programs range from prevention services to outreach and shelter, to housing programs that provide varying lengths of services. For our housing programs, all referrals are accepted through Hennepin County's Coordinated Entry System (CES), which means we cannot accept any direct referrals other than from CES. If individuals are interested in our Housing Programs, I would recommend they review Hennepin County's website regarding CES (<https://www.hennepin.us/coordinated-entry>) to see if they are eligible for a Coordinated Entry Assessment, and if so, how to access the Assessment.

For more information on how to access our services, we recommend people visit the "Get Help" section of our website (<https://ststephensmpls.org/get-help>). Below is a brief summary of programs we offer:

Services for individual adults in Hennepin County include:

- Street Outreach works throughout Minneapolis to interact with people living in places not meant for human habitation. They help people navigate the various crises that occur while lacking stable housing and meet people where they are at, to address immediate basic needs for safety and survival outside while assisting them in their process towards permanent housing.
- Clinton Avenue Shelter is a year-round, emergency shelter for 44 homeless individuals who identify as male.
- First Covenant Shelter is a year-round, emergency shelter for 55 homeless individuals, including women and couples.
- Single Adult Fast Track is a short-term housing program for single adults experiencing homelessness with higher income. This program provides housing search assistance, including financial assistance to secure housing, but does not provide on-going case management services.

Tasks Unlimited

Contact Information:

2419 Nicollet Avenue South, Minneapolis, MN 55404

612-871-3320

www.tasksunlimited.org

Property Information:

Tasks Unlimited provides supported employment, housing and recovery services for people with mental illness so that they achieve a full life with the rights and responsibilities of adults in our society.

Training Programs: All program participants must complete a training program before moving into a lodge or the JOBS program. All training programs include mental health support, paid job training and self-sufficiency development. Participants who have established stable living situations can enter the JOBS training program. For those in need of stable housing, we offer supported housing training in conjunction with the JOBS training program. Graduates from the training programs have opportunities to further their career by opting to work full time, cross training into a different type of work or participating in our Career Ladder Program to learn supervisory and contract management skills.

The supported employment program, or JOBS program, offers mental health services, paid on-the-job training and basic living skills development. Staff and peers understand mental illness and provide accommodations that allow program participants to complete their work with greater ease and success. Participants learn how to cope with the symptoms of their mental illness, as well as how to find appropriate interventions before mental health deterioration comprises their daily work life.

Participants can take part in the JOBS program with or without supported housing. All participants must qualify for and complete one of Tasks Unlimited's paid training programs upon admission. Successful training graduates average nearly 11 years of steady employment with the organization.

Tasks Unlimited lodges are stable, supportive homes in clean, desirable neighborhoods throughout the Twin Cities that are available for program participants. Unlike group homes, Tasks Unlimited lodges do not have 24-hour supervision. Based on the Fairweather Lodge Model, lodges are affordable, inter-dependent living environments operated by the tenants with limited assistance from staff. Lodge members manage their own lives and provide support to each other in daily activities. They establish their own rules, pay rent, clean, shop for groceries, go to work and participate in community activities just as one would do in any roommate living situation.

Hennepin County

Tasks Unlimited, cont.

All lodge members are required to complete the Tasks Unlimited Training Center program or Transitions Lodge program before moving into a lodge. These programs use peer support to teach basic living skills, mental health maintenance, and employment readiness skills per the Fairweather Lodge Model principles. The Tasks Unlimited Training Center Program is located in St. Louis Park. We have 21 lodges around the Twin Cities metro area. The lodges are located in Richfield, Golden Valley, Bloomington, Brooklyn Park, St. Louis Park, New Hope, Edina, Minneapolis, St. Paul, and Burnsville.

Mental Health Services provides medication management, illness management and recovery groups, chemical health program, wellness program, and recreation program.

Tasks Unlimited Job Placement program is a contracted program funded by the Department of Employment and Economic Development (DEED), providing employment assistance and career development services to individuals with disabilities. If you are ready to work in competitive employment because you want to supplement your disability income or you wish to end your disability income, see your Vocational Rehabilitation Counselor to get a referral to Tasks Unlimited!

General Admissions Criteria:

- Be at least 18 years of age
- Meet State of Minnesota requirements for serious and persistent mental illness including, but not limited to, schizophrenia, schizoaffective disorder, bipolar disorder and major depressive disorder.
- Express a willingness to actively participate in the program.
- Not pose a risk of serious harm to self or others.
- Be healthy enough to participate in a full range of activities and employment with reasonable accommodation.
- Complete a successful tour of the applicable program, whenever possible.
- Demonstrate the capacity to benefit from programming.
- Demonstrate an interest in and the ability to engage in the Fairweather model of treatment.
- Not be in need of health care beyond that which can be provided with program resources.
- Be eligible for or have Medical Assistance.

Applicants with a criminal history will be considered on a case-by-case basis. Admission will be based on the established procedures, including an assessment of the criminal behavior being related to mental illness. Please note: Level 1 offenders and offenders with a history related to arson convictions will need pre-approval by the Executive Director; Level 2 and Level 3 offenders are ineligible for any Tasks program.

- The Property Manager occupies the master bedroom and two car garage and may negotiate work for pay with the participant to maintain and beautify property.
- The testimony of the Property Manager and ARMHS worker will be considered, but the decision to remove a participant from the program will remain with Nathan Wright.

