- The Board performed 3,821 salon and 66 school inspections in fiscal year 2018
- 165 investigations completed in fiscal year 2018 with 141 investigations open at year close

PURPOSE

The Board of Cosmetology (“Board”) credentials, licenses, inspects, disciplines, and educates Minnesotans who provide cosmetic hair, nail, or skin care services and education. Businesses and consumers rely on the Board for essential functions related to the safe practice of cosmetology. The Board’s mission is to constantly strive to serve and care for our licensees, applicants, and the public by being committed to public protection, superior service, excellence, and continuous improvement.

As part of the Board’s contribution to statewide outcomes:

- The Board **promotes a thriving economy** through simplifying licensing processes to promote faster business growth and entry into the workforce.
- Through inspections, curriculum review, and education, the Board encourages licensees to **have the education and skills needed to achieve their goals**.
- By licensing practitioners to provide safe services to avoid injury and disease and inspecting businesses regularly to ensure compliance with safety standards, the Board aims to keep **all people in Minnesota safe**.
- The Board constantly evaluates and seeks improvement on internal processes to ensure **efficient and accountable government services**.

The Board receives a direct appropriation from the general fund to cover operational expenses and does not receive funding from any other source. All receipts collected by the Board are deposited into the general fund.

STRATEGIES

The Board promotes a thriving economy and business growth by:

- Assisting salon and school owners and license applicants through in-person, email, and telephone correspondence in answering questions related to the licensing process and other general topics, which results in more successful licensees.
- Educating licensees on proper infection control practices, resulting in better and safer services.
- Implementing only reasonable, rational regulation with the aim of reducing barriers that are unnecessary for public protection. This promotes continued participation in the cosmetology industry and Minnesota economy.

The Board encourages Minnesotans to have the education and skills needed to achieve their goals by:

- Educating licensees through inspections and outreach to promote best practices.
- Requiring continuing education for license renewal.
- Continuously updating licensing exams to ensure minimum competency is tested for and met by all individuals receiving licenses.
- Initiating a school rules overhaul to evaluate each requirement of licensed cosmetology schools, their curricula, and their physical requirements to ensure only necessary requirements remain.
- Personally working with individuals and businesses facing non-compliance to improve their circumstances and provide safer, healthier, and more successful services.

The Board strives to protect Minnesotans' safety through:

- Only issuing licenses to qualified applicants.
- Routine inspections of salons and schools to ensure safety, infection control, and education standards are met.
- Public availability of salon and school inspection reports, license status, and formal disciplinary action to help consumers make informed decisions.
- Reaching voluntary resolution of violations and offering remedial education when necessary to ensure licensing and safety standards are met.
- Routinely updating cosmetology laws and rules to align with appropriate and effective national standards.

The Board promotes efficient and accountable government services by:

- Actively promoting participation in rulemaking, events, and work groups, which encourages individuals to remain active and engaged in Board activity and accountability.
- Credentialing and issuing licenses to qualified applicants within 15 business days or less.
- Utilizing an optional expedited process for qualified applicants to become licensed within 5 business days.
- Maintaining a standard that all general inquiries are responded to within 1 business day or less.
- Providing educational materials in conjunction with inspections to improve awareness and results.
- Using instant license account management and real-time online license lookup and renewal to provide transparency and efficiency to licensees and the public.
