Grant Overview

- Grant Name: MIAC Dakota and Ojibwe Language Revitalization Grants
- <https://mn.gov/indian-affairs/language-revitalization/>
- Open for Applications: 5/20/2026
- Application Due Date: 7/8/2026

Mission:

Dakota and Ojibwe are spoken and valued as vibrant, living, and thriving languages throughout Minnesota.

Vision:

To protect and empower our children, parents, and elders in the ongoing revitalization of our languages, thereby maintaining Tribal sovereignty.

Miigwech/Pidamaya/Thank you for both the important work to ensure the continuance of our languages and for applying to the Dakota and Ojibwe Language Competitive Grant.

These funds were appropriated by the state legislature to the Minnesota Indian Affairs Council through the Minn. Stat. 2025 Minnesota Session Laws, 94th Legislature, Chapter 36, Article 4, Sec. 9, to provide grants to preserve the Dakota and Ojibwe Indian languages through support of projects and services and to support educational programs in Dakota and Ojibwe languages.

The 2027 Dakota and Ojibwe Language Competitive Grant will fund a one-year Dakota or Ojibwe Language project. The project will start in the Summer of 2026 and require an end date of June 30, 2027, with no opportunity for extension. Requested funding shall supplement (increase the level of services) and not supplant (take the place of) traditional sources of funds. Those who receive this grant are responsible for spending Arts and Cultural Heritage fund dollars in a way that is consistent with the MN Office of Grants Management grants policies, Legacy Amendment Guidelines, the approved work plan, and grant agreement signed between the Minnesota Indian Affairs Council (the State) and the grantee. Agencies or organizations receiving Legacy Fund dollars are responsible for spending the money efficiently and effectively. **Money may not be spent on activities unless they are directly related to and necessary for the project purpose that will be outlined in the grant agreement.**

Agency Background

The Minnesota Indian Affairs Council (MIAC) was established in 1963 to serve as a liaison between the State of Minnesota and the 11 federally recognized Tribal Nations. Its mission is to protect the sovereignty of these Nations and promote the well-being of American Indian citizens throughout the state.

In November 2008, Minnesota voters approved a constitutional amendment to increase the state sales tax by 3/8 of one percent through 2034. Of the resulting revenue, 19.75% is designated for the preservation of Minnesota's arts and cultural heritage. In 2009, the State Legislature allocated \$550,000 for fiscal year 2010 and \$700,000 for fiscal year 2011 to the Minnesota Indian Affairs Council to "preserve Dakota and Ojibwe Indian languages and to foster educational programs in Dakota and Ojibwe languages." Since then, MIAC has continued to advocate for the importance of Indigenous language revitalization and seeks additional funding each legislative session to support this critical work.

MIAC recognizes that without timely and sustained intervention, the Dakota and Ojibwe languages—like many Indigenous languages worldwide—face the risk of irretrievable loss. These languages carry meaning far beyond communication; they are inseparable from American Indian identity. Language reflects, sustains, and deepens the relationships individuals and communities have with one another and with the world. Spoken for a millennia, these languages embody the worldview, values, histories, and lived experiences of the people who speak to them. They guide

understanding of identity, origin, place, truth, and connection across physical, mental, emotional, and spiritual dimensions.

Despite years of Federal and State policies intended to eradicate the Native American culture and language—including forced assimilation, displacement, and the imposition of English-only education—the Dakota and Ojibwe languages have persevered. These aggressive Federal/State policies failed to extinguish the deeply rooted culture and the embedded linguistic traditions, however, the survival of these languages remains precarious. The revitalization of Dakota and Ojibwe languages now demands bold and sustained efforts to ensure they not only survive but thrive for future generations.

Funding Availability

Funding will be awarded through a competitive process reviewed by a committee of content and community experts with knowledge of language revitalization. The Minnesota Indian Affairs Council will review all committee recommendations and is responsible for award decisions. Efforts will be made to ensure awards are as equally distributed between Dakota and Ojibwe language revitalization projects as possible. The award decisions of the Minnesota Indian Affairs Council are **final and not subject to appeal**.