Philosophy:

I worked as an ARMHS worker, and assisted an individual complete his ISR. Accepting the assignment was one of the most difficult decisions I ever made. I had to overcome many taboos and social norms. I believe that I am a part of his success. It has taken a lot of work on my part, and an astronomical amount of work on his part. He had to change and overcome powerful habits.

It really does not matter how much we want something, because intoxication will take it away. Intoxication makes people stupid. Intoxication removes opportunity and friends. Intoxication leads to incarceration. Those who wish freedom will have to choose sobriety, over and over again. Choosing intoxication once may be the very last free will choice we make. There are consequences to everything. Choose the action you want not because you want a thing, but because you want the consequences of the thing.

Hope is the thing that I want to give people. Hope raises the bar, and we rise to meet it.

“Get Action, Get Sane.” Theodore Roosevelt.

www.newpathwaysmn.com

Property Amenities:

New Pathways' mission is to build a stronger community by providing shelter and support services to homeless families with children. Supporting families is a team effort, which is why our Path to Home shelter chose a model that relies on hundreds of local volunteers. Our hope is to connect families with people and resources that will help them to be successful long term. We want to see families thrive, as opposed to just survive. This includes meals, a safe, warm place to sleep, and skills and resources necessary to find and maintain housing.

Transitional Shelter Program

New Pathways' Path to Home program serves homeless adults with children by giving them a safe place to stay, meals, and access to case management services and skills training services.

During the day, the families go to work, school, or to one of our family Day Centers where they work on their plan to get back into a home of their own. New Pathways provides for each family's basic needs, including shower and laundry facilities, at the Day Center.

Case management and family education are two of the most important aspects of our program. Families have a dedicated Case Manager who meets with them regularly to review their progress towards finding a home, along with helping them work through any challenges associated with that process. The Case Manager is available full time to assist with housing-related crises that might arise.

Supportive Housing Program

You must complete an assessment that will evaluate your current situation and homelessness history. From this assessment, your household will be placed on a priority list for the area where you choose to reside. When units become available, households are contacted in order of priority. To schedule an assessment, you will need to contact your local community action council.

The rent for units designated for long-term homelessness is subsidized and based on 30% of your income.

New Pathways has a full-time Case Manager on site at the property who can provide assistance in developing the skills necessary to maintain your housing. The Case Manager can help you establish a strong tenant-landlord relationship. The Case Manager can also help with budgeting and accessing community resources for mental health, substance abuse, and more.

Property Amenities:

Our beautiful facility is located in LaPrairie, MN, about one mile outside of Grand Rapids on Highway 2. This private, structured environment and supportive staff allow men to gain the skills they need to become positive members of their families and productive members of their communities.

Each Hope House client receives personalized treatment according to his individual needs. Program options include:

- **Relapse Prevention Group:** Provides knowledge of the relapse process and helps the client recognize individual triggers as well as develop healthy coping skills.
- **Co-Dependency Group:** Helps clients recognize and address how their addiction has affected their relationships.
- **Step Group:** Provides clients with a working knowledge of the 12 steps of AA and NA.
- **Resurfacing Group:** A group that teaches different ways to view issues and solve problems through the development and use of alternative coping skills.
- **Mental Illness & Chemical Dependency (MICD) Group:** Provides the client with education on how to manage their mental health concerns, especially as those concerns relate to chemical dependency. This co-occurring group also informs clients of the effect mental illnesses can have on addiction and relapse prevention.
- **Spirituality:** Connects or reconnects clients with their own morals, values, and belief systems.
- **Parenting Group:** Provides education and support for chemically dependent fathers in their endeavor to become healthy, chemical-free parents.
- **Living Skills:** Provides clients with necessary tools to live a healthy, chemical-free lifestyle. Topics covered include budgeting, organizational skills, etc.
- **Wellness Group:** Educates clients about various physical problems that are often contingent with substance abuse issues. This group also promotes ways to recover from or manage such problems through positive medical and nutritional practices.
- **Goals and Gratitude:** Designed to encourage long and short term goal planning and achievement by addressing client goals and receiving feedback from peers.
- **Meditation:** The first group of the day in which clients read and discuss daily meditations among themselves.
- **Family Recovery Program:** Educates clients and their families on the nature of substance abuse and recovery and how it affects the family system. Our hope is to provide much-needed support for families of those in recovery while promoting empathy and addressing boundary issues.
- **Therapeutic Recreation:** Provides clients with an opportunity to participate in chemical-free recreational activities while learning to select and plan safe leisure activities that don't involve substance use.

Cronin Home's mission is to provide a protective and caring environment, which offers opportunities for quality recovery in chemically dependent men and women who also may be physically and/or mentally challenged.

Our facility is structured to provide a home atmosphere, not treatment, so that residents may rely on peer support and example to bring desired changes. Cronin Home functions like any other well-run household. All bedrooms are neat, clean and provide all the comforts you would find at home. The kitchen is well equipped for providing a quality home-style meal. The meal provided each day is prepared completely by staff. Our service is simple and individual.

This atmosphere has helped to promote abstinence in many residents. Others have come and gone and returned again to regain their health and well-being. Cronin Home provides several aspects to promote this atmosphere for residents.

Our basic rules are minimal

- No alcoholic beverages or other drugs on the premises.
- We expect acceptable behavior if there is a slip. Residents sign an agreement that should they drink or use, they will go to detox if the staff is concerned for their behavior or physical well being. Resident is not to return to the facility until they are clean and sober.
- All medications must be administered by staff and overseen by our registered nurse.
- We do not permit smoking and other tobacco use in the facility.

