

SNAPSHOT | Rail Safety Investments

2015 Budget for a Better Minnesota

Every day, trains carrying oil and other hazardous materials pass through Minnesota. These trains present real risks to public safety and our natural resources. That is why Governor Dayton's budget proposal calls for strategic investments in Minnesota rail safety improvements, to ensure the safety of Minnesotans living near railroads carrying hazardous materials. Specifically, the Governor's proposal would fund these 75 priority railway safety infrastructure improvements.

High Priority Crude by Rail Grade Crossing List

City	Location	Corridor	Operator	Current Warning Device	Improvement
Annandale	S Myrtle Dr	Tenney - La Crescent	CP/SOO	Stop Signs	Long -Term Closure
Annandale	S Poplar La	Tenney - La Crescent	CP/SOO	Gates	Adequate/Improvable
Anoka	Ferry St N	Moorhead - Prescott	BNSF	Cants & Gates, Medians	Long-Term Grade Separation
