(\$ in Thousands)

	Funding Source	Recommendation Amount
STATE AGENCY PROJECTS		

Administration

Parking Equipment and Technology Improvements Phase I		
	General Fund Cash	3,000

The Governor recommends \$3 million to improve equipment and technology at capitol complex parking facilities. Specifically, the focus of these improvements would be on access control systems and pay stations. Access control systems that use employee badges would replace the current hangtag-based system in place at most facilities. This would allow for implementation of more flexible parking plan options and better tracking of parking utilization. Also, antiquated and unsatisfactory pay stations would be replaced.

State Facility Renewable Energy and Storage Fund		
	General Fund Cash	1,500

The Governor recommends \$1.5 million to fund renewable energy investments for state facilities. Agencies would apply for this funding to make improvements to their facilities designed to reduce the energy use and long-term operating costs of the facilities. Up to \$107 thousand of this appropriation can be used to administer the program.

Capitol Complex Security Upgrades Phase III		
	General Obligation Bonds	4,000
	Trunk Highway Cash	1,800
	Total:	5,800

The Governor recommends a total of \$5.8 million for design, construction and equipment to increase physical security in and around the Capitol Complex. This project implements recommendations of the Advisory Committee on Capitol Area Security.

Capital Asset Preservation and Replacement Account (CAPRA)		
	General Obligation Bonds	2,044

The Governor recommends \$2.044 million to fund the Capital Asset Preservation and Replacement Account (CAPRA). This account is for emergency repairs and unanticipated hazardous material abatement needs for state owned facilities.

	General Obligation Bonds	6,044
	General Fund Cash	4,500

Amateur Sports Commission Total		10,226

Corrections

Asset Preservation

	General Obligation Bonds	76,434
	General Fund Cash	5,000
	Total:	81,434

The Governor recommends \$81.434 million for asset preservation to repair and renew state correctional facilities. This includes, but is not limited to, safety hazards and code compliance issues, perimeter security systems upgrades, tuck pointing, roof replacement, window and door replacement, and abatement of hazardous materials. The general fund dollars will fund non-bondable asset preservation project costs, including safety and security enhancements. The Department of Corrections' deferred maintenance backlog is an estimated \$723.4 million.

Rush City - Education & Programming Expansion

	General Obligation Bonds	46,585
--	--------------------------	--------

The Governor recommends \$46.585 million for an expansion of Incarcerated Persons' educational, rehabilitative, and programming space needs at the Department's Rush City Correctional Facility. This project would add roughly 28,000 square feet of new, additional programming space and remodel roughly 16,000 square feet of existing space at the facility.

Early Childhood Facilities

	General Obligation Bonds	3,000
	General Fund Cash	2,000
	Total:	5,000

The Governor recommends \$3 million in general obligation bonds and \$2 million in general fund cash for Early Childhood Facilities grants to political subdivisions, nonprofits, and tribal governments to construct and renovate early childhood facilities. The purpose of this funding is to ensure families have access to early childhood programs housed in safe facilities. DHS will select projects through an RFP process. Included in the general fund appropriation is \$341 thousand for program administration. The Governor recommends lowering the program's non-state match from 50% to 25%.

St. Peter Water & Sewer Construction

	General Obligation Bonds	13,000
--	--------------------------	--------

The Governor recommends \$13 million to upgrade and replace the water, sanitary and storm sewer infrastructure at the St. Peter Campus. These systems have exceeded their useful life and their replacement will ensure 1,100 clients and staff have access to functioning and safe water infrastructure.

Public Facilities Authority

State Match for Federal Grants to State Revolving Fund Loan Programs

General Obligation Bonds	39,000
--------------------------	--------

The Governor recommends \$39 million to match EPA funds and federal infrastructure bill funding, and to increase lending capacity in the Clean Water and Drinking Water Revolving Funds. State and federal funds are used with loan repayments and Public Facilities Authority revenue bonds to provide low interest loans to communities for clean water and drinking water infrastructure projects statewide. Eligible projects are prioritized based on environmental and public health criteria. The Governor also recommends amending the program statutes to authorize Clean Water principal forgiveness grants for 50% of project costs up to \$3 million for emerging contaminants, and to authorize Drinking Water principal forgiveness grants for 50% up to \$3 million for projects needed to comply with a maximum contaminant level as defined by the federal Safe Drinking Water Act.

Water Infrastructure Funding Program

General Obligation Bonds	23,485
--------------------------	--------

The Governor recommends \$23.485 million for the Water Infrastructure Funding (WIF) program which provides supplemental assistance grants to communities that meet affordability criteria and receive Public Facilities Authority loans or water financing from the U.S. Department of Agriculture's Rural Development program. These grants help communities build clean water and drinking water infrastructure projects while keeping costs affordable for residents. The Governor also recommends amending the program's statute to increase the maximum project award amount from \$5 million to \$10 million.

Point Source Implementation Grants Program

General Obligation Bonds	18,527
--------------------------	--------

The Governor recommends \$18.527 million for the Point Source Implementation Grants (PSIG) program which provides grants to communities to help pay for water treatment plant upgrades to address water quality restoration and protection goals. These grants help communities construct wastewater, storm water, and drinking water treatment projects when the Pollution Control Agency determines that higher levels of treatment are necessary to meet water quality goals. The Governor also recommends amending the program's statute to increase the maximum project award amount from \$7 million to \$12 million.

Emerging Contaminants Grant Program

General Obligation Bonds	18,000
--------------------------	--------

The Governor recommends \$18 million for a new Emerging Contaminants Grant Program for local governments for the construction of drinking water treatment systems and/or alternative water supplies to mitigate impacts from emerging contaminants such as manganese and polyfluoroalkyl (PFAS) substances.