Our facility is designed for male and female residents primarily 21 years of age or older. Residents must be alcoholic and/or chemically dependent. Referrals come from detoxification centers, treatment centers, halfway houses, hospitals, nursing homes, social services, court services and families.

Olmsted County

The Cronin Home, cont.

Cronin Home does not discriminate on the basis of race, creed, color, national origin, disability or sexual preference.

The resident is responsible to have their funding source approved and arranged prior to admit.

Evidence of substantial likelihood of physical harm to self or others beyond the management capabilities of staff is unacceptable. Cronin Home also considers whether we are able to meet the residents' needs. For residents receiving funding, approval must be received from the individual's Social Worker, Probation Officer or Financial Worker.

Criteria for denying admission are as follows:

- History of sexual crime charges
- Actively psychotic
- Actively suicidal
- Actively homicidal
- Inability to demonstrate self-care and/or self-protection.
- Medical conditions outside the scope of care Cronin Home can provide.
- Anticipated need for direct medical supervision of withdrawal and detoxification.
- Lack of funding or ability to pay expenses.
- Unfavorable history with Cronin Home

Union Gospel Mission

Naomi Family Residence

77 E 9th Street, St. Paul, MN 55101 | (651) 228-1800

Our Naomi Family Residence offers shelter for women and children escaping abuse, battling addiction, and struggling with homelessness and poverty.

Our women's shelter provides a safe place to sleep and 3 meals a day. More importantly, we provide a full program designed to build family stability by helping to meet the physical, spiritual, and emotional needs of women and children in crisis.

Through personal care and individualized case management, our students set life goals, grow spiritually, and create a plan for self-sufficiency. Our individualized approach equips women with the confidence to move forward and, with God's help, to once again be able to provide for themselves and their children.

Bethel Hotel

435 University Ave E, St. Paul, MN 55130 | (651) 292-1721

Since 1902, men facing hardship have come to Union Gospel Mission Twin Cities to rebuild their lives. The men's shelter called the Bethel Hotel offers men facing homelessness a clean bed, a hot meal, a warm shower and, most of all, an opportunity to get back on their feet.

Bethel Hotel

- Provides beds for up to 194 men per day
- Offers 109 beds for men in our transitional housing programs
- Over 1,543 men served in our shelter and transitional housing facilities last year
- Emergency shelter open 24 hours a day

Transitional Housing Program

The Transitional Housing program equips men living in the Bethel Hotel with the spiritual support and life skills necessary to continue their success when they leave the Mission. This support includes physical and mental healthcare needs, job training, and help finding safe, affordable housing.

Addiction Recovery at Christ Recovery Center

435 University Ave E, St. Paul, MN 55130 | (651) 292-1721

Alcohol and drug addiction are often at the core of chronic poverty and homelessness. Our full time residential recovery program helps men break the grip of addiction. A clearly identified Higher Power gives them the resolve to live a changed life.

The Christ Recovery Center (CRC) has been helping men recover from the depths of chemical dependency since 1980. This four-phase program is specifically designed to help them work through chemical dependency issues, providing lasting results.

CRC's success rate in helping people gain and maintain sobriety is equal to or greater than that of the best nationally recognized recovery programs...and at just a fraction of the cost. Christ Recovery Center provides:

- Relationship building with God
- Mentorship/Sponsor
- Outside support groups
- Genesis Process change groups
- Education
- Work readiness

Residential Treatment

Juel Fairbanks is a 245G Minnesota State Licensed Facility with 24 beds for residential treatment. Juel Fairbanks offers a 90 day medium intensity residential treatment program. Our program offers a wide range of services to men who are working on living their lives free of alcohol and drugs.

In this program, licensed alcohol and drug counselors provide individual counseling, group counseling, and American Indian cultural services. Acupuncture is also provided by a consulting acupuncturist.

Individual counseling focus on treatment planning and aftercare coordination. Group Counseling focus on;

- Helping Men Recover
- Moods and Feelings
- Living Skills
- Co-Occurring Education
- Extended Care
- Relationships
- Men's Health
- Anger Management
- Recovery maintenance

* Individual and group sessions with a consulting psychologist are also available.

Participants are expected to attend daily group meetings and individual sessions for a minimum of 15 hours of group per week. Recreational therapy, daily meditation, and four closed AA/NA meetings complement counseling work.

First Aid/CPR trained and Medication Certified Technician is on duty 24 hours a day and 7 days a week. A certified food manager ensures healthy and nourishing meals for residents.

Group Residential Housing

The Group Residential Housing program at Juel Fairbanks provides 20 beds for chemically dependent adult American Indian men and other underserved men. Clients apply for financial assistance through their home county and typically receive general assistance and medical assistance.

Our program includes Case Management services in which clients can set goals and receive assistance toward reaching their goals. The focus typically comprises gaining permanent housing, education, and employment. Wellness is also encouraged, and clients receive support in setting and keeping medical, dental and psychological care appointments.

As they recover and look for a job and permanent housing, residents can stay 30 days up to two years. The typical stay lasts approximately six months — the amount of time it takes to locate and secure permanent housing.

Participants are expected to attend individual one on one sessions with their case manager. Participants are also expected to participate in specific group sessions and four NA/AA meetings a week.

The 20-bed facility operates under the guidance of a case manager, licensed alcohol and drug counselors, licensed practical nurse, and a registered nurse Consultant. All technicians are First Aid/CPR trained and Medication Certified. Also, a certified food manager ensures healthy, nourishing meals for residents while they recover in a positive group environment.

