Conflicts of Interest

State grant policy requires that steps and procedures are in place to prevent individual and organizational conflicts of interest, both in reference to applicants and reviewers per Minnesota Statutes Section 16B.98 Subdivision 2-3 and downloadable copy of 08-01 Conflict of Interest in State Grant-Making Policy at [\(https://mn.gov/admin/government/grants/policies-statutes-forms/\)](https://mn.gov/admin/government/grants/policies-statutes-forms/).

- A grantee or applicant is unable or potentially unable to render impartial assistance or advice to the Department due to competing duties or loyalties.
- A grantee's or applicant's objectivity in carrying out the grant is or might be otherwise impaired due to competing duties or loyalties.

In cases where a conflict of interest is in question or disclosed, the applicants or grantees will be notified and actions may be pursued, including but not limited to, revising the grant work plan or grantee duties to mitigate the risk, requesting the grant applicant to submit an organizational conflict of interest mitigation plan, disqualification from eligibility for the grant award, amending the grant or termination of the grant contract agreement.
