Subject: 2018-19 Biennial Budget Update #1 - Federal Fund Changes

I am transmitting to you a revision to the Governor's budget recommendations for federal funds. Since the Governor's original submission on January 24, 2017, several agencies have changes to their anticipated federal awards. We are submitting a complete list of all federal funds for your information, which also includes changes that are subject to your review under Minnesota Statute 3.3005, Subd. 2. The revised agency federal fund summary documents are posted on the [FY 2018-19 Governor's Budget Recommendations website](#).

If you have questions about the submission, please contact Robyn Rupp (robyn.rupp@state.mn.us) or 651-201-8098. If you have questions about a specific submission, please contact the agency.