Program Information:

MACV assists homeless veterans and provides supportive services to prevent homelessness (for veterans and their families). Services can include direct payments to assist with rental assistance, transportation, utilities, food/clothing, car repairs and are evaluated on a case by case basis during initial intake process. To be eligible for assistance, clients must be a veteran with 181 days of active duty service. The veteran must be a Minnesota resident (30 days) and homeless or at imminent risk of becoming homeless and must be motivated to make positive change. To be eligible for housing assistance, the veteran should pay no more than 30% of their income toward monthly housing expenses. Generally, assistance is provided on a one-time basis in which the payment is considered to resolve the current crisis.

Some of the homeless veterans MACV serves are placed into its transitional housing program. The Transitional Housing program is designed to provide housing and appropriate support services to homeless persons to facilitate movement to independent living within 24 months. MACV has two transitional housing programs. The first, known as Building 47, utilizes a facility on the VAHCS campus which has a 13-bed occupancy. The other is the Structured Independent Living (SIL) program. MACV owns nine houses throughout the metro area and one in St. Cloud that accommodate up to 32 individuals. The SIL program combines two key concepts: structure and independence.

Ramsey County

Minnesota Assistance Council for Veterans, cont.

The SIL program provides for more than shelter for homeless veterans. It offers a home-like environment and assistance in coordinating other needs to develop a personal plan for total recovery. MACV believes the veteran who adopts a recovery program that addresses the issue that placed them at risk and puts it into action in their daily living will see difficulties resolved or greatly reduced. The SIL program is basically simple; yet following it is not easy because recovery is too often lost amid the pressures of daily living. Without structure, discipline and a supportive environment, the recovering person may become discouraged, confused and revert to past behaviors, and ultimately relapse.

Solid Ground

Suburban Homework Starts with Home

Contact Information:

3521 Century Avenue North, White Bear Lake, MN 55110

651-773-8401

www.solidgroundmn.org

Property Amenities:

Solid Ground is an award winning nonprofit organization whose proven, holistic approach helps families build the strong foundations they need to emerge from homelessness into a brighter future. Through safe, affordable housing and innovative supportive programming, Solid Ground helps families break the cycle of homelessness and poverty for the next generation. Solid Ground currently runs six programs in suburban Ramsey and Washington Counties housing nearly 400 women, men and children annually.

Qualifications:

Suburban Homework Starts with Home (HSWH) provides time-limited rental assistance and supportive services to families who reside in ISD 621 (Moundsvew), 622 (North St. Paul/Oakdale/Maplewood), 623 (Roseville), and 624 (White Bear Lake) and are experiencing or are at imminent risk of homelessness. The program only accepts referrals directly through the school districts' McKinney-Vento Liaisons and/or Community Social Workers. Families must be screened using the MN Prevention Targeting Tool and score as needing short- or medium-term assistance.

Details of program/facilities/etc.:

Prevention assistance (back rent, other assistance to stabilize housing); housing search and placement assistance; time-limited rental assistance; in-home case management and other supportive services designed to help families achieve housing and economic stability; educational supports for school-age children, scattered-site, turn-key housing program; families must reside or be rehoused in private rental units within the four school districts noted above.

Solid Ground (Continued)

Housing

At the heart of Solid Ground is the belief that housing stability is fundamental to the healthy development of children and to a family's ability to be contributing members of the community. Solid Ground helps homeless families achieve and maintain housing stability, and to secure permanent housing when they leave our program. Our programs provide housing for homeless families and serve nearly 400 individuals each year in suburban Ramsey and Washington Counties.

East Metro Place

East Metro Place provides 20 units of transitional housing in White Bear Lake, MN near Century College. Families can stay for up to two years and receive income-based rental assistance. In addition to housing, families living at East Metro Place participate in a range of supportive programs to help them build the strong foundations they need for a better future.

East Metro Place II

East Metro Place II was added to the White Bear Lake campus in 2005 and provides 14 units of permanent supportive housing. Like in the transitional program, families participate in intensive supportive services and receive income-based rental assistance. Seven units are designated for homeless families with disabilities, and seven units serve families with histories of long-term homelessness. Families living at East Metro Place II can stay as long as they need.

Home Again

Home Again serves families experiencing homelessness in Washington County, MN. Solid Ground provides families with rental assistance and supportive services for six to twelve months while families work to increase their income.

HomeSafe

HomeSafe provides rental assistance and supportive services to families for twelve to eighteen months in suburban Ramsey and Washington Counties in Minnesota.

HomeFront

Launched in August 2016, HomeFront serves long-term homeless veterans and their families. This permanent supportive housing program, in partnership with Sherman Associates, serves 10 households at a mixed-income development in Maplewood.

Homework Starts with Home

Launched in November 2018, Homework Starts with Homework works to prevent and end homelessness for children and their families so that preK-12 grade students can achieve housing and school stability. This program is delivered in partnership with Lutheran Social Service, Ramsey County, Suburban Ramsey Family Collaborative, St. Andrew's Community Resource Center, and the four suburban Ramsey school districts and their Community Social Workers.

HOUSING ASSISTANCE PROGRAMS

FAMILY HOMELESS PREVENTION & ASSISTANCE PROGRAM (FHPAP)

Program serves families, youth and singles. Household must be at imminent risk of homelessness and in need of services and/or financial assistance due to a housing crisis. Households must demonstrate financial need where no other resources are available through either public or private sources; or those resources are insufficient to resolve the present crisis and avoid literal homelessness. Serves households at or below 200% FPG.

