Annual Report of the Minnesota Gambling Control Board

**Fiscal Year
2009**

July 1, 2008 - June 30, 2009

Message from the Board Chair and Executive Director

December 31, 2009

The mission of the Gambling Control Board (Board) is to regulate lawful gambling in Minnesota, so that citizens are assured of the integrity of the industry and nonprofit organizations may continue to raise funds for charitable contributions.

In 2009 the Board took bold and innovative steps to help reduce regulatory paperwork for licensed organizations. The Board requested and received legislative changes for:

- the authority to establish perpetual terms for organization licenses, gambling manager licenses, and premises permits, thereby eliminating the license and permit renewal process;
- the elimination of the allowable expense calculation requirement and replacing it with a new lawful purpose rating system to help organizations focus on charitable contributions;
- the elimination of the restriction of commercialization in lawful gambling, thereby allowing organizations to seek paid commercial advertising income in conjunction with its lawful gambling activities and to reduce expenses; and
- greater flexibility for repairing and maintaining owned buildings without board approval within certain guidelines and limits.

The Board continues to provide education, outreach, and guidance to the lawful gambling industry through its ongoing programs, including:

- compliance reviews and site inspections,
- issuing perpetual licenses and permits for licensed organizations,
- continuing education classes throughout the state,
- speaking engagements at state-level conventions,
- gambling manager seminars,
- an individualized mentoring program,
- a comprehensive web site, and
- a bi-monthly newsletter.

This annual report provides information for the fiscal year beginning July 1, 2008, through June 30, 2009. Portions of the data were obtained from the Minnesota Department of Revenue.

Respectfully submitted,

William Goede, Chair

Tom Barrett, Executive Director

Gambling Control Board Members and Staff

The Board has the power to issue, suspend, and revoke licenses. Under Minnesota Statutes, section 349.11, the Board's purpose is "to regulate lawful gambling, to insure the integrity of operations, and to provide for the use of net profits only for lawful purposes."

The Gambling Control Board is comprised of seven citizens. Five of the members are appointed by the Governor, and the Attorney General and Commissioner of Public Safety each appoint one member.

A cash shortage is the difference between the reported net receipts for a game and the actual cash on hand to be deposited for that game.

For reporting purposes, shortages may not exceed three-tenths of one percent (.3%) of gross receipts (sales) and are treated as an allowable expense.

For bar operation leases, cash shortages must be reimbursed by the lessor.

The Board closely monitors cash shortages, because shortages may indicate theft or mismanagement.

Local Unit of Government

LOCAL GAMBLING TAX

A city or county may impose a local gambling tax, only if they do not charge an investigation fee or other local taxes on lawful gambling. The tax, up to 3% per year, may be imposed only if the amount is necessary to cover the costs to regulate gambling in their jurisdiction. A report must be submitted to the Gambling Control Board by March 15 each year. The following cities reported information for 2008.

City	Rate	Collected	City	Rate	Collected
Austin	0.50%	3,980.90	Minneapolis	3%	147,571.29
Bloomington	0.25%	5,481.41	North Mankato	3%	11,092.19
Duluth	3%	59,456.00	Owatonna	3% (to \$500)	5,000.00

Mendota	2%	3,827.00	Total collected		\$654,755.90

The following cities reported no tax imposed in 2008 but maintained an existing balance: Eden Prairie, Little Canada, Plymouth, and St. Louis Park.

LAWFUL PURPOSE CONTRIBUTIONS TO LOCAL UNITS OF GOVERNMENT

VOLUNTARY A-10 LPE CONTRIBUTIONS

- Organizations may provide voluntary contributions to units of government (under lawful purpose code A-10) for government programs and projects of the United States, the state of Minnesota, or local units of government.
- The city or county is not required to report the receipt of these contributions to the Board.

10% FUND CONTRIBUTIONS, WHEN MANDATED BY ORDINANCE

As established by ordinance, a city or county (not a township) may require an organization to contribute up to 10% per year of net profits to a fund that the city or county administers.

- The city or county may only spend the fund for charitable contributions (Minn. Stat. 349.12, subd. 7a), or for police, fire, and other emergency or public safety-related services, equipment, and training.
- The fund may not be used for the payment of pension obligations or general government functions.
- A licensed organization that contributes to the 10% fund may not be a beneficiary of the fund.
- A city or county that has a 10% fund must submit a report to the Gambling Control Board by March 15.

