

SCHEDULE OF OPERATIONS
JACKSON VOLUNTEER AMBULANCE SERVICE
EMS #1732

The following terms are set forth for the Schedule of Operations for this ALS-S license:

1. Operations are limited to pre-arranged advanced ambulance-specialized patient transfers originating from the Jackson Medical Center, Jackson, Minnesota, to other accepting facilities on an as requested pre-arranged basis, when the determination has been made that this level of care is needed.
2. The licensee shall have available in pre-packaged and portable form, all required advanced equipment, 24 hours a day, 7 days a week, for use during interfacility transportation.
3. Personnel shall consist of registered nurses or EMT-Paramedics as attendants, certified by the medical director of the ambulance service that they have received appropriate training and authorization in the use of all equipment carried on advanced ambulance-specialized vehicles. Documentation of training and authorization must be maintained in the licensee's file.
4. Licensee shall comply with all applicable rules governing ambulance services, including provisions of any local ordinance in effect approved by the Board.
5. Licensee shall request permission of the Board, in writing, for prior approval of any new or additional services to be provided, or changes in this schedule of operations, which may be subject to the provisions of a change in type of service as stated in Minnesota statutes and rules governing ambulance operations within Minnesota.
6. This schedule of operations is subject to review by the Board at a minimum at the time of biennial license renewal.
7. Licensee shall display this schedule of operations with the advanced ambulance-specialized license issued by the Board.