SOUTHEAST MINNESOTA RAPID-REHOUSING PROGRAM (SE MN RRH)

Program serves families, youth and singles. Households must be 'literally homeless' according to HUD's definition or fleeing domestic violence. Program serves households at or below 200% FPG. Households will be assessed and prioritized using the Coordinated Entry System.

EMERGENCY SOLUTIONS GRANT (ESG)

Program serves families, youth and singles. Households must be 'literally homeless' OR 'imminently at risk' of homelessness according to HUD's definition. For prevention assistance, households must be re-housed without a day of homelessness in between. There are no income limits for households seeking homeless assistance; households must be at or below 30% AMI (Area Median Income) for homeless prevention. Households will be assessed and prioritized using the Coordinated Entry System.

TRANSITIONAL HOUSING (TH)

Program serves families, youth and singles. Households must be homeless according to the state definition: 'A household lacking a fixed, adequate night time residence (includes doubled up).' There are no income restrictions for enrollment. Households will be assessed and prioritized using the Coordinated Entry System.

PERMANENT SUPPORTIVE HOUSING (PSH)

Units are located at Prairiewood Townhomes in Faribault, MN and Fox Pointe Townhomes in Austin, MN. This program provides assistance for chronically homeless households according to the HUD definition. Households will be assessed and prioritized using the Coordinated Entry System.

Property Amenities:

Transitional Housing subsidizes rent for a period of up to 2 years based on 25% - 30% of a client's gross annual income. The client is expected to pay for a portion of the rent for a period of up to 2 years directly to the landlord. SCTH pays the remainder directly to the landlord. The lease is between the client and the landlord. A case manager meets bi-weekly with the client in his or her home to review budgeting and life skills, and to assist the client in achieving self- sufficiency.

Qualifications:

Office of Economic Opportunity Funded Program (OEO)- Clients must meet the Minnesota definition of homelessness. Anyone who lacks a fixed, regular, and adequate night-time residence can qualify. One of the households we support can be for a single adult. The rest of the households must be for families.

Housing and Urban Development Funded Program (HUD)- HUD considers people to be homeless if they reside in places not meant for human habitation, such as cars, parks, sidewalks, streets, abandoned buildings, or emergency shelters. If a person is in one of these places, but most recently spent fewer than 30 days in jail or an institution, he or she may also qualify. This is for families only.

Other Information:

- Length of program is up to 2 years
- For men, women, and children
- Offenders accepted, with the exception of sex offenders

St. Louis County

Arrowhead House, Inc. (cont)

Arrowhead House West is a structured Board and Lodging facility that is licensed to provide "Specialized Health Services" to mentally ill and/or chemically dependent adults who may also be involved with the criminal justice system. We are located in a renovated three story brick building in the central hillside just above the downtown area of Duluth, Minnesota. The program offers 24-hour support and crisis services to fifty-four adult men and women. We provide a safe and healthy environment to fulfill the needs of people who have experienced emotional problems which have seriously affected their ability to live and work independently. The program was specifically developed to serve as a transition from institutional life to a less restrictive, supportive and more permanent living situation in the community. The overall philosophy of the program is to assist our residents in gaining some mastery over the issues which are affecting their daily lives. It is hoped that an individual's placement at Arrowhead House West will ultimately increase their quality of life and assist them in developing better mental health and chemical health management skills.

Property Amenities:

The Center for Alcohol and Drug Treatment (CADT) provides chemical health, substance abuse, addiction treatment and recovery services. They offer a flexible array of programs and services designed around the changing needs of clients and the community - from DWI programs and medically assisted recovery, to intensive residential & outpatient treatment, medium intensity residential programs and aftercare. CADT also has a detox unit, and will begin a methadone assistance program in April 2015 (9-12 months long). CADT recognizes that there are many paths to recovery from substance abuse and addiction. Programs support both 12-Step and alternative approaches to recovery. They help clients find a recovery support network that works for them.

Other information:

OBOT (Office Based Opioid Treatment)

This is CADT's Outpatient Suboxone Treatment Program. Patients are treated with Suboxone and receive psychosocial group therapy &/or individual sessions. Patients use their insurance to pay for the Suboxone prescription. NOTE: If a patient does not have health insurance, he/she would be referred to the ClearPath Clinic in order to start medication. Once insurance is in place, the patient would then be referred to OBOT. OBOT is not allowed to keep medication onsite. OBOT is often combined with Intensive Outpatient treatment &/or individual sessions. No methadone is prescribed in this program. This Program accepts pregnant women. OBOT is located at 26 East Superior Street in Duluth. CONTACT : Kristine Swanson at kristine@cadt.org

Intensive Outpatient Treatment & Individual Sessions

Patients participate in nine (9) hours of group therapy weekly and individual sessions, depending on individual needs. Walk in Rule 25/Comprehensive Assessments are available at this location. Diagnostic assessment and mental health services will be available in October 2019. This program accepts admissions for pregnant women. Outpatient programming is located at 26 East Superior Street in Duluth. CONTACT: Kristine Swanson at kristine@cadt.org

ClearPath Clinic

The ClearPath Clinic offers primarily methadone in this medication assisted treatment outpatient program. Medication is included in the daily rate of this OTP, along with group and individual sessions, clinical and medical assessments, random drug screening, and other clinic programming. The federal guidelines for admission criteria requires that the patient "Is currently addicted to an opioid drug and that the person became addicted at least one (1) year prior to admission in order to be admitted for treatment (based on DSM-5 criteria)". In addition to the admission criteria, the following exceptions are noted in federal guidelines: 1) if clinically appropriate, the program physician may waive the one-year

