Emergency Executive Order 21-19
Extending the COVID-19 Peacetime Emergency Declared in Executive Order 20-01

I, Tim Walz, Governor of the State of Minnesota, by the authority vested in me by the Constitution and applicable statutes, issue the following Executive Order:

The COVID-19 pandemic continues to present an unprecedented and rapidly evolving challenge to our State. The World Health Organization characterized the COVID-19 outbreak as a pandemic on March 11, 2020. A national emergency and major disaster declarations for all 50 states and the District of Columbia soon followed. The COVID-19 pandemic continues to cause significant risks to public health and safety. On February 24, 2021, the President continued the national emergency that was first declared on March 13, 2020.

As a result of the COVID-19 pandemic, all 50 states declared states of emergency, and 47 of them are in place today. This is because COVID-19 cases and deaths continue. According to the United States Centers for Disease Control and Prevention (“CDC”), over 31 million people have been infected in the United States, resulting in over 559,000 deaths. As it has with the rest of the nation, the COVID-19 pandemic continues to take its toll on Minnesota. We have seen over 545,000 positive COVID-19 cases and over 28,000 hospitalizations. We have now lost over 6,900 neighbors and friends to this vicious disease. Over the past month, we have seen an alarming increase in infections from virus variants, coupled with significant increases in test positivity rate, case growth, and hospitalizations.

I have noted in previous executive orders that the COVID-19 Peacetime Emergency opens our toolbox to allow us to take swift and appropriate action to protect the health and well-being of
our families, communities, and businesses. During the past year, I have exercised executive authority through numerous executive orders to provide relief and further prepare our State for the COVID-19 pandemic. Such actions have included the temporary closure of schools and implementation of a distance learning period; enhanced protections for veterans in our veterans homes; activation of the National Guard to assist in relief efforts; measures to preserve personal protective equipment; temporary closure of bars, restaurants, and other places of public accommodation; efforts to provide economic relief and stability to those impacted by the pandemic; regulatory changes allowing our state agencies, health care providers, and licensing boards to ensure fast relief to Minnesotans; and orders requiring Minnesotans to stay at home and to wear face coverings in certain settings.

Most recently, the COVID-19 Peacetime Emergency has allowed Minnesota to act quickly to distribute vaccine, and we have ranked highly among the states in our vaccination efforts. Over 2.1 million Minnesotans have received at least one dose of vaccine, over 1.4 million Minnesotans have completed a full vaccine series, and over 84 percent of those over the age of 65 are vaccinated. As we continue to receive vaccine allocations, emergency powers are essential for quick, equitable, and safe distribution to Minnesotans. The State Emergency Operations Center provides ongoing support to local governments, and—as the continued appropriation of significant public funds to fight the pandemic plainly shows—local resources remain inadequate to address the threat.

In Minnesota Statutes 2020, section 12.31, subdivision 2(a), the Minnesota Legislature authorized the Governor to declare a peacetime emergency when an act of nature endangers life and property and local government resources are inadequate to handle the situation. With the approval of the Executive Council, a peacetime emergency may continue for up to 30 days. Minnesota Statutes 2020, section 12.31, subdivision 2(b), provides the mechanism for the Governor to extend a peacetime emergency beyond 30 days. If the Governor determines a need to extend a peacetime emergency declaration beyond 30 days, and the Legislature is not sitting in session, the Governor must issue a call immediately convening both houses of the Legislature. The Legislature commenced its regular session on January 5, 2021 and is currently sitting in session. The Legislature may terminate a peacetime emergency extending beyond 30 days by a majority vote of each house.

Minnesota law does not clearly impose additional requirements for an extension of a peacetime emergency beyond the initial 30 days. Given the importance of this decision, I previously concluded that the prudent course was to limit subsequent extensions to 30-day increments and seek the Executive Council’s approval of such extensions. I continue that course today.

For these reasons, I order as follows:

1. I have determined that the COVID-19 pandemic, an act of nature, continues to endanger life and property in Minnesota, and local resources are inadequate to address the threat. The COVID-19 Peacetime Emergency must therefore continue.

2. The COVID-19 Peacetime Emergency is extended through May 14, 2021, until this Executive Order is rescinded by proper authority, or until it is terminated by a
majority vote of each house of the Legislature pursuant to Minnesota Statutes 2020, section 12.31, subdivision 2(b), whichever occurs earlier.

3. The COVID-19 Peacetime Emergency may be further extended by an executive order on or before May 14, 2021.

Pursuant to Minnesota Statutes 2020, section 4.035, subdivision 2, and section 12.32, this Executive Order is effective immediately.

A determination that any provision of this Executive Order is invalid will not affect the enforceability of any other provision of this Executive Order. Rather, the invalid provision will be modified to the extent necessary so that it is enforceable.

Signed on April 14, 2021.

Tim Walz
Governor
