Restorative Coaches

We are training staff on the circle process, what the difference between community circles and restorative circles.

We are involved in one PLC meeting a month with our Elementary staff to answer questions in regards to RP and train staff.

We support and observe teachers in their circle process with students.

We meet with our building leader to assess how our building is incorporating RP into each school day.

We facilitate staff circles to build our community and to offer resources for teacher/student circles.

We have provided resources to our staff via hard copy and google doc.

We are implementing a needs assessment amongst our staff in regards to what they need in our RP journey.

We observe each classroom when practicing community circles/restorative circles. Have coached teachers and staff on having a “restorative conversation” using a restorative questions checklist. Doyle has spent a number of mornings with the third grade, modeling and observing.

Provided several circle resources including poems, quotes, topics to discuss, a hard copy of the guidelines, talking pieces/ideas, etc.

Facilitated and coached teachers on resolving conflicts through restorative conversations with involved parties.

Documented Dates