Center for Alcohol and Drug Treatment, Cont.

history requirement for patients released from a penal institution with a documented history of opioid use disorder (within six (6) months of release); 2) for pregnant patients (program physician must certify pregnancy); and 3) for previous OTP patients (up to two (2) years after discharge). CADT will assist the patient in applying for health insurance and once it is obtained, the patient will then be transferred to the OBOT program. This program accepts admissions for pregnant women. ClearPath is located in the lower level of 1402 East Superior Street in Duluth. Detoxification Unit

The Detox Unit is a 24-bed alcohol and drug detoxification unit, open 24 hours a day, seven (7) days a week. The average stay is 24 to 72 hours. This unit is also used as a Pathfinder overflow unit. Detox and Pathfinder will start buprenorphine (Suboxone) inductions for CADT's OBOT program (2-4 hours) to ensure the patient is on a stable dose before moving the patient to OBOT. Detox has also started protocols for benzodiazepine tapers. This program accepts pregnant women. Services provided include but not limited to:

- medical observation, evaluation and stabilization services during the detoxification process;
- access to medications administered by trained, licensed staff to manage withdrawal;
- screening for substance use disorder(s);
- comprehensive chemical use assessments;
- provide referrals to appropriate chemical dependency services, as well as mental health services, economic assistance, social services, and prenatal care and other health services as the client may require as indicated by the chemical use assessment; and
- provide client education including information on obtaining assistance regarding substance use disorders, the effects of alcohol and other drugs and specific information about the effects of chemical use on unborn children; tuberculosis and reporting known cases of tuberculosis disease to healthcare authorities; and HIV minimum standards

Detox is located on the main level of 1402 East Superior Street in Duluth. Walk-ins are accepted for alcohol and opioid admissions but please contact Brenda Deleeuw ahead of time for benzodiazepine tapers. CONTACT: Detox Nurse at 218-529-3455 or Brenda Deleeuw at 218-529-1126 or brenda@cadt.org

The Howard Friese Houses for Men are medium intensity residential treatment programs, providing 15 hours of clinical counseling. There are two houses:

- Howard Friese Hillside - 12-bed facility located at 714 North 11th Avenue East in Duluth
- Howard Friese Lakeside - 14-bed facility located at 1520 East 2nd Street in Duluth

These facilities use a therapeutic community approach to provide a milieu conducive to medium intensity residential treatment. Treatment is geared toward relapse prevention, developing a sober living environment, development of living skills, and preparing the individual to return to employment and a productive life in the community.

Treatment includes client engagement and motivational enhancement strategies. Group and individual counseling services help the client develop insight and build recovery skills. Treatment strategies employed include motivational enhancement, cognitive, behavioral and 12-Step facilitation, depending on the client's needs and beliefs. Around-the-clock supervision ensures a therapeutic, safe, chemical-free environment that facilitates the development of coping skills, peer support networks, significant other or family recovery support, and a supportive recovery environment. Staff provides service coordination to assist the client in meeting his needs, find appropriate employment and living arrangements. Program Information:

MACV assists homeless veterans and provides supportive services to prevent homelessness (for veterans and their families). Services include direct payments to assist with rental/mortgage assistance; transportation; utilities; food/clothing; car repairs, etc. To be eligible for assistance, clients must be a veteran with an honorable discharge and 181 days of active duty service. The veteran must be a Minnesota resident (30 days) and homeless or at imminent risk of becoming homeless and must be motivated to make positive change. To be eligible for housing assistance, the veteran should pay no more than 30% of their income toward monthly housing expenses. Generally, assistance is provided on a one-time basis in which the payment is considered to resolve the current crisis.

Some of the homeless veterans MACV serves are placed into its Transitional Housing program. The Transitional Housing program is designed to provide housing and appropriate support services to homeless persons to facilitate movement to independent living within 24 months. MACV has two Transitional Housing programs. MACV offers five units of Transitional Housing located onsite with our Duluth offices. The other is the Structured Independent Living (SIL) house. MACV owns one SIL house in the Duluth Region that can accommodate up to five individuals. The SIL program combines two key concepts: structure and independence.

Program Details:

The Housing Support Program was formerly known as Group Residential Housing (GRH).

RTH uses a scattered site system, meaning the clients that are on Housing Support Program have their own private apartment. Each individual will receive case management based on needs.

Who is this program for?

- The head of household must have a documented disability.
- Must meet the Minnesota guideline of Long-Term Homelessness (LTH)**

**LTH means that an individual or family lacks a place to live continuously (including couch hopping) for a year or has at least four instances of homelessness within the last three years. Time spent in an institution or correction system is neutral.

The Permanent Supportive Housing Program includes a rent subsidy where individuals or families pay 30 percent of their income for rent. The PSH program includes home visits and case management services based on need.

Who is this program for?

To qualify for this program, families or individuals need to meet HUD's definition of homelessness.

The PSH program qualification also requires a documented disability such as mental health, physical, or substance use.

Range Transitional Housing has partnered with Arrowhead Economic Opportunity Agency (AEOA) to administer ***The Family Homeless Prevention & Assistance Program*** (FHPAP). FHPAP funds can be used towards first months rent and security deposits, as well as one-time rent or utility assistance.

Who is this program for?