- **In fiscal year 2009, a total of \$7,100,000 was contributed to units of government for contributions allowed under code A-10.**
- **In calendar year 2008, 84 cities required 10% fund contributions as mandated by city ordinance.**

Operational and Regulatory Study Conducted by Board

In light of the decrease in gross sales activity for lawful (charitable) gambling over the last few years, the 2008 Legislature directed the Gambling Control Board to conduct a study on the issues facing licensed non-profit organizations.

The Board's study included a review of operational and regulatory procedures, accounting functions, tax structure, and recent trends in lawful purpose contributions and allowable expenses incurred by licensed charitable organizations relating to lawful gambling activities.

The Gambling Control Board solicited input from lawful gambling licensees and other stake holders on issues facing the industry and consulted with other regulatory agencies. A report was provided to the legislature in January 2009, resulting in the many legislative changes summarized in this report.

ORGANIZATION LICENSE - Effective July 1, 2009

- **Members required** - An organization must have at least 15 active members at the time of its initial license application, and thereafter must have at least 13 members eligible to vote on gambling matters.
- **Application information** - The requirement to identify proposed lawful purpose expenditures in a license application was deleted, as was the annual goal for charitable contributions.
- **Perpetual license term** - The two-year license term is deleted and replaced by a "perpetual license term" with no expiration date unless the board revokes or suspends the license, the organization terminates the license, or the license lapses.
- **Organization license renewals** are eliminated, however, the annual fee is still \$350.
- **Lapsed organization license** - An organization license is considered to be lapsed if the organization:
 1. did not conduct and report any gambling sales activity within seven months from the date of the last gambling activity;
 2. failed to have a gambling manager as required by section 349.167;
 3. failed to pay annual license and permit fees; or
 4. surrendered, withdrew, or terminated the license and filed a termination plan.

If the organization license is determined to be lapsed, the Board may:

1. institute a proceeding such as a revocation or suspension of the license;
2. require the organization to file a termination plan;
3. enter a revocation order as of the date the license was considered lapsed;
4. impose a civil penalty;
5. order corrective action; or
6. summarily suspend the license.

Suspension - The Board may summarily suspend the license if an organization:

- fails to pay the annual fees for its organization license, gambling manager license, and premises permits, and may keep the suspension in effect until all required fees are paid, or
- is more than 45 days late in filing a tax return or in paying taxes, and may keep the suspension in effect until all required returns are filed and required taxes are paid. (Previously the allowance was 3 months.)

Legislative Changes

GAMBLING MANAGER - Effective July 1, 2009

- **Membership** - A gambling manager must have been an active member for at least the most recent six months at the time of the gambling manager license application. Previously the requirement was two years at the time of the organization's initial application and six months prior to the effective date of the organization's renewal license.
- **Perpetual license term** - A gambling manager's license runs concurrently with the organization's perpetual license unless the gambling manager's license is suspended or revoked by the Board or otherwise terminated by the organization or gambling manager. Gambling manager license renewals are eliminated. However, the annual fee remains at \$100.
- **Emergency gambling manager change** - Organizations no longer have to cease gambling for emergency gambling manager replacements if the organization:
 1. contacts the Board within one business day to establish a plan to replace the gambling manager, and
 2. submits a complete application and fee within four business days.During this brief time period, an organization may continue gambling without a licensed gambling manager. An organization that fails to meet the requirements in 1 and 2 must discontinue its gambling operation until:
 - a gambling manager application and fee is received by the Board, and
 - a license has been issued by the Board and received by the gambling manager.

PREMISES PERMITS AND LEASES - Effective July 1, 2009

- **Bar operation rent cap** of \$2,500 for all organizations at a site with a bar operation was deleted. (Maximum rate of 20% of gross profits still applies.)
- **Lease requirements** - For new leases after July 1, 2009, the lease term is concurrent with the perpetual premises permit. The lease must contain a clause that either party may terminate the lease upon a 30-day written notice.
- **Perpetual term** - The term for a premises permit issued by the Board runs concurrently with the organization license on a perpetual basis, unless the permit is suspended or revoked by the Board or is voluntarily terminated by the organization. The annual fee remains at \$150.
- **Off-site permits** - An organization may receive 4 "off-site" permits in a calendar year, not to exceed 3 days per event. Previously an organization was allowed 4 days plus an additional event of up to 12 days. A fee may not be assessed for the permit by the Board, city, or county.

