|------|-----|------|---|--|
| 1002 | 308 | 3167 | 16D.02, subd. 3 and 6 - References to "debt qualification plan | Replace all references to debt qualification plans. The definition of "debt qualification plan" is also repealed in the repealer section. The department no longer uses debt qualification plans, but instead uses service level agreements. |
| 1003 | 308 | 3167 | 16D.04, subd. 4 - Collection Activities - References to management and budget | Remove references to management and budget. Revenue contracts directly with collection entities, making this language no longer needed. |
| 1004 | 308 | 3167 | 16D.11, subd. 1 - Collection Activities - Private Collection Agencies | Moves all notice requirements in the same section. A reference to management and budget is removed from Minn. Stat. § 16D.11, subd. 1; management and budget is no longer involved in determining the collection cost amount. A sentence appropriating collection costs collected by private agencies to referring agencies to pay collection fees is removed because collection fees to private agencies are now paid by the department. Effective the day following final enactment. |
| 1005 | 308 | 3167 | 16D.11, subd. 3 and 7; and 270A.03, subd. 2 - Collection Activities - references to "enterprise." | Remove references to the "enterprise". The definition of "enterprise" is repealed because there is no longer a separate unit within Revenue that collects only nontax debt. | 1009 | 308 | 3167 | 163.06, subd. 1 - References to tax on money and credits - County road and bridge levy | Eliminate an outdated reference to the tax on money and credits. This tax has not been imposed since the 1940s and was formally repealed in 1979. |
| 1010 | 308 | 3167 | 270.11, subd. 1 - Responsibilities - State Board of Equalization | Eliminate the unnecessary phrase, "which board of equalization is hereby continued." The remaining language provides that the commissioner continues as the State Board of Equalization. |
| 1011 | 308 | 3167 | 270.12, subd. 2 - Meeting Times/Dates - State Board of Equalization | Streamline language and eliminate duplicative provisions. This bill strikes paragraphs 2 and 5. The language in those paragraphs provides that the board can reduce aggregate valuations. Paragraphs 1 and 3, which already provide that the board can increase aggregate valuations, are amended to provide that the board may add or deduct from aggregate valuation. Also changes a cross reference in § 273.1325, subd. 2, that will be incorrect when paragraph 5 is eliminated. |
| 1012 | 308 | 3167 | 270.12, subd. 4 - Treatment of Public Utility Property - State Board of Equalization | Eliminate unnecessary language. The provision provides that public utility property is treated as a separate class of property. The stricken language states that this treatment is notwithstanding the fact that its class rate is the same as commercial industrial property. |

| | | | | |

Because the commissioner established its notification system as required prior to December 31, 2009, the language requiring its completion by December 31, 2009 is no longer necessary. |
| 1015 | 308 | 3167 | 270C.52, subd. 2 - Collections Activities - Payment Agreement Fee | Eliminate outdated language that indicates the payment agreement fee reflects the commissioner's costs for entering into payment agreements. When this was proposed, it was a flat \$25 fee that was adjusted annually to reflect the commissioner's costs. It was later changed to a flat \$50 fee with no annual adjustment, but the language referencing the commissioner's costs was not removed. |
| 1016 | 308 | 3167 | 272.01, subd. 1 - Definition of Exempt Property | Eliminate language exempting specific personal property, which is covered by the remaining general-exemption language for personal property. |