FHPAP program can be used by families or individuals in Northern St. Louis County that meet the following requirements:

- Are homeless or at risk of becoming homeless
- Have been denied emergency assistance by the county
- Meet federal poverty guidelines
- Have not used FHPAP funds in the current grant cycle

*Anyone who may be homeless at discharge needs to call 211 out of Duluth ASAP to set up an interview with one of the Case Managers in St. Louis County. This is part of the New Coordinated Entry System which was mandated by HUD.

HOUSING ASSISTANCE PROGRAMS

FAMILY HOMELESS PREVENTION & ASSISTANCE PROGRAM (FHPAP)

Program serves families, youth and singles. Household must be at imminent risk of homelessness and in need of services and/or financial assistance due to a housing crisis. Households must demonstrate financial need where no other resources are available through either public or private sources; or those resources are insufficient to resolve the present crisis and avoid literal homelessness. Serves households at or below 200% FPG.

SOUTHEAST MINNESOTA RAPID-REHOUSING PROGRAM (SE MN RRH)

Program serves families, youth and singles. Households must be 'literally homeless' according to HUD's definition or fleeing domestic violence. Program serves households at or below 200% FPG. Households will be assessed and prioritized using the Coordinated Entry System.

EMERGENCY SOLUTIONS GRANT (ESG)

Program serves families, youth and singles. Households must be 'literally homeless' OR 'imminently at risk' of homelessness according to HUD's definition. For prevention assistance, households must be re-housed without a day of homelessness in between. There are no income limits for households seeking homeless assistance; households must be at or below 30% AMI (Area Median Income) for homeless prevention. Households will be assessed and prioritized using the Coordinated Entry System.

TRANSITIONAL HOUSING (TH)

Program serves families, youth and singles. Households must be homeless according to the state definition: 'A household lacking a fixed, adequate night time residence (includes doubled up).' There are no income restrictions for enrollment. Households will be assessed and prioritized using the Coordinated Entry System.

PERMANENT SUPPORTIVE HOUSING (PSH)

Units are located at Prairiewood Townhomes in Faribault, MN and Fox Pointe Townhomes in Austin, MN. This program provides assistance for chronically homeless households according to the HUD definition. Households will be assessed and prioritized using the Coordinated Entry System.

Property Amenities:

Bell Hill Recovery Center is a private, non-profit rehabilitation facility located 6 miles north of Wadena, Minnesota. We have been providing long term chemical dependency services to adult males and females since 1973. Our inpatient treatment program is relapse-based and can serve 20 males over 18 years of age. In addition, we offer a Board and Lodge for males and females that provides a safe, chemically free living environment. Situated on 47 acres in rural central Minnesota, the campus includes Dormitory style resident halls, Dining Room, Recreation Center, Gymnasium, Hobby Shop, TV Lounge, group rooms and offices.

Other Information:

The treatment program at Bell Hill Recovery Center utilizes the relapse model and is designed for clients who have had multiple treatment exposures and require a longer, slower paced program. Along with an emphasis on the philosophy of AA/NA, we also attempt to help the client build their self-esteem through the on-site work program, living skills, hobbies & crafts, and GED tutoring. Completion of the program varies depending on the client's ability to progress through steps at his optimum pace. A typical length of stay is 60 days, and funding is through the Rule 25 Consolidated Treatment Fund.

The residential program provides a safe, sober environment for individuals who have a history of continued chemical use after numerous treatment exposures. These clients have shown an inability to maintain sobriety outside of a structured environment. Each Lodge client has the opportunity to be involved in a limited work program, AA/NA groups, spiritual study groups, GED tutoring, and numerous on and off grounds activities. The Bell Hill Lodge consists of 9 female and 64 male beds, and clients are assigned a staff person to assist them with issues that arise throughout their stay. Full-time nursing staff and CD Technicians address medical needs and monitor and dispense all medications.

Property Amenities:

Hope House of St. Croix Valley is a 245D adult foster care home with a committed staff of 12. Located in Stillwater, Minnesota, our mission is to provide a non-judgmental home with compassionate care, respecting the dignity of people living with HIV since 1991.

Residents of Hope House receive:

- Assistance with daily living activities – personal care, cooking, mobility, transportation
- Food, lodging, protection, household services social and recreational activities
24-hour care-partnering services supervised by a Care Director
- Holistic care, providing for the physical, psycho-social, and spiritual needs of each individual, including medication supervision and cash management. Pastoral care and bereavement services are available upon request.

There are currently four co-housing facilities for people with HIV/AIDS in Minnesota, each limited by law to four residents. Three homes are located in Minneapolis and Hope House of St. Croix Valley in Stillwater, Minnesota.

Other Information:

This program often has a waiting list and under Minnesota's 245D rule, adult foster care homes are limited to serving 4 residents at a time. There are many reasons to limit the number of resident's legally, but from our perspective it allows us to provide outstanding one on one care to our residents. Solid Ground

Suburban Homework Starts with Home

Contact Information:

3521 Century Avenue North, White Bear Lake, MN 55110

651-773-8401

www.solidgroundmn.org

Property Amenities:

Solid Ground is an award winning nonprofit organization whose proven, holistic approach helps families build the strong foundations they need to emerge from homelessness into a brighter future. Through safe, affordable housing and innovative supportive programming, Solid Ground helps families break the cycle of homelessness and poverty for the next generation. Solid Ground currently runs six programs in suburban Ramsey and Washington Counties housing nearly 400 women, men and children annually.

Qualifications:

Suburban Homework Starts with Home (HSWH) provides time-limited rental assistance and supportive services to families who reside in ISD 621 (Moundsvew), 622 (North St. Paul/Oakdale/Maplewood), 623 (Roseville), and 624 (White Bear Lake) and are experiencing or are at imminent risk of homelessness. The program only accepts referrals directly through the school districts' McKinney-Vento Liaisons and/or Community Social Workers. Families must be screened using the MN Prevention Targeting Tool and score as needing short- or medium-term assistance.