LOCAL GOVERNMENT APPROVAL - Effective July 1, 2009

- **Investigation fee** - Cities and counties may impose an annual investigation fee on organizations applying for an initial premises permit or conducting lawful gambling at a site within their jurisdiction.

EXEMPT PERMITS - Effective July 1, 2009

- **Expedited application fee** - For an exempt permit application postmarked or received less than 30 days before the gambling occasion, the application fee is \$100. The fee remains at \$50 for an application postmarked or received 30 days in advance of the occasion.

ALLOWABLE EXPENSES - Effective July 1, 2009

- **Advertising limits** were eliminated. The portion of advertising related to lawful gambling is still an allowable expense.
- **Alternative premises payment** was deleted. Effective July 1, 2009, an organization may no longer pay itself up to \$1,000 per month as an alternative to paying real estate taxes.
- **Annual audit, financial reviews, and certified physical inventory and cash count**
 - √ Each licensed organization must perform an annual certified physical inventory and cash count at the end of its fiscal year. The report must be submitted to Revenue within 30 days after the end of the organization's fiscal year.
 - √ Financial reviews are eliminated. Previously organizations with gross receipts between \$150,000 and \$300,000 were required to have an annual financial review.
 - √ The threshold for the annual audit requirement was raised from \$300,000 to \$500,000 in gross receipts for the organization's fiscal year.
 - √ Organizations with less than \$500,000 gambling gross receipts annually may be required by the commissioner of revenue to have a financial audit when the organization has:
 1. failed to timely file required gambling tax returns;
 2. failed to timely pay the gambling tax or regulatory fee;
 3. filed fraudulent gambling tax returns;
 4. failed to take corrective actions required by the commissioner; or
 5. failed to otherwise comply with chapter 297E.
- **Expense calculation limits** are eliminated on July 1, 2009. However, the Board has until December 31, 2009 to impose a penalty or sanctions for expense calculation violations that occurred through June 30, 2009.

LAWFUL PURPOSE RATING - Effective July 1, 2009

The annual lawful purpose rating replaces expense calculation limits.

- **12-month period** - For each 12 month period beginning July 1, 2009, a licensed organization will be evaluated by the Board to determine a rating based on the percentage of annual lawful purpose expenditures when compared to available gross profits for the same period.
- **Rating** - The rating will be used to determine the organization's profitability percent. It is not a rating of the organization's overall lawful gambling operation. Organizations will be evaluated according to the following criteria.

<u>% Spent on Lawful Purpose</u>	<u>Rating</u>	
more than 50% ...	5 star	★ ★ ★ ★ ★
more than 40% ...	4 star	★ ★ ★ ★
more than 30% ...	3 star	★ ★ ★
more than 20% ...	2 star	★ ★
Less than 20% ...	1 star	★

- **Probation** - An organization that fails to expend a minimum of 30% of gross profits on lawful purposes each year (July to June) is automatically on probation effective July 1 for one year. The organization must increase their rating to a minimum of 30% or be subject to sanctions by the Board. If an organization fails to meet the minimum after a one-year probation the Board may suspend the organization's license or impose a civil penalty of up to \$10,000.
- **Suspension or penalty** - In determining any suspension or penalty, the Board must consider any unique factors or extraordinary circumstances that caused the organization to not meet the minimum rate of profitability, such as the purchase of capital assets necessary to conduct lawful gambling; road or other construction causing impaired access to the lawful gambling premises; and flood, tornado, or other catastrophe that had a direct impact on the continuing lawful gambling operation.