| 1023 | 308 | 3167 | 273.11, subd. 13 - Income Producing property | Eliminate the phrase, "Beginning with the 1995 assessment." Because the 1995 assessment is long past, this phrase is now outdated. |
| 1024 | 308 | 3167 | 273.112, subd. 6a - Private Golf Club Guidelines | Eliminate outdated language for mailing program guidelines. The language required the commissioner of revenue to mail qualification guidelines related to outdoor recreation space for private golf courses to county attorneys and county assessors within 60 days of May 26, 1989, and for assessors to mail those guidelines to each golf club in the county within 15 days of receiving the guidelines from the commissioner. |
| 1025 | 308 | 3167 | 273.18 - Paper Assessment Books | Eliminate a reference to outdated paper assessment books because these records are now maintained electronically. | 1026 | 308 | 3167 | 274.01 , subd. 1 - Paper Assessment Books | Eliminates unnecessary and outdated language requiring the board to list omitted property “on a form appended to the assessment book.” The reference to the assessment book is stricken because some boards use electronic systems. |
| 1027 | 308 | 3167 | 274.01 subd. 2 - Special Boards of Equalization | Eliminates the phrase “including a city whose charter provides for a board of equalization” so that the first sentence of the subdivision will read: “The governing body of a city may appoint a special board of review.” The removed language is superfluous. |
| 1028 | 308 | 3167 | 275.08 subd. 1a - Property Taxes - Computation of Tax Capacity | Eliminate outdated language applicable to taxes payable in 1989 and 1990. |
| 1029 | 308 | 3167 | Chapter 275.70, subd. 5 - Property Taxes - Special Levies | Eliminate outdated and minor provisions from the definition of special levies under general law. This provision is not now in effect; the 2014 levy limits were imposed under a temporary, uncodified provision of law that only recognized selected special levies. Also Changes cross references in §§ 275.74, subd. 2; and 275.75. |
| 1030 | 308 | 3167 | Chapter 279.03, subd. 1 and 1a - Interest on Delinquent Property Taxes | Eliminate outdated date-specific provisions that have passed and are no longer applicable. |
| 1031 | 308 | 3167 | 279.16 - Property Taxes - Tax Judgments | Eliminates outdated reference to a paper judgment book. While these paper records were once necessary for recording and tracing property tax judgments, these records are now maintained electronically. |

| 1033 | 308 | 3167 | 280.001 - Tax Judgment Sales - Property Taxes | Eliminate outdated date-specific language related to public sales of property against which there is a tax judgment and a provision prohibiting the assignment of the state’s interest in a parcel of land after it has been bid in for the state. |
| 1034 | 308 | 3167 | 281.17 - Redemption Periods - Property Taxes | Eliminate outdated redemption provisions for land in the Loring Park neighborhood for redemption periods beginning after June 30, 1991, but before July 1, 1996. |

| 1042 | 308 | 3167 | 290.01, subd. 19f - Basis modifications - Income and Franchise Taxes | Eliminate outdated language related to the Accelerated Cost Recovery System (ACRS). All assets placed in service using ACRS have now been completely depreciated. Minnesota now uses the same depreciation schedule as federal law (Modified Accelerated Cost Recovery System - MACRS). Assets depreciated under ACRS and the Minnesota law modifications now have the same basis and there are no longer any taxpayers who need to make this modification. For the same reasons, section 290.01, subd. 19e is repealed in this bill. Cross references to subd. 19e are also struck from §§ 290.01, subd. 19d, 280.0921 subd. 3 and 290.9728, subd. 2. | 1044 | 308 | 3167 | 290.07, subd. 1 - Annual Accounting Period - Income and Franchise Taxes | Eliminate outdated language regarding accounting periods. | 1045 | 308 | 3167 | 290.07, subd. 2 - Accounting Methods - Income and Franchise Taxes | Eliminate outdated language regarding accounting methods. | 1047 | 308 | 3167 | Chapter 290.0922, subd. 3 - Minimum Fee Calculations - Income and Franchise Taxes | Eliminate the exemption for biotechnology and health science industry zone property and payroll factors from the minimum fee calculation. These periods are now complete. The remaining language allows losses incurred in taxable years beginning after January 1, 1987 to be carried over for fifteen years. Effective for taxable years beginning after December 31, 2013. |
| 1049 | 308 | 3167 | Chapter 290.191, subd. 5 - Sales Clause - Income and Franchise Taxes | Eliminate an outdated phrase regarding sales of tangible personal property made within this state. The phrase was made outdated by prior year legislative changes to the sales factor. |
| 1050 | 308 | 3167 | Chapter 297A.61, subd. 3 - Admissions - Sales and Use Tax | Eliminate the term "Turkish bath" because they are considered "steam baths" which are already specifically taxable under this statute, making "Turkish bath" redundant. |
| 1051 | 308 | 3167 | 297A.70, subd. 10 - Nonprofit Tickets or Admissions - Sales and Use Taxes | Eliminating date-specific language. Changes Minn. Stat. § 297A.70, subd. 10, which provides a sales tax exemption for tickets or admissions to events sold by qualifying nonprofit organizations. | 1055 | 308 | 3167 | 297F.03, subd. 2 -Cigarette and Tobacco Products License Application Forms - Cigarette Taxes | Eliminate a list of information required on applications for cigarette and tobacco product licenses (e.g. name, address, type of business entity, and any other information). The remaining language provides for a form as prescribed by the commissioner. |
| 1056 | 308 | 3167 | 297I.05, subd. 14 - Life Insurance - Insurance Taxes | Eliminate superfluous language providing for a phased-in tax rate for insurers who sell life insurance for different periods starting in January 1, 2006, and ending December 31, 2008. Since the rate during these periods is no longer relevant, only the current rate of 1.5 percent should be provided. |
| 1057 | 308 | 3167 | 423A.022, subd. 3 -Police and Fire Retirement Supplemental Aid - Property Tax Aids and Credits | Eliminate irrelevant language what was erroneously left in the bill that enacted the statute in 2013. | 1059 | 308 | 3167 | 469.176, subd. 3 - TIF Administrative Expenses - Property Taxes | Eliminate outdated language in the TIF statute governing administrative expenses. This would remove language that applied to districts that requested certification between July 31, 1979 and June 30, 1982, and is no longer applicable. |