Details of program/facilities/etc.:

Prevention assistance (back rent, other assistance to stabilize housing); housing search and placement assistance; time-limited rental assistance; in-home case management and other supportive services designed to help families achieve housing and economic stability; educational supports for school-age children, scattered-site, turn-key housing program; families must reside or be rehoused in private rental units within the four school districts noted above.

Washington County

Solid Ground (Continued)

Housing

At the heart of Solid Ground is the belief that housing stability is fundamental to the healthy development of children and to a family's ability to be contributing members of the community. Solid Ground helps homeless families achieve and maintain housing stability, and to secure permanent housing when they leave our program. Our programs provide housing for homeless families and serve nearly 400 individuals each year in suburban Ramsey and Washington Counties.

East Metro Place

East Metro Place provides 20 units of transitional housing in White Bear Lake, MN near Century College. Families can stay for up to two years and receive income-based rental assistance. In addition to housing, families living at East Metro Place participate in a range of supportive programs to help them build the strong foundations they need for a better future.

East Metro Place II

East Metro Place II was added to the White Bear Lake campus in 2005 and provides 14 units of permanent supportive housing. Like in the transitional program, families participate in intensive supportive services and receive income-based rental assistance. Seven units are designated for homeless families with disabilities, and seven units serve families with histories of long-term homelessness. Families living at East Metro Place II can stay as long as they need.

Home Again

Home Again serves families experiencing homelessness in Washington County, MN. Solid Ground provides families with rental assistance and supportive services for six to twelve months while families work to increase their income.

HomeSafe

HomeSafe provides rental assistance and supportive services to families for twelve to eighteen months in suburban Ramsey and Washington Counties in Minnesota.

HomeFront

Launched in August 2016, HomeFront serves long-term homeless veterans and their families. This permanent supportive housing program, in partnership with Sherman Associates, serves 10 households at a mixed-income development in Maplewood.

Homework Starts with Home

Launched in November 2018, Homework Starts with Homework works to prevent and end homelessness for children and their families so that preK-12 grade students can achieve housing and school stability. This program is delivered in partnership with Lutheran Social Service, Ramsey County, Suburban Ramsey Family Collaborative, St. Andrew's Community Resource Center, and the four suburban Ramsey school districts and their Community Social Workers.

Property Amenities:

The Vanguard Center for Problem Gambling opened in 1992 and is one of four residential problem gambling treatment centers in the nation. Individuals seeking help for their gambling addiction come from not just Minnesota but from all across the United States, as well as internationally. This 20-bed unit focuses on gambling as the primary addiction and utilizes evidence based practices in addressing the gambling disorder.

Qualifications:

Admission starts with a call to the admission's office at 1-800-862-1453. Staff will conduct a preliminary interview to gather necessary medical information and to discuss funding. The Vanguard Compulsive Gambling Treatment Center for men and women 18 years of age and older is a residential program designed and built exclusively for individuals and families experiencing problems due to gambling. Minnesota residents are eligible for treatment grants/scholarships.

Other Information:

The 20-bed unit is located on the Project Turnabout campus in Granite Falls and participants have full access to all the grounds, recreational resources, mental health, medical/health services, and treatment services available on campus. The services offered at Vanguard are designed to offer the help and hope necessary to make recovery and life-long abstinence from gambling a reality.

Admission starts with a call to the admission's office at 1-800-862-1453. Staff will conduct a preliminary interview to gather necessary medical information and to discuss funding.

Other Information:

Withdrawal Management/Detox:

Project Turnabout has a 15 bed withdrawal management (detoxification) unit with around the clock nursing care and medical services. Individuals are monitored 24 hours a day and provided with medical care, detoxification protocol, and education. Individuals seeking treatment can detoxify and withdrawal under supervision prior to transferring to the residential unit.

Men's Residential:

Project Turnabout has three (3) men's residential treatment units providing high and medium intensity treatment programs with stay duration being 30 - 120 days. Each men's unit houses up to 23 individuals and provides a therapeutic environment with individualized treatment plans, recreational therapy, education groups, and individual therapy with counselor.

Women' Residential:

This 27-bed unit offers a warm environment that projects respect and dignity for the individual and celebrates women's empowerment and recovery. The residential unit offers a comfortable living area, laundry facilities, social areas, and group rooms. While keeping the focus on chemical dependency, other areas of the women's lives are individually explored to help identify issues that create barriers to the recovery process. The Women's Residential Program offers both high and medium-intensity treatment programs with duration ranging from approximately 30 days to 120 days.

The Women's Residential Program offers both high and medium-intensity treatment programs with duration ranging from approximately 30 days to 120 days. Individualized aftercare planning allows specific goals to be addressed based on vocational, social, educational, emotional, and spiritual need. Aftercare planning is vital to the recovery process and may include referrals to a halfway house, outpatient programs, or other post-inpatient treatment living facility, which promotes an abstinent lifestyle.

Qualifications:

The Women's Program accepts females 18 years of age and older. When entering the center for women's recovery, each patient receives a thorough assessment which addresses the following: physical and psychological needs; chemical use history; social, spiritual, dietary & emotional needs; and family history.

Other Information:

Funding arrangements must be made with the business office prior to admission. For referral to this program, or further information, please call 1-800-862-1453.