Legislative Changes

Legislative Changes

BINGO - Effective July 1, 2009

- **Bar bingo games** may be conducted using only bingo paper sheets "or facsimiles of bingo paper sheets" purchased from a licensed distributor "or licensed linked bingo game provider."
- **Bingo winner (alternative games allowed)** - A bingo game is won when a player has completed, as described in the bingo program, either a previously-designated pattern or a previously-designated game requirement and declared bingo.
- **Electronic bingo device** - Language clarifies that a player "activates" (electronically daubs) a called bingo number when using an electronic bingo device.
- **Progressive prizes** - A progressive bingo prize may be awarded by check within three business days of the day on which the bingo occasion was conducted.

MISCELLANEOUS CHANGES - Effective July 1, 2009

- **Civil penalties** of up to \$1,000 may be issued by the Board or Director for violations of chapter 349, Board rule, orders issued by the Board, or chapter 297E. Previously the limit was \$500.
- **Commercialization** - The Board mandate to prevent the commercialization of lawful gambling was deleted.
- **Enhancements of gambling equipment** includes "programmable electronic devices that have no effect on the outcome of a game and are used to provide a visual or auditory enhancement of a game."
- **Grant for Public Awareness of Problem Gambling** - The authority to administer a grant was transferred by the Legislature to the Gambling Control Board from the Department of Human Services. The grant is for the state affiliate recognized by the National Council on Problem Gambling. The purpose of the grant is to provide services to increase public awareness of problem gambling plus other related requirements. Language was included in the omnibus state government appropriations bill (Senate File 2082).
- **Linked bingo game providers** must submit a proposed fee schedule for the cost of providing services and equipment to licensed organizations.
- **Pull-tab dispensing device** may have as a component an auditory or visual enhancement to promote or provide information about a game being dispensed, provided the component does not affect the outcome of a game or display the results of a game or an individual ticket.
- **Raffles** - A debit card may be accepted for the purchase of a raffle ticket. Language was repealed for raffles conducted by an organization that directly or under contract to the state or a political subdivision delivers health or social services and that is a 501(c)(3) organization if the raffle prizes are real or personal property donated by an individual, firm, or other organization.

Education Program

An integral part of the Board’s mission is educating the lawful gambling industry. To ensure the integrity of the industry, education is provided to organizations through the following opportunities.

Continuing Education Classes Speaking Engagements

Gambling managers are required to attend one class each year.

Continuing education classes are conducted at various locations throughout the state free of charge and are open to the public. The chief executive officer, members, and employees of the organizations are invited as well.

During the fiscal year, 73 continuing education classes were conducted.

Staff also participated in 10 speaking engagements throughout the state at conferences and conventions, such as American Legion, VFW, Eagles, and Lions.

Other Education Programs

Gambling Manager Seminars

Gambling manager seminars are conducted each month by Board staff. Each seminar consisted of two days of training and included information on statutes, rules, conduct of lawful gambling, internal controls, reporting and licensing requirements, and the organization’s responsibilities.

Mentoring

The Board’s mentoring program provides one-on-one training to organizations on how to properly manage their gambling operation and comply with all reporting requirements. The program also provides guidance to licensed organizations that have experienced serious operational difficulties. New organizations or existing organizations with a new gambling manager may voluntarily participate in this program.

Gaming News

The Board publishes the bi-monthly *Gaming News* newsletter on its web site at www.gcb.state.mn.us. The newsletter is mailed to all licensed gambling managers. Subscriptions to the newsletter are available through Minnesota's Bookstore.

Gaming News provides up-to-date information on compliance, licensing, and education issues.

Gaming News also includes information on legislative and rule changes, scheduled continuing education classes, forms, and Board activities.

The Departments of Revenue and Public Safety and the Internal Revenue Service periodically contribute articles for the newsletter.

The *Lawful Gambling Manual* is a handy reference guide for CEO's, gambling managers, and organizations--whether new or experienced.

The *Manual* provides information on statute and rule requirements in an easy to understand format, and was last updated in 2009.

The *Manual* is divided into chapters that are easily referenced for:

- √ licensing requirements,
- √ conduct for each form of lawful gambling: pull-tabs, bingo, raffles, paddlewheels, and tipboards,
- √ managing gambling equipment inventory,
- √ guidelines for internal controls of the gambling operation including accounting and administrative controls, with a section on monthly oversight,
- √ how net receipts may be spent, and
- √ a cross-reference index.

“Everything you always wanted to know about lawful gambling...” can be found on the Board’s web site at:
