### PURPOSE

The Board of Behavioral Health and Therapy exists to regulate the practices of alcohol and drug counseling, professional counseling, and professional clinical counseling in the State of Minnesota. Regulation of these professions is necessary to protect the health, safety, and welfare of the public when they receive mental health and substance use counseling services. The Board carries out its mission through effective licensure and enforcement of statutes and rules that ensure a standard of competent and ethical practice.

### BUDGET

Source: Consolidated Fund Statement

Licensure fees fund the Board and we receive no general fund dollars. Minnesota Statutes section 214.06, subdivision 1(a) compels the Board to collect fees in the amount sufficient to cover direct and indirect expenditures. Funds are deposited as non-dedicated revenue into the state government special revenue fund. From this fund, the Board receives a direct appropriation to pay for agency expenses such as salaries, rent, costs associated with disciplinary/contested cases, and operating expenditures. It also pays statewide indirect costs through an open appropriation.

In addition to Board operations, licensure fees fund activities that support multiple boards and/or other agencies. Some of these are the Department of Administration Small Agency Resource Team (SmART) (inter-board), the Administrative Services Unit (inter-board), the Health Professionals Services Program (inter-board), the Office of the Attorney General for legal services, and the Criminal Background Check Program (inter-board).

## STRATEGIES

The Board of Behavioral Health and Therapy promotes and protects the health and safety of the citizens of Minnesota and accomplishes its public protection mission by:

- Setting educational, supervision, and examination requirements for initial licensure as a licensed professional counselor (LPC), licensed professional clinical counselor (LPCC), or licensed alcohol and drug counselor (LADC).
- Issuing the LADC license or temporary permit, LPC license, or LPCC license to practice only to qualified individuals.
- Setting the requirements for renewal of a license or permit and administering the renewal process.
- Setting standards of ethical practice.
- Responding to inquiries, complaints and reports regarding applicants and licensees.
- Investigating complaints of alleged violations of statutes and rules, holding educational and disciplinary conferences with licensees and applicants, taking disciplinary or corrective action when appropriate against practitioners who fail to meet minimum standards of practice, and reporting public actions to national databanks.
- Maintaining a website that provides information to the public about complaints and discipline, including a list of disciplinary and corrective actions taken by the Board.
- Offering online services from the Board's website, including license verification and links to the full text of public disciplinary orders the Board has adopted against licensed professionals.
- Approving continuing education activities.
- Providing information about licensure requirements and standards of practice to students, applicants, licensees, and other interested parties.