| | | | | |
|------|-----|------|--|--|
| 1060 | 308 | 3167 | 469.1763, subd. 2 - TIF Authority for Biotechnology and Health Science Industry Zones - Property Taxes | Clarifies that the special TIF authority for biotechnology and health science industry zones (which are being repealed in the repealer section) can be used until those zones expire. This authority is not dependent on state funding of the zone and remains viable until the zone, which has subzones in Minneapolis, St. Paul, and Rochester, expires at the end of 2015. |
| 1061 | 308 | 3167 | 473.665, subd. 5 Metropolitan Airports Commission (MAC) bonds - Obsolete Tax on Money and Credits | Eliminate an outdated reference to the tax on money and credits in a MAC bonding statute. This tax has not been imposed since the 1940s and was formally repealed in 1979. |

| 1065 | 308 | 3167 | 16D.02, subd. 5 - Collection Activities - Department of Revenue | Eliminate language that defines “debt qualification plans,” which are no longer used. The department uses service level agreements. |
| 1066 | 308 | 3167 | 16D.11, subd. 2 - Collection Activities - Department of Revenue | Eliminate language relating to outdated computation and requirement to return debts. This language set the initial percentage rate for calculating collection costs, and this rate is now outdated. The current rate and method of determining the rate are contained in subdivision 7 of this section. Debts are no longer returned to the commissioner when collection cost cancellation is requested by the debtor. Instead, the commissioner resolves the request and notifies the agency of the resolution. |
| 1067 | 308 | 3167 | Chapter 270C.53 - Delinquent Tax Liability - Department of Revenue | Eliminate a provision that gives the commissioner the authority to abate the liability of a taxpayer who is not able to pay a delinquent tax liability if the taxpayer agrees to perform uncompensated public service. This program has not been used in a number of years, and it is not anticipated that the program will be used in the future as it was rarely used and found to be difficult to administer and track. |
| 1068 | 308 | 3167 | Chapter 270C.991, subd. 4 - Property Tax Working Group - Executive Branch Advisory Council | Eliminate the Property Tax Working Group that completed its duties in 2013. |
| 1069 | 308 | 3167 | Chapter 272.02, subd. 1 and 1a - Exempt Status - Personal Property Taxes | Eliminate redundant language stating the property listed in section 272.02 is exempt and these exemptions are subject to the limitations of section 272.025. This language is redundant, as each subdivision in the section specifically states each identified type of property is exempt, and section 272.025 already states that it is applicable to section 272.02. |

| | | | | |
|------|-----|------|--|--|
| 1070 | 308 | 3167 | 272.02, subd. 43 - Obsolete Exemptions - Property Taxes | Eliminate exemptions for electric generation facilities that required that these facilities be built by the specific date in each subdivision, and the facilities that were intended to be covered by these exemptions were never built. No taxpayers are covered by the subdivision that would be repealed, and the time-limiting provisions prevent any taxpayer from claiming these exemptions in the future. |
| 1071 | 308 | 3167 | 272.027, subd. 2 - Obsolete Exemptions - Property Taxes | Eliminate personal property tax exemption for public utility project in Itasca County. Plans to construct the plant were cancelled in 2002. |

| 1175 | 312 | 3172 | | HF 3172, Article 4 | Require certain occupational licensing boards to develop an expedited process for issuing temporary licenses to active duty service member, their spouses, and recent veterans. To qualify, these individuals must be honorably discharged from the military, be licensed in another state, be in good standing with the licensing entity in that state, and have a clean criminal record. This bill will allow these individuals to secure employment when relocating to Minnesota while fulfilling the requirements needed for permanent Minnesota licensure. |