Financial Review Requirement for Nongovernmental Organizations

All nongovernmental organizations (**excluding Tribal Nations**) applying for grant awards of \$25,000 or more are subject to a financial review prior to receiving funding. In accordance with Minnesota Statutes, financial review form is used to review either a 990 or 990 EZ, financial statements, or audited financial statements for a potential nonprofit grantee.

- [Financial Review Form - Nonprofit \(Excel\)](#) This form is an excel version of the above.

- [Financial Review Form – For-Profit](#) The form is used to review financial statements for a potential for-profit grantee.

Applicants must submit one of the following financial documents with their application, based on their organization's annual revenue:

- Organizations with annual revenue under \$50,000, or those newly established without a completed IRS Form 990 or audit, must submit their most recent board-reviewed financial statements.

Priorities

It is the policy of the State of Minnesota to ensure fairness, accuracy, equity, and consistency in the administration of competitive grant awards. This includes a commitment to advancing diversity and inclusion in all aspects of grantmaking.

[Policy 08-02](#) affirms the expectation that grant programs intentionally identify how their work serves diverse populations—particularly those experiencing systemic inequities or disparities.

The Minnesota Indian Affairs Council (MIAC) invites grant applications for projects that support Dakota and/or Ojibwe language revitalization in the following program areas:

- Development of content-based, culturally appropriate, and authentic Dakota or Ojibwe language curricula
- Development of mobile and smart device applications (iPhone, Android, tablets, etc.) for Dakota and/or Ojibwe language learning
- Events centered on Dakota and/or Ojibwe language
- General Dakota and/or Ojibwe language programming or projects including -
 - Language symposia
 - Language immersion camps
 - Language bowls and conversation tables
- Traditional and cultural activities that incorporate language instruction
- Design and development of language proficiency assessments
- Other innovative projects that support Dakota and/or Ojibwe language revitalization

In addition to these categories, MIAC encourages applications in the following specialized areas:

Immersion Projects

Language immersion programs use the target language as the medium of instruction across all subjects, rather than teaching it as a separate subject. Effective immersion programs center cultural identity and tradition as foundational assets. These programs provide learners with extended exposure to the language in an immersive environment, enabling them to not only acquire vocabulary and grammar, but to internalize the worldview and values embedded in the language.

Immersion Curriculum Development

There is a critical need for commercially available immersion curricula tailored to Dakota and Ojibwe languages in Minnesota. Developing such curricula requires a strategic, systematic approach that meets academic standards while addressing challenges such as limited access to fluent first-language speakers. Projects should engage teachers and available elders with advanced oral proficiency to collaboratively create high-quality learning resources that will have a lasting impact on immersion education.

Language Proficiency Assessments

Applicants may propose the development of assessments focused on Dakota or Ojibwe language proficiency. These assessments should be rooted in culturally relevant content, contexts, and should evaluate oral fluency as well as reading and writing skills. Projects should bring together teachers, elders, and other fluent speakers to design reliable and meaningful assessments that reflect true language competence.

Please note: the examples listed above are illustrative and not exhaustive. Applicants are encouraged to propose innovative projects aligned with the goals of Dakota and Ojibwe language revitalization.

Ideally, proposed projects will reflect a long-term vision while employing short-term strategies that support successful completion within the grant's one year funding period.

Collaboration

Multi-organization collaborations are welcomed and encouraged but *not required*.

Grant payments shall not be made on grants with past due progress reports unless the Minnesota Indian Affairs Council has given the grantee a written extension.

All grant funds will be disbursed four times during the grant period through reimbursement for eligible and approved activities described in the grantee's final and approved grant contract agreement, approved work plan, budget, and upon submittal of narrative and financial reports.
