File #07-28

TO the STATE OF Appeals.

I Richard Carlson am writing my brief. In this matter, according to the Unemployment check in when requesting Payment. The automated system asks "are you available for work" and did you look for work" and I answered them truthfully. I was incarcerated on 4-28-06 to 6-26-06, during the period I was incarcerated, I would have been granted "work release" other wise known as "huber Law." but I told my judge that I was looking for work. He said once I obtain a job, I would be able to get "huber Law." We also had computer benefits where I email my resume could job seek as well. I can't comprehend with system that is in place how I am in the wrong.

Thank you

Rick Carlson
