

MCF - Shakopee Internal Memo

Date: August 13, 2026

To: Shakopee Population

From: Captain Michel 

RE: Visiting Update

Effective September 10, 2026, MCF–Shakopee will temporarily discontinue visiting on Thursdays.

Visiting will continue to be available on the following days:

- Friday
- Saturday
- Sunday

Visiting hours will remain the same on the days visiting is open.

This change has been communicated through the facility's public website and through .gov delivery messages to which your loved ones may be subscribed.

MCF–Shakopee understands that the elimination of Thursday visiting may cause frustration and inconvenience for the population, families, and other visitors. However, due to the ongoing construction project, continued Thursday visiting would likely result in additional disruptions and unexpected closures.

To help provide greater consistency and reduce disruptions for the population and visitors, the facility will close visiting on Thursdays while the construction project is underway.

MCF–Shakopee will make every effort to resume Thursday visiting as soon as conditions allow. We appreciate your patience and understanding as we work to minimize the impact of construction on visiting.
