Subject: Request for Legislative Advisory Commission Interim 20-Day Review of Federal Funds

I am submitting for your review and recommendation \$185.691 million of federal funds that change state agency FY 2026-27 spending authority since the legislature adjourned. This request for Legislative Advisory Commission (LAC) interim review of federal funds follows the procedure as provided in Minnesota Statutes, section 3.3005, subdivision 6, which requires the federal funds review request be submitted by October 1 or 100 days before the start of the next legislative session. Some of the grants are not new awards and have previously been approved through legislative review. These submissions recognize the amount of the award that will carry forward into FY 2027 or an increased award amount.

I will approve these federal fund requests for spending in 20 days unless a LAC member requests further review or provides a negative recommendation for a specific request in writing by Thursday, October 22, 2026. Below is a link to the LAC Interim 20-day federal funds review submission, which includes a summary table of the requests by bill area, agency, and federal grant and a federal fund review request form for each grant.
